THE NEW CANON

Of the American Episcopal Church Regarding Marriage and Divorce.

San Francisco, Oct. 11.—The triennial of the Episcopal Church of America accomplished much routine work yesterday, but made little headway on the canon of marriage and divorce, which came up before a committe of the whole in the house of deputies. The popular interest was evinced in the crowded galleries, a large majority of the spectators being women, nearly all of whom remained until the hour of adjournment. The discussion, however, was of a purely technical character. Quibbles over the words and the punctuation of sections, to which there was little opposition, took up much time. There seemed to be a determination to secure technical correctness in the text. It was also noticed that many lawyers in the lay delegation were taking a keen interest in the subject. The fourth and most important section of the canon, which was adopted by the bishops, practically forbidding the marriage of divorced persons, was not reported. The two first sections and all but the last paragraph of section 3 were adopted, but with one slight change, the conjunction "nor" being stricken out, thus dividing the paragraph into two complete sentences. An attempt was made to have the matter discussed behind closed doors, but the attempt failed. A missionary conference was held at night at Trinity Church, the session being devoted especially to the work in China and Japan. Addresses were delivered by the Bishops of Shanghai, Kioto and Tokio, and Rev. Dr. Turnbull Huntington, of Hankow.
