OUR GOLF CLUBS

Are just as carefully selected as the rest of our sporting goods stock. They may not be the best in the world, but we think they are. They are certainly the best we could find. We do not trust to the makers to select our stock. Every club is chosen by our own buyer, who gives special attention to its weight, balance and quality. That is why our clubs "hang" properly. We carry two grades in all the patterns, cleeks, lofters, putters, drivers, brassies, etc. Griffiths Special Wood Clubs $2.15, Griffiths Special Irons $1.75. Rosedale Wood Club $1.75. Rosedale Irons $1.50. We have about thirty wood putters more than we should carry. They are beautiful clubs, sold at $1.75 and $2.25. You can have your choice while they last for only $1. Your money back if not satisfied. Send for catalogue.

Bangtails Galore at Fort Erie.

Buffalo, June 23.—Each day adds surprises not only to the public but also to the management of the Fort Erie track. No one ever supposed such an array of thoroughbreds could be gathered together to race in this section. It seems as though a majority of the horsemen in the East as well as the West has a desire to come to the over-the-river track. There is no doubt but that by the time the specials arrive from Detroit there will be at least twice as many horses at the track as there were at any time last year. Among the arrivals at the track yesterday was J. S. Wadsworth's Komurasaki, who has been taken in a few good fields down at Oakley and Latonia in rather a handy style. She certainly will give a good account of herself in any kind of company. Jimmy brought all of his stable, including the 2-year-olds Bessque, Scarlet and Green, Tut Tut and Horuka. P. M. Civill, who has been racing at Detroit and St. Louis, arrived with Forseen, Harry Duke, Red Admiral, Protus, Berwell and a few others. Slaughter & Garner brought their string, including the crack Nicholas, Our Bishop and Goshen. Among the stables that are expected in to-day are Higgins & Mannix from Sheepshead Bay, P. J. Miles, J. Duggan, Jimmy Milian and Adam Beck.

The field ran closely bunched throughout the journey, with the speedy Silver Set and Gibraltar in the lead, the latter leading in the stretch by a head. heat leaks.

The riders of detachable tires, cheap single tubes, or double tubes will be troubled by the hot weather hurting their tires.

The first symptom is "slow leak." This gets worse. Free repairs will only check it. It will continually get worse.

The cure is Goodrich Inner Tubes, specially refitting the detachable or the double tube, and converting the cheap single tube into an air-tight double tube. Goodrich Inner Tubes are not affected by weather.

Goodrich Inner Tubes, $1.75 each, continuous style for the detachable, butt-ended for the cheap single tube and the double tube. Order up through any local retailer, and see you get Goodrich goods.

Stars Jump up to Second Place and Dooley Also Passes Us.

Toronto Lost Another Game in Montreal and Plays Two More To-Day—Stars Shut Out the Leaders—Rochester and Buffalo Win.

The Torontos seem able only to make it close in Montreal on the present trip, though it is just possible that they'll pull out two to-day. The series at present stands Montreal 5, Toronto 2, but Dooley has yet to win a game at the Island. There was a big change in the scrambling yesterday, the Stars going up from fourth to second place, while Montreal also passed the Irwinites. A glance at the record will show that all the teams are pretty well bunched and even the reorganized Ponies have a chance for the pennant.

The Coal Barons To-Morrow.

Baker and Duncan will be the battery for the Torontos for the first game with Wilkes-Barre on Saturday. As the Coal Barons are now heading the league, we may expect to see a good game. This will be their first visit here this year. They also play in Toronto the first three days of next week and it should prove one of the best series of the season.

One Run Behind Them.

Montreal, June 23.—Montreal won out today in the eighth on two singles, an infield play and McFarlan's long fly to right. Miner's wildness was responsible for most of Toronto's runs. Score:

Armstrong Selected as Goalkeeper, and No Champions Will Play Football at Berlin.

At a meeting of the Toronto Football League last night the following team was chosen to play the Western Football Association's eleven at Berlin July 1 for the Caledonia Cup:

Goal, Armstrong (Parkdale); backs, Bowman (Scots), Marshall (Parkdale); halves, Hunter (Gore Vale), Browning (Scots), Playter (Gore Vale); forwards, Lewis (Scots), Johnson, McDonald, Steep and Purvis (Gore Vale).

The Riversides' goal-keeper being defeated for the place, the champions' representatives refused to let any more of their number go to the ballot, and thus the team will be weaker than expected. However, the committee feel pretty confident of winning the inter-association match on the holiday.

Hobart in Semi-Finals.

London, June 23.—At the lawn tennis championship tournament at Wimbledon today, Clarence Hobart, the American player, beat Ritchie by 6—2, 6—3, 3—6, 6—2. It was a poor game, as the wind bothered the players. Hobart will meet Doherty in the semi-finals to-morrow.

CORNELL BY 3½ LENGTHS.

Yale Finished Second in the Big Boat Race, Harvard Nowhere.

Briggs, the Canadian, Stroked the Winning Crew—It Was Cornell's Race All the Way — Freshmen Race Won by Yale.

New York, June 23.—Excepting for the matter of a few feet at the start, Cornell was never headed in the big Varsity race to-day, coming over the line a good three and a half lengths ahead of Yale, and about 11 lengths ahead of Harvard.

The course was rough and the time, therefore, somewhat slow. Cornell did the four miles in 23.48, Yale 24.02 and Harvard 24.32.

Yale gave Cornell an apparently good race all down the course, but Harvard was out of the fight from the first quarter-mile. The Ithacans finished in excellent shape, not only rowing their traditional twelve strokes after crossing the finish line, but also pulling their boat back to quarters, two miles up the river. Yale was pretty well tired out by numerous spurts, and Capt. Whitney especially showed the effects of his hard work, while Harvard showed surprising physical strength at the finish. The race, a half a mile from the start, was practically a procession, Cornell holding Yale well, and both increasing their lead over Harvard.

A spurt by Yale at the 1½ and another at the 3½ cut down the lead of Cornell to some extent, but the last one was a fearful strain on the New Haven men, and Cornell made up the lost ground, dashing over the line at a rattling gait. If the weather conditions had been slightly better there would have been nothing to ask for, but the wind, which all the morning had been light from the north, suddenly changed an hour before the start, and came up fresh from the southwest, cutting up the lower part of the river, and making the Cornell course very lumpy. Fortunately, the wind did not reach the upper part of the river until after the crews started, so that the first mile and a half was rowed in comparatively smooth water. It was off the Navy Yard that the course was the worst, and, although greatly to the disadvantage of Cornell, that crew did not seem to mind it in the last, and, in fact, increased their lead by over four seconds at this point. From this point the conditions were about even as far as the crews were concerned, Cornell having a little the best of it, for the excursion boats and the yachts at the finish kept off part of the wind.

Not over 6000 persons saw the race, the experience of yesterday and the overcast sky keeping thousands away. There was a good gathering of small boats at the finish, but only a few big excursion steamers. The observation train had many vacant seats, and there was nothing like the usual number of spectators on land.

F. A. Briggs, who rowed stroke for Cornell, is a Canadian, his home being in Waterloo, Ont. This is the third year that he has stroked the Varsity crew to victory.

The freshmen crews started their race at 5.03. Yale took the water first and immediately gained a few feet, with Harvard leading Cornell slightly. At the half-mile the positions were practically unchanged. At the mile Cornell had assumed the lead, with Yale and Harvard neck and neck, a few feet behind. Yale gradually pulled away from Harvard, and at the mile and one-quarter post led Cornell by a yard. Yale crossed the line winner by half a length, Harvard second and Cornell third, three-quarters of a length back. Winner's time, 10 min. 16 sec.

HANLAN TO HUSTLE FOR EIGHTS.

Ald. Ned Will Look for Regatta Entries in New York and Philadelphia—The Prizes.

A large and representative meeting of the Citizens' Regatta Committee was held last night at the Queen's Hotel, when it was decided to send Ald. Edward Hanlan to Philadelphia and New York to use his influence in getting representatives for the eight-oared race to be given at the C.A.A.U regatta on Aug. 8, 9, 10 and 11.

Correspondence was read from the secretary of the Great Northwestern Association, accepting the terms of the Executive and stating that they felt sure that their regatta this season in Toronto would be the best in the history of the Association.

The sub-committee's report showed that the subscription lists had been well filled, as there is now over $1300 subscribed. The report also showed that the expenses for the regatta would amount to about $2500, including prizes for rowing, canoeing, skiff and yacht sailing, and if the subscribers continue as they have started there will be no difficulty in raising the amount. It was decided to charter a steamer for the subscribers to follow the regatta and give those who have showed their willingness to help the scheme along a chance to see the races. The Executive will meet on Thursday, June 30, at the Rossin House.

A full executive meeting of the Dominion Day Regatta Committee was held last night at the T.A.C., when some general business and the finances were gone through. The executive will meet again next Tuesday to appoint the officials and prepare the official program and arrangements.

Taylore Beat Miller.

Buffalo, June 23.—The feature of the electric light bicycle meet given by the American Cycling Association at Buffalo Athletic Field to-night was the 15-mile race, behind pace, between Edouard Taylore, the French rider, and Charles J. Miller, a Buffalo professional. Miller was allowed a handicap of one-quarter mile. Taylore rode in splendid form, and his pacemakers understood their work thoroughly. Miller, on the contrary, held pace poorly, and made some very poor pick-ups. Taylore gained the handicap at 6½ miles, and after that had things all his own way, winning by nearly three-quarters of a mile, in 28.14. Summary of other events follows:

Half-mile handicap, amateur—C. C. Dirnberger 1, A. A. Kalkka 2, A. B. Goehler 3. Time 1.01 4-5.
