In Canadian Running Circuit.

George M. Hendrie of Windsor, the moving spirit of the Detroit Highland Park Club, was in the city a short time yesterday. He spoke glowingly of the prospects at Detroit and Fort Erie. At the latter track the meeting will run longer than usual to accommodate Buffalo's Pan-American visitors. Mr. Hendrie was sure the difficulty about a clash with the Grand Circuit people over dates at Fort Erie would be satisfactorily adjusted. The Highland Park meeting at Detroit will follow the Hamilton Jockey Club's meeting, to open on June 12, for two weeks. The club was sorry to drop Montreal, owing to track inconveniences.

Mars Cassidy will wield the flag at the Woodbine as well as for the Highland Park Club. Francis Nelson has been offered the position of presiding judge at Detroit and Erie.

Mr. Hendrie's presence was due to the Assize Court schedule that had Jake Saunders' case v. Highland Park Club down for trial yesterday, but the plaintiff being ill trial was put back till April.

Nashville Will Clash With Memphis

Louisville, Jan. 31.—The Louisville Jockey Club directors have refused to change the dates selected for the spring meeting, and races at Churchill Downs will begin April 29.

The Nashville track people are disappointed in this action on the part of the Falls City Club, as they greatly desired to extend the meeting at Cumberland Park at least three days from April 27, and thus secure six open days between the closing at Memphis and the opening at Louisville.

As it is the Washington dates will conflict with the Memphis meeting three (practically four) days in the event the original schedule of six days is adhered to, and three days with the Louisville meeting if it be decided to continue the meeting nine days instead of six. The best guessers here say the meeting will not be extended beyond six days.

The Montreal Hunt.

Montreal, Jan. 31.—A very large meeting of the Montreal Hunt was held yesterday. The statements and reports submitted were of the most satisfactory character. The master, Major George R. Hooper, occupied the chair, and had good reason to feel proud of his stewardship when he handed over the reins to the next master, Dr. Chas. McEachran. The new officers are: Dr. Charles McEachran, M.F.H.; hon. secretary, Mr. F. S. Meighen; committee, Arthur Hamilton, L. McI. Spackman, Arch. Allan, Dr. H. B. Yates, Mr. George L. Cains.

Gossip of the Turf.

Hamburg that brought $60,000 at the sale in New York on Wednesday is to go to Kentucky to become the premier stallion of Mr. Whitney's stud.

According to a cablegram, the King's horse, Ambush II., has been scratched from his Liverpool, Manchester and Auteuil engagements.

Ann Arbor will have two meetings this year—July 11-14 and Aug. 27-28.

The Michigan State Fair Association has $3548.99 to the good from the 1900 meeting.

Messrs. J. E. Seagram, M.P., William Hendrie, Dr. Andrew Smith and G. W. Cook, represented by Allie Gates, are in attendance at the Marcus Daly sale in New York. Imp. Benefactress, b.m., 9, by Bendigo—Flora, was the only purchase for Canada on the first day, being secured for Mr. Cook for $525.

The consensus of opinion was that Hamburg was sold somewhat under his value. His price was $40,000 less than was paid for St. Blaise, but imp. Meddler brought only $49,000. For an untried thoroobred stallion bred in this country, however, the price for Hamburg is a record. The racing career of the great son of Hanover may not be over, for the horse was only foaled in 1895, and he is said to be as sound now as when he was withdrawn from the turf as a three-year-old at the top of his fame, after he had won the Brighton Cup at 2¼ miles in 4.03¾, when he led thruout and won by a sixteenth of a mile.—N. Y. Sun.

Quantity No Object—Price the Same.

It makes no difference whether you buy one or a thousand of our "Collegian" Cigars, the price is the same—9 cents straight. The quantity I sell alone enables me to give such unequalled value. J. A. Thompson, Tobacconist, 73 Yonge-street.

Sporting Notes.

Eddie Kelly, the bantam boxer of Buffalo, expects to meet Willie Popp of Toronto at Erie on the night of Feb. 12, preliminary to the Ferns-Zeigler contest.

Joe Leonard of Buffalo nearly had Kid Liebrick out in the third round at Warren, Pa., Wednesday night, when the police stopped the contest. The referee made it a draw.

Rumors are afloat that slowly but surely the boxing game is recovering in all parts of the country from the blow dealt it by faking fighters and crooked promoters. Some of the cities which shut down on the glove-men are said to be almost ready to open their rooms for the boys again. In all cities where crookedness was the cause of trouble the old coterie of pugilists and promoters is barred. This, it is hoped, will cleanse the game.

As Philadelphia cricketers are by no means anxious to see another season pass without an international series, the Associated Cricket Clubs have already discussed the matter fully and instructed their secretary to open negotiations with C. Wreford-Brown, the well-known English amateur, inviting him to bring a team of English amateurs to the United States about the middle of next September. Wreford-Brown will be remembered as a member of the first team that Lord Hawke brought to this country, gained his blue at Oxford, and has since been identified with the game in Gloucestershire.

All old players and members are requested to attend a meeting of the Ontario B.B.C., to be held in the Globe parlors, Friday, at 8 p.m., for the purpose of reorganizing the team for the ensuing year. The manager would like to hear from some good players, as he intends to put a fast team in the Intermediate League. Address Secretary R. Ferris, 21 Taylor-street.

Fights for Louisville.

Louisville, Jan. 31.—The Southern Athletic Club, of which Tommy Gray is manager, will pull off another star bout at the Auditorium on the night of Feb. 18.

"Spike" Sullivan and Jack O'Brien of New York will box 20 rounds at 135 pounds at 3 o'clock.

The Southern will pull off a contest in March, between Tommy West and Tommy Ryan, at the Auditorium.

McGovern and Dave Sullivan will also box before the Southern. Manager Gray offered McGovern's manager a guarantee to allow the terror to meet "Spike" Sullivan. The answer came quickly that the offer was accepted, but Sullivan only will be taken on. Sullivan will reach the city tomorrow from West Baden, and the match will be clinched.

Will Not Sell Minota.

The Chicago Yacht Club will have to look elsewhere than to Messrs. Reginald Northcote and Beaumont Jarvis for a trial yacht for the defender of the Canada's Cup. Mr. Northcote wired Mr. Berryman of the C. Y.C. yesterday that all negotiations were off for the purchase of their Minota. These gentlemen have been criticized anent this matter, but rather than engender any feeling of disloyalty these gentlemen, members of the R.C.Y.C. for many years, have refused to dispose of their craft to Chicago parties. It appears that at the time of the Fisher Cup race last fall, at Rochester, when the Minota did so well against Genesee, an offer was made and refused, and now the Chicago Club follow up with the same result.

Will Close on Saturday.

To avoid possible inconvenience to many customers who place their orders on Saturday, C. Taylor, liquor merchant, 205 Parliament-street, wishes to announce that his store will be closed all day next Saturday.

BUFFALO JOINS EASTERN

Springfield Dropped at Baseball Meeting in New York to Make Room.

OTHERWISE CIRCUIT REMAINS SAME.

Playing Season Begins Thursday, April 21—Pat Powers a Popular President.

New York, Jan. 31.—The Springfield, Mass., Baseball Club has been dropped from the Eastern League, and the Buffalo Club has been made a member in its place. This action was taken at a meeting of the Eastern League held in this city to-day. Altho no representative of the Springfield Club was present, it was learned that the club was dropped because the league did not feel it was doing satisfactory work. President Powers said there was the kindliest feeling existing between the club and the league, and in many respects it was to be regretted the club had been dropped, and the desire on the part of the league to maintain its high standard of excellence had alone prompted the action. President James Franklin of Buffalo is in the city, and is greatly pleased with the action taken by the league. Buffalo, once a member of the Eastern League, joined the American League several years ago. The American League, at its meeting in Chicago Monday, decided to drop Buffalo. The action taken to-day is but a reinstallation of the club. The Buffalo Club has been allowed to keep its last year's team intact.

It was also decided at to-day's meeting that the season would open Thursday, April 21, schedules to be made out by President Powers and submitted to the league at its March meeting. One hundred and twenty-six or 140 games will be played. The decision as to the number is left to the president.

The meeting was one of the most enthusiastic and harmonious ever held by the Eastern League. The popularity of the league's president, P. T. Powers, was shown by the unanimous insistence of the league that he should accept the flattering offer of the American Association, which has asked Powers to accept its presidency.

Mr. Powers said that altho he was greatly pleased at the offer of the American Association, he was forced to decline, because he could not conscientiously desert the Eastern League at this time. Mr. Powers said he would recommend John B. Day, at present supervisor of umpires in the National League, as the president of the American Association. As a testimony of good faith which the clubs have in the league, each club deposited $500 with the president.

Those present at to-day's session were: G. C. Nicholson, Montreal; Ed. Mack, Toronto; E. F. Higgins, Rochester; G. W. Sweeney, Rochester; F. J. Leonard, Syracuse; W. J. Murray, Providence; P. H. Hurley, Worcester; A. H. Welch, Hartford; James Franklin, Buffalo.

Arthur Irwin on the Warpath.

Philadelphia, Jan. 31.—Arthur Irwin, who last year announced his retirement from all connection with professional baseball, but who a few weeks ago tried to force his way into the American League by leasing Charles River Park, commonly supposed to be the only available baseball grounds outside the National League grounds in Boston, and who as a last resort joined forces with the new American Association, which is being boosted along by the National League, now announces that he will beat the American League in Boston to a certainty. The cause of Irwin's announced wrath is the double cross he claims Johnson and Somers gave him when they were making arrangements to get into Boston. Irwin says he offered to rent Charles River Park to the American League, but that Somers went to Boston the very day that he told Irwin that he was going back to Cleveland and tried to get the Charles River people to throw Irwin down and rent the grounds to Somers.

"Failing in this," Irwin says, "Somers returned to this city and tried to get Connie Mack to intercede for him; but I was not ready to do business. That little act of jobbery will cost the American League just $40,000 in Boston, as it will cost them that much to fit up their new grounds, and then they must put a champion team in to do any business, as the National League team there will surely clash dates with them and the Boston National League team this season will be one of the best that ever played there. I will also have a stronger team than the American League people can afford to put in the field in Boston, and will back any amount of money that I will make them quit before the season is over.

"When Somers went to Boston to sign the lease for the grounds he had no idea that they would be given him, but some one down there jolled him along with the idea that a stock company would be formed to take the club off his hands. Now it is found that no one in Boston will take any stock in the club, and I see the franchise has been turned over to Somers. With a losing venture in Cleveland, for I understand that he lost $6000 there last season, I think Mr. Somers has quite a task on his hands.

"Johnson has been telling all along that the National League was broke, but I think before the season is half over he will see the folly of his statement. In Washington they have Manning beaten to a certainty, and well he knows it, for you have not seen where he has made a single move, and I should not be a bit surprised to see him transfer his club to some other city before the opening of the season. It is the same way in Milwaukee, and before the season opens there you will see that Quin and Havenor will have all the Milwaukee players.

"The American League has a salary limit of $2400 a month, and as Johnson has declared war I can't see that they can go very far on that amount, and if they run up a big salary list they will soon find out the folly of war and Johnson and his associates will be wishing that they had remained in the west."

City League in London.

London, Jan. 31.—The city amateur baseball league was organized last night. Four clubs joined, and no doubt is felt that others will follow, making a six-club league. The officers chosen were as the following: Hon. president, Mr. C. S. Hyman, M.P.; president, Mr. Frank Adams; vice-president, Mr. Wm. Cox; treasurer, Mr. Smith; secretary, Mr. A. T. Essery. It was decided that each club should put up a guarantee deposit of $10 to finish the season. Each club is to be limited to 12 players, they to be signed by contract. The clubs represented last night were the following: Memorial Athletic Club, Messrs. Griffin and Watts; Rockets, Messrs. Hosie and Kelly; Knox, Messrs. Campbell and Fitzmaurice; Pastimes, Messrs. Carroll and Lee.

Harbor Park for Baseball.

Editor World: Would it not be a great deal better to let the ball club have Harbor Park and put someone in charge who will keep out the tramps and bogey blacks who congregate there every evening during the summer months. On this account it is a failure as a park or play ground, and there is not a resident of the Third Ward who would think of allowing his children to play there. The land has never been set aside for a park, and the city has always been willing to sell or lease it. Any arrangement would be better than the present one. The ball club is a splendid advertisement for the city, and should be encouraged, especially so as it is rumored that if grounds are not secured on the city side the Eastern League is liable to transfer the franchise to some other city. I have heard scores of business men express these same sentiments.

Parkdale Team Won From Queen City on Actual Playing Time, But One Rink Did Not Play.

SKIP HAISLEY CLAIMS THE GAME

And Now There is a Question to Be Settled by Those in Authority.

There was some trouble over the city trophy match played yesterday between the Queen City and Parkdale Clubs. On the actual playing done the suburban curlers won by a majority of 11 shots. But there were only seven rinks a side played, as Harris of Parkdale refused to play Skip Haisly, owing to a misunderstanding about time, and the matter will go to the committee in charge of the city trophy games. Haisley claims a shot for every 10 minutes, or 16 in all, which would give Queen City a margin on the game of 5 shots. The scores:

The Mecmers defeated the Waverleys at Victoria College Rink last night by 2 to 1.

The Executive Committee of the Ontario Curling Association will meet to-day to fix the date for the tankard finals, that will likely be played next week.

The crowd at the opening Stanley Cup game seemed about evenly divided in its sympathies, which made the Shamrock crowd naturally a little sore, as the impression was that the Shams should have been supported thru thick and thin, being a Montreal team. Therefore the Montreal people who rooted for Winnipeg were classed as "knockers."

Eighteen Club Exhibition.

The exhibition being conducted by the Toronto Architectural Eighteen Club at the galleries of the Ontario Society of Artists, West King-street, was inspected yesterday by several hundred people. The many pictures on exhibition are much admired, especially the views of the buildings to be seen at the Pan-American Exposition. The exhibition will be continued daily from 10 a.m. to 5 p.m., until the 9th inst., with the exception of to-morrow, when the galleries will be closed. The public is invited to inspect the exhibition.

WINNIPEG WINS STANLEY CUP

Shamrocks Outplayed in Second Game, Tho Extra Time Was Necessary for Decision.

1 TO 1 AT THE CLOSE OF SECOND HALF

Simcoes Defeat U.C.C. in Brilliant Junior Game at the Caledonian Rink.

Montreal, Jan. 31.—The Victoria hockey team of Winnipeg won the coveted Stanley Cup to-night by defeating the Shamrocks in the second match of the series by two games to one. To-night's match was one of the finest and most closely contested ever seen on the Montreal ice.

The Winnipeggers deserve their victory. They played a splendid game, but the Shamrocks made a gallant fight. When time was called the score stood 1 to 1, and in the play-off Winnipeg scored the decisive game after four minutes.

The ice was in splendid condition, being hard and allowing of fast playing. The match was started at 8.48, Trihey and Johnstone doing the face. Trihey got the puck, but it was soon captured by Johnstone. The Shamrocks checked and rushed down to the Winnipeg goal. There was a quick shot, but Brown neatly stopped it. A scuffle ensued behind the Winnipeg goal, where Bain got the puck and brought it down. The Winnipeg forwards rushed and the Shamrock flags had a narrow escape. Grant lifted the puck. It was quickly returned. Trihey brought the puck down, but his shot went wide. The puck travelled from end to end of the rink and there was considerable off-side play. The Shamrock goal was again in danger, but Grant got the puck and made a splendid run down to Winnipeg territory, and shot for the poles, the shot going wide. Johnstone, Bain, Gingras and Wood, the Winnipeg forwards, were very speedy, but the local men surpassed in combination play. After considerable end to end play, a scuffle ensued in front of the Winnipeg goal, in which Brown and Trihey got mixed up, with the result that both were ruled off for two minutes. The Winnipeggers made a determined onslaught on the Shamrock goal, and Bain, Gingras and Wood made shot after shot, but without effect. Bain finally secured the puck, and by a good shot scored the first game for Winnipeg in 15½ minutes.

During the remainder of the half-time the playing was exceedingly fast. Owing to Scanlon having hurt his ankle the teams had a five-minute rest, when the game resumed. Near the end of half-time Farrell and Wood got into a scrap, and were ruled off for the usual two minutes.

When half time was called the score stood: Winnipeg 1, Shamrocks 0.

At the start of the final half the Shamrocks made a strong attack, and Trihey tallied for the Shamrocks in three minutes, evening up the score. The playing now became fast and furious. The Shamrock combination work proved most effective in bringing the puck into Winnipeg territory, but their shooting was wide, and many excellent chances were lost in scoring. The Winnipeggers had the advantage in physical strength and had the better staying powers. Bain had his leg rather severely hurt in a scrimmage, and had to go off for repairs. The playing during the last half was fast and rough, and Wall and Trihey were hurt and had to go off for repairs. Trihey was unable to resume and Woods was taken off to even things up.

The Winnipeggers kept up a fierce onslaught, but the Shamrock defence managed to prevent them from scoring until time was called.

When extra play was resumed the Winnipeggers kept up their attack, and tho the Shamrocks fought hard the rushes were too much, and Bain finally scored for Winnipeg in four minutes. The teams were:

Winnipeg (2): Goal, Brown; point, R. Flett; cover, M. Flett; forwards, Johnson, Wood, Bain, Gingras.

Shamrocks (1): Goal, McKenna; point, Grant; cover, Wall; forwards, Trihey, Farrell, Brannen, Scanlan.

First game—Winnipeg, Bain, 15½ mins.
Second game—Shamrocks, Trihey, 3 mins.
Third game—Winnipeg, Bain, 4 mins.
Referee: Hugh Baird.

Simcoes Won After Extra Time.

What proved to be the fastest game of hockey of the season, tho it was a junior game, was played at the Mutual-street rink last night, when the Simcoes defeated Upper Canada College by 11 to 10, after 9 minutes extra time. College were ahead at half-time by 4 goals to 2. The teams set out a pace that has not been equalled in the city this season. This was the largest number of goals scored in a game here this season.

There was no decided advantage on either side, and the game showed up what juniors could do at stick handling. The combination work was responsible for most of the goals recorded, and the individual work of Len Morrison was wonderful, as was that of young Moffatt at cover for the Simcoes. These two did the main part of the scoring. Their stick handling was without a fault. The Simcoes won the toss. College got the best of the draw and went away like race horses, scoring the first goal in short order. This was followed by a goal for Simcoes, secured by Moffatt on a long lift. The teams then settled down and there was a great deal more combination thruout. The next three games went to College, while only a minute before time was up Bobby Moffatt got in another of his long lifts and scored, leaving the tally at half time 4 to 2.
