POLISH PREMIER DECLARES GERMANS ARE AIDING REDS IN FIGHT AGAINST ALLIES

Ignace Paderewski Says That Germans Are Helping Bolsheviki in Every Way to Embarras Poland—Germany Hoping to Win in East What She Lost in West.

Paris, Sept. 5.—"Germany, defeated on the west, has turned to the east, where she is waging a battle with the hope of achieving the victory she could not win on the other fronts," said Ignace Jan Paderewski, Polish premier, today to the Associated Press, while discussing Polish conditions. M. Paderewski will appear before the supreme council of the peace conference to discuss the critical situation in Teschen and Silesia.

"In Upper Silesia, East Prussia, Lithuania, along the Bolshevik front in the vicinity of Minsk and along the Ukrainian front, Polish armies are forced to face armed enemies," he continued. "Where these enemies are not Germans, they are aided by Germans, who are urging the Bolsheviki forward in every way to embarrass Poland. Our new Government, with limited supplies and little clothing for its army, finds the situation desperate.

Helping the Bolsheviki.

"In the Baltic states of Russia, the Germans are fomenting disorder and lending assistance to the Bolsheviki. On all sides we are forced to face this new war that Germany is waging against the Allied cause. She is determined to conquer Rusia at any cost and is making every effort to hamper us in our battle against disorder. German propagandists are twisting every clash between our troops and the Bolsheviki into Jewish pogroms.

"We must rely on our friends to refute slanders and keep faith in us. Our people have resisted the blandishments of Bolshevism so far, but there is a limit to human endurance. We hope for a speedy ratification of the treaty, and pray for the steadying influence of Allied troops in harassed districts where plebiscites are to be held to determine the future status of those regions."

NATIONALIZATION OF INDUSTRIES WILL BE URGED AT CONGRESS

Scores of Resolutions Will Be Submitted at Glasgow Labor Gathering.

OPENS NEXT MONDAY

Policy of "Direct Action" to Enforce Demands Likely To Be Abandoned.

London, Sept. 5.—Among the scores of resolutions which will be submitted before the Glasgow congress of trades unions, which will open next Monday, there will be two outstanding subjects which have been topics of the liveliest debate at all labor gatherings in recent months. They are the nationalization of industries like coal mines and railways, and the policy of "direct action" or the employment of a national strike as a weapon to enforce political demands. It is now virtually certain that the policy of "direct action" will be rejected. It was originally advocated to compel the Government to abolish conscription, withdraw from the Russian military enterprise, liberate conscientious objectors, and abstain from employing troops in industrial disputes. The Government has already promised these reforms, and, since the sense of the whole country with the exception of the extremists is against "direct action," it is quite improbable that it will be adopted. The miners will advocate it and will contend in justification of their stand that the mere threat of its employment sufficed to influence the Government's policy in the desired direction, and was, in fact, the actuating motive in the decision to liberate the conscientious objectors and withdraw from Russia.

Agree To Postponement.

At yesterday's meeting of the triple alliance of railway employees, transport workers, and miners, a majority of the railwaymen supported the proposal to postpone a vote on the question of "direct action."

The foremost labor leaders of the country, including Robert Smillie, leader of the miners; James Henry Thomas, general secretary of the national union of railwaymen; John Robert Clines, John Hodge, former minister of pensions; William James Thorn and Ben Tillett were present at the meeting, and the decision to postpone the ballot which was reached by a considerable majority, is considered a satisfactory issue from an awkward situation.

Henderson Approves Decision.

Arthur Henderson, leader of the Labor party in the House of Commons, speaking at London last night, characterized is as a "wise, commendable decision." He admitted the workers must retain the right to strike for industrial purposes until society is better organized, but declared they must not "set a bad example by substituting 'direct action' for the constitutional measures which are provided."

Mr. Henderson said they had to "envisage the possibility of organized labor being called to form a Government and asked themselves whether in that case they would allow a minority in opposition to labor's program for social and economic betterment to defeat that policy by unconstitutional means."

SECRETARY REDFIELD'S RESIGNATION ACCEPTED

Washington, D. C., Sept. 5.—William C. Redfield, United States secretary of commerce, has tendered his resignation to President Wilson, and it has been accepted, effective November 1. This was anounced today officially.

Grand Army of Canada meets for election of officers.

RUMANIAN PREMIER OBJECTS TO SUPREME COUNCIL'S ATTITUDE

Instructs Nicholas Misu to Protest Against Policy.

Paris, Sept. 6.—J. J. C. Bratiano, Rumanian premier, has advised Nicholas Misu, Rumanian representative here, of the receipt of the latter's dispatch advising him that the supreme council of the peace conference had prohibited the shipment of arms and war material from Hungary to Rumania. The telegram declares that notes sent to Bucharest by the supreme council have not been received, and asks M. Misu to especially call the attention of the supreme council to the "dangerous and pernicious character of the policy it has adopted toward Rumania."

RUPPRECHT TO MAKE VISIT TO BAVARIA

Promises Not to Interfere in Affairs of Country.

Berlin, Sept. 4.—Former Crown Prince Rupprecht of Bavaria has written the president of the Bavarian Diet, announcing his intention shortly to visit Bavaria, and thanking the president of the Diet for his assurance of the Government's moral protection in the event his extradition is demanded by the Entente. Rupprecht says he will avail himself of the promised protection if it should become necessary.

Declaring that his country ranks ahead of the dynasty, Rupprecht announces that he will unconditionally accommodate himself to the conditions in Bavaria and not attempt to interfere in its domestic evolution.

It is reported that the engagement of Rupprecht to Princess Antoinette of Luxemburg has been broken.

MONTENEGRO STILL IN STATE OF REVOLUTION

London, Sept. 5.—The Montenegrin situation, which a week ago was viewed with alarm by government officials here, remains obscure. It is authoritatively stated that, notwithstanding denials from the Serbs, the country is in a state of general revolt.

MEMORIAL SERVICE FOR LATE GENERAL BOTHA

London, Sept. 5.—An impressive memorial service for the late Gen. Botha was held at Westminster Abbey. Gen. Birdwood represented his majesty and among others present were Right Hon. A. Bonar Law, Right Hon. Geo. A. Roberts, and various high commissioners and agents-general, representatives of state departments and numerous other distinguished persons.

SEARCHERS FAIL TO LOCATE 'WILD MAN' IN HURON

One Hundred Persons Seek Man Believed To Be Insane.

SEEN IN BIG SWAMP

Woman Mail-Carrier Was the First To See Unclothed Individual.

[Special to The Advertiser.]

Lucknow, Sept. 5.—A great deal of excitement has been caused in this neighborhood by the appearance of a man near Whitechurch swamp, who is reported to be insane. He has been seen on several occasions, and usually without clothes. The mail carrier, a woman, was the first person to see him, more than two weeks ago, on August 20, at a spot known as Dickey's Hill. He appeared to be repairing a fence, but his unclothed condition seemed a reason for alarm, and she reported him to be insane—probably a shell-shocked soldier. Shortly afterwards a man of the district reported seeing him, but this time he was fully dressed. On the following Friday the mail carrier again noticed the man at the edge of the swamp and about a mile and three-quarters south of the first spot where he had been seen. She passed with the mail cart within ten feet of him, but he took absolutely no heed of her presence. He was at the time wearing but a blue cap and shirt.

On the next Wednesday she again saw him, and on Friday two farm women declared they had caught sight of him. One of these women insisted that she later saw him in her orchard eating apples.

Searched the Swamp.

By this time it seemed proper to investigate, and on Tuesday last a party of forty went out to search the swamp, which covers a space of 1,000 acres. However not a trace of the insane man could be found. At 7:30 that night he was again reported seen by a neighboring woman, but when her small boys investigated the spot he had vanished.

Again last Wednesday the reeve and 100 people from the district made a thorough search of the swamp, but could find nothing pointing to his presence there. Since then nothing has been seen or heard from him. There is no one missing in the district, so that his presence is indeed a mystery.

Third Search Is Made.

A third search for the man was made yesterday, people turning out from Goderich, Lucknow and other places, but it proved as futile as the others. The matter has been reported to Provincial Constable Phippen of Wingham, who declares that there are enough farmers in the district to round up the man, if he really is there. His appearance has greatly intimidate the women of the district, who are afraid to go about unattended. The mail carrier has, however, continued her duties in a most heroic manner.

BETRAYER OF EDITH CAVELL CONVICTED, SENTENCED TO DIE

Georges Gaston Quien Found Guilty Before Court-Martial.

Paris, Sept. 5.—Georges Gaston Quien, on trial before a court-martial charged with having had treasonable dealings with the Germans and of having betrayed Edith Cavell to them, was today convicted and condemned to death.

GERMANY WILL NOT OPPOSE UNION WITH AUSTRIAN PEOPLE

Berlin, Sept. 5.—The German reply to the note of the Allies with regard to the representation of Austria in the German Reichsrath says the German peace delegation informed the Allies on May 27 that Germany had no intention to modify the Austro-German boundaries by violence, but could not undertake to oppose a German-Austrian spontaneous desire for union with Germany.

SUPREME COUNCIL TO MEET AGAIN MONDAY

Paris, Sept. 5.—The supreme council of the peace conference will not meet again before Monday.

PEACE TERMS RECEIVED BY AUSTRIANS WITH GREATEST SURPRISE AND INDIGNATION

Ministry Under Karl Renner Is Expected to Collapse as a Consequence—Monarch ists Consider All Hopes of a Return of the Hapsburgs Has Been Definitely Killed.

Geneva, Sept. 5.—The Austrian peace terms have been received in Vienna with the greatest surprise and indignation, according to advices reaching here. It is believed that the Renner ministry will fall as a consequence. Monarchist circles consider that the terms have definitely killed any hope of the return of the Hapsburgs. Former Emperor Charles, who received the news from Paris soon after the reply of the Allies was handed to the Austrian commission, has decided to leave Switzerland.

A KNOTTY PROBLEM

U. S. EXCHANGE RATE IS DRIVING CANADIAN TRADE ELSEWHERE

New York, Sept. 5.—The New York Commercial says that the high rate of exchange prevailing between the United States and Canada in favor of the former is having the effect to be expected from such a situation, in diverting trade into other channels.

Canadian merchants object to paying a premium of 4 or 5 per cent in purchasing American goods, and find that they can do better by purchasing in Japan, where wages are enough lower to offset the increased cost of transportation, and where exchange is on more even basis. And in the meantime Congress fiddles and does nothing. Canada is making connections with foreign competitors, which are likely to become permanent. An academic interest in Shantung is considered of more importance than the actuality—Japan's economic invasion of Canada.

DOMINION-WIDE STRIKE IS NOW THREATENED UNLESS MEN HELD AT WINNIPEG ARE LIBERATED

Secretary of Mineworkers Declare Gigantic Walkout Will Tie Up Every Industry From Coast to Coast Unless Bail Is Granted to Labor Leaders by September 17.

Sydney, N.S., Sept. 5.—Unless the Winnipeg strike leaders now imprisoned in the West are released on bail before the 17th of this month, Canada will be tied up from coast to coast by a gigantic strike, embracing every industry under union control, according to a statement made to the Canadian Press by J. B. MacLachlan, United Mine Workers' district secretary. Mr. MacLachlan represented the situation as serious in the extreme, unless the authorities grant the Winnipeg men bail.

The threatened strike will tie up the coal mines of this district and practically close down industry in Sydney. A gigantic mass meeting of district 26 is being arranged for Sunday next at Glace Bay, to be addressed by R. F. Blackstone of San Francisco and Mr. MacLachlan.

It is probable that on the same day a meeting will be held in Sydney to discuss the Winnipeg situation.

The proposed strike is the most gigantic menace of the kind which ever threatened industry in Canada. If the plans of union officials, as stated by Mr. MacLachlan, are carried out, and the western authorities prove inflexible, there will hardly be a wheel turning across the whole breadth of the country from Vancouver east after the 17th.

WINNIPEG'S NEW WATER PLANT WILL BE OPENED BY PRINCE OF WALES

H. R. H. Will Press Button in Front of the City Hall.

Winnipeg, Sept. 4.—Greater Winnipeg's $15,000,000 water scheme is to be formally opened by his Royal Highness the Prince of Wales, when he comes here next Tuesday, it was officially announced at the regular meeting of the water department board yesterday, by pressing an electric button to be arranged in front of the city hall.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 78; lowest, 58.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 61; lowest, 42.

TOMORROW—FAIR.

Toronto, Sept. 5—8 a.m.

Today—Light to moderate winds; fine.

Saturday—Moderate to fresh southeast winds, and mostly fair.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	60	52	Rain
Calgary	70	46	Cloudy
Winnipeg	72	46	Fair
Port Arthur	70	44	Clear
Parry Sound	70	52	Clear
Port Stanley	76	44	Fair
Buffalo	72	56	Cloudy
Toronto	77	44	Clear
Kingston	80	48	Fair
Ottawa	70	40	Fair
Montreal	68	52	Clear
Quebec	64	42	Cloudy
Father Point	58	44	Cloudy

Weather Notes.

Showers have occurred in many parts of the Maritime Provinces and Alberta; elsewhere the weather has been fair.

Pressure is high over the eastern half of the continent, while a moderate disturbance is centred over Saskatchewan.

RUMANIAN NOTE IS COUCHED IN STRONG BUT CORDIAL TERMS

Supreme Council Appeals For Friendly Relations, But Wants No Misunderstanding.

Paris, Sept. 5.—The note of the supreme council, which Sir George R. Clark, of the British foreign office, is carrying to Bucharest, is couched in firm but cordial language, according to the Petit Parisien today. It says the communication recalls to the Rumanian cabinet the engagements it had entered into, and sets forth the necessity of their being kept.

It is said by the journal that Sir George is taking with him the 75 radiograms which the Rumanian delegation is represented to have declared were sent from Paris to the Rumanian Government within the last two weeks, but none of which reached its destination, Rumania claiming a similar failure of the various Allied notes to reach here. As to the new Allied note, the journal says it declares the peace conference considers Rumania as a faithful friend, expresses the wish that its government will not detach itself from the body of its allies, requests explanations on various subjects, asks that Rumania evacuate Hungary speedily, and meanwhile cease requisitioning supplies, while putting the material already requisitioned at the disposal of the Allies for the purpose of making a just division of it, or its equivalent, among the various nations having claims against Hungary. The note is said to end by asking Rumania to cooperate with the Allies in re-establishing order in Hungary.

BECK'S STATEMENT IS DECLARED INCORRECT BY GUELPH MAYOR

J. E. Carter Characterizes the Talk About Holding Up the Line As "All Rubbish."

ANOTHER VOTE COMING

Says Hydro Minister Has No Intention of Building Road.

Toronto, Sept. 5.—"That is absolutely incorrect," declared Mayor J. E. Carter of Guelph, Ont., over the long-distance telephone today when asked about the statement made by Sir Adam Beck at the meeting of the Ontario Hydro-Radial Association yesterday that Guelph was holding up the Toronto to London radial by its delay in signing the agreement to provide the additional amount necessitated by defeat of the bylaw in four other municipalities.

The mayor said he had no authority to sign away $74,000 of the people's money, in addition to the $734,000 already voted for the project.

"That's all rubbish about Guelph holding up the line," said Mr. Carter. "Sir Adam Beck has no intention of building the road. He said so on the public platform—that we wanted the Grand Trunk Railway, and did not want to parallel the lines. He made the statement here that the Grand Trunk was going to be taken over. All he wants it signed for is to bluff the Government, and we don't believe in that kind of stuff."

Mr. J. M. Taylor, president of the Guelph Chamber of Commerce, agreed with the mayor that he could not sign away the people's money without a sanctioning vote. "We are asked for ten per cent more," he said, "and the people will vote on it."

The mayor added that the people would vote next January regarding the additional money required.

12,400 Tons of Raw Sugar For Canada During September

Supply From Cuba Will Be Brought by Government Merchant Marine.

Montreal, Sept. 5.—During the present month the Canadian Government merchant marine will bring to Montreal 12,400 tons of raw sugar.

During September four Canadian Government freighters will arrive at Montreal from Cuba with full cargoes of raw sugar, which will be delivered to the Montreal refineries, and speedily converted into material for domestic and other consumption. This will make a total of 32,000 tons of raw sugar brought to Canada during the season.

Practically all the raw sugar to be brought here during September will come from Cuba.

NATIONALIST LEADERS IN S. AFRICA PELTED WITH ROTTEN EGGS

General Hertzog Misses the Ancient Hen Fruit by Failing To Appear.

Pietremaritzburg, Sept. 5.—It had been intended to banquet General Hertzog, Nationalist leader, and his party on the evening of their return to South Africa, but at the last moment, owing to anxiety in certain quarters the arrangements were changed, and the banquet was held instead in the afternoon.

The change was not known locally, and General Hertzog and the other guests entered without incident, but some inkling of the event must have leaked out, for during the afternoon crowds of workers and others gathered to watch the Nationalist leaders leave the hall.

When they did they were pelted with rotten eggs. Hertzog himself did not appear, having left the building quietly beforehand. The crowd discharged squibs and sang the national anthem, but eventually dispersed.

A proposed Nationalist meeting on the market quare is now not likely to be held in view of the feeling among the workers.

FAVOR AFFILIATION WITH LEAGUE OF NATIONS

Stockholm, Sept. 3.—The inter-parliamentary congress representing Sweden, Norway and Denmark opened here yesterday, the discussion of the day centreing about the league of nations. All the speakers argued in favor of affiliating with the league, although there was some adverse criticism relative to some of the stipulations of the league covenant.

COMMITS SUICIDE

Ill-Health Causes Man to Take His Own Life.

Cornwall, Sept. 5.—Edward Lavigne, of Glen Walter, ended his life yesterday by shooting himself. He retired as usual, got up at an early hour, leaving his wife asleep, and taking a shotgun with him to the veranda, placed the muzzle against the side of his head and discharged it, the upper portion of his head being blown off. Dr. C. J. Hamilton, coroner of Cornwall, decided that an inquest was unnecessary.

It is supposed that the young man had become despondent over continued ill-health.

GOVERNMENT CONTEMPLATING SIX MONTHS EXTENSION OF GRATUITIES TO SOLDIERS

Continuation of System Which It Is Stated Is Now Under Consideration Would Date From December First Next and Would Call For an Outlay of Approximately $150,000,000.

(Special to The Advertiser.)

Ottawa, Sept. 5.—The Government, it is stated, has in contemplation an extension of the system of gratuities to soldiers and their dependents for a further period of six months, starting on December first next.

The amount paid to that date, when the present agreement ceases will approximate about $150,000,000, and a similar amount will be required for a six-months extension of the system.

Under it a private soldier receives $70 a month, and other ranks the pay of their rank.

The fact that eight federal by-elections are pending and that in the provincial field Premier Hearst of Ontario is badly in need of bolstering up, may, of course, have nothing whatever to do with the Government's contemplated extension of generosity, though some suspicious people may believe that it has.

It would appear that instead of making living conditions better for the returned man and his dependents, the Government has decided that the easiest way is to borrow from the country, including the soldier and his dependents, and give them more cash.

IRELAND'S LOYALTY GROWING STRONGER, DECLARES CARSON

Irish Leader Declares There Is No Thought of Raising Army.

TO FIGHT THE BRITISH

Troops in Ulster Are There Because of Convenience in Demobilization.

London, Sept. 6.—Sir Edward Carson, speaking in Belfast, recently, assured the gathering that there was no political significance in the present drafting of troops into Ulster. They were being sent there merely for the convenience of mobilization.

"If they want me, it will not take an army," he continued. "There is nowhere in his majesty's dominions where troops would be more welcome. We never had a thought of raising an army to fight the British. We would rather cut off our right hands. They serve the King, whom we love, and the Empire, of which we are proud."

The Manchester Guardian sees in this speech a tendency on the part of Carson to hedge a little, in view of the Sinn Fein, Bolshevism, direct action, and the applications of his teachings having extinguished the popularity they once had in England.

"Defiance of law is either a mere bluff or else it is assaulting police and fighting troops who support them," adds the Guardian.

The Daily Mail says:

"Despite the coarseness of Carson's invective, it will still urge the Government to recognize that at the end of a war fought for freedom, we cannot continue to rule Ireland by a system arousing the resentment of the vast majority of the people of that country. In fact our attempting to do so is an inflaming of trouble in the relations of the dominions and the United States."

INDUSTRIAL UNREST IN GREAT BRITAIN HAS BEEN LESSENED

Labor Leaders Have Impressed Men With Need of Greater Production.

London, Sept. 5.—The industrial situation in Great Britain at the present moment appears far less grave than a few months ago, when there was a threat of a complete upheaval of labor. Since the settlement of the Yorkshire strike, there has been no trouble of great magnitude, although small strikes in various industrial centres are still frequent and tramway workers are threatening a nation-wide walkout if an advance in wages is not granted.

Unrest Is Lessened.

Generally, however, unrest throughout the country has been lessened since ministerial revelations of the nation's grave financial position, which seem to have had a moderating influence. Influential labor leaders have done their utmost to impress workers with the imperative need of speeding up the industrial output and, moreover, the Government has promised early legislation providing for a 48-hour week and a minimum wage for all industries.

Strikes May Be Renewed.

Much will now depend on whether the coming winter brings a serious advance in the cost of living. Such an upward movement is already foreshadowed in increased prices of staple foods, such as bread, meat, milk and tea, and if prices continue to rise new demands on the part of labor, with a renewal of the strike movement, will undoubtedly develop.

SAYS CHINA WOULD PREFER GERMANY TO JAPAN IN SHANTUNG

Chinese Technical Delegate to Conference Makes Startling Statement.

SEES GREATER MENACE

Tai Chi Quo Declares His People Suffered As Result of Military Operations.

New York, Sept. 5.—Tai Chi Quo, Chinese technical delegate to the peace conference, replying to a statement by Yosuke Matsuoka, secretary of the Japanese peace delegation, regarding the possibility of Japan's early withdrawal from the Province of Shantung, said today:

"German rights in Shantung originated in an act of Prussian aggression and piracy. Japan in driving Germany out of China prevented China from participating in the joint Anglo-Japanese military operations against the German forces in Tsing Tao. Japan thus made it clear that she fought against Germany in order to replace Germany in Shantung.

Chinese Populace Suffered.

"Although China was so prevented by Japan from participating in the recovery of Kiao Chau, yet in the actual military operations in the Shantung Province the Chinese populace suffered untold hardship and immense loss as the results of acts of aggression and violence on the part of Japanese soldiers.

"China would prefer to have Germany in Shantung instead of Japan, if that were the only alternative, because Shantung is far removed from Germany, while in the hands of the Japanese, there is added danger to China on account of Japan's already strongly-fortified position in Korea and South Manchuria."

WILL ASK FOR FULL INFORMATION REGARDING SIBERIAN EXPEDITION

Member Will Request All Details Concerning Expedition.

Ottawa, Sept. 5.—The charge that members of the Canadian expeditionary force were made to embark for Siberia at the point of the bayonet is being brought before the House of Commons by Mr. Archambault, who has given notice that he will ask on Monday next as to the strength of the force sent to Siberia; the proportion of volunteers in that force; the cost of sending the force, and whether or not certain members of the force who had not enlisted voluntarily were court-martialed and sentenced to hard labor.

Dr. H. A. Foucar Given Appointment at Mayo Clinic

Honor Conferred on Graduate of Western and Lecturer at Institute.

Dr. H. O. Foucar, lectures on pathology and bacteriology at the Institute of Public Health, has received an appointment in the Mayo Clinic, Rochester, his duties to commence October 1.

Dr. Foucar is a graduate of Western University, winning the silver medal at his graduation in 1917. The honor is considered high—equal to that conferred on Dr. Norman Beal about one year ago, and the authorities at Western are gratified at this success of a distinguished graduate.

SUNDAY BAND CONCERT.—The Hussars Band will give a concert in Victoria Park on Sunday evening under the auspices of the Campbell Becher Chapter, I. O. D. E., the proceeds to be in aid of child welfare. In case of rain Gen. Shannon kindly has given permission to hold the concert in the armories.
