NEW QUARTERS ARE EXCELLENT

Former School for the Deaf in Lancaster Makes Fine Military Hospital — Building and Location Most Desirable.

The military hospital, formerly located at St. James Street, has found in its new quarters, formerly the School for the Deaf in West St. John, one of the best buildings that could be secured for the purpose in the province.

The building is a three story structure, with a very large, light and airy basement, and an operating room addition, with three sides of glass.

The basement is devoted to hospital store rooms, pantry store rooms, furnace and boiler rooms, scullery, large kitchen, pantry, dining room for walking patients, electric pump for tank supply, wash room and toilet for the basement staff.

The ground floor contains the office of the chief medical officer, Major Thomas and his aides, Capt. Calnek and Lieut. Loughery, and the office of the matron, Nursing Sister Edith Hegan, M.C., who is assisted at present by a staff of eight other nursing sisters.

Here is located the surgical ward, finished in sky blue and white, with open fireplace, indirect lighting system and oiled hardwood floor. Fifteen to eighteen beds can be accommodated in this ward; at present there are eight patients. This ward is equipped by the I. O. D. E. Immediately adjoining is another ward similarly fitted out, with seven beds, five of which are occupied. This ward has been equipped by the Red Cross chapter of the Stone Church.

Immediately connected with Major Thomas' office is the etherizing room, then the sterilizing room and the new operating room. The operating room has upper glass walls on three sides, asphalt and cement floor and white enamelled walls and is a very bright and light room, splendidly equipped.

Off the main hall is the dispensary and the other large room is being used as a rest room for the "out" patients, excellently furnished, with open fireplace, indirect lighting and splendid appointments. At the end of the hall is the bathroom and lavatory, and following from that is the linen store room, the office of the quartermaster sergeant and the orderly rooms.

Ascending a broad staircase of mahogany, with a hand-carved newel post of solid mahogany and finely turned balusters, one reaches the second floor, where is located the officers' ward, with four cots and well appointed bathroom in connection. Immediately adjoining is another room, with no particular use, which can be instantly converted into an officers' "overflow" ward when the arrival of troop ships or other event makes the move advisable. Further along the corridor are several wards for medical cases one ward with eight beds, four of which were occupied, and the other with eight beds, five of which were occupied, and another with five beds, two occupied. All these wards have a number of windows to allow perfect ventilation, and many fronting on Prince Street have large bay windows, allowing a splendid view of the Reversing Falls and a panoramic view of the entire west side and river.

Other rooms are the office of the medical officer's orderly, shower and tub bathrooms and a large room, bright, light and home-like, which will be used for a diet kitchen. Adjoining is a department given over to the nursing sisters, a rest room and parlor combined, with all appointments and conveniences. Connecting is a small ward for observation cases, where patients suspected of having symptoms of infectious diseases are under constant surveillance. Broad stairs, sufficient for any stretcher case, and three ways of exit in addition to the fire escape, afford every safety in case of fire.

The third floor will accommodate 20 patients and is divided into five wards and a recreation room for the convalescent patients.

When spring arrives it is expected that the roof will blossom out into a garden and sun parlor, where the patients can enjoy the splendid vista of St. John, the West Side, the river and the Falls.

The hospital has accommodation for seventy-five patients, and there are fifty-five under treatment at the present time.

Major Thomas and staff deserve hearty praise for the speed and skill displayed in transferring this number of patients, together with all the furniture, equipment, stores, and so forth, from the St. James Street institution.

Mr. and Mrs. J. H. Marr leave this evening for New York.

RUB ON SPRAINS, PAINS, SWELLING

Don't suffer! Relief comes the moment you rub with "St. Jacob's Liniment."

Dont stay crippled! Rub this soothing, penetrating liniment right into the sprain, ache or strain, and out comes pain, soreness, stiffness and swelling.

Nothing else penetrates, heals and strengthens the injured muscles, nerves, tendons and ligaments so promptly. It doesn't burn or discolor the skin and can not cause injury. Don't suffer! Get a small trial bottle from any drug store now—limber up! Rub the misery right out. A moment after "St. Jacobs Liniment" is applied you can not feel the slightest pain or soreness, and you can go about your regular duties.

"St. Jacobs Liniment" conquers pain. It has been used effectively for sprains, strains, soreness and stiffness for sixty years—six gold medal awards.

RETURNED HERO WELL ENTERTAINED

Cadet P. J. Brewster of Royal Air Force Has a Splendid Record for Service in France

Hampton, Jan. 31.—On Tuesday evening Mr. and Mrs. P. W. F. Brewster entertained informally a party of young people from Hampton and St John in honor of their son, Cadet P. J. Brewster, of the Royal Air Force, who has very recently returned from overseas.

Cadet Brewster enlisted with the 6th Canadian Mounted Rifles and went with that regiment to France in October, 1915. After serving in France for about eleven months he was returned to England in September 1916, on account of wounds received in action. After his recivery he volunteered for service with the Fort Garry Horse, with which regiment he again served in France until February, 1918. He was then recommended for a commission in the Royal Air Force, and went into training for pilot, but had not completed his course when the armistice was signed, and all training schools were closed.

The guests included the Misses Sybil Barnes, Treva Smith, Alice Capson, Florence Brown, Sadie Jenkins, Phyllis McGowan, Lillian Fowler, Dorothy Mabee, Alice Clark, Ethel Freeze and Mrs. R. P. Milton, Major Barnes, Sergt. K. Kennedy, Gr. Harold Barnes, Messrs. Bryant Fairweather, Arthur Wilkins, Arnold Fowler, Walter Summerville, Gerald Parker and Caldwell.

The house was neatly decorated for the occasion with flags. The evening was pleasantly spent with games, music and dancing, the Misses Sybil Barnes and Phylis McGowan and Messrs. Parker and Caldwell assisting at the piano. During the evening refreshments were served by the little Misses Evelyn Sollows, Patricia Milton, Helen, Mildred and Muriel Brewster.

Cheers were given for the returned hero, and the singing of the National Anthem closed a very pleasant evening.

POLICE COURT CASES YESTERDAY

Clifford May appeared in the police court yesterday morning on the charge of stealing forty dollars from J. McGinnis, and with supplying liquor. He pleaded not guilty, and was remanded until such time as witnesses will be present.

Two C. P. R. checkers, who were arrested a couple of days ago for stealing four mufflers from a crate in Shed No. 2, West St. John, were sent up for trial at the conclusion of the preliminary hearing.

Two drunks appeared and were fined the usual amount.

At the afternoon session of the court a man and woman, arrested some time previously, on the charge of the woman's husband, were sent up for trial. Evidence was previously taken in the case, which is that of bigamy.

SMOKER ENJOYED LAST EVENING

Members of C. B. of R. E. With Friends Had Good Time in C. M. B. A. Rooms on Union Street.

The local members of the C. B. of R. E., met last evening in the C. M. B. A. rooms, Union street, and held a smoker and social entertainment which proved to be very successful.

Secretary Stevens of Division 84 presided in an efficient manner, seeing that all present were accorded a good time.

Brief addresses were given by some which were much enjoyed, all being of a humoristic nature.

Mr. McArthur was present with a movie machine and showed a few reels of pictures. Mr. Williams, secretary of Division No. 8, was called upon for a short address and was well received. Some excellent musical numbers were given, Mr. Hoyt acting as pianist. During the evening refreshments were passed around and all voiced the entertainment to be a success.

RESTING COMFORTABLY.

Alfred Eckebrecht, of East St. John, who injured himself quite badly on Thursday, by a fall on the ice, was reported to be resting comfortably at the General Public Hospital last evening.

A HASTY RECOVERY.

Hosts of friends of Lewis Connors will learn with pleasure of his hasty recovery from an accident some time previous in which he suffered a broken leg. Yesterday he journeyed to his offices for a time; and received many friends, who wished him a complete recovery in the near future.

NEW PIPE ORGAN.

Within a couple of weeks Ludlow St. Baptist church will have a pipe organ installed and this will add greatly to the musical part of the service. The congregation has purchased the organ which was in Calvin church, and it is now being installed in its new home by the St. John Piano Co. This instrument has a splendid tone and the congregation are congratulating themselves on having been able to buy it.

MORE REDUCTIONS IN OCEAN RATES

Washington, Jan. 31.—To meet further rate reductions proposed for British vessels, the Shipping Board's division operations, tonight, announced cuts in freight tariffs on cargoes carried in American bottoms from North Atlantic ports of the United States to Australia, New Zealand, South Africa, and the Far East, including Yokohoma, Hong Kong, Shanghai, Kobe, Manila and Singapore, and the usual ports of call.

CONTROVERSY OVER GERMAN COLONIES REACHES SOLUTION

Allies and United States Agreed That Under no Circumstances Can They be Returned to Germany—To Return Them to Her Would be Unjust—Everything to be Said in Favor of the Mandatory System.

London, Jan. 31, (British Wireless Service)—The official announcement, issued by the Supreme Council Thursday night, is welcomed by the Times in an editorial as an indication that the controversy over the future of the German colonies is tending toward an agreeable solution.

"On the first capital point," the Times says, "the Allies and the United States are absolutely agreed. They are unanimous that, in no circumstances, can any colonies be restored to Germany. She has demonstrated her unfitness to be a colonizing power by her abuse of the possessions she had before the war. Economically she exploited the lands and the people for her selfish advantages; her civil administration was ruthless and barbarous tyranny, and her political aim was the establishment of militarism.

"The man eating tribes in German East Africa, from which she recruited her soldiers, are the only natives of whose good will she could boast. She has proved that colonies in her hands means brutal oppression to the inhabitants, and a menace to Europe and to America. To return them to her would be as unjust as it would be fatuous."

The Times compares the mandatory system to the system of direct transfer, and says that the true solution of the problem is in the discriminating choice of systems to be applied in different cases. It adds:

"There is everything to be said for the conception of the mandatory system. The principles which it embodies are nothing more than the principles on which our own imperial systems are based, and the wide acceptance with which these principles meet is really the highest possible tribute to the fundamental doctrine of the British Empire. The British dominions, and especially Australia and New Zealand, claim that the islands near their coasts should be transferred to their keeping. It is an exceedingly natural claim, under the circumstances, and is due, very largely, to the present embryonic condition of the league of nations.

"The sacrifices which the dominions have made are immense and entitle them to something more than consideration in a matter which concerns them deeply, and on which their feeling is very strong.

"In other parts of the world there is much more to be said for the introduction of the mandatory system. Palestine, Armenia, Mesopotamia, and even East Africa, are regions better fitted for its adoption. But, whenever it is tried, it will require careful definition. Rightly defined this system ought to mean nothing more hampering than imposition upon the trustees of obligations to give a beneficially good government."

DEADLOCK IN CONFERENCE

Forty Thousand Textile Workers May be Thrown Out of Employment in New York.

New York, Jan. 31.—Forty thousand textile workers in Central New York may be thrown out of work on Monday as the result of a deadlock which developed today in the conference called by Governor Smith's reconstruction commission to settle the controversy over an eight-hour day, it was announced tonight. Refusal of the Harmony Mills at Cohoes to accept a compromise was blamed for the hitch by Mrs. Henry Moskowitz, secretary of the commissions' industrial relations committee. Further efforts to effect a settlement will be made by the industrial relations committee, Mrs. Moskowitz said tonight, but she was unable to state what proposals would be suggested as the basis of an agreement.

BANK MANAGER FOUND DEAD

C. E. H. Harris of the Royal Bank at Dartmouth Dies at Gun Club Grounds.

Halifax, N.S., Jan. 31.—C. E. H. Harris, manager of the Dartmouth branch of the Royal Bank of Canada, was found dead this afternoon at the Rod and Gun Club grounds He was an enthusiastic member of the club. The circumstances of his death are not known. Mr. Harris has been for about ten years manager in Dartmouth. He leaves a widow and three children.

Shock Left Her Weak and Nervous

COULD NOT SLEEP.

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes:—"I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak, and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over.

I had hot flushes and fainting spells.

When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person.

I am never without them in the house, and highly recommend them to all who suffer with their heart."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE ARMY REQUIRED

Paris, Jan. 31.—(Havas)—The number of American, French and British troops to be maintained in the occupied regions along the Rhine will be limited to 1,000,000 men, according to the Echo de Paris.

Lawrence, Mass., Jan. 31.—The general committe of textile workers of this city unanimously voted tonight to call a strike in all the mills on Monday next, unless the manufacturers before that time grant their demand for a 48 hour week with 54 hours pay. The decision affects about 30,000 workers.

WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After Influenza, the Grip— Those wonderfully useful medicines, Hood's Sarsaparilla and Hood's Pills, are warmly recommended.

Hood's Sarsaparilla, taken before meals three times a day, and Hood's Pills, taken at night as needed, are reasonably sure to keep a family in health and prove to be reliable and always ready friends. They purify the blood, relieve and prevent biliousness and constipation, build up and begin treatment at once.

Get both, or either one, as you think you need, from your druggist today strength and regulate the system.

AUTOMOBILE CASE AT HAMPTON

Counter Action for Damages Brought, Growing Out of a Collision Last July.

Special to The Standard.

Hampton, N.B., Jan. 31.—His Honor Judge Jonah presided at an adjourned session of the Kings County Court, which opened here this afternoon, to try a case between Walter S. Fairweather, of Sussex, plaintiff, and James C. Lake, of St. John, defendant. J. M. McIntyre appeared for plaintiff and Geo. H. V. Belyea for defendant.

The action is a claim for damages arising out of an automobile accident, or collision, which occurred near Hampton on July 21st last, and the amount claimed is two hundred dollars. Teh defendant counter claims damages for the same amount.

Court opened at one-thirty o'clock, but there was a delay of two hours, as Mr. Belyea had not arrived from St John at the time set for hearing the case, but came by a later train.

Mr. Belyea asked for judgment for defendant on the grounds that the plaintiff had not pleaded to the defendant's counter claim.

His Honor promised consideration but, in the meantime, would hear evidence. After the plaintiff and several of his witnesses had been heard, the court adjourned until the regular sittings on the first Tuesday in April.

PAID TOP PRICE FOR WHISKEY

Prince Rupert, B. C., Jan. 31—Two Prince Rupert women, who paid a stranger $1,480 in cash for one pint of excellent whisky, feel that they have a grievance. The women thought they were buying for this money forty five gallons of the forbidden intoxicant, and the test made convinced them that the quality was good.

Later they discovered that the barrel they took the sample from was filled under the bung and that the remainder was only water.

The man having disposed of the lonely pint at the $11,840 a gallon price, which, undoubtedly, constitutes a record, left for the south and is believed to be in Vancouver.

PAPAL YEAR BOOK JUST ISSUED

London, Jan. 31.—(British Wireless Service)—A noteworthy feature of the Papal Year Book for 1919, which has just been published in Rome, is the suppression by the compiler of the official names of dioceses hitherto forming part of the German and Austro-Hungarian Empires. These are replaced by geographical and regional designations. Under "Austria," the only diocese shown is that of Vienna, while the diocese of Prague is listed under "Bohemia." The diocese of Strassburg and Metz, formerly shown under "German Empire," are now described as "autonomous," under "Alsace" and "Lorraine" respectively. Germany, as a whole, is described as divided into "autonomous" regions such as Aix, Baden, Bavaria and Prussia. Poland is described as "formerly German," and the Warsaw region is noted as "Russian." Hungary is represented as "Austria," while the Czecho Slovak diocese comes under "Bohemia and Moravia."

MILITARY TRAINING FOR U. S. YOUTHS

Indiana Senator Believes it Would be Guarantee Against Maintenance of Large Army.

Washington, Jan. 31.—Universal, compulsory military training for American youths as a permanent national policy is proposed in a bill introduced in the Senate today by Senator New, of Indiana, republican. Such a policy, the Indiana senator said in offering the bill, "provides the only guarantee against any occasion for the maintenance" of a large regular army.

asserting that they are willing to adopt whatever standard may be nationally decided upon. They declare if a shorter working week than 44 hours is adopted only in Belfast, that city will be unfairly handicapped.

The Belfast Linen Mills are still running, but it is considered not impossible that they may eventually become involved. Order has been maintained up to the present through the strike committee having agreed that their pickets may assist the police in keeping the peace, and the pickets are patrolling the streets wherever disorder is likely to arise. Strong efforts are being made to induce Dublin to join the strike.

THOUGHT IT WAS A BOIL

Doctor Said Abscess.

Mr. Gleason R. Young, Kingscroft, N. B., under date of Feb. 9th, 1918, writes us as follows:—"About five months ago, a lump came on my jaw bone. I thought it was a boil, and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and lanced it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I sent and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SPORTING GOSSIP

CARLETON WON FROM ST. STEPHEN

Two Rinks a Side Tied in the Afternoon—In the Evening Carleton Had a Majority of Fourteen Scores.

The St. Stephen Curling team failed to come back on the Carleton ice yesterday afternoon and last night and leave today for their homes.

In the afternoon rinks it was a neck and neck affair, the point that Skip Ganong lost from S. M. Beatteay being retrieved by Skip C. Vanstone, who curled a splendid game. In the evening however, both border town rinks lost to the Carleton aggregation by a total of fourteen stones. The scores are:

SOME GOOD RACING BEING ARRANGED

Local Promoters Are Endeavoring to Hold Maritime Stallion and Three Year Old Colt Races.

Promoters of horse racing in the city are at the present time negotiating in an endeavor to have a Maritime Stallion race, open to any stallion in the province of New Brunswick, Nova Scotia and Prince Edward Island. The event to be a free-for-all, and stakes set at five hundreddollars. Five entry fees are proposed, ten dollars during the months of June, July, August, September and May. The race to be held on any provincial track in the province, such track to be decided by the majority of the owners having horses entered in the meet, and such track giving the greatest inducement to the horsemen in the way of entry.

Another race being talked of considerably is for three year old colts, open to all in the maritime provinces, whether such are registered or not. The conditions set down in this race are an entry fee of three dollars in the same months as scheduled for the stallion entries, purse $150.

Now that the war is over local horsemen are of the opinion that they can have pre-war days' racing and the revival of the old-time fun.

ANOTHER RACE.

the owner of the trotter Baron A., the stranger recently purchased in Maine, and which lost the race to Tommy Cotter at Moosepath last Tuesday, is now willing to meet the same horse again, under the same conditions, and a side bet of $300.

The fans would like to the race materialize, as they honestly believe that Baron A was not showing the best of trim in Tuesday's race, while some believe that the local horse is the better of the two.

LOCAL BOWLING.

THE SENIOR LEAGUE.

On the Y.M.C.I. alleys last evening the Autos took all four points from the Swans. Some good bowling was done by the members of each team. McShane, of the winning aggregation, made the highest individual scores for the evening, chalking up 107 and 104 in the second and third strings respectively. On Monday evening the Sparrows and Falcons meet.

Following is the score of the game last evening:

ON BLACK'S ALLEYS.

On Black's Alleys last evening the bowlers invented another scheme when, instead of the usual six men team, picked from among the number of star bowlers of the City League teams, they decided to roll in pairs of two men each, and selected their partners by drawing from the hat. Twelve players made six teams, and the scores of each team follow in order, according to standing, showing that team No. 1 proved victorious:

HALL'S DAUGHTE[R] GIVES D[...]

Testimony Tending to Sho[w] and His Wife, Due to H[...] Women, Given at Thu[...] clares All Injuries Foun[d] the Fall.

Saco, Me., Jan. 30.—Testimo[ny] tending to show frequent quarrels b[e]tween Henry H. Hall and his wife [...] the subject of his alleged attention [...] to other women was given today [...] Hall's Daughter and by Mrs. Hall [...] mother at the trial of Hall for th[e] murder of his wife. They were th[e] only witnesses called after the sta[te] had completed its preliminary intr[o]duction of medical evidence as to th[e] condition of Mrs. Hall's body. Cros[s] examination of the daughter, Franc[es] Hall, fourteen years old, will be r[e]sumed tomorrow.

Before the state took up this lin[e] of evidence, Medical Examiner Cha[rles] F. Traynor was recalled. In answ[er] to a 1200 word hypothetical questio[n] as to whether under the circumstan[ces] as previously brought out, Mr [...] Hall could have sustained all her i[n]juries in a fall from a bridge, Dr [...] Traynor answered:

"No."

"Which of the injuries could sh[e] not have received?"

"Those about the throat."

Mrs. Frances Stevens, mother [of] Mrs. Hall, then took the stand. Sh[e] testified that her daughter was mar[ried] to Hall to September, 1903. A[t] that time Hall was employed as [a] cook on various coastwise sailing ves[sels]. Hall and his wife made their home with her at Columbia for [...] time. She said Hall studied the Bibl[e] for some years and became a lay preacher at Pubnico, N.B., in 1910. A[f]ter a year Hall and his wife lived a[t] Harrington, near Columbia.

After their return Mrs. Steven[s] said Mrs. Hall had told her that whil[e] they were at Pubnico she had said t[o] her husband that he ought not to b[e] so familiar with women and that thi[s] made him 'cross." The witness said that so far as she knew Hall and hi[s] wife had no actual quarrels befor[e] 1914. In that year Hall, who had re[sumed his seafaring life, returne[d] from a voyage to Florida and went to a hospital in Portland for treatment. Mrs. Hall visited him there and im[mediately afterward became ill and went to a hospital in Bangor. She underwent an operation and for some time after her return home she wa[s] practically helpless.

At this time Mrs. Stevens said she heard Hall and his wife quarrel abou[t] other women. Hall's face would get purple with anger and he would sulk for two or three days.

In August, 1916, the two went to Princeton, returning to Harrington in March, 1917. Before they went she heard Hall exclaim to his wife:

"Sick, sick; something is the matter with you all the time."

Mrs. Hall retorted that all the trouble she had was due to her husband. Hall then declared: "I am through with you and Frances (his daughter.)

Mrs. Stevens testified that Hall said he would not "lug a sick wife through life." Mrs. Hall answered:

THE TREASURE OF GOOD HEALTH

Easily Maintained Through the Use of Dr. Williams' Pink Pills.

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to bread-winners, their wives and families the splendid treasure of new health and strength.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or anaemic girl who owes present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world, as a reliable tonic, blood-making medicine.

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg county, N. S., says:—"I am a Provincial Land Surveyor, and am exposed for the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions, I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills, as a tonic and health builder, I am never without them, and I lose no opportunity in recommending them to weak people whom I meet."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

SOLID AS THE CONTINENT.

Taking as we may the Annual Report of an institution as large and important as the North American Life as a gauge of financial conditions we have reason to view with optimism the outlook for the immediate future. In every important feature of the business marked increases were made. After pointing out the great strides in
