LONDON, Dec. 2.

There is considerable alarm felt here in consequence of the discovery of eight cases of small pox on the steamship Abbotsford at the Victoria docks. She is repairing damage caused by colliding with steamship Indus on her passage from Antwerp to New York. The eight persons affected were removed to the hospital and the Abbotsford is being disinfected. The remainder of passengers had gone to Liverpool before it was known there was small-pox on board.

BERLIN, Dec. 2.

Field Marshal Von Roon, minister of war, is seriously ill.

The recent allusion in the Reichstag by Herr Campenhausen, minister of finance, as to the amount to the credit of Germany in London capable of sudden withdrawal, has occasioned some uneasiness. With the object of removing the feeling a semi-official announcement was made to-day that no such removal is now contemplated.

In council of the French Ministers yesterday, the draught of MacMahon's message was discussed. A paragraph raising the state of siege was objected to by a majority of members. They also objected to the manner in which constitutional laws were mentioned. Another council meets to-day.

NEW YORK, Dec. 2.

A writ of habeas corpus to release Tweed was refused to-day.

A fire at Milton, N.H., to-day, destroyed most of the business part of the place; loss $100,000.

LONDON, Dec. 3.

A STEAMER SINKS—SIXTY PERSONS DROWNED—DETAILS OF THE DISASTER.

The steamer La Plata, from Gravesend for Rio Grande del Sud, chartered to repair the telegraph cable, foundered off Ushant the 29th November, and sixty persons were drowned. Fourteen survivors were rescued by the Garelock of Glasgow after they had been floating twenty-three hours in a boat. The loss of the steamer is attributed to the shifting of the heavy grappling apparatus. Unavailing attempts were made to save the vessel by lightening her. The captain, surgeon and three officers, engineer, seven stewards and cooks, eleven stokers, fourteen seamen, and the whole cable staff, numbering sixteen and including Mr. Rycketts, chief electrician, were drowned. The chief steward, who was saved, reports that the fires were all out by 10 o'clock on the morning of the 29th. A heavy sea carrried away two boats, the ship gradually settled by the stern, and at 11.30 foundered stern first. The Captain and Doctor were on the bridge, failed to clear the patent life rafts, and went down with the crew. The decks burst as the steamer sank.

DR. KENEALLY,

counsel for the Claimant, was yesterday disbarred by the benchers of Gray's Inn.

THE LOSS OF THE SCHOONER F. STAR,

of Cobourg, Tuesday night, caused great excitemdnt in Cobourg, Ont. The captain and crew are reported lost.

SMALL-POX AND VACCINATION.

In Montreal, where small-pox is raging with great violence, a number of French Canadian physicians have formed an Anti-vaccination League to oppose the operation of the law on this subject and agitate for its repeal.

Two-thirds of Karns City, in the Oil Region of Pennsylvania, burned yesterday. Loss $100,000.

(*Special to Daily News.*)

OTTAWA, Dec. 2.

Young's Elevator at Montreal was destroyed by fire last night. Loss $30,000; covered by insurance.

The tug Elfin was also burned. Loss $14,000; insurance $6,000.

Writs for North Simcoe and Niagara have been despatched. Nomination in the former takes place on the 10th, and in the latter on the 10th inst.

Capt. Blakely, of St. Paul, is in the city to make propositions to the Government regarding the carrying of a daily mail from Minnesota to Fort Garry.

McGreevy has sued the *Citizen* for $50,000 damages for publishing a statement that he had failed.

Matinee to Ladies

at the

Mechanics' Institute,

ON

FRIDAY AFTERNOON, Dec. 4, at 3 o'clock,

The subject to be discussed is

THREE-FOLD BEAUTY!

Colour, Contour & Expression,

according to

Hogarth and Sir Joshna Reynolds,

The address will be given by

W. W. Hebbard, M. D., L.L. D.,

OF BOSTON, and will be illustrated with Models, Diagrams, Paintings and Preparations of the Hair, Skin, Teeth, Face and Forms, including the Goddess of Fashion, the Goddess of Wisdom and the Goddess of the Chase.

ON FRIDAY EVENING

Dr. HEBBARD will deliver one of his general lectures to both sexes. The subject will be "The Brain, Nerves, and Three-fold Culture, &c."

Of course the ladies will need *assurance* that their attention and money will be well spent in the Matinee proposed, and therefore Dr. Hebbard's Agent will submit the following to their strictest attention, and challenge any doubts or criticisms as to their authenticity, etc., the proofs of which may be found in the Editor's possession. I make this challenge because there are so many floating montebanks, dullards and cheats in the lecturing field. From the *Rowtoir*, a lady's Newspaper in New York. It says: "We were moved to go to Cooper Institute last Monday night and hear Dr. Hebbard, the Boston celebrity. We are usually bored at lectures, but to say we were delighted with this one, is to use a very weak term with which to express the different emotions called up by the Doctor's eloquence. We were everything emotional by turns, and nothing long, so varied are this wonderful man's powers."

From the *Boston Voice*:—"No thoughtful woman can listen to Dr. Hebbard's lectures, through which the scintillations of a prophetic light so frequently run, without a desire to grow wiser and better."

From the *Boston Journal*:—The masterly and agreeable manner in which Dr. Hebbard treats the subject of his lectures shows him to be a finished scholar."

From the *New York Herald*—"We cannot too persistently call attention to Dr. Hebbard's lectures. It would be impossible to over-estimate their importance. He is endowed with a charm that holds his audience spell-bound, and which is only broken by the sounds of applause provoked by his ready wit."

The above extracts are taken from many hundreds which the Dr. has well earned and received through the leading papers of the largest cities throughout the States, for nearly twenty years. They are not "puffs." They are not *paid* for.

Doors open at 7.30; lecture at 8 o'clock.

Admission 25 cents.

Lecture to Gentlemen!

His Honor Gov. Tilley to be Present.

AT Mechanics' Institute, on SATURDAY Evening, Dec 5, 8 o'clock, precisely. W. W. Hebbard, M. D., L.L. D., of Boston, will address the gentlemen on the most important and vital subject that can be discussed: "The Origin of Life, the Laws of Hereditary Descent, and the Mysteries of Creative Forces."

Doors open at 7½.

Admission 25 cents. dec3

THE

ILLUSTRATED LIBRARY

—OF—

POETRY AND SONG!

Edited by

DR. J. G. HOLLAND,

Author of "Kathrina," "Bitter Sweet," etc.

FAVORITE SONG is a royal octave volume of over 700 PAGES, printed in the best style of the art, on the finest tinted paper, and illustrated with 125 thoroughly dainty and delicate engravings, FROM ORIGINAL DESIGNS, by the most eminent artists, together with fac similes of the original autograph copies of (20) famous poems.

The illustrations are numerous and exquisitely wrought. What can be more beautiful than the one which reflects the enchanting spot where—

"Maud Muller, on a summer's day,
Raked the meadows sweet with hay."

One of those lovely New England landscapes, which the engraver has represented in outlines as beautiful and artistic as the song it adorns.

Conspicuous, too, for its rare beauty, is the illustration accompanying the "Song of the Brook," where the streamlet, dashing beneath the rustic bridge, goes chattering

"Over stony ways,
In little shaps and trebles."

"Till last by Philip's farm it flows,
To join the brimming river."

Altogether, this is one of the most charming and elegant books ever issued by the American press—a fitting gift for lover or friend; an attractive ornament for the parlor table; a valuable addition to any family library.
