VICTORY OF BINGHAMTON.

TORONTO'S CRACK BASEBALL TEAM BEATEN BY SEVEN TO FOUR.

A Sorry Game and a Sorry Attendance—Rochester Beats Utica—The Race Between Cummings and George—Toronto C. C. Beaten by a Medical Eleven.

It is really a good thing for the Toronto Baseball Association that the season is drawing to a close. A few more such exhibitions as those of Saturday and yesterday and a corporal's guard could not be induced to cross the Don. It is nonsense to say the home nine couldn't hit "Farmer" Dilworth, the Binghamton pitcher. Several of them made no apparent effort to hit him. They walked listlessly up to the plate and when they got there they struck at anything that came along with a lackadaisical kind of air that either betokened weariness or indifference or a little of both. The result was that they were again beaten by a tall-ender, and the handful of spectators who had the misfortune to see the display went away disgusted. Even Jonathan Morrison, the usually reliable, was struck out twice. Faatz suffered the same fate once, but was the only man on the team that got two singles. Spill was three times retired without touching the ball and McGuckin was once, but each of them contributed a single to the total of four hits. Albert fell a victim twice. Dilworth undoubtedly pitched a good strong game, but a little clear-headed judgment would have prevented him from being so destructive. Instead, however, of pulling themselves together the Torontos spent the trifle of energy they displayed in kicking against the umpire, the imperturbable and generally fair-minded Mr. West. Veach pitched an ordinarily good game, but was badly supported, the infield, considering the few chances they had, playing horribly. Faatz, 1b., Albert, s.s., and Weir, 3b., each getting two errors, and Spill, 3b., one. McGuckin made some splendid catches at left, as did also Osterhout at right. Gilks was the most formidable with the club, he having three hits, including a couple of three baggers. Three double plays occurred, one in the second innings, from second to first to third, and another in the fifth from third to second to first, both by Toronto, the third being from short to second to first, and having to be credited to the Binghamtons. The same teams meet again to-day, when it is hoped the Torontos will have got over their apathetic spell. A redeeming feature of yesterday's play was Darling's catching. This faithful and hard-working player has now caught five or six consecutive games, and yet does his work as cleanly as ever. There is such a thing, however, as working a willing horse to death or wearing a good man out.

Fair Balls.

Instead of ill-luck when defeat is recorded, it has come to be rather good luck when a victory is scored.

Utica has eleven players and two batteries. Toronto has thirteen players and one battery. The number is fatal.

"Twould have been more profitable to have had a poor team and built up than to have had a good team and run down.

If the shareholders of the Toronto Baseball Club can stand such exhibitions as those of yesterday and Saturday the public can.

Brown Bros. beat the Methodist Book Room Saturday at Seaton village by 32 to 16. Scott, Brown and Fisher made home runs for Brown Bros.

Hamilton has two games to play with Rochester, six with Toronto, three with Buffalo, two with Syracuse and one with Oswego.

Toronto has three games to play with Rochester, six with Hamilton, three with Buffalo, and one each with Syracuse, Binghamton and Oswego.

The Hamiltons will not play in Toronto on Thursday as scheduled, but play there instead of here next Monday. The Torontos will play in Hamilton on Sept. 22 instead of Sept. 13.

The Western Ontario nine that will compete against the Torontos in the Smith benefit game to-morrow will be as follows: Lombard, 2b.; Connors 1b.; Ross, 3b.; Sippi, l.f.; Quinn, s.s.; Farrell, r.f.; Walker, p.; Thompson, c.f.; Reid, c.

It's almost even betting that the so-called Torontos will go to fifth place in the record. They are evidently too considerate for their old Syracuse friends to outstrip them in the race any farther than they can help.

A match was played at Eglinton on Saturday afternoon between a team from the Toronto Rowing Club and Copp, Clark & Co., which resulted in an easy victory for the T. R. C. Score: Copp, Clark & Co. 2, Toronto Rowing Club 15.

Straws indicate the direction of the wind. Time was when The World was pestered to death answering questions over the telephone as to the result of the day's baseball match. Now we can go to the telephone with some degree of comfort, in the sure and certain hope that the query will not be "How did *the* match come out to-day?"

With six games yet to play against Utica, Rochester still has a chance for that pennant, unfortunate for the Flower City nine, though, that counting out their own half dozen with the Utes the remaining eleven games the latter have to play are: Three with Syracuse and four each with Oswego and Binghamton, while they (the Rochesters) have to play three with Toronto, two with Hamilton, four with Buffalo and two with Oswego.

Cummings v. George.

From London Sporting Life, Aug. 24.

A capital start was effected by Jack White, and George proving the quickest on his toes, immediately dashed to the front. Going in rare style, he increased his advantage a good yard, but Cummings set himself going rounding the hospital corner, and at the end of the first quarter was only about three-quarters of a yard to the bad. Along the men sped at a rare bat, amidst loud cries of "George!" "Cummings!" Encouraged by the shout of his partisans, the Paisley man quickened up a bit, and running up the back-stretch closed up, and coming down the straight a hot'un, was only half a yard behind George at the expiration of the half-mile. Both were now putting in all they knew; excitement ran at fever heat. Inch by inch Cummings closed up, and gutting to George's shoulder in the straight the pair raced past the three-quarter mile post neck and neck. At this juncture a well-known pencilher shouted "A hundred on Cummings." Running on with unflinching gameness, Cummings, on the outside of his man, spurted on passing the Stand, and went to the front, taking the outside position at the next corner. A terrific struggle ensued up the back stretch, and a perfect roar went up from the crowd. George stuck to his work with rare judgment, spurted in brilliant fashion, and caught Cummings at the first Hospital corner. Gamely the Paisley man essayed to hold him, but, after one of the toughest struggles ever witnessed George got his head in front. The scene at this point baffles description, the cheering being absolutely deafening. One more gallant effort on the part of Cummings, but it proved his last. George never relaxed his efforts, and Cummings, crocking sixty from home, left George to breast the tape alone, in 4 min., 12½ sec.—the fastest time on record.

The official times were as follows:

	M. S.		M. S.
¼ mile. George	0 55½	¼ mile. Level	3 7½
½ mile. "	2 11½	¾ Mile. George	4 12½
In the last mile race between the pair the times were:			
	M. S.		M. S.
¼ mile. George	0 55½	¼ mile. George	3 9
½ mile. "	2 2	¾ Mile. "	4 29 1-5

The betting was opened by Ben Hyams offering to lay 5 to 4 against George, and by Charley White offering to take 30 to 20. Gradually George advanced in favoritism, and after some spirited wagering at evens, odds on George rose to 5 to 4 and 6 to 4, and before the pistol cracked 7 to 4 was laid, this being the starting price.

The four miles will be decided at Preston Pleasure Gardens on Saturday, Sept. 11, and the ten miles on Saturday, Oct. 2, at Aston Grounds, Birmingham. On account of these matches we hold £25 a side. The final deposit (of £75) for the four miles falls due on Sept. 3.

The Sawbones Beat Toronto at Cricket.

The Toronto club did not place a strong team in the field yesterday, not that they needed one particularly ferocious in aspect, and they were beaten by the doctors by 48 runs. Sawbones got 115 runs. Dr. Cummings 31 and Dr. Woolverton 17 were the chief contributors to this number. They had exceeded the score of the T.C.C. by 88 runs. Collins played a very patient innings for 29 for the T.C.C. In their second venture the T.C.C. got 90 odd for 9 wickets, Winslow kicking the beam with 25.

STREET RAILWAY OVER THE DON.

Organization of the City and Suburban Company—Motion Before the Council.

Ratepayers over the Don have for a year or eighteen months past been of the opinion that the locality was ripe for the construction of a line of street railway there, and in view of the facts that the Toronto Street Railway Company has apparently taken no notice of the City Council's repeated demands for tracks and that certain citizens have expressed themselves as willing under proper conditions to construct and operate such a line, they now consider that the City Council should take steps towards the enfranchisement of another company. While it is held by the friends of the Toronto Street Railway Company that Toronto has a service equal to any on the continent, it is contended on the other hand that while this may or may not be true in so far as the city generally is concerned, it is not so with regard to the eastern part of the city. Part of St. Matthew's Ward is one of the most densely populated districts in the city, and its continued growth and importance is something phenomenal, yet there is not a car running east of the Don. It is now nearly a year since the council requested the Toronto Street Railway Company to construct the Broadview-avenue route, and the contract for block-paving this important thoroughfare has been let for months. Resident ratepayers appear to be exasperated and indignant that these improvements, which must be paid for by a frontage tax, cannot be proceeded with now, and, what is worse, that no definite time in the future can be fixed for the work. The council has been adjourned for a month, and before next meeting the matter will probably be thoroughly discussed at public meetings.

At the last meeting of the City Council Ald. McMillan gave notice that he would move, 1. Whereas this Council, being moved thereto by a desire to serve the public interest, did request the Toronto Street Railway Company to construct and operate certain lines of street railway in order to provide accommodation for the public of our rapidly-growing city. 2. And, whereas, the said company have not complied with the requests made, nor have they in any way intimated their intention of so doing. 3. And, whereas it is deemed to be in the public interest and necessary to the growth and development of Toronto that the lines hereinbefore referred to be constructed without delay. 4. And whereas the Toronto Street Railway Company and the Metropolitan Street Railway Company are the only companies with which the corporation of Toronto are empowered to do business; and whereas the Metropolitan Street Railway Company have not offered to construct the said lines or any of them. 5. And whereas, a company called the City and Suburban Street Railway Company, of Toronto (limited), has been organized (but not incorporated), and said last named company have (in the name of one of their members) offered to construct and operate the said lines or some of them, and that this council is desirous of contracting and doing business with the said last named company, but is deterred from doing so owing to the fact that the said company is not incorporated:

It is therefore resolved that this council petition His Honor the Lieutenant-Governor-in-Council of the Province of Ontario to grant the prayer of the said "The City and Suburban Street Railway Company of Toronto (limited)," and cause his letters patent to be issued under the great seal of Ontario, constituting the said company an incorporated company, as provided by "The Ontario Joint Stock Letters Patent Act" and "The Street Railways Act," and that a copy of this resolute be forwarded to his honor the Lieutenant-Governor.

WALKER

STILL WITH US.

He Rises to Remark

"Now, by my Halidom," quoth Walker
"As sure as eggs are eggs,
At these hard times I'll have a whack
And lower down the pegs.
I'll hang no circus posters out,
I'll never beat a drum,
But folks shall know what I'm about—
Its prices makes things hum.
"Here, Julius Cæsar Ponto Brown,
Just sharpen up my ax;
Once more I'll cut the figures down,
My folks can't stand the tax;
The times are hard—the workingman
Can comforts ill afford,
But give him my instalment plan
He will not need to board."
Amazement well may pale each cheek,
Well may all dealers groan,
For such small payments week by week
Before were never known.
The long, long busy day is done,
Night's curtain settles down,
Walker's beacons flash up one by one,
His prices rouse the town.
Men, women, children—how they flock
To this midsummer sale;
Walker never had so large a stock—
But prices tell the tale.
And who is there so foolish still
To board or idly roam,
When weekly, if you pay the bill,
You get so nice a home.

Who, indeed! Surely all people yearn for a home of their own, from the cradle to the grave. This one want animates alike rich and poor. The rich can get a home when they please, and so can the poorest man or woman WITH WEEKLY INSTALMENTS by going to
