General News.

—Mr. MacCoy, presented a petition from the Church of England Temperance society commending the new license act to the favorable consideration of the house.

—An exchange says: It is not intended to put the *Empress* on the route across the bay this season, but the *Secret* will continue the service during the summer. The *Empress* has long been a favorite with summer travellers, while the *Secret* is the fastest boat.

A VALUABLE FIND.

James Alex Sproul, of Orangeville, says he has found Burdock Blood Bitters to be the best medicine he ever took for kidney complaint, with which he was suffering. He declares B. B. B., without a rival.

A VILE WOMAN'S PUNISHMENT.—*London*, April 10.—Louisa Hart, the procuress of little girls for aristocratic debauchers has been sentenced to five years penal servitude.

—All persons about to visit foreign lands, sailors, fishermen, lumbermen and miners should take with them a supply of *Johnson's Anodyne Liniment*. It is both for internal and external use and is worth its weight in gold.

—Mr. Armstrong, of Bear River, informs us that a pair of cattle, five years old, in his possession (one of which he has killed) will weigh, when dressed, upwards of 1600 lbs. This, considered very heavy for the age, is probable the best beef ever butchered at Bear River.—*Courier.*

—Hip disease, fever sores, ulcers, blotches, pimples, and many loathsome diseases originate in impure blood. *Parson's Purgative Pills* make new rich blood and will change the blood in the entire system in three months, taken one a night.

—A beautiful girl, who resigned a position in the Treasury Department at Washington recently in order to study for the stage, has just been dismissed as incompetent by a theatrical manager. She resigned monotony and $70 a month for excitement, uncertainty, and $40 a month while "under study."

WHEN ALL ELSE FAILED.—Mrs. E. Mitchell says: "She has great pleasure in testifying to the beneficial effects derived from EAGAR'S CREAM OF Phosposlene in CHRONIC BRONCHITIS and GENERAL DEBILITY. She thinks that it will prove a great boon to anyone so afflicted."

—Dr. A. Tucker Wine, an English authority on pulmonary diseases, says that the effect on the Anglo-Saxon race of living in a cold climate may be seen in Canada and some of the Northern States of the American Union, where the race is physically superior and more vigorous than that of the parent stock.

"WHOOP IT UP."

Probably one of the most difficult complaints to doctor is whooping cough. When treated by ordinary means the poor victim is left to whoop it up as best he can. Hagyard's Pectoral Balsam gives relief in this as well as in all throat, bronchial, and lung troubles.

Montreal, April 11.—The national league of this city has forwarded a cable to Parnell, congratulating him on Gladstone's home rule scheme and notifying him that $1,650 has been sent to the parliamentary fund. The league also sent a cable to Gladstone wishing him God speed, long life and strength to carry the measure through.

What is Needed

By every man and woman if they desire to secure comfort in this world is a corn sheller. Putnam's Corn Extractor shells corns in two or three days and without discomfort or pain. A hundred imitations prove the merit of Putnam's Painless Corn Extractor, which is always sure safe and painless. See signature of *Pomeroy & Co.*, on each bottle. Sold by medicine dealers.

—Senator Fyre declares that the "fishery question involves a matter that looks to war." If he or any other Down-Easter thinks that this country will go to war with England on account of the few codfish caught by the Canadian refugees who are called New England sailors and fishermen, he cannot disabuse his mind of it any too soon. This is a great country, but it has very few people in it who care for codfish enough to fight over them.—*Western paper.*

A WIDE RANGE.

A wide range of painful affections may be met with Hagyard's Yellow Oil. James M. Lawson, of Woodville, Ont., speaks of it in high terms for rheumatism, lame back, sprains, and many painful complaints too numerous to mention. It is used internally or externally.

BAY OF FUNDY SERVICE.—The *Telegraph* says: Too much cannot be said of the efficient service of the steamer Secret upon the Bay of Fundy during the past stormy winter. Her excellent sea going qualities were defined in the gale of December 26th, and her speed, even in the roughest weather, has called forth much comment. She recently made the trip from St. John to Digby in three hours and four minutes. Her passenger accommodations are excellent, and our travelling public have been highly pleased with the bay service for the past winter.

NEAR STARVATION'S DOOR.

Mrs. Nelson W. Whitehead, of Nixon, was a chronic sufferer from dyspepia and liver complaint, and was scarcely able to take the most simple nourishment. Even a swallow of water caused great distress. Two bottles of Burdock Blood Bitters cured her, when all else failed. She heartily recommends this remedy to all sufferers.

A SNAKE IN A BOY'S STOMACH.—*St. John*, April 9.—A young boy, son of Mr. Hugh Mushison, of Grand Falls portage, died the other day, under peculiar circumstances. Previous to his death he complained of a strange sensation in his stomach. An emetic was administered and the young fellow ejected from his stomach a snake about twenty inches long. Attached to the tail of the snake was a piece of flesh. The boy died a few minutes after vomiting the snake.

MUCH IN A LITTLE.

Hamilton Dowd, writing from Burns, Ont., says he was afflicted with chilblains which were very sore and painful and which nothing relieved until he tried Hagyard's Yellow Oil; less than one bottle cured him.

THE CHINESE.—*Victoria, B. C., April* 10.—There is a great excitement at New Westminister. The legislature just before adjourning passed a bill prohibiting all companies chartered under the act of the local parliament from employing Chinese in their works. Among the companies affected is the Canadian Pacific Railway, which proposed to build a branch line to New Westminister. As soon as the company was apprised of the anti-Chinese bill it refused to build the line. Last night the people rose in their wrath and hanged the members of the legislature in effigy, and afterwards burned the figures. Tar and feather are said to be at a premium on the mainland.

DEPTH OF WAVES.—One day last week while one of the divers was on the deck of the Oregon, over one hundred feet below the level of the sea, a curious fact was noticed. It has been a matter of speculation for years as to how far beneath the surface the roll of the ocean could be felt. Antonio Anderson, the diver on this occasion, says that in one of the alleyways between the houses on the deck of the Oregon he seized a trunk, and while trying to make fast to it and send it up to the surface, the roll of the sea continually swept him and the trunk athwartships. On Saturday it was ascertained by soundings that the Oregon lies in nineteen fathoms or 114 feet of water.

—Just now in soliciting new business, some of the Life Insurance companies claim that they have the *best plan* because it is the Sheppard Homan's plan. For the information of the many members of the Mutual Relief Society of Nova Scotia, and of others who may be seeking insurance, we have pleasure in stating that the plan of the Mutual Relief Society is nearly identical with that of Sheppard Homan's, and that the plan was adopted by the promoters of the society, they believing it to be the most equitable as well as the cheapest system of life insurance. 11

Local and Other Matter.

—Mr. Chas. S. Balcom, Paradise, has a white chester sow that gave birth to twelve pigs, on the 9th.

—We have another communication from "Vox" in reply to "Justitia," which will appear in our next issue.

—Mr. David Foster, of Hampton, has a cow, of mixed Jersey and Ayrshire breed, that has averaged twelve pounds of butter a week ever since she calved about ten weeks ago, in addition to milk used in family of four persons.

—Railroad strikers in East St. Louis are committing great outrages. Several persons have been killed.

AT COST.—All the goods of W. W. Saunders, will be sold at cost for thirty days. See adv. next week. W. HARY, Assignee.

—Rev. Lindley Young, is supplying the Baptist pulpit in Bear River, for a few Sabbaths.

—The ordinance of baptism, was again administered at Inglisville last Sabbath, by the Rev. R. D. Porter. Two persons were baptized.

LECTURE.—The lecture by the Rev. J. M. Fisher, of Granville Ferry, which was postponed on account of a storm, will be delivered (D. V.) on Thursday evening of this week (the 15th inst.,) in the basement of the Methodist Church, subject "A Scotch Orator and his Oratory."

—James Ritchie, an extensive ship builder of River John, has failed through depression in shipping. Total liabilities about $100,000. Assets not exactly known, being largely invested in vessels.

—Mr. Walter W. Mills, of Granville Ferry, has been gazetted a justice of the peace.

—A man named Harvey Hennigar, of Centreville, an employee in St. Clair's mill on the Morse Road, had his right hand very badly cut on a circular saw on Thursday of last week. The end of the thumb was cut off and the hand cut diagonally across the palm, almost severing it. Dr. Campbell was called in, and after examination concluded to try and save the hand. The patient is doing well up to the present time.

—The largest importation of Window Glass ever brought into this town, at Shipley's. 11

—Dr. Orton, one of the members of Dominion parliament, became offended at a paragraph which appeared in the Toronto *Globe*, stating that he was intoxicated in the House, and said he was going to take the law in his own hands. This he proceeded to do. The next time he met Mr. E. W. Thompson, the editorial representative of the *Globe* in the lobby of the house, he charged him with being the author of the offending article, which Mr. T., did not deny. The Dr., then struck Mr. T., and a regular mill took place in which the latter came off victor. The Dr., rather prides himself on his muscle, it is said, while the journalist is a quiet sort of a man. It is very unsafe to fool with newspaperman as a rule.

—Cut Nails were never so low, as at present, for sale by R. Shipley. 11

—Mullarkey & Co., shoe manufacturers of Montreal, have suspended. Liabilities $70,000, assets $95,000.

—Mr. C. R. H. Starr, of Port Williams, one of the most energetic fruit growers in this valley, has been appointed by the Dominion Government, Canadian Commissioner in charge of the fruit at the Indian and Colonial Exhibition. No better men could have been selected, we believe.

—Thompson & Shaffner are paying 12c per dozen for Eggs. 11

—We notice that at an election of Aldermen, in St. John city, last week, Mr. Geo. A. Knodell has been elected for one of the Wards. Mr. Knodell is well known here through his connection with the press of this town in days gone by. We must congratulate our old friend upon his honors, which we feel he will worthily wear.

—An advertisement of pigs for sale by Mr. A. C. VanBuskirk, of Kingston Station, was, through a typographical error, made to read as "yearling" pigs instead of "young" pigs as it should be. See ad.

—Thompson & Shaffner give highest prices for produce. 11

—As the evening of April 6th was stormy, by request, a special meeting of the Paradise Agricultural Society, will be held in Division Hall, Tuesday evening, April 20th, at 7 o'clock, when the papers prepared by Col. Starratt, B. Starratt, Esq., etc., will be read and general business transacted.

—Builders and contractors are confidently assured that everything they require, can be bought at Shipley's at low prices. 11

(*To the Editor of the Monitor.*)

ISLE AU HAUTS, April 1st, 1886.

Please permit through your esteemed paper to report myself to my friends. Another long winter is past and spring has came again. This is my eighth winter here on this lonely island, and I have great reason to be thankful to the Giver of every good, that none of us has ever met with any serious accident or ever had a day's sickness worth speaking of. Although this place is rather lonely, yet I cannot agree with a certain poet that said: "It is better to dwell in the midst of alarm than reign in this horrible place?" but I do not find it so. I have a good supply of books on almost every subject, namely: "The History of all Parts of the World," also a treatist on nearly all the sciences and on geology, together with the lives of a number of notable men, also a good supply of religious reading and best of all the Word of God the Bible. This has been the mildest winter with the least snow of any since I came here. On the night of the 15th of February we were startled by an unwelcome visitor. At 12.30 the tower was struck by lightning which tore off some clapboards on the south side of the tower in two places and came in the building and burst the plaster from some of the walls and doing some other slight damages. It lasted only a few moments and then departed as suddenly as it came. Since then there has nothing remarkable occurred. N. CARD.

—After three months of preparation *The Current* announces its Easter issues of 100,000 copies double the usual size. The list of authors is remarkable; John A. Bingham, John Clark Ridpath, Leory D. Thoman, Will Carleton, James Whitcomb Riley, Bill Nye, Professor Swing, Professor John Fraser, Professor Elias Colbert, Professor Richard Owen, Eugene Field, William H. Hayne, Robert McIntyre, Madison J. Cawein, H H Newhall, C. L. Phifer, Professor Daniel Kirkwood, Gath, Henry Guy Carleton, Robert Burns Willson, Donn Piatt, Anna Oldfield Wiggs, Fred H. Carruth, Eugene J. Hall, Dr. McIoy, E. J. McPhelin, Elwyn A. Barron, Franklin E. Denton, James B. Kenyon, John Moran, Joel Benton, Alice King Hamilton, Elmer Dwiggins, R. A. Meers, G. C. Matthews, John McGovern, and the author of "Mrs. Owens' Cook Book." The Chicago Typographical Union will furnish a prize labor article by John C. Harding. A thrilling novel by E. Hough will commence. Gunther will write about his Shakespeare autograph. Space will not permit an enumeration of subjects, but each of the articles will have a value commensurate with the fame of its writers. It is doubful if any Western publication ever before offered its readers a table contents so varied and attractive. For address see adv. Our readers should send for a specimen copy.

THE APRIL CENTURY.—Three anecdotal articles in this number form a most entertaining account of the famous Confederate cruiser *Alabama* and her duel with the *Kearsarge*. P. D. Haywood, who was a seaman on the *Alabama*, describes "Life on the *Alabama*," with graphic humor; Lieutenant Commander, John McIntosh Kell, in his paper gives an authoritative account of the reasons which impelled Captain Semmes to try issues with the *Kearsarge*, and of the incidents of the fight; while Surgeon John M. Browne of the *Kearsarge* contributes the Union history of that stirring event. In point both of illustrations and anecdotal interest these articles are perhaps second to none that have appeared in the Century War Series.

A portrait of Longfellow after an ambrotype of 1848, showing the poet in a guise unfamiliar to the public of later years, is the frontispiece of the number. It accompanies a paper by Mrs. Annie Fields, giving "Glimpses of Longfellow in Social Life," with many anecdotes as set down by Mr. Longfellow, and by the author's husband, the late James T. Fields.

Dr. Washington Gladden contributes a thoughtful essay on "Christianity and Popular Education."

Mr. Howells' "Minister's Charge" grows in interest steadily.

The numerous other articles are all in keeping with the high standard of this magazine. Century Publishing Co., New York City.

WORTH REMEMBERING.

In a long letter from John H. Hall, of Baddeck, Cape Breton, he says: "I believe were it not for Burdock Blood Bitters I should be in my grave." It cured me of kidney and liver complaint and general debility, which had nearly proved fatal.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D., New York City.*

Births.

MCLEAN.—On March, 31st, the wife of John H. McLean, Bridgetown; of a son.

Marriages.

LITHGOW—MILLER.—At Boston, October 25th, 1885, by Rev. Mr. Gifford, Baptist clergyman, William Lithgow, of Halifax, to Blanche Miller, daughter of the late William Miller, of Bridgetown Annapolis County.

GERRISH—SARMAN.—At the Rectory, Bridgetown, Wednesday 7th inst., by Rev. L. M. Wilkins, B. A., Mr. Allen Greenes of Dalhousie, to Miss Elizabeth A. Sabean of the same place.

BANKS—BANKS.—At the house of Mr. Samuel Banks, Clarence, the bride's father, April 7th, 1886, by Rev. D. Price, Mr. Milledge F. Banks, Boston, Mass, to Miss Addie M. Banks, Clarence.

Deaths.

SMITH.—At Granville, on the 1st of April, George Smith, aged 74 yrs.

MARSHMAN.—At the Alms House, April 9th, Thomas Marshman, of Port George, aged 89 yrs.

JOHN.—At Weymouth, on the 28th ult., Elizabeth, beloved wife of Edward John, Esq., aged 66 years.

INGLIS.—At Petit, Ill., March 27th, David Inglis, formerly of Granville Ferry.

BLANEY.—At Stoney Beach, Lower Granville, April 3rd, William Blaney, aged 82.

BRINTON.—At St. Croix's Cove, March 30th, Mr. Charles Brinton, aged 89 years.

LIVER COMPLAINT.

SYMPTOMS *Yellow Eyes, Sallow Complexion, Pain Under Right Shoulder, Alternate Costiveness and Diarrhœa, Tongue Coated with Dark Heavy Slime, Dull Spirits, Weariness, Sick Headaches, Variable Appetite, Poor Circulation, Debility &c.*

CAUSE *The Liver being the Largest Glandular Organ, and a filterer of the Blood, is oftener deranged than most other organs, both in animal and human beings. Its chief office beside is to Secrete Bile, which is the Natural Cathartic to the Bowels. Whatever then deranges the Blood or Bile—as improper food, bad drinks, bad air, cold malaria poison, bad drainage, etc; or whatever will clog up the Bile Ducts will induce Liver complaint.*

CURE *The Diet should be Plain and Nourishing to make Pure Blood and Healthy Bile. Shun the causes above enumerated. Keep the Bowels free, and the Digestive Powers active, and*

Arouse the Sluggish Liver with that Grand Liver Regulator

BURDOCK BLOOD BITTERS

Which acts at the same time upon the Bowels, Stomach and Blood, while it regulates and strengthens every organ.

Thus B. B. B. Cures Liver Complaint.

MAIL CONTRACT!

CHARLES J. MACDONALD,
Post Office Inspector.

Post Office Inspector's Office,
Halifax, 2nd April, 1886. 313.

Black Pilot.

THIS celebrated entire Horse will travel the season of 1886, in Annapolis County and the lower part of Kings County.

Description and Pedigree.

BLACK PILOT is a jet black, stands 16 hands high, and weighs 1100 pounds. He was foaled July 20th, 1879, and was bred by G. A. Dockendorff, West Brighton Farm, P. E. I. He was sired by All Right, dam by McGinnis Pony. All Right was sired by Taggart's Abdallah; dam by Eyeshy's Hambletonian. Taggart's Abdallah was sired by Farmer's Beauty, he by Gifford Morgan, he by Woodbury Morgan, and he by the original Justin Morgan. Black Pilot on his sire's side trace in a direct line to old Justin Morgan the founder of the Morgan family, from whom are descended Ethan Allen, record with running mate, 2.18; Comet, 2.19½; Nancy, 2.23½; Wildfly, 2.24; Jenny Stewart, 2.24½; Lady Foxie, 2.24½, and a number of sons and daughters of Daniel Lambert, who have trotted better han 2.30. Dam of Black Pilot was Bay Jenney, by McGinnis Pony, he being of untraceable pedigree. She, although being run down by a race mare at 11 months old (getting badly hipped) trotted her mile heats, without thorough training, in 2.38. Second dam by Saladan, supposed to be one of the horses ever imported from England, but being a very high strung mare, and never having an opportunity of training her until she was on to the age of seventeen, she trotted her mile heats under saddle, in 2.35. Third dam by Revenge, English Blood. Fourth dam by Stag, English blood. Fifth dam by Roncevallos, also imported English Blood.

Black Pilot never had any professional training until the fall of 1885, when he was in the hands of A. L. Slipp, in which he was entered in five different races, two in Bangor, Me., one in St. John, N. B., one in Amherst and one in Kentville, N. S. Winning first money in four best times, 2.33½ on half-mile track; but this is no measure of his speed, as he has repeatedly shown trials in 2.26. Full particulars as to stands, etc., will be given later.

GEORGE A. DOCKENDORFF,
Owner.

Charlottetown, March 15th, '86. 51tf.
