The Mohawk Valley weather prophet predicts that the worst storm of the season will visit this section between the 1st and 15th Feb. His predictions for the past four or five years have been more reliable than "Our Wiggins."

A robin was seen at Carleton Place last week. A party saw wild ducks in Almante, also, last week. And other folks awoke early one morning to the spring-like twittering of birds. All these together, are making people interested in the weather wonder if there is going to be an early Spring.

Minard's Liniment cures Burns, etc.

The Kingston horsemen who attended the Seeley's Bay races on Wednesday and Thursday complain of not having received fair play. They say that the judges decisions were very one sided. One of the trotting matches was simply a hurdle race without hurdles, the fastest running horse getting first place,

The many friends of Frank H. McCrea, who went to California a few months ago for the benefit of his health, will be pleased to learn that he is improving rapidly. It is said that he is so well pleased with the appearance of the golden state that he has about decided to locate there permanently and has already invested in real estate.

Mrs. Cheeseman while walking on the icy sidewalk at the crossing leading into the Gamble House sheds on Friday last, fell and received a very severe injury to one of her legs. Dr. Cornell was unable to tell whether the bone was splintered or not on his first examination. This lady seems to be particularly unfortunate as this is the third or fourth severe injury she has received from icy sidewalks or steps in the past year or two.

Minard's Liniment for Rheumatism.

The little daughter of Winom Elliott, met with a very serious accident on Friday afternoon last. She, with a number of other children were coasting on Isaac street, using an ordinary hand sleigh. The iron band protecting the nose of the runner had became loosened and stuck up about an inch from the wood. While going at a rapid rate down the incline the sled struck an obstruction which precipitated the little girl and her companion over the front of the sled. The loose piece of iron caught in the girls leg just above the knee, and it required an effort on the part of Alex. Compo, who was near at the time, to pull the iron from the flesh. Under the treatment of Dr. Cornell, the little girl is progressing favorably.

Minard's Liniment sold everywhere

The firm of Sherman & Mott commenced running their new factory on Monday. They will make a specialty of wooden ware, for which there is an increasing and unlimited demand and are merchantable the world over. They have a fine stock of logs on hand and as the business increases and expands, which it surely must do, if they keep up with the demand, it will be a benefit to the village and surrounding country. The engine room contains two boilers and two engine, one of which is an oscillating engine. The senior partner will have charge of the "Big" saw. It is really surprising what a great variety of articles in wood will ultimately be made in this factory, and all staple articles of trade. Messrs. Sherman & Mott deserve and will undoubtedly receive great credit for their perseverance and enterprising spirit in this matter. The factory is well worthy a visit. Shafts, pulleys and belting in their roll and whir radiate a rythm and magnetism that is pleasing to gaze upon as is shown by the number of daily visitors.

Look out for a number of special announcements in our next.

The Reform Convention of Brockville Riding meets in Brockville today (Tuesday.)

It is reported this morning that W. H. Fredenburgh has declined the Reform nomination for South Leeds, and that J. B. Turner of Gananoque will oppose Geo. Taylor as a liberal Conservative in favor of Unrestricted Reciprocity.

The annual meeting of the Athens branch of the Montreal Auxiliary Bible society was held last evening in the Presbyterian church. Rev. Jas. Green the general agent delivered an address and the reports of the year's operations was read, which showed that the receipts from collections and sale of Bibles had been $41.79. Joseph Thompson was elected President; the resident ministers, Vice-Presidents; Wm. Mott, Secretary and Treasurer. Bibles will be kept on sale at Jos. Thompson's. where they can be secured at actual cost.

On Sunday morning last, at the hour when ghosts and hob-goblins are said to wander on earth, a stalwart citizen of Rear Yonge was aroused from his slumbers by a loud rapping on the door of his domicile. Hastily donning a portion of his habiliments he carefully opened the door and to his surprise saw the 25 year old son of a neighbor, who lives just across the B. & W. Railway track, lying in an unconscious condition on his door step. Hastily clutching him by the coat collar, and dragging him into the house he was horrified to find his face torn and bleeding and other evidences that he had passed through some rough usage. The youth was soon resuscitated and in disjointed sentences informed his listener that just as the clock struck the midnight hour he was awakened by a strange "something," and on rising up in bed he saw a strange and unearthly light settling down in the room, and he saw distinctly the form of "Granny" sitting on the lounge at the further end of the room. Our informant did not learn the import of the old lady's visit, but the presumption is that it partook of the nature of a "call." With a bound the young man reached the door and sped across the intervening space towards the neighbor's house where he was found on the door step, forgetting in his excitement that both sides of the B. & W. track is protected by a barricade of barbed wires. In scrambling through between the wires his face and hands were severely lacerated, and when found as above related his appearance made the stalwart imagine that "murder most foul" or highway robbery was about being consummated. With a very light covering on his person, his feet encased only in socks, and the thermometer away down, he sallied forth in quest of the lawbreaker, taking care however to first enlist the co-operation and assistance of his better half and a big club that stood in the corner of the kitchen. Just as the stalwart reached the centre of the road he observed a horse and cutter approaching. Springing in front of the horse he ordered a halt, but the driver appeared to pay no attention to his orders. The horse was stopped and the cutter found to contain a young bachelor M. D. securely locked in the arms of Morpheus, who on being aroused and told in brief and hurried tones of the incident, declined to leave his comfortable cutter to go and look after the physical condition of the stalwart's guest, vouchsafing the consoling remark that "he'd be all right in the morning." The stalwart then commanded: "Oh—but—you—must, Granny's—over—there—and—it—will never—do—to—leave—the—house—all—night." In language more profane than polite the M. D. told the stalwart to go into the house and not freeze, as for him he had no desire to interview any Grannies at that hour in the morning.

Reform Convention.

The Reformers of Old South Leeds met in convention at the town hall, Delta, on Tuesday last 3rd inst. Although the day was very disagreable the attendance was very large. The convention had been called to select delegates to attend the great Reform Convention of Toronto on the 18th and 19th, but on the morning of the 3rd the news was flashed over the country that the House was dissolved and the meeting resolved to take time by the forelock and select a candidate for the approaching contest. The first business disposed of was the election of the officers of the Reform association for South Leeds. O. D. Cowan the popular President was again elected to his old position, and R. G. Murphy, Vice-President and W. P. Dailey, Secretary. The following is a list of the Vice Presidents of the municipalities combined in South Leeds, Athens and Yonge Rear, I. C. Alguire; Bastard and Burgess, Holmes Eyre; North Crosby, D. Ripley; South Crosby, F. Stevens; Escott, W. Kelly; Yonge Front, D. S. Mallory; Gananoque, G. Beaumont; Leeds Front, P. Kelly; Leeds Rear, Dr. Bowen; Lansdown Front, N. Peck; Lansdown Rear, Jas. Roddick; Newboro, Jas. A. Shaver.

The following named gentlemen were nominated as candidates at the approaching election: W. H. Fredenburgh, C. E. Britton, O. D. Cowan, Dr. Bowen, W. J. Webster, R. R. Phillips, T. K. Scovil and M. J. Connolly. The candidates all made stirring speeches and withdrew in favor of Mr. Fredenburgh who was declared the unanimous choice of the convention. Mr. Fredenburgh made a capital speech on receiving this expression of confidence by the electors of South Leeds and although reluctant to go into the fight at his time of life still if he could arrange his private affairs so as to devote time to the canvas he would do so. He agreed to give his friends a decided answer on the following Monday.

There is much destitution reported from Ottawa this winter. The corporation have voted $10,000 to be expended in breaking stones for the street and large numbers are applying for work. Soup kitchens are in full blast and appeals to the charitably disposed are loud and pathetic. Two quarts of soup for 5c. are the prevailing terms at one of the soup kitchens.

The latest invention in harberdashery is the buttonless shirt. It is the idea of a Canadian. It is not designed to take the place of a full-dress shirt, but is likely to be a strong every-day favorite with the short armed fat man, who feels life's emptiness when he tries to reach the buttons at the back of his neck. It is said that it fits well, and is the easiest garment to get in and out of that was ever invented.

The council met at the town hall Athens, on Feb. 7th inst., at 10 o'clock. Members all present, Reeve Saunders in the chair.

OAK LEAF.

MONDAY, Feb. 9.—Politics is the order of the day.

Miss Davy of Bath is spending a few weeks visiting friends here.

Mr, Hogle and his lady of Bath were the guests of their daughter Mrs. R. J. Greene last week.

A party under the management of Messrs. G. Godkin and C. Murphy was held in the hall on Friday evening last. It was well attended.

Miss Ada Johnson who has been attending the ladies college, Oshawa, for the last six months returned home on the 5th inst. We are pleased to know that Miss Johnson has made rapid progress in her college course, which shows that the time spent was in every respect profitable.

The concert held in the hall on the evening of the 4th inst., under the auspices of the Amateur Club of Warburton was a brilliant success. The programme rendered was good, well arranged and most amusing, and each part as it was given brought loud applause from every part of the room. It would be unfair to make any special mention of those taking part in the programme, since each is entitled to the highest praise for the able manner in which he or she contributed toward the success of the entertainment. The people of Warburton deserve great credit for the great effort, which they are putting forth to obtain a suitable place of worship.

AUCTION SALES.

We have arrangements made with D. Dowsley, auctioneer, whereby we can fix the date for auction sales, without putting parties to the trouble of going personally to see him. Persons ordering sale bills from this office will be given a free notice under this heading. Please make a note of this when wanting bills.

An auction of a lot of valuable farm property belonging to Wm. Hillis will be held on the Alex. Thomson farm, Caintown, on Wednesday, Feb. 18th at 1 p.m. D. Dowsley will wield the hammer.

Jas. P. Sherman, will sell by auction on the Guy Curtis farm, near Soperton on Wed. March 4th a lot of cows, horses, colts, sheep, pigs, implements &c., D. Dowsley, auctioneer. See bill for particulars.

Toronto is the first city in Canada to recognize the right of women to a place on school boards. Three ladies have just been appointed members of the high school board in that city.

In the Spring of 1887 Mr. James Campbell, of Admaston, commenced dealing in a superior class of sheep, to see how it would pay. The stock with which he began at that time consisted of twenty-two South-down ewes and three rams. Each year he has sold some of the increase; and last week, having sold the balance of the whole flock to Mr. Allan Grant, of Fitzroy, he footed up each year's receipts—to find that his sheep had brought him in since 1887, the sum of $775. Of course, bringing in this amount, they were not sold for mutton, but nearly all were disposed of for breeding purposes.

MALLORYTOWN.

MONDAY, Feb. 7.—Some of our young people attended the assembly at Lansdown on Wednesday evening last, a grand time is reported.

The patrons of the Mallorytown Union Cheese Factory met in the township hall on Wednesday evening last to investigate the matter of how the last shipment of cheese had fallen away some (1200) lbs in going from here to Montreal. We should think men could be appointed as salesmen who would not let the buyers do them up in such a shape, and these are they who want to run our school and also our municipal affairs. Oh: *Rats.*

Misses Maude and Nettie Judd who are at present in the North West doing evangelical work intend coming home in June next.

Mrs. Chas McCleary is visiting her sister Mrs. T. Purvis.

The grand Masonic supper of McCoy Lodge No. 245 of Mallorytown was held in the Methodist church on Friday night last and was a grand success in every respect, after partaking of a supper which only the Mallorytown ladies can prepare, all adjourned to the audience room where a first class programme was gone through, consisting of music by the Methodist choir and addresses by the Rev. Mr. Wright and the Rev. Mr. Service, also some grand specimens of elocution from Mr. L. A. Kennedy of Athens and little Miss Irene Mallory. Mr. D. Derbyshire of Brockville acted as chairman and beamed on the ladies of the congregation throughout the evening, and all dispersed wishing long life and prosperity to the fraternity.

WESTPORT.

SATURDAY, Feb. 7.—One of the largest audiences that has ever assembled in Westport congregated in St. Edwards Hall on Thursday evening to do honor to Miss Rose Braniff "Canada's Queen of Song" whose services had been secured by the C. M. B. A. of this village. Miss Braniff's selections were so well appreciated that nothing but a re-appearance after hearty encores would satisfy the longing desires of an admiring public.

Mr. W. H. Fredenburgh has been selected from a host of other lovers of honest government to bear the standard of Liberalism during the coming contest in this constituteney. Mr. F. is a popular man in the riding and will in all probability prove a hustler at the polls.

The Conservatives hold a caucus meeting this evening to select delegates for the grand jamboree at Delta. It will need a strong party whip to bring some of them into closer fellowship as there is at present a split in the ranks.

Where are all Westport's Equal Righters who during the last Provincial election were so loud in their denunciations of Mowat and Sir John? Rumor says that they have once more wandered back into the fold of the faithful.

Mr. S. Acheson ex-principal of our public school has left to fill an appointment in the Educational Institutions in St. Thomas.

The social held at Mr. Wm. Croskery's in aid of the Presbyterian church, this evening, was well attended.

There is sorrowing in the home of our worthy postmaster over the poisoning of a valuable Collie purp.

The Westport Trotting association intend holding their first meeting on Feb. 25th and 26th. The purses are somewhere in the neighborhood of $175.

The Westport Court of Foresters intend giving the inhabitants of Portland a grand treat on Thursday evening Feb. 12th by entertaining them with the rendering of one of their excellent concerts.

One of our trio of medical men in the person of Dr. Parker is at present on the sick list.

The second entertainment of the Penny Reading series was held last evening and as usual was a success.
