On the rinks of the Toronto clubs friendly matches will be played on Wednesday. Parkdale's club match is still unfinished. The first three rinks made it a tie; then Adam Weir's rink beat George Duthie 22 to 15, putting the vice-president up 7. The match will be finished this week.

Osgoode will practice on Monday, Tuesday, Thursday and Saturday on the Prince Albert Rink, corner King and John-streets on the old U.C.C. grounds, from 1 to 2.30 p.m. Mr. W. D. Henry has been elected captain. The law students are prepared to back their teams hard, and there will be a large turn-out at the first practice to-day.

The standing of the University of Buffalo in athletics will be maintained this winter by the hockey team, which was reorganized at a meeting of the students Saturday afternoon, with Dr. Conrad E. Wettlaufer business manager and Charles Peck captain. The team will soon be ready for engagements. Address Dr. Conrad E. Wettlaufer, 153 North Pearl-street, regarding all games.

An Ayr boy writes that Hilborn, the Commerce hockey man, is from Ayr and not Barrie. He also writes: It is pleasing to know in this connection that Ayr players, who, according to the scribe of the Berlin H.C., learn the game in a "woodshed," are able to give a good account of themselves when given "foemen worthy of their steel" and "room according to their ability." These they have been so far unable to find in Berlin.

The Grand National Hockey Club of Parkdale held a meeting last night, when the following officers were elected: Hon. president, Mr Smith; hon vice-president, Dr Lynd; president, Mr C Dennis; vice-president, Mr A N Green; captain, John Holden; secretary-treasurer, Mr Taylor; manager, C Snow. A practice match has been arranged with St. Anne's team for Tuesday night, when a full attendance is requested at the Grand National Rink, Parkdale.

The progressive euchre party of the R.C. B.C. has been postponed till Wednesday evening on account of the Riversides' smoker.

His many friends will be pleased to learn that Deacon Duggan is again about and convalescing as rapidly as could be expected after his recent severe illness.

The fight between Solly Smith and Tommy White in New York to-night will be full of interest. The men are to meet at 122 pounds, and it should be a fast fight, since Solly can go no other gait.

The fight between Dick O'Brien of Boston and Charley Strong, the Newark colored heavyweight, which was to have come off before the Union Park Athletic Club, New York, 15 rounds, and which was expected to be a great "go," did not take place. O'Brien claimed the colored man outweighed him, and refused to enter the ring.

William McGinn, employed at Watson's candy factory, had his head injured yesterday morning. He was fixed up at St. Michael's and afterwards went home.

Rochester, N.Y., Jan. 11.—Kid Gordon of Syracuse and Doc Kennedy of this city met in a 15-round bout before a local club to-night. Gordon was two and a half pounds over weight and Kennedy a pound under the stipulated weight of 108 pounds at the ringside. Kennedy looked small and weak beside the Syracusan, but outpointed him all through the last seven rounds. The decision was a draw, according to agreement, if both men were on their feet at the end of the 15 rounds. Benny Leon of Syracuse outpointed Jack Roy of this city in a preliminary bout of six rounds. This bout was at catch weights, with Roy many pounds heavier than his opponent.

**The New Manager Will Try to Get Wright Back in the Fold and Casey Will Be Played Regularly in the Outfield—Three Exhibition Games With Washington Already Arranged—The Ferry Co.'s Quick Service.**

Arthur A. Irwin is now sole proprietor of the Toronto Baseball Club and this franchise in the Eastern League. He closed with the Toronto Ferry Company yesterday and soon after wired to Pittsburg his acceptance of President Kerr's offer. President P. T. # MR. NEWSOME'S CHARGES.

**The Conservative Club Will Make Him Substantiate His Words or Quit the Institution.**

The promised warm time at the Liberal-Conservative Club last night materialized, and no one who went there especially for it could be at all disappointed. Vice-President E. M. Dumas was in the chair, and in his efforts to maintain order knocked the presentation inscription of the gavel. The fun commenced right at the beginning of the meeting, when President C. C. Robinson read a report from an evening paper, published a couple of weeks ago, which stated that Mr. Newsome had called the club a "rum hole," and that the introduction of liquor had had a disastrous effect on the club's standing, finances and membership. Mr. Robinson asked Mr. Newsome, through the chair, if he had made the statements, to which Mr. Newsome replied he had, not in the exact language, but in substance.

"Did you use the word "rum-hole?" asked Mr. Robinson.

"I believe I did," replied Mr. Newsome.

"Then, Mr. Chairman, I'll ask if he intends to retract or apologize," said Mr. Robinson.

"I do not," was Mr. Newsome's reply.

The chairman then read the report of the Executive, and its adoption was moved by President Robinson and Mr. H. Capewell. It was eventually adopted, after slight alteration, only two members, Dr. Wilson and Mr. Spainer, voting nay.

A RED HOT REPORT.

This is the report as adopted: "That whereas it has been brought to the notice of this committee through the columns of the press and otherwise, that Mr. W. B. Newsome has made certain unfounded charges against the club and its management, and that among other things he has stated, owing to the introduction of and abuse of liquor, that the club's financial condition had, since his term of office, been growing less and less, and that the membership of the club has been quickly diminishing, also that liquor had made a rum-hole of the place, and that the sale of liquor was illegal and the police might come in and raid the club;

"And whereas it has been stated that Mr. Newsome took special pains to secure the attendance of a reporter from an evening paper in order to give the widest publicity to his remarks; and whereas the publication of the false statement above set forth tended greatly to prejudice the interests of this club.

"It is therefore resolved that unless the said W. B. Newsome amply retracts and apologizes for the above false statement, the chairman of the House Committee be instructed to lay a charge against the said W. B. Newsome so that the matter above set forth may be dealt with by the Executive Committee and the members of the club, under the provisions of article 5, section 4, 5, 6 and 7, of the by-laws.

PRESIDENT ROBINSON'S REMARKS.

Mr. Robinson, in moving the adoption of the report, said no personal feeling actuated him at all in the matter. The charges made by Mr. Newsome were gross misstatements, and had appeared in the press throughout the country. This was calculated to do enormous harm to the club, and it must be contradicted. They would strangle the new club now being formed, and it was only right that, being utterly untrue, they should receive the denial they merit.

The Executive had held two meetings before arriving at a conclusion of the matter, and Mr. Newsome had been invited to attend and defend his charges. He had refused to do so. The charges were entirely unwarranted, utterly false and untrue. He gave figures in support of his denial, which appeared very satisfactory to the club, and was repeatedly applauded. Mr. Robinson's figures showed conclusively that last year's Executive had managed the club much better than the previous year.

Mr. Robinson, amid frequent interruptions, said he had been told Mr. Newsome asked a reporter to come to the meeting in question. The reporter was present, although the meeting was private, and had taken notes secretly.

Mr. Nwsome here denied that he had told the reporter to come, although he admitted having met him, and in reply to a question had said there might be something worth reporting.

Mr. Robinson then went on to say that not half a pint of whiskey per diem had been sold within the club walls during the year, which would in itself disprove Mr. Newsome's assertions. He believed he could say that no man had got intoxicated there, but he remarked meaningly that some men had come in there snowing the effects of liquor upon them.

In the event of a charge being made against Mr. Newsome, Dr. Wilson objected to the case being tried by the executive, who were really fathering the charge, and h argued that it did not savor of British fair play and would be condemning Mr. Newsome in advance.

Mr. Newsome started in very quietly by remarking that it seemed hard to be tried by an executive who, in defiance of the constitution, had put liquor in that "hole." [Cries of "Order!"]

Mr. Robinson and others: Retract the word "hole."

"Well, 'room' then," said Mr. Newsome; after being called down by the chair, "That's easy."

It was here argued that no charge had been made against Mr. Newsome and he could not reply. The chair ruled thus and Mr. Newsome showered a storm of abuse on the chair and the gathering, all of which he withdrew on being told to or sitd own. He withdrew, he said, because the remarks were unparliamentary, but he thought what he said just the same. He defended the manner in which the club had been run during his term of office.

At this junction someone asked that a reporter who was taking notes at the end of the room join the other scribes at the reporters' table. Mr. Newsome explained that the young man was his private stenographer, and was there as a provision against unfair reports, such as the secretary had been in the habit of giving the press, but Mr. Newsome remarked that, as reporters were present, he had no fear on that score, so he called the stenographer off.

Mr. Newsome then disputed a lot of Mr. Robinson's figures, which he considered misleading. This statement and others he had to withdraw in order to continue. He said members of the club were disgusted with it and wouldn't pay their fees any longer. He said he had a straightforward course and strongly insinuated that President Robinson had not. He had supported Mr. Robinson's first candidature, but was sorry now.

Many members spoke and urged upon Mr. Newsome to withdraw, but he staunchly refused and the Executive report was adopted, the general opinion being that an investigation would be of benefit to the club as there was a confidence that Mr. Newsome could not prove his charges. If he could, then strict reforms were necessary.

After the meeting the members gathered in little noisy groups and advocated the expulsion of Mr. Newsome from the club unless he can prove his charges.

**The Young Liberals and Mining.**

The Young Liberals heard a deal of mining talk from Rosslanders and returned Torontonians at their meeting last night. Speeches were made by Editor Bogle of The Mining Review and Messrs J A Smith, Secretary of the Rossland Board of Trade; J M Burke, a mining expert for some time a guest of the Queen's; Richard Armstrong, Ald O B Sheppard and his brother, Mr Thomas Sheppard of Rossland. The speakers all favored the taking over of the Crow's Nest Pass Railway by the Dominion Government, and a motion will be introduced in the club at a future meeting advising Mr. Laurier and his colleagues to that effect. Mr. John Charlton will attend a meeting of the club in the course of a week or so, and an amateur minstrel show, performed by members, is to take place in March.

**A Letter From the Girl's Father Wishing Her a Happy New Year and Conveying "Father's Blessing"—Mr. John Torrance for President of the Board of Trade—Gustave V. Nyman Wanted—Fastest Time on Record With the Mails—Mayor Wilson-Smith Will Give a Dinner.**

Montreal, Jan. 11.—(Special.)—"I write you to wish you a happy New Year and to send your father's blessing."

The above is an extract from a letter written by Francis Lessard of St. Joseph La Beauce to his daughter, the victim of the Notre Dame-street tragedy. This morning Coroner McMahon looked into the case and the jury found by the proof that the deceased Lucie Lessard had been killed by Dan Sheehan, who pushed her down stairs, and the spinal column being dislocated she did not survive very long. Sheehan, who was sent to the Queen's Bench to stand his trial, is a noted lightweight champion, who is also well known to the police.

MR. TORRANCE FOR PRESIDENT.

This afternoon Mr. Robert Bickerdike definitely declined the nomination for the Presidency of the Board of Trade, and Mr. John Torrance was almost immediately nominated for the position. Mr. Torrance, who is now the first vice-president, has been approached repeatedly to accept the nomination, but invariably declined, as he had signed the petition asking Mr. Bickerdike to accept a renomination.

WHERE IS THIS MAN?

Where is Gustave V. Nyman, who left Minneapolis for New York via the Minneapolis, St. Paul and Sault Ste. Marie Railway on Nov. 10, last? This is the question which the C. P. R. officials have been asking one another for the last six weeks, and the riddle which the officers of the Canadian Secret Service will now be called upon to solve, if, indeed, solution be possible.

FASTEST TIME YET.

The fastest time ever made over the Intercolonial has just been accomplished. The Labrador mails, which left Halifax Sunday morning at 3.09, arrived in Montreal at 2.18 Monday morning.

WILL GIVE A DINNER.

On the 20th of the month Mayor Wilson-Smith will give a dinner at the St. James' Club, and, as it is the first of the kind offered by the city's chief magistrate, the mayor's generosity is much appreciated by the citizens. There will be 125 present, including Lord Aberdeen, Hon. Wilfrid Laurier, and his colleagues, Premier Flynn and his Ministers, Lieut.-Governor Chapleau, the twenty-five aldermen, and leading gentlemen of Montreal.

# COUNTY AND SUBURBAN NEWS.

**Inaugural Meetings of Toronto Junction, North Toronto and East Toronto Councils—Funeral of D. G Stephenson.**

At the meeting of the East Toronto Council yesterday, the following committees for the year were appointed:

Finance—Messrs. Philpott, McCullough and Carnahan.

Assessment—Messrs. McCullough and Reeve Walters.

Water and Light—Dr. Waters, McMillan and Carnahan.

Fire and Property—Carnanan, McMillan and Philpott.

Roads and Sidewalk—McMillan, Dr. Walters and McCullough.

A committee was appointed to interview the members of the Local House, in order to get a bill passed enabling the Council to collect back taxes from 1888 to 1893.

**Funeral of D. G Stephenson.**

The funeral of the late Donald G. Stephenson, ex-reeve of East Toronto, took place yesterday to Highland Creek Cemetery. The service was conducted by Rev. J. R. Johnson of the Presbyterian Church, and was attended by all the residents of York and Scarboro' Townships and East Toronto Village.

**North Toronto.**

The inaugural meeting of the new Council was held yesterday morning. The full Council of 13, with one exception, were present, and as the vacant Councillorship had not been filled by the people at the recent election, the first motion placed before the board by Mayor Davis was to fill that position with the name of H. Waddington. Before proceeding to further business, Mayor Davis read an address outlining the principal matters that are likely to come before the Council during the ensuing year. The chief features of the address were: The appointment of a commissioner to superintend all roads and sidewalks, the appointment of a Board of Relief to deal with cases of indigents, the enlargement of the waterworks system, sale during the year of lands in arrears for taxes and application to the Local Legislature for relief in connection with the maintenance of Yonge-street within the town limits.

The Striking Committee, consisting of the Mayor, First and Second Deputy Reeves and Councillor Waddington, were appointed to nominate the different committees of the Council. Councillor J. Dignam gave notice of motion asking that all papers in connection with the suit, Town v. Metropolitan, be placed on the table.

Mayor Davis was instructed to purchase such desks and chairs from the old County Council chamber as he thought necessary, after which adjournment was made until Wednesday evening.

Mr. George Ward came nearly passing Sunday night confined in the Eglinton Methodist Church. Caretaker J. Brown had blown out the lights and locked the door, not knowing that Mr. Ward was within. Luckily the benighted worshipper was able to make his exit by means of an unfastened window.

Many of the friends of County Councillor Fisher are urging him to contest the office of Warden, and are working to secure his election to that position.

At the close of York Township Council last evening an invitation was extended by the proprietor of Oulcott's Hotel to the members and officials to partake of a supper. About 20 partook of the hospitality of Mr. A. Shaw, and sat down to a sumptuous table. After supper most of those assembled addressed a few remarks to the gathering, replying to suitable toasts. Reeve Hill presided, and on behalf of the township and officials tendered a hearty vote of thanks to the host and hostess for their kindness.

The closing meeting of the School Board was held last evening, with W. Baillie in the chair. An application was made by A. Beatty, the Eglinton caretaker, for a raise of salary. This was laid over for consideration by the new board. After passing a few small accounts, the board adjourned.

**Weston.**

Weston, Jan. 11.—(Special.)—Robert Allen, in removing the machinery out of the old woolen mill on Saturday, got his hand crushed between two cogwheels. The tips of two fingers were nearly taken off and the other two fingers are badly crushed.

The installation of officers in Council No. 113 of the Canadian Order of Chosen Friends will take place to-morrow night. Grand Recorder W. F. Montague will be the installing officer.

Mrs. Dennis, relict of the late Henry Dennis, passed away at her late residence, North Station-street, yesterday afternoon, aged 74 years. A week ago to-day she returned from a visit to her daughter, Mrs. Dr. Shaw of Whitby. Pneumonia set in and she died. Mrs. Dennis was a daughter of the late Major Skirwin of Weston, and was a sister of Mrs. Dr. Richardson, jail surgeon, and Mrs. Ewart of Toronto. Old Squire Dennis, as he was called, was a naval officer and served in the war of 1812. He received a grant of a thousand acres of land from the Government, which was known as the Buttonwood estate. Mrs. Dennis retired from this estate a few years ago. It was subsequently subdivided and a portion of it is still owned by Mr. J. R. Dennis, but the old homestead is now the property of Mr. Lindsey, City Registrar. Mount Dennis takes its name from this family, who some years ago owned an extensive property on Yonge-street, near King-street. The funeral takes place to Riverside Cemetery to-morrow.

The widow of the late Rev. Mr. Brooks, formerly Baptist minister here, died at her residence, Willowgrove, yesterday, aged 86. Mrs. Brooks has been a resident of this locality for the past half century.

**York Township Council.**

The statutory meeting of the York County Council was held at the Council Chamber, Eglinton, yesterday. Reeve Hill occupied the chair, the other members present being Deputy Reeves Goulding, Bull, Sylvester and Miller. A. C. Neff submitted an account to the council for $82 for balance of amount due him re Humberstone suit. Before payment is made, the solicitor will have to verify the correctness of the claim.

Messrs. McPherson, Clark and Jarvis wrote on behalf of W. Phillip asking the council not to dispose of a deviation of the town line at Little York, as this was the only means of their client's obtaining access to his property. The applicants have evidently been misinformed of the council's actions, as no such intention has or will be entertained. James Woods of Newtonbrook objected to paying taxes on 80 acres when he averred that 70 was all he owned. Engineer Gibson, however, after a survey, makes the property foot up 79 54-100 acres, and no doubt Mr. Woods will now be satisfied to pay the extra taxes, finding himself so much better off than he imagined.

Messrs. J. Ellis and G. Chapman of Swansea were early applicants to the present council for certain improvements adjacent to their properties. The first concession asked was the opening up of Queen-street between Ellis and Windermere-avenues. This, they claim, is urgent, in order that material may be taken from the rolling mills to the bolt works, without having to go by a circuitous route, necessitating the crossing of the Grand Trunk Railway in two places. They also asked that the council endeavor to have the railway gates on Ellis-avenue removed. Mr. Chapman agreeing to give a deed of land necessary to inaugurate the action. Both these applications will receive early attention, and if found feasible will be carried into effect. An application from Scarboro Council asking assistance to gravel the town line was met by an offer of York Township to expend $200 if Scarboro would grant $300 for that particular purpose.

A bylaw appointing Messrs. F. J. Dunbar and Spencer Over as auditors for the year, salary $50 each, was passed, as was also one naming C. V. Michell sanitary inspector, at a salary of $120. Mr. F. C. Miller was by bylaw appointed to fill the vacancy created by the resignation of Mr. Lucas as a member of the Local Board of Health.

The committees appointed for the year were: Stationery and Printing—Reeve, third and fourth deputy reeves and clerk. Roads and Bridges—East York second and third deputy reeves, West York first and fourth deputy reeves. Legislation—The reeve and third and fourth deputy reeves. Finance—The council and treasurer. Water and Light—The reeve and second and third deputy reeves.

**Toronto Junction.**

Toronto Junction, Jan. 11.—(Special.)—Albert Moss, son of William Moss, 26 Argyle-road, 11 years of age, found a fog signal on the C.P.R. track on Saturday afternoon. Boylike, he began playing with it. It exploded and struck him in the face, and, as a consequence, he may lose the sight of one of his eyes.

W. J. Waters, flour and feed merchant, has reported to the police the loss of a bale of hay that some sneak thief abstracted from his stable on Friday night.

Mr. Charles Gibson left for Rossland, B. C., to-night.

Rev. J. Davidson of St. Anne's Church, Toronto, preached in St. John's Church last night.

THE NEW COUNCIL.

The inaugural meeting of the Town Council was held in the Council Chamber this morning. The hall was prettily decorated with flags and Chinese lanterns, and a fair sprinkling of ladies, with their escorts was noticeable among the audience. At 11 o'clock, on motion of Councillor J. C Smith, Councillors Laughton and Linton retired and introduced Mayor-elect Dr. G. W. Clendenan, who, in his inaugural address, said, he desired to express his deep sense of gratitude to the citizens who had for a second time chosen him to fill the responsible office. The address went on to say: "It is hardly necessary to call attention to the fact that the one great work of this council will be to make an arrangement with the bondholders, such as the town is financially able to fulfill. As some of the councillors are aware, such an arrangement is already under way and I cherish the ardent hope that it may speedily be completed. Upon a settlement of this much vexed question, I have reason to indulge in the hope that enterprises of somewhat extensive character will be initiated in the near future, that will be of substantial advantage to every citizen of this town." The address also refers to the assessment and other minor municipal matters, and closes in the hope that during the year there will be nothing but the most cordial relations between the members and himself. Councillor Laughton was appointed chairman of the Executive Committee. Councillor Goedike, Tovell, Linton and Paterson were appointed a committee to strike the standing committees for 1897. They recommended for the Works and Waterworks Committee, Messrs. Gilbert, Goedike, Tovell, Linton and Paterson. Mr. Paterson was subsequently appointed chairman and Mr. J. Linton vice-chairman. For the Fire and Light and Property Committee these councillors were recommended: Messrs. Laughton, Leachman, Riding, Powell, and Smith. Mr. J. C. Smith was elected chairman, and Mr. Linton, vice-chairman. Bylaws appointing Rev. C. Thompson and Mr. J. F. Holden trustees of the High School Board, and Messrs. Constantine and Abbott members of the Board of Health were assented to. Council then adjourned.

The Nursing at Home Mission wish to acknowledge with thanks the many Christmas donations of good clothing, etc., sent into the Home for distribution. If the kind donors could have witnessed the joy that came into many a poor home as the nurses distributed their gifts, they would, we are sure, have been fully repaid.
