Many a Lover Has

turned with disgust from an otherwise lovable girl with an offensive breath.

Nothing so easily disturbs the delicate balance of love. A refined girl turns away from a young man with a disgusting breath. I know nothing more difficult to endure than a bad breath in another. The strangest fact about it is that the person who has it is not aware of it. Foul breath is caused by bad digestion.

My friends, you who suffer from indigestion, just realize what your condition is. Your food ferments and decays, filling you up with impurities and noxious gases, which hasten forward age and decay. Any practised eye recognizes your condition by your dull eyes, with their yellowed whites, your muddy skin and pimples, unwholesome lips and fetid breath. Try Karl's Clover Root Tea, and see if you will not feel new life surging in your veins! Your eyes will brighten, the whites clearing up and the iris sparkling; your headache and your pimples disappear—and why? Because you are all clean within!

Hears. S. C. Wells & Co., 35 Colborne St., Toronto, Ont.

GENTLEMEN: I used three packages of Karl's Clover Root Tea with eminent success. My face was covered with red pimples, my complexion was yellow and skin oily, caused, I believe, by long chronic constipation. I entirely recovered, and now have a clear, brilliant complexion.

HALIFAX.

HALIFAX, N. S., June 4.—Mayor Hamilton publishes a notice that when news comes that Lord Roberts is in Pretoria he will cause the fire bells to ring, and there will be a torch-light procession, etc.

The flywheel of an engine at George's River, C. B., owned by the Dominion Iron and Steel Company, broke today, wrecking the engine and killing the engineer, whose name was Perry, belonging to Londonderry.

IN PLACE OF TOWELS.

Antique Methods in Vogue at the St. John I. C. R. Station.

The craze for the antique has raged for some time. But it has been left to the I. C. R. to make the latest move in this direction, and it has done so in the depot here. Some eight or nine hundred years ago the Normans thought it the gravest breach of etiquette to use towels to dry the hands. They were instead waved gently in the air until the moisture evaporated.

With commendable forethought the I. C. R. is keeping temptation out of the way of its patrons, and no breach of etiquette of this kind will henceforth be allowed in the gentlemen's lavatory. The towel is still at the laundry. Several styles of the antique method have been given up-to-date names by the patrons of the washroom.

The first is called the Sir Wilfrid. In it the right palm is pressed against the left breast and the left arm is raised toward the ceiling. This may soil one's cuffs, but they can be shoved out of sight, and the style is very touching. It signifies that you would rather wear a Cobden medal than use a towel.

In the Sir Richard style the man stands in the corner, with a look on his face as if he liked the new method. His hands are clasped behind his back. This signifies that he is bound to be in the swim, however disagreeable the effort may be.

For the third style the victim poises himself on his heels and swings both arms backward and forward. This is Blairesque, and signifies that you are about to jump the county.

But the popular way is a la Tarte. It is to follow the prevailing style of the people in sight, or to dry your hands on a newspaper purchased by somebody else. This is very effective.

The fourth and only pious way is to rub the left hand with the right, beginning at the base of the thumb, and vice-versa. This is a beautiful touch, and, as used with effect by Mr. Fisher in regard to the plebiscite, signifies that you wash your hands of the whole matter.

MT. ALLISON.

Record of the Standing of Students,

As Officially Announced by the Examiners on the Basis of the Year's Work.

The Class List of the University and of the Theological Department of the University.

SACKVILLE, N. B., May 28.—Ladies' day dawned clear and cool. Visitors still arriving. Among old students here are Misses Graham, Price, Murchie, Perkins, Kenny, and J. Rice, M. G. Pugsley, N. Black, C. H. Johnson. Among others who are receiving a warm welcome are Miss La[illegible] and Mrs. (Dr.) Irvine. At 10.30 a. m. the best organ recital in the annals of the Conservatory took place, and reflected great credit not only on the pupils but the teacher, Prof. Vincent, whose services Mt. Allison is to be congratulated on retaining. The programme consisted of: Organ solos, Misses M. Johnson, M. Cole, E. Harper, E. Lindsay, E. Harris, L. Hart, J. Gray, H. Estabrookes, E. Whitman, Vreal, Miss N. Palmer; piano and violin, Miss N. Coates and Prof. Royer; symphony (piano), Mr. Arsenault and Misses H. Hibbard, F. Peacock, B. Thompson. Miss Whitman had already given an excellent organ number at the elocution competition Friday.

At 2 p. m. the exercises of the Academy were held in Lingley hall, and commanded, as usual, a full house. The programme was, after prayer by Dr. Stewart: Recitations, [illegible] Wry, H. Hunton, P. Brechen; essay, C. Berris; duet, vocal, Misses M. Nicol and D. Smith; piano solo, Miss S. Nicol; vocal solo, Mr. Thomas. The performance was in every way good.

Graduates in commercial department—P. S. Clarke, St. John, N. B.; Miss J. Estabrookes, Middle Sackville, N. B.; J. E. Fowler, Sackville, N. B.; B. L. Rafuse, Conquerall Bank, N. S.

Graduates in stenography and typewriting—Misses M. Barbour, Wesleyville, Nfld.; J. Estabrookes, Middle Sackville; E. Gibson, Marysville, N.B.; F. Maybee, Hampton, N. B.; J. Pride, Sackville; C. Robb, Amherst, N. S.

Prizes awarded were as follows: First prize, commercial department, of $12.50, awarded by J. W. Smith of Halifax, won by Miss Jennie Esterbrooks, Middle Sackville; second prize, $7.50, won by Bowman Rafuse of Conquerall Bank, N. S. Mathematical scholarship of $25, given by the Alumni Society, won by Jack P. Hume, Florenceville, N. B. Classical scholarship, $25, from Alumni Society, was captured by Laurie Colpitts, Hopewell Hill, N. B. J. W. Smith prize, $5, for best essays and recitations during the year, fell to J. P. Hume. Mr. Hume also took the $5 prize for highest aggregate of marks throughout the year. A book prize given to the junior class was won by Gordon Lightly, and H. Harcourt Boyle of St. George's, Bermuda, gained a similar prize for the greatest progress in composition and essays during the year.

Among other strangers here is A. McN. Patterson, principal Union Villa school, N. S.

SACKVILLE, N. B., May 29.—The day opened with the annual meeting of the Theological union in Memorial hall, with lecture by Rev. G. W. Fisher of Newcastle, N. B.

Among the visitors whose names have not been mentioned are Rev. A. B. Higgins of Parrsboro, Rev. Thos. Wilson of Port Greville, Dr. Heartz of Halifax and Judge Hanington of the N. B. supreme court.

In Beethoven hall at 10.30 a successful concert was given by the advanced conservatory pupils. The programme included the following numbers: Piano, Misses K. Coates, M. Hart, S. Nicol, Mr. Cole and A. Crossman; violin, Miss H. Ogden, A. Rogers; two quartettes for strings by Messrs. Royer, Rogers and Misses Higley, Ogden; vocal, Misses Davison, M. Nicol, D. Smith, M. Moore. The selections were up to a high standard and nearly all taken from the old masters. Specially good numbers were those by Misses Davison, Hart, Moore, Cole, Messrs. Crossman and Rogers.

The weather continues fine, and the streets present a festive appearance. A number of students and several teachers leave today from the Ladies' college.

SACKVILLE, N. B., May 29.—The business meeting of the alumni society at 2 p. m. was a trifle hampered by the loss of books and papers in last year's fire. Officers elected were: President, J. Palmer; first vice, Rev. S. Howard; second, Rev. J. Seller; third, Miss Thomas; secretary treasurer, Prof. Tweedie; council, Dr. Borden, Prof. Hutton, Dr. Stewart, Prof. Paisley, Miss Lathern; regent, Rev. Wm. Dobson, C. W. Robinson, M. P. P.

At 5.30 the alumnae had an interesting meeting in the drawing room of the ladies' college.

At 7 p. m. the university convocation took place in Lingley Hall. After music by the Sackville band and devotional exercises by Dr. Stewart, the graduates taking B. A. degrees were down for the following addresses: American Imperialism, F. W. Dobson, Halifax; The Prince of Diplomats, The Marquis of Salisbury, A. S. Baker, Petitcodiac; England's Greatness During the Nineteenth Century, W. A. Black, Pugwash; The Canadian Senate, L. J. Folkins, Moncton; Great Britain's Policy Toward the Boers, S. W. Pascoe, Petitcodiac; The Sources and Laws of Progress, Mary Hale, Hamilton, Bermuda; Henry the VIII. and the Reformation, G. F. Mitchell, Grand Pre; Beyond the Cloud Line of Art, Maude Pettit, Shediac; Individuality, Annie Maxwell, St. John; The Irish Question, H. C. Rice, Milltown; The Nicaraguan Canal, G. P. Smith, Shediac; The Influence of Books, C. W. Squires, Baie du Nord, Nfld.; A Century of Science, W. L. Lodge, Charlottetown; The British Aristocracy, Viola Mader, Shubenacadie; The Advantages and Disadvantages of a College Education, Maud Trenholm, Fort Lawrence. Valedictory, J. R. Seller, Southampton.

Four addresses only were given, those of Messrs. Dobson and Pascoe and Miss Maxwell. Mr. Seller precluded his adieu with a fluent speech on Canada. Miss Estabrooks and Mr. Thomas furnished acceptable vocal numbers and were warmly encored. After Dr. Allison had addressed the class, the following degrees were conferred:

M. A.—Clements C. Avard, B.A., Sackville; Levi Curtis, B. A., St. Johns, Nfld., John A. Smith, B. A., Windsor; Edgar Wood, B. A., Honolulu, Hawaii.

D. C. L.—Hon. A. S. White, M. A., Sussex.

D. D.—Rev. Stephen F. Huestis, Halifax; Rev. John Read, St. John.

Prizes were presented as follows: The Sheffield mathematical scholarship, $60, Miss Maude Trenholm; the Blackadar English prize, $30, Miss Annie Maxwell; the alumni life membership prize, Miss Maude Trenholm. The Smith prizes in elocution, $11.50, freshman class, Arthur Johnson, all classes, O. Large. The Smith prizes in English essays, $11.50, junior year, R. Forsey, sophomore year, F. Matthews. The prize in systematic theology, $25, O. Large and C. R. Durrant. The Guysboro district prize in N. T. Greek, H. F. Thomas. The prize in logic and phychology, $20, R. Forsey. The prize in chemistry, $20, F. Colpitts and F. Matthews. The prize in freshmen English, $20, O. Genge.

Speeches were made by H. A. White who was extremely humorous, Rev. S. Huestis and Rev. J. Reed. Dr. Lathern then stated he had in his possession valuable documents which had come to him through the late M. F. Black of Halifax, a descendant of Bishop Black. They were genuine letters, six by John Wesley, ten by Dr. Coke, two by Bishop Black, one each of J. Butterworth, Dr. J. Bunting and J. Entwistle. These letters, most interesting historically, are presented to Mount Allison.

Dr. Allison spoke briefly, stating that A. S. Baker had been chosen to represent the class at the U. N. B. centennial. The evening closed with selections by the band and national anthem.

At 11 the university young ladies were tendered a supper in the dining room of the ladies' college by the junior and sophomore ladies.

SACKVILLE, May 30.—At the convocation Dr. Allison spoke of the uncomplaining manner in which the students had put up with their close quarters this year, and promised better things for next. The beautiful new residence was open to visitors and will soon be completed. The outside is finished, and with the handsome central tower, the decorative entrance and general air of solidity, the building is a most sightly edifice. The two upper flats are about finished, the woodwork being painted in light tints. The Eurhetorian hall is complete and very neat and attractive. A large force is working on the ground floor and basement. There is hard wood finish on halls, stair landings, reception rooms, hospitals, dining room, kitchen, pantries and all bathrooms above the basement. The bathrooms, lavatories and closets for students in basement have concrete floors; there are marble basins with hot and cold water, and all the fittings of this nature are what might be found in a first class hotel. The boiler room, 15x46, contains five large Robb heaters; the bright, sunny kitchen has a large range, and there is a special heater for laundry and steam dryer. The servants' quarters are probably second to none in the dominion. Six large bedrooms, with closet and heater, a sitting room and handsomely fitted bathroom. Electric lights are throughout the building. There is a large trunk elevator. Fire protection is about perfect, not only from manner of building, but appliances. Rain water tanks in basement supply with force pump a 1,300 gallon tank, which is elevated 40 feet. Two hose and reels are on every floor, which have been tested and have great force. The students of 1900-1 will have every reason to be satisfied with their home.

The meeting of the alumnae yesterday afternoon was worthy of a longer report. It was in charge of class '67, all of whom are living. A greeting was read by Mrs. Archibald from Mrs. Eaton, H. Smith, St. John, of the class, and two letters from other members. A photo of the class was shown. Short but pleasant speeches were made by Mrs. Wm. Ogden, Mrs. H. Humphrey, Mrs. Smith, Mrs. H. L. Crowell and others, in which old times were recalled. It was stated that up to '63 no diplomas were given by ladies' college, only certificates of merit, and many did not acquire this, only that of F. F. W. ("fit for wives.") Miss Fanny Weldon in '54 was the first lady to read an essay in Lingley hall. Mrs. Archibald referred to her arrival at Mt. Allison as a student, coming in a coach after a two days' journey from the Island. The meeting was so agreeable it was decided to make every effort to have next year's class reunion still better known and attended. The alumnae president, Mrs. Andrews, made an extremely graceful speech at the alumni supper, Monday night.

The ladies' college, though lodging only the regents during the exercises, offered open handed hospitality to visitors in the dining room. The well-cooked, bountiful meal, served by deft maids in dainty white caps and aprons, was not one of the least attractive entertainments.

Dr. Borden expects to have four new pianos in the Conservatory next term.

Visitors, teachers and students take their departure today. It has been a most successful anniversary in every respect, with scarcely a cloud in the sky and minus the usual "closing" gale.

NEWS FROM G CO.

Only Able to Muster 47 Men at Thaba N'chu.

The Following Letter Has Just Been Received from Edward Craig of the First Contingent, by His Brother Thomas:—

THABA N'CHU, April 27.—Dear Will—I am in excellent health up to date. Name has not appeared on sick book yet. Quite a thing to say, as we have only about 47 men fit for action. That is "G" Co.'s fighting strength at present. Brigade has been quite active lately. Have been looking for the enemy and finding them, too. Had quite a lively scrimmage Wednesday, when one man was killed and three wounded, including Col. Otter, who was deeply grazed about the chin and jaw. G and H formed double company, advanced as skirmishers at 15 paces interval, E and F following at about 200 yards to rear, the right half following in like manner. Kopjes formed about half circle, causing cross fire to a certain extent on our men, who had to retire a little. Guns shelled enemy's position. Canadians advanced with fixed bayonets. Enemy retired on horse towards Thaba N'Chu. British mounted men should have been well up so as to give chase, but they were like the policemen, not around when wanted. Boer casualties about one killed and several wounded. Marched into Thaba N'Chu next day. Occupied commanding position on road north of town, to corral enemy who were to be driven in by French. Strengthened position, but the Boers failed to appear. Camped east of town Friday night. Advanced on enemy in mountains. After much manoeuvring took up position to cut off enemy's retreat. Advanced on hill (mountains would be better) took up position, which we vacated at dark. Very wearing on shoes and hearts. It appears we were to stay there all night, but were ordered to retire as the Boers in strength occupied a ravine further on. Would have been bad for us, as we had no overcoats or blankets and they might have peppered us in the morning. Quite cool these nights, even with out two blankets. Arrived in camp 10.30 p. m., somewhat tired but glad to be home again. Tents still at Bloemfontein. They were much needed before they arrived. Brigade chased enemy from waterworks, 22 miles from Bloemfontein. Drove them back to kopjes west of this place, where we engaged them as before mentioned. Considerable sniping is done, and one is in considerable danger. Guns are now shelling enemy about six miles north—can hear them quite plain. Thaba N'Chu is quite a village, good water and plenty of negroes. Left Queen's chocolate box at Bloemfontein to be posted by a friend. Have sent a sample of cake cooked by my friend Letson and myself. The cartridge must have dropped into it some way. Hope we return to Bloemfontein, as I have a few things there, including one or two of the Christmas presents which arrived a while ago. Thaba N'Chu is about 35 miles east of Bloemfontein. The mail closes too soon for me to write more.

EDWARD CRAIG.

TORONTO.

TORONTO, June 4.—Harry P. Littleford died this morning from the effects of an operation on his eye, which was destroyed by a jab from an umbrella in a street fight on April 18. An inquest has been ordered and arrests may follow.

A special cable from London says: "Major Dale, late of the Canadian militia, was today installed Military Knight of Windsor. This honor has only been conferred on two other Canadians, Lieut. Col. James Fitzgibbon and Col. George Debattenburg.
