Atlantic League Re-Organized—A Salary Limit of $800.

New York, Aug. 29.—It was late last night when the organization of the new baseball league was completed at Newark. It will be known as the Atlantic League. Newark, Trenton, Jersey City, Paterson and Wilmington, Del., were represented by delegates. Those five cities will be represented in the circuit, which will contain eight clubs. Three more cities, to fill the complement, will be selected from Atlantic City, New Brunswick, Camden, Asbury Park, Plainfield and Orange, whence applications for membership have been received.

The League was organized by electing Sam Crane of New York, president, secretary and treasurer; Melvin D. Compton of Newark, vice-president, and S. Crane, D. H. Genslinger and T. D. Sullivan an executive committee.

A salary limit of $800 a player was adopted, and will be rigidly enforced. With the short circuit and limited expenses the backers of the new league are confident of success. There has been no club in Newark or Jersey City since the disastrous year of 1890. The league will apply for admission under the national agreement in class B.

Rosedale's eleven waited patiently all day yesterday for an expected team from Niagara Falls that did not show up.

The Maritime Province cricketers have postponed their proposed trip for a week. They expect to play Toronto Sept. 10 and 11, Rosedale 12 and 13, Canadian eleven 14 and 15.

The Markham Uxbridge Protest.

Dr. Roberts, Brampton, and Hugh McConaghy, Toronto, represented the Judicial Committee of the Canadian Lacrosse Association last night at the Rossin House, when the protest lodged by Uxbridge against Markham was brought up. Markham scored the district victory in the match in question by two goals to one. Uxbridge protested on two points: That several Markham players were ineligible and that one of Markham's goals was not scored at all. The committee threw out the first objection, and on the second they reserved their decision. Lawyer Gregory was present and examined 15 witnesses from Markham and two from Uxbridge, besides a dozen declarations from the latter place. It appears that Referee Lowe of Uxbridge, who officiated, did not understand his business and the game was played about 20 minutes short. Secretary McConaghy will hand down the decision to-day.

FAST RACING AT SHEEPSHEAD.

Clifford Forced By Lady Violet to Go the Seven Furlongs in 1.25 2-5—Saragossa Scratched.

Sheepshead Bay, Aug. 29.—There were seven races on the program here to-day for decision, among them being the Belles and Flight Stakes. The attendance was very large and an afternoon of good sport was indulged in. One of the plunges of the year was made on Golden Rod to win the second race. All the big plungers were aboard and her opening price was posted at 2 to 1. She closed in active demand at even money and it is estimated that several fortunes were dissipated by the filly's defeat. She ran a superb race, but Tinge, a 5 to 1 shot, ran a trifle better and got the decision.

The third race was supposed to be a foregone conclusion for Don Alonzo, but the race resolved itself into a struggle, Strathmeath forcing him to fight to hold his own and finally making it a dead heat. The Belles Stake, a dash of about three-quarters of a mile for fillies, two-year-old, was won by Irish Reel, who challenged the leader, Gutta Percha, within a sixteenth of the all important line, and a hard drive ensued. The Keene filly was game, however, to the last step. She slowly but surely drew away from Gutta Percha and crossed the line the winner of a superb race by a length in the fast time of 1.11 2-5, just two-fifths of a second slower than The Butterflies Futurity.

The next event on the card, the Flight Stakes, for two-year-olds and upwards, was robbed of much interest by Domino evading a meeting with Clifford. Lady Violet at the fall of the flag went to the front, and the task she set was terrific. At the far turn Clifford began to wear down her head, and when they swung into the stretch were lapped onto each each other. So on they were on even terms. Griffin then began to ride Clifford with hands and heels, but Lady Violet, driven for all she was worth, hung to him with bull dog tenacity to the end. Clifford finally forged to the front amid intense excitement, and won a grand race by a head. His time of 1.25 2-5 lowered the track record four-fifths of a second. Summaries:

First race, 5-8 mile—Harry Reed, 95,, J. Perkins, 1 to 5, won; Mayday, filly, 94, A. Clayton, 8 to 1, 2; Roundelay, 94, Richardson, 30 to 1, 3. Time 1.01 3-5. Cockade, Rosita, Lobenguela, King Gold and Daric also ran.

Charter Oak's Best Day.

On the Independence Track.

Independence, Aug. 29.—Two of yesterday's unfinished races and three new ones made up a good card for this afternoon. The track was fast, but the horses fought a north wind on the home stetch. The 2.45 trot was won by Vyzant and the 2.45 pace went to Badge. Onoqua and Princess Eulalie had practically no opposition in their races. Vera Capel won two heats in the 2.20 pace in 2.11 and 2.11 1-4, the third heat going to Silver Dick. The races were postponed on account of darkness.

Turf Gossip.

Pamlico, one of the greatest racing stallions of the Grand Circuit, died suddenly at Charter Oak park yesterday. He was valued at $30,000.

The New York Sporting World has made its reappearance and is even a more newsy paper than before, and of infinite value to all admirers of the running horse. It is a bright, newsy sheet and covers the field well. Macon McCormick is the editor, while R. W. Daly is the publisher.

There is no prospect of a match race between the Butterflies and Brandywine. The Futurity winner is lame and sore from the effects of the race, and Dave Gideon said he would not think of matching a broken-down horse against a sound colt like Brandywine.

At York, England, yesterday the great Ebor handicap plate, of one thousand sovereigns, for three-year-olds and upwards, 1 3-4 miles, was won by Mr. Lebaudy's Quilon. Sir R. W. Griffith's Sweet Duchess was second and Lord Pennhyn's Theseus was third.

Cora, the fast mare owned by C. J. Hamlin of Buffalo, died Tuesday at Toledo on the race track grounds. She had a record of 2.22 1-2, and was valued at $10,000. She went in the 2.25 trot Monday and caught cold, dying of congestion of the lungs.

Mary Best won the $15,000 Connecticut purse at Hartford Tuesday so handily, trotting a third heat in 2.18 1-2, that the Fleetwood purse of $3000 at Fleetwood's Grand Circuit meeting next week looks like a "cinch" for her, although "Bob" Stewart's Aunt Delilah is also in that event. Spier's Miss McGregor may throw them both down.

THE FOOTBALL FIELD.

Hamilton Rugby Men Already at Practice —A Strong Team.

Hamilton, Aug. 29. — Some of the Hamilton Rugby football players are already getting into practice, and the probability is that the yellow and black will have a strong team this year, says The Times. J. N. Briggs, who did not play last year, will be on the team of 1894, and so will H. B. McGiverin, both of whom are good men. W. Stewart, another good player, will return to the field, and Reynolds, of last year's Queen's team, a clever forward, George Harvey of Cornell, and F. Rosebrugh of Varsity will play. Besides these the club will have all its old players, with the exception of the reliable Jimmy Turner, whose place will have to be filled.

The question of the captaincy of the club is being talked of. While B. P. Dewar is a decidedly good captain there are many outsiders who think that a man in the forwards cannot properly captain a team. The club will hold its meeting on Sept. 3.

Football Kicks.

The Lornes will hold their first practice of the season this afternoon at 5 p.m. All members are requested to turn out.

The Niagara Football Club have organized for the season and are open to receive challenges, average age 15 yrs. Address, J. Green, 40 Berryman-street.

The Rangers' Football Club of Scarboro would like to arrange matches with any city team for the month of September. Address James Maxwrll, jr., secretary, Browns' Corners P. O.

For many years past the Montreal Football Club have yearned for a very exclusive club ribbon. After much debate a wide red and black ribbon with the stripes on a bias was adopted and is being manufactured in England. It is very natty and something altogether out of the general run of ribbons.

OWNED HALF OF BRACEBRIDGE.

H. J. McDonald Was One of the First Settlers of the Town.

Amongst the numerous suicides announced by the daily papers recently was that of H. J. McDonald of Toronto, and one of the first settlers in Bracebridge. He formerly owned about half of the town. Tired of living in a backwoods village, about fifteen years ago he removed to Toronto and went into the store business. Later on he went into the real estate business, a business which has swamped shrewder men than Mr. McDonald was. He lost his money and then undertook to earn his living by canvassing, but the work was not in his line. Discouraged and sick at heart he became despondent.

HE CAME FROM THE ROYAL CITY

And He Was Found Drinking Beer in Unlicensed Premises.

Three bottles of ale and one in which there remained enough for one drink was the booty captured by Inspector Stephen and acting-Detective Forrest at 11 Emily-street last night. The Inspector brought the beer to the station, while Detective Forrest escorted a respectable-looking man who evidently had forgotten his name. When found at the alleged liquor dive, he did not answer questions satisfactorily, and had to be taken to the station. After several attempts he informed the desk sergeant at head-quarters that his name was James Stevenson, and that his home was Guelph, although he had a ticket from Markham in his pocket. He stated that he was a doctor and his appearance bore out this assertion. Besides a gold watch and chain, he carried a pocketful of silver and a good roll of bills.

Hardy's Little Adventure.

James Hardy, caretaker of Hanlan's boathouse, had a novel experience yesterday. His sailboat caught in an old abutment of a former wharf at the foot of Dufferin-street. He stepped off to free it, and when he succeeded the boat scooted away and left him a prisoner, a hundred feet from shore. His shouts attracted P. C. Hylands to the spot, and a boy swam out to him with a life-preserver, but Hardy dared not trust himself to the water. Finally a boat was procured from C School and the man brought ashore, after being in his uncomfortable predicament an hour and a half.

BANISHED FROM NICARAGUA.

British Vice-Consul Hatch and Eleven Others Come Under the Edict.

New York, Aug. 29.—The Herald's special from Managua, Nicaragua, says: The Government of Nicaragua has decided to banish British Vice-Consul Hatch and nine other Bluefields prisoners.

Messrs. Lampton and Wiltebank, American citizens, will also be banished, and the edict was issued yesterday morning. Patterson, Ingram, Tylor and Brownrigg will be kept as state prisoners.

United States Minister Baker entered at an early hour yesterday a protest on behalf of the American prisoners, against these proceedings, on the ground that it is contrary to treaty and to the constitution and the laws of Nicaragua that these men should be sentenced without trial and without being allowed to make any defence.

The correspondent hears that the Government feels disposed to ask for Minister Baker's recall.

Mayor Hilbner took the chair, and explained the object of the meeting. E. R. C. Clarkson, on behalf of the W., G. & R. Co., made a statement of the financial condition of the company, and gave a short review of its history. The company employed nearly 300 hands, and did an annual business of $250,000, 50 per cent, of which was paid out in wages. A loan of $25,000 was asked, payable in 10 years, without interest. Security would be given in a second mortgage on the property, and also preference stock in the company for $25,000. A long discussion took place, many of the business men taking part.
