THE SCHOOL OF SCIENCE.

The New Professor Appointed—He Comes From Banff, N.W.T.

Mr. Louis Beauford Stewart of Banff, N. W. T., has been appointed to fill the vacancy in the School of Practical Science. He will take charge of the departments of surveying, practical astronomy, drawing and descriptive geometry, assuming his duties on October 1st.

Mr. Stewart is a provincial and Dominion and surveyor and a Dominion topographical surveyor. He has had ten years' experience in the profession and is now about 27 years of age. The duties which Mr. Stewart will take were in charge of Professor Galbraith heretofore. Being relieved from these Prof. Galbraith will devote himself particularly to developing the work in applied mechanics. One result will be that two courses of lectures on different grades can be established in different subjects where there was only one. This new arrangement will render the work of the school more flexible, giving students an option now where there was none before.

MRS. DART'S TRIPLETS.

President Cleveland's Prize for the three best babies at the Aurora County Fair, in 1887, was given to these triplets, Mollie, Ida and Ray, children of Mrs. A. K. Dart, Hamburgh, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food that would agree with them, I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well."

Cabinet photo. of these triplets sent free to the mother of any baby born this year.

Lactated Food

Is the best Food for bottle-fed babies. It keeps them well, and is better than medicine when they are sick.

THE MOST PALATABLE, NUTRITIOUS, and DIGESTIBLE FOOD. EASILY PREPARED.

At Druggists, 25c., 50c., $1.00.

THE BEST AND MOST ECONOMICAL FOOD.

150 Meals for an Infant for $1.00.
