SIXTEENTH YEAR — THURSDAY MORNING JANUARY 3 1895. — ONE CENT.

45,000 VIEWED THE CASKET

A DENSE THRONG AROUND SIR JOHN THOMPSON'S BIER.

The Provincial Building Crowded from Morn Till Night by Citizens Anxious to Pay Their Last Respects—Additional Floral Tributes—Pontifical Requiem Mass To-Day—Archbishop O'Brien to Preach.

Halifax, N.S., Jan. 2.—The Legislative Council Chamber was opened to the public at 8 o'clock this morning, and notwithstanding the cold snap which succeeded yesterday's storm, the approach to the building has been crowded with people all the forenoon, patiently waiting their turn to get in. Ten thousand people have already viewed the casket which contains the remains of Sir John Thompson.

The casket has gold mountings and on the cover a gold crucifix and heavy shield with the following inscription:

"The Right Hon. Sir J. S. D. Thompson, P.C., K.C.M.G., M.P., Q.C., Premier and Minister of Justice of Canada, Died at Windsor Castle 12th December, 1894, aged 50, R.I.P."

The doors of the Provincial building were closed at 10.30, and up to that hour the immense crowds of people anxious to gaze upon the casket of the late Premier had diminished little in size. It is estimated that from 30,000 to 35,000 persons passed through the doors.

The body will be moved to St. Mary's Cathedral to-morrow morning at 8 o'clock.

The city is already crowded with visitors from all parts of the country. Last night Governor Howlan, Chief Justice Sullivan, Bishop McDonald, Senator Ferguson and 50 others arrived from Prince Edward Island. All the Senators and members of Parliament of the Lower Provinces are here. Hon. Messrs. Foster, Costigan and others arrived on a heavily laden special train this morning.

The city is filled with visitors, and it is with the greatest difficulty that lodging places are obtained.

The chamber presents a gorgeous appearance. No finer chamber for this purpose could be found in Canada.

Floral Tributes.

On the foot of the coffin is a large wreath of tinted maple leaves from Countess Aberdeen, and at the head the wreath placed there by Queen Victoria.

The display of floral tributes is magnificent, consisting of roses, crowns, wreaths, sheaves and sickles. Besides these there are many palms and plants tastefully arranged about the mortuary.

A large number of additional floral offering were received to-day. One was from Queen Victoria, being the third wreath donated by Her Majesty. It stands five feet nine inches high, and is composed of a back ground of holly with white flowers and white silk ribbon attached, bearing this inscription:

"A mark of deep regret and sincere respect from Victoria R.I."

One of the wreaths presented by Queen Victoria did not come across. Others were received to-day from the Marquis of Ripon and the Colonial Office. Lord Ripon's tribute is a wreath of white immortelles and is very pretty.

The floral offerings from the British Columbia are a wreath from the British Columbia M.P.'s, a wreath from the Speaker of the Legislative Assembly, and a floral cross from the Executive Council.

The Services To-Day.

The music at the services at St. Mary's will be elaborate. Nearly all the most prominent vocalists of the city have tendered their services to form a choir, which will include over 100 voices.

The musical program will be as follows: Miserimini Mei, Requiem, Kyrie, Dies Irae, Domine Sanctus Agnus Dei, (Sesuldt), Lux aeterna, plain chant, Redemptor Mundi, (Mozart), Libera, Plain Chant.

After mass, the hymn, "Now the Laborer's Task is O'er," (by request of Lord Aberdeen), will be sung by a quartet.

The Funeral Arrangements.

Minute guns will be fired during the burial services from George's Island, by the Halifax Garrison Artillery. The guard of honor at the Cathedral will be composed of the 66th Princess Louise Fusiliers. The guard of honor at the cemetery will be formed by King's Regiment. The route from the Cathedral to the cemetery will be lined by both Imperial and local forces.

The Governor-General, clergy, military and all officials, etc., are expected to wear their robes or uniforms of office at the funeral.

The Cabinet wreath and others are to be carried on the shoulders of blue jackets and soldiers.

The Blenheim will likely be with us for a fortnight at least, as Commander Kingsmill has gone on ten days' leave of absence to his former Ontario home.

The Blenheim is coaling at the dock yard.

Mr. Gladstone Extends His Sympathy.

It is now learned that soon after Sir John Thompson arrived in England Mr. Gladstone, who had heard from Lord and Lady Aberdeen that he was coming over, wrote to Sir John Thompson expressing the hope that he would pay them a visit at Hawarden Castle before leaving for Canada, Sir John accepting this invitation and proposing to pay the visit just before sailing for Liverpool. A letter has since been received from Mr. Gladstone alluding to the proposed visit and expressing how grieved and shocked he was on hearing of the great public loss sustained in the death of the late Premier.

CITIZEN'S COMMITTEE'S 24

FOUR ALDERMANIC CANDIDATES NAMED IN EACH WARD.

After Considerable Discussion the Committee Decides to Submit a List of Citizens Who They Think Should Form Next Year's Council Board—The Names Selected.

The meeting of the Citizens' Committee last night in the Council Chamber was remarkably orderly and businesslike, and in this respect was the very opposite of the previous sessions. Col. Davidson occupied the chair.

The Executive Committee met in the afternoon, and after a long discussion decided to submit to the General Committee four names in each ward as suitable for endorsation. The selections was as follows:

Ward 1: Ald. Frankland, Ald. Allen, Ald. Macdonald and Edward Blong.

Ward 2: Ald. Lamb, Ald. Hallam, Dr. Thompson, Joseph Oliver.

Ward 3: Ald. McMurrich, Ald. Sheppard, Ald. Shaw, and ex-Ald. Boustead.

Ward 4: Ald. Burns, Ald. Crane, Ald. Hubbard, and Ald. Jolliffe.

Ward 5: Ald. Dunn, ex-Ald. Graham, Dr. Noxon, A. R. Denison.

Ward 6: Ald. Graham, James Scott, W. J. Peck, Charles L. Denison.

When the report came up at the evening meeting the question as to whether the four names in each ward or the full list nominated by the Ward Committees should receive the support of the committee, was vigorously argued on both sides.

Didn't Want to Take the Responsibility.

W. R. Brock objected strongly to selecting four candidates for each ward. He thought it would be a move in the wrong direction. He had great faith in the citizens of Toronto. The difficulty we had experienced in the past was in inducing good men to come out as aldermen; there had been very little difficulty in electing them when they had come out. Therefore, he contended that the committee had done their whole duty when they had used their influence to bring out some of the best men to contest the election in each ward. Having induced a great number of good men to come out, he thought the committee was holding out a very poor inducement for good men to come out another year if they only recommended four of these to the electors. Had there been any objections to the remainder it would be a different thing, but there had been no objections, and he thought no preference should be given to any name.

When the motion was put to the vote it was carried by 15 to 12, and then the report of the Executive was discussed ad seriatim. The clauses affecting Wards 1 and 2 were adopted.

Changes in the List.

For Ward 3 James Murray moved that ex-Ald. Millichamp's name be substituted for that of ex-Ald. Boustead.

Mr. Boustead thereupon, on the ground that he was a candidate, withdrew from the proceedings and called upon Mr. Millichamp to do the same, but the latter refused to comply. There were people, said he, manufacturing things for their own selfish purposes. The chairman and others objected to the statement, and insisted that he should withdraw it.

Mr. Millichamp then said that if it had been understood that he intended to cast a reflection upon any member of the committee he withdrew his remark. What he wished to convey was that the action of the committee was not unanimous.

Ex-Ald. Boustead was never recommended by the Citizens' Committee, whereas he himself had received the nomination. Under the circumstances he requested that Mr. Curry withdraw his motion, which was done.

La Gurofsky then moved that A. G. McLean's name be substituted for ex-Ald. Boustead. He thought it was presumptuous of the Citizens' Committee to override the Ward Committee, who had chosen Mr. McLean, and not Mr. Boustead.

Geo. Bertram moved as an amendment that a ballot should be taken for four men in Ward 3, each paper to contain four names. Mr. Gurofsky withdrew his motion. Mr. Bertram's suggestion was adopted.

A Change in No. 3.

A ballot was then taken with this result:

Ald. McMurrich	32
Ex-Ald. Millichamp	32
Ald. Shaw	28
Ex-Ald. Boustead	26

Thus ex-Ald. Millichamp's name was substituted for that of Ald. Sheppard.

The same course was adopted with Ward 4, with this result:

Alf. F. Jury	28
Ald. Hubbard	20
Ald. Hubbard	18
Ald. Crane	17

The only alteration here was thus the substitution of Mr. Jury for Ald. Jolliffe.

Wards 5 and 6 were adopted without discussion.

It was then decided to advertise the list in the daily papers, and the meeting closed.

ONLY TWO IN THE FIELD.

Messrs. Carlyle and Verral Retire From the Mayoralty Contest.

The mayoralty contest will be a straight fight between Mayor Kennedy and ex-Mayor Fleming. At noon yesterday ex-Ald. J. E. Verral handed in his resignation to City Clerk Blevins, and four hours later a similar withdrawal was received from ex-Ald. Carlyle.

These gentlemen have retired from the aldermanic contest: J. A. McIlwain, Ward 2; James Curry and R. J. Score, Ward 3; James Brandon and Isaac H. Sanderson, Ward 4; Francis H. Woods, Ward 5; James W. Mallon, Dr. Lynd, Dr. McCormell and J. Pocock, Ward 6. These will not run in the school trustee election. W. S. Brickenden, Ward 1; K. C. Marshall, Ward 2, and James Wright, Ward 3.

MR. FLEMING IN THE WEST END.

Vote of Support Carried Unanimously in St. Mark's Hall.

Extreme confidence was the note of ex-Mayor Fleming's address to a crowded audience of Ward 6 ratepayers held in St. Mark's Hall, Brockton, last night. The Mayoralty candidate's speech was on the lines of his City Hall harangue and the one he delivered in Dingman's Hall. Ringing cheers greeted him when he said: "I never was so confident of being elected as I am to-night, nor was there ever so much determination on the part of civic reformers without regard to politics, to work for and support me as to-day. The talk in the street cars, the offices, and the stores is of Kennedy's desertions all round. Mayor Kennedy has not the sympathy of the people nor the support of the working men. Those who gave him his triumphant majority last January will reverse the verdict next Monday. I am satisfied that one-half of the votes I shall poll will be those of Conservatives. Mayor Kennedy, on his record, has no chance of being returned, therefore politics will be attempted to be drawn in. The most scared man in this city is Warring Kennedy, and he will be more scared when the ballots are counted on Monday.

"How many in this hall who voted against me last January are going to vote for me on Monday?" Show it by holding up your hands.

And 24 hands were held up amidst cheers, which were renewed when a resolution of confidence and support of R. J. Fleming, "The People's Bob," was carried unanimously at 11 p.m.

The other speakers were Dr. McConnell, who presided, T. N. Scripture, ex-Ald. G. G. S. Lindsay, Thomas Webb, John Booth, W. H. Sexton, Fred. Attwood, H. M. East.

Aqueductors in No. 1.

Mr. John Graham was the chairman of a meeting held in Dingman's Hall last night. The speakers were E. A. Macdonald, W. T. R. Preston, J. L. Hughes, Edward Blong, William Barrett, James Lomas, J. Knox Leslie, Ald. Frankland and others. The hall was crowded to the doors, about 500 workingmen being present. The net result of the meeting was the decision of Ald. Frankland, who has hitherto been regarded as a strong opponent of the aqueduct, to vote and work in favor of it on the assurance that $1,000,000 capital stock had been subscribed. The half dozen other aldermanic candidates in Ward 1 who were present all announced themselves advocates of the scheme. The speakers told of the benefits to be conferred in the same terms that they have used many times before, and were strongly applauded. Mr. Hughes, previous to Ald. Frankland's change of front, gave a savage denunciation of his course in the Council. He said the question was the only real issue in this campaign. Mr. Macdonald said he was out to defeat all candidates who had tried to burke scheme. A denunciatory resolution was carried.

The Millichamp Boom.

In Ward 3 ex-Ald. Millichamp is making a big canvas, and his friends are working for him on every street, with expectation of putting him near the top of the poll, and certainly one of the successful of the four candidates for that ward. Mr. Millichamp has been well known to the business community, has lived in the ward for over 30 years, employs a large amount of labor and proved a good alderman when in the council before.

Mr. Beale in No. 2.

Mr. Beale, who is running for alderman for Ward 2, is meeting with excellent success in his canvass. The workingmen have shown themselves to be strongly in his favor.

Candidates in Ward 6.

In Dawes' Hall last night a large number of Ward 6 ratepayers listened to addresses by five of the aldermanic candidates. Mr. Thomas Hurst presided, and the speakers, who were heartily received, were James Scott, Ald. Graham, Ald. Murray, ex-Ald. Denison and J. W. Peck. School trustee candidates, Dr. Spence and John Douglas also gave addresses and were well received.

Dr. McCully and No. 3.

Editor World: I notice you have my name off the list of aldermanic aspirants in Ward 3. I can hardly conceive the act was the result of ill-will or malice, and yet you must have known that only on Monday I told Mr. Maclean that I was not only running but had most excellent prospects of getting in. By publishing this letter in to-morrow's World you will confer a favor not only on me but on the large body of ratepayers that are extending me a support that means my election is already assured.

S. E. McCULLY.

Electors Ward 6.

Alive Bollard has yielded to the pressure of many electors in Ward 6 to stand for election. I therefore ask you for your votes if you consider I can be of service to you. I shall do my best to serve your interest, but whether you vote for me or not, be sure and vote for Ald. Murray, one of the tried.

Election No. 3

Meetings to be held to promote Mayor Kennedy's candidature: Thursday, St. Andrew's Hall, Friday, Auditorium, Saturday, Dingman's Hall, Ward 1, West end, Ward 6. The Mayor will speak at all meetings and will be supported on the platform by Ex-Mayor Clarke, John Armstrong, W. R. Brock and several other talented speakers.

Scarboro Nominations.

The nominations for Scarboro' Township took place at Woburn on Monday. The candidates are: Reeve, Jas. Chester and Levi Annis; first deputy, Alex. Reid and L. Kennedy; second deputy, Robert Cowan, by reclamation; councillors (two), Thos. Jackson, W. W. Walton and Andrew Young.

TO CLEAR THEM OUT.

There Are Too Many of Them and They Must Go.

There's something very special at Dineens' this week. A large assortment of furs—new and stylish furs—is to be cleared out.

The firm has too many muffs on hand, for one thing, and muffs will go for very small prices. Caps, gauntlets, ruffs, boas, storm collars and children's furs are in the same category, and will be fit prey for bargain-hunters.

A clearing sale at Dineen's always means that big bargains are to be had, but this month it means more, for the stock is much too large, and in consequence the magnificent new style furs, manufactured especially for this season, are being sold at prices that preclude all idea of profit.

No other furriers could sell goods at Dineens' new prices without losing heavily. Only a cash-dealing firm with Dineens' enterprise could do it.

WAS JOSEPH GLASS POISONED?

An Enquiry Into a Mysterious and Suspicious Death at Sarnia—The Medical Testimony.

Sarnia, Jan. 2.—A coroner's jury is trying to probe the mysterious death of Joseph Glass. Dr. C. L. Vale, who attended Glass during his short sickness, testified that there was symptoms of poisoning, that Glass vomitted frequently before his death and that he did not act like a man who had died of gravel.

Mrs. Glass said her husband vomitted only once or twice. The examination was then adjourned for two weeks.

While the evidence was being taken Dr. Johnson and Dr. Hayes of Point Edward conducted a post mortem. They found no outward signs of poisoning. The brain, heart and stomach are now in the hands of the authorities and the body has been re-interred.

Mrs. Glass denies that she ever said at the grave or anywhere else that there would be two funerals instead of one. If she 'spoke was known, she said, that she and her husband had never had any more quarrels than are likely to occur in any family.

Canada's Advance Life Guards.

Mr. Thomas Jennings is forming a new society in Scarboro' Township, to be known as Canada's Advance Life Guards. The first meeting is to be held in Woburn on Friday, the 4th inst., at 7.30. It is the object of this movement to discuss questions of importance unitedly as Canadians, irrespective of politics or party feeling; to take a broad and comprehensive view of subjects relating to political economy and general improvement in the broadest sense of the term; to put down with a strong hand all that is cynical, unprincipled or pessimistic; also to foster and encourage party uprightness and honorable actions in our public men of every stage. Our municipal councillors can be selected from the best men available by pledging our united support or, even better, to advocate the several elections by acclamation, doing away with the expensive and, to some, detestable work of an election campaign, thus saving expense to the elector and also to the elected. The following gentlemen have kindly consented to be honorary presidents: John Richardson, M.L.A., and E. B. Ryckman, barrister. Subject for discussion: "Resolved, that the continued bitter party feeling exhibited by the press and majority of people is detrimental to the settling of our country and drawing capital to open up our vast rich mineral resources and industries in these lands."

An Endowment Investment Contract.

Endowment insurance is both safe and profitable, in that it gives a large return in case of early death and a satisfactory investment if the holder lives to the end of the term.

A reference to the last official government report shows the North American Life Assurance Company has a larger net surplus in proportion to its liabilities than that of any other company.

For full information respecting the excellent investment plans of the company, address the Head Office, 22 to 28 King-street west, Toronto. 246

A RIOT IN NEWFOUNDLAND

A MOB TAKES CHARGE OF THE ASSEMBLY CHAMBER.

Governor O'Brien Threatens to Send for An Armed Guard from H.M.S. Tourmaline—Protest Against Guaranteeing the Bank Bills—A Run on the Savings Bank for Gold—A Loan Secured.

St. John's, Nfld., Jan. 2.—The French Ambassador in London has protested against the passage of the bills guaranteeing the notes of the Commercial and Union Banks, contending that the depreciation of the notes will cause much suffering to residents of the French shore and in St. Pierre. The matter will be arranged by negotiation, as the Governor will assent to the bills.

A mob took charge of the Assembly at the last meeting and refused to allow the Opposition members to speak. The Government abetted the mob. Governor O'Brien threatens to send an armed guard from the man-of-war Tourmaline to preserve order if a repetition of the disturbance occurs.

Run on the Savings Bank.

The Savings Bank is overrun with depositors demanding gold, owing to a rumor that the Government pledged savings Bank securities to the Bank of Montreal to obtain a loan. It is certain that the Government got a loan of $400,000 in specie, which is coming by the steamship Silvie.

The directors of the Commercial Bank who were arrested on the charge of having presented a false report on the bank's condition were brought before the magistrate to-day for a preliminary hearing, to determine whether there is sufficient evidence on which to commit them for trial. The hearing was not completed. Other arrests will probably be made.

The petition for a Royal Commission to investigate the colony's affairs is receiving many signatures.

MANITOBA SCHOOL QUESTION.

The Minority Are Entitled to Remedial Legislation if This Report From Winnipeg Be Correct.

Winnipeg, Man., Jan. 2.—It is reported here on the highest authority that the Privy Council of Great Britain has reversed the decision of the Canadian Supreme Court of last February, to the effect that the laws of Canada did not sustain the appeal of the Manitoba minority for remedial legislation to be put in force against the abolition of separate schools in March, 1890, by the Greenway Government of Manitoba.

Asked to verify the above, The World's correspondent wired: "The only information here is a despatch from Ottawa saying that a private cable has been received from London that the Privy Council had reversed the judgment of the Supreme Court, but that the Government has had no word and thought it mere rumor."

Imperial Promotion for An Old Torontonian.

Army and Navy Gazette, Dec. 15: "Major-General C. W. Robinson, C.B., late of the Rifle Brigade, and now in command of the troops in the Mauritius, has been selected for the post of Lieutenant-Governor and Secretary of Chelsea Hospital. His commission as a Major-General is temporary, but he stands very near senior for the establishment of General Officers. General Robinson has had long and varied experience in the army, and his war services are decidedly brilliant."

General Robinson is the youngest brother of Hon. John Beverley Robinson and Mr. Christopher Robinson. He left Toronto to join his regiment in India in 1857, during the progress of the mutiny. He has since then returned to Toronto on short visits, and his many old friends will rejoice to hear of his continued good fortune.

A Pure Ale.

Many people seem to think that a perfectly pure ale cannot have a desirable color and flavor. Such doubters should try Holliday's East Kent ale. A trial of this celebrated brand would soon set their doubts at rest. In color, flavor and body East Kent is far superior to any other Canadian ale, and its healthfulness is vouched for by the physicians who prescribe it where strength and appetite are wanting.

FROM CANADA TO THE CAPE

CECIL RHODES FAVORS ESTABLISHING A NEW STEAMSHIP LINE.

The Two Cases of Pleuro in Canadian Cattle Discovered in Belgium Being Investigated—Sir Charles Tupper Regaining Health—Newfoundland's Best Move Would Be to Enter the Confederation.

London, Jan. 2.—All of the papers here contain cable despatches about the arrival at Halifax yesterday of H.M.S. Blenheim with the remains of Sir John Thompson. Sad and tragic though it was, it is generally felt here that the death of the late Canadian Premier will have the effect of creating new bonds of sympathy between Canada and Great Britain, and will bring the two countries closer together than any event which has happened in recent years, while the expressions of sympathy which have come from all parts of the empire shows that the sorrows as well as the joys, of one portion of it are beginning to be shared by the rest of the countries and dominions which own the sway of the Queen.

Sir Charles Tupper is gradually though slowly recovering from the illness which put so sudden an end to his determination to accompany the remains of the late Premier to Canada. The High Commissioner is taking the greatest possible care of himself, and there is every reason to believe that he will soon regain his usual health.

Canada and the Cape.

It is understood that Premier Rhodes of the Cape of Good Hope is much impressed with the results of the recent Ottawa Conference, and is disposed, so far as his colony is concerned, to carry them a step further. He would like very much to see closer commercial relations between Canada and the Cape and all the other colonies, and is reported to be not adverse to taking the matter up in the broadest possible way. According to recent advices from the Cape the question of steamship communication between the Dominion and that colony is receiving considerable attention. The matter has been submitted by Sir Gordon Sprigg to the Chambers of Commerce throughout the country for an expression of opinion, and if it is favorable there is little doubt that the matter will make another step in advance. Altogether the outlook is promising, and if communications have not already taken place between the two Governments it is very likely that correspondence will shortly be passing.

Pleuro in Canadian Cattle in Belgium.

Altogether about 3000 cattle have been imported into Belgium from Canada this year. They were purchased in the Dominion, largely in the neighborhood of Montreal and Toronto
