—THE—
STERLING BANK
OF CANADA

Beg to announce to the public that their facilities for making prompt collections in all parts of the world are unsurpassed.

HEAD OFFICE: 50 Yonge Street, Toronto. F. W. BROUGHALL, General Manager.

50 CARS AT CITY YARDS TRADE SLOW, PRICES EASY

Cattle Prices Declining—Hogs Unchanged—Hogs and Calves Firm—Lambs Easy.

Receipts of live stock at the city market since last Friday as reported by the railways amounted to 50 car loads, composed of 690 cattle, 310 hogs, 799 sheep and lambs, with 75 calves.

There were few good cattle offered, the bulk being of common to medium quality.

Trade in fat cattle was no better than at the Junction on Monday. The commission dealers that brought cattle from that market sold them for the same as they were bid on Monday, and one dealer informed The World that he got a load of good butchers for less money than he offered for the same cattle on Monday.

Exporters.

None were on sale and none wanted.

Butchers.

Only a limited number was offered. Trade was slow and prices about the same as at the Junction on Monday. Prices ranged from $4.25 to $4.40 for the best butchers; medium mixed sold at $3.75 to $4; cows at $2.50 to $3.50 per cwt.

Feeders and Stockers.

There was little doing in stockers and feeders, dealers reporting little or no demand. Prices nominal as follows: Best feeders, 900 to 1050 lbs., $3.80 to $4 per cwt.; best feeders, 800 to 900 lbs., at $3.60 to $3.85; best feeders, 600 to 800 lbs., at $3.25 to $3.60; common stockers, $2.25 to $2.75.

Milch Cows.

About 15 milch cows were offered and sold at $28 to $55 each.

Veal Calves.

Deliveries light, but prices firm at $5 to $6 per cwt. for the bulk; common, inferior calves sold as low as $3.50 to $4 per cwt. and prime new milk-fed veals as high as $6.50 per cwt.

Sheep and Lambs.

Sheep are firm at $4.50 per cwt. for export ewes and $3.50 to $3.75 for bucks.

Lambs sold at $6 to $6.25 and one picked lot was reported at $6.50, but the bulk sold at $6 per cwt.

The quality of the bulk of the lambs was not good, too many skinny, lightweights, that ought to be on the grass for weeks to come.

Hogs.

Deliveries light and prices steady at unchanged quotations. Mr. Harris quotes selects $7.65 and light fats at $7.40 per cwt.

Representative Sales.

Maybee, Wilson & Hall sold 20 butchers, 1230 lbs., at $4.27½ per cwt.; 9 butchers, 950 lbs., at $4.10; 23 butchers, 1120 lbs., at $3.90; 20 butchers, 1050 lbs., at $3.85; 23 butchers, 940 lbs., at $3.65; 19 butchers, 840 lbs., at $3.40; 4 butchers, 1190 lbs., at $3; 2 extra cows, 1340 lbs., at $3.50; 5 butcher cows, 1260 lbs., $3.25; 1 bull, $41.

F. Hunnisett, jr., bought 30 choice veal calves, 130 lbs. each, at $8 to $12 each.

James Armstrong & Son bought 7 milch cows and springers at $38 to $55 each.

Alexander Levack bought 1 load butchers, the best on the market, 1160 lbs. each, at $4.40 per cwt.

E. Puddy bought 25 veal calves at $6 per cwt., for Puddy Bros.' Abattoir Co.

Wesley Dunn bought 110 sheep at $4.50 per cwt.; 250 lambs at $6 per cwt.; 40 calves at $7.50 each.

George B. Alderson & F. Thomas bought for the Harris Abattoir Co.: 60 sheep at $3.75 for bucks and $4.50 for ewes; 900 lambs since Friday at $6 to $6.50 per cwt.; 40 calves at $5.50 to $6 per cwt.

Fred Rountree bought 6 milch cows at $28 to $43.50 each.

J. H. Dingle bought for Fowler Packing Co.: 1 load steers, 1100 lbs. at $3.90; 5 heifers, 1000 lbs., at $3.85; 23 mixed at $3.60; 2 cows, 1150 lbs., at $3.25.

POWER PROSPECTS ARE GREAT

Electrical Development Company is Widening Its Scope.

A special meeting of the Electrical Development Company was held yesterday. Sir Henry Pellatt, president of the company, was in the chair.

Three new directors were added to the directorate. They are: W. R. Brock, E. R. Wood, Toronto, and A. M. Grenfell of London, Eng.

Authority of the directorate was asked to acquire the stock of the Niagara Falls Electrical Transmission Company. President Pellatt said the plant of the company would furnish a total development of 125,000 horsepower; that after supplying the Canadian market there would still be a large quantity of horsepower undisposed of, which must be sold in the United States. He explained that the Niagara Falls Transmission Company would be owned and controlled by the Toronto company, and that it was expected large blocks of power would be sold on the American side. He added that the Buffalo, Rochester & Lockport Railway, now in course of construction, would be a power consumer, as well as other companies now in operation, and in course of construction, and that arrangements had been made permitting the Niagara Falls Company to construct its transmission line over the right of way of that railway.

Mr. Nicholls stated that the position of the Niagara Falls Company towards the Electrical Development Company was exactly the same as that of the Toronto & Niagara Power Co., the latter distributing power for sale in the Province of Ontario, and the former in the State of New York. Mr. Nicholls also stated that the company would be wholly owned by the Electrical Development Company, and that there were no individual or separate interests outside of the company whatsoever.

Mr. O'Connor requested to know the reason the Electrical Development Company had received no permit to sell power in the United States when the other two Canadian companies had each the right to import 25,000 horsepower.

It was explained that by the provisions of the Burton bill for the next thre years only 160,000 horsepower could be imported into the United States, and the secretary of war had received the applications and briefs from all three companies, and he would later determine in what proportion this quantity of power should be divided among the applicants, and that in the meantime, and pending his decision, temporary permits had been issued to the two companies who were now importing power into New York State, and that a permit would undoubtedly be issued to the Electrical Development Company just as soon as the company signified to the secretary of war that it was prepared to deliver power across the Niagara River.

Woman Suffragists Meet.

Copenhagen, Denmark, Aug. 7.—The third annual conference of the International League of Women Suffragists opened here to-day under the chairmanship of Mrs. Carrie Chapman Catt of New York, president of the league.

CATTLE MARKET RECEIPTS

—City and Junction—

	Cattle.	Hogs.	Sheep.
Week ending Aug. 4, 1906	3792	2570	3370
Corresponding week, 1905	3813	2856	4841
Decrease	21	286	1471

THE FIRMEST CANADIAN ISSUE.

The strongest Canadian stock by long odds is C.P.R., altho it has been discarded as a favorite by the Canadian public, both speculators and investors, for more than a year. It was not because of a proper conception of the value of the proposition that many of the originally held shares were transferred to other hands, but from the fact that the return to shareholders as an investment was small by comparison with other good securities. It is now thoroly recognized that much of the former Canadian holdings have found a lodgement in the hands of European investors who are less anxious for an immediate return on their money. In securing an investment following, this stock has the prestige of the Northern Pacific and Great Northern to work upon, and in the matter of price to dividend return C.P.R. is fast approaching the record of these two high-priced American railroads. The placing of the last new issue of stock is regarded as a motive for the manipulation now on in the shares in the stock market. Three hundred shares sold at the Toronto market this morning were said to have been bought for a local financial institution. Incoming rights on future issues of new stock are viewed as a substantial supplement to investors' returns, and it is not yet conceded that parliament may curtail these at some future application for powers for increased capital. Local speculators had strong tips on the stock to-day, and played the New York market accordingly.

Herbert H. Ball.

PRICES ARE IRREGULAR FOR THE WHEAT OPTIONS

Liverpool Lower, But Other European Markets Are Firm With Chicago Options.

World Office,
Tuesday Evening, Aug. 7.

Liverpool wheat futures closed to-day ¾c lower than Friday and corn futures unchanged.

Berlin closes ½ higher for wheat; Buda 1⅛ higher, Paris unchanged to ¼ lower.

At Chicago Sept. wheat closed ½c higher than yesterday; Sept. corn ⅜c lower and Sept. oats unchanged.

Clearances wheat to-day 82,467; corn, 22,237; oats, 2315; flour, 10,000.

Chicago car lots to-day: wheat 648; corn, 190; oats, 495.

Northwest cars to-day 832; last week, 771; last year, 674.

Primary receipts wheat to-day 985,000, shipments 663,000; last week, 1,336,000, 984,000; last year, 846,000, 581,000; corn to-day, 365,000, 196,000; last week, 483,000, 336,000; last year, 620,000, 598,000.

World's visible wheat this week, increase 976,000; last week, increase 1,716,000; last year, decrease 3,761,000.

New York, Aug. 7.—Government weekly weather report—Washington: During the week ending Aug. 6 the temperature averaged much above the normal in the central valleys, the lake region and the Middle Atlantic States, in which district the preceding week and for the past week it was decidedly cool. While the temperature was generally deficient in the Rock Mountain and Pacific Coast districts, there in the preceding week it was mostly above the normal. Generally the temperatures thru the country were favorable. Atlantic Coast districts, with the exception of Northern New England, suffered from excessive moisture, while in portions of the Lower Missouri Valley, Central Mississippi and Ohio Valleys it was in need of rain, drought being very severe in portions of Missouri, Illinois and Indiana. Drought is also prevalent on the North Pacific Coast and forest fires are burning in Oregon. The central valleys, lake regions and middle gulf districts received ample sunshine, but an excessive cloudiness prevailed in the Atlantic Coast districts and over a large part of Texas. The week was comparatively free from local storms. Light frost occurred on July 31 and Aug. 1 in the Upper Michigan peninsula.

Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beaty, King Edward Hotel, at the close of the market to-day:

Wheat—After an easy start ruled higher. Sentiment appears to be less bearish and there was quite a change in the pit situation. Such houses as heretofore have been the leading sellers were the best buyers to-day, which would indicate export business of cash sales. In addition to this there has been a good class of commission house buying. Influences where harvest is on: firm continental cables and rather bullish foreign news. The selling was scattered and largely against indemnities. The close was quite firm. Think the wet weather will cause considerable decrease is movement and as a result some further advance will be experienced.

Ennis & Stoppani wired J. L. Mitchell, McKinnon Building:

Wheat—The firmer tone at the close yesterday was still in evidence this morning and induced some further covering by shorts. Some investment buying was also noted, due very largely to the foreign news, which included adverse reports regarding the Russian crop and smaller offerings by India, which was construed to mean that greater demands would be made upon this country. Some notice was also taken of the general rains throuout the Northwest, especially in the districts where the harvest has commenced. This latter fact caused some buying, which emanated from Minneapolis.

As against the items mentioned exporters were agreed that the small reaction in prices has made it impossible to negotiate further sales abroad and much of the wheat being shipped from southwestern market in gulf ports, which the trade look upon as export wheat, is really being moved to these ports prior to an advance in freight rates within the next few days, and also because storage charges are much lighter at the gulf.

The cutting of wheat has commenced in Manitoba, which is somewhat earlier than usual and should not be overlooked by shrewd traders, because it will mean brisk competition and probably sales abroad, at prices under our own. The volume of business to-day was not large and considerable of the speculative short interest has been eliminated, which is a weakening factor, and while there may be a little show of firmness we believe on any further advance short sales will prove profitable.

Corn and Oats—Fluctuated within a narrow range, with some hedging sales in the latter noticeable. Efforts were made to advance the market by the circulation of damage reports, but the trade was too light and the markets simply held steady throout the session.

Provisions—Aside from a little excitement caused by a run in of shorts in Sept. pork there was little of interest in the market, prices generally being a shade lower.

Melady & Co. wired the following at the close of the market:

Wheat—Opened at about last night's closing figures. Liverpool cables were lower and the receipts at Chicago again overran the estimates. The export demand is indifferent and this is very disappointing to people who think wheat is low enough. We would be cautious in making commitments at the moment.

Winnipeg opened slightly lower but gradually assumed strength, in sympathy with the better undertone in Chicago markets. We would again call attention to the fact that this market is not yet on an export basis and as this wheat has to be exported, it must decline to that price.

Corn—With the present good prospects for new crop we cannot change our opinion that the May option is a sale on the strong spots.

Oats—Receipts are still heavy and the export demand poor. We think this grain high enough and would sell the May option on any advance from to-night's figures.

New York Dairy Market.

New York, Aug. 7.—Butter—Firm; street price extra creamery, 22c to 22½c; receipts, 10,206.

Cheese—Steady, unchanged; receipts, 11,245.

Eggs—Dull and unsettled; no change in prices; receipts, 23,525.

Liverpool Grain and Produce.

Liverpool, Aug. 7.—Wheat—Spot nominal; futures dull; Sept., 6s 3⅝d; Dec., 6s 4½d; March nominal.

Corn—Spot quiet; American mixed, old, 4s 8½d; futures quiet; Sept., 4s 6⅝d; Dec., 4s 7½d.

Lard—Prime western in tierces steady, 45s 6d; American refined in pails, 45s 6d, steady.

Turpentine—Spirits steady, 43s 9d.

Cheese Markets.

Stirling, Aug. 7.—There were 725 boxes of cheese offered; all sold to Hodgson Bros. at 11 13-16c.

Campbellford, Aug. 7.—There were 1075 offered. All sold to Lovell & Christmas at 11⅝c.

New York Grain and Produce.

New York, Aug. 7.—Flour—Receipts, 24,697 barrels; exports, 2980 barrels; sales, 12,000 barrels; steady and unchanged.

Rye Flour—Easy; fair to good, $3.20 to $3.75; choice to fancy, $3.85 to $4.

Cornmeal—Firm. Rye—Dull; No. 2 western, 63c, c.i.f., New York.

Wheat—Receipts, 67,000 bushels; exports, 821,467 bushels; sales, 2,200,000 bushels futures. Spot firm; No. 2 red, 78¼c, elevator; No. 2 red, 79¾c, f.o.b., afloat; No. 1 northern, Duluth, 84⅜c, f.o.b., afloat; No. 2 hard winter, 80½c, f.o.b., afloat. Except for a little irregularity around the opening, wheat was generally firm all day on prospects for lighter receipts, bull support, covering and firmer continental markets. It closed ⅝c to ¾c net higher; March closed 84¼c; May 84⅜c to 85⅛c, closed 85⅛c; Sept. 79 3-16c to 79 13-16c, closed 79¾c; Dec. 82⅛c to 82⅝c, closed 82⅝c.

Corn—Receipts, 2150 bushels; exports, 21,819 bushels; sales, 50,000 bushels futures. Spot firm; No. 2, 56⅜c, elevator, and 57¼c, f.o.b., afloat; No. 2 yellow, 58¼c; No. 2 white, 59½c. Options opened weaker on rains, recovered with wheat, but in the last hour was lower again, closing net unchanged. Sept. 55⅞c to 56⅛c, closed 56c; Dec. closed 54c.

Oats—Receipts, 108,200 bushels; exports, 1975 bushels. Spot market steady; mixed No. 2 oats, 26 to 32 lbs., 37c to 37½c; natural white, 30 to 32 lbs., 37½c to 39c; clipped white, 38 to 40 lbs., 41½c to 44c.

Rosin—Firm. Molasses—Steady.

Coffee—Spot Rio firm; mild steady.

Sugar—Steady; raw firm; fair refining, 6⅜c; centrifugal, 96 test, 7⅜c; molasses sugar, 3 1-16c to 3⅛c; refined steady.

CATTLE MARKETS.

Cables Steady—Light Weight Hogs Lower at Buffalo.

New York, Aug. 7.—Beeves—Receipts 380; no trading; feeling weak for common cattle; dressed beef slow and unchanged; exports, 900 cattle and 3800 quarters of beef.

Calves—Receipts, 160 head, 82 on sale; feeling steady; no veals offered; Kentucky and Virginia calves sold at $4.50 to $6.50 per 100 lbs.; state yearlings and grassers (mixed) at 25c; city dressed veals in fair demand at 9c to 12c per lb.; country dressed at 5c to 10c.

Sheep and Lambs—Receipts, 4165; market rather slow, but steady; several cars unsold; common to prime sheep, $3 to $5; few choice at $5.25; common to prime lambs, $6 to $8.25.

Hogs—Receipts, 1208; feeling steady.

East Buffalo Live Stock.

East Buffalo, Aug. 7.—Cattle—Receipts, 150 head; slow and easier; prices unchanged.

Veals—Receipts, 125 head; slow and 25c lower; $4 to $7.25.

Hogs—Receipts, 2100 head; active; light weights, 5c to 10c lower; others steady; heavy, $6.75 to $6.90; mixed and Yorkers, $6.90 to $6.95; pigs and light Yorkers, $6.95 to $7; roughs, $5.75 to $5.90; dairies, $6.50 to $6.75.

Sheep and Lambs—Receipts, 1000 head; sheep active and steady; lambs slow and unchanged.

Chicago Live Stock.

Chicago, Aug. 7.—Cattle—Receipts, 4500; steady; common to prime steers, $3.90 to $6.60; cows, $2.85 to $4.70; heifers, $2.50 to $5.35; bulls, $2 to $4.50; calves, $3 to $6.75; stockers and feeders, $2.60 to $4.25.

Hogs—Receipts, 13,000; steady; choice to prime, heavy, $6.40 to $6.50; medium to good, heavy, $6.10 to $6.35; butcher weights, $6.45 to $6.60; good to choice, heavy, mixed, $6.30 to $6.35; packing, $5.75 to $6.25.

Sheep and Lambs—Receipts, 15,000; market steady to strong; sheep, $4.25 to $5.60; yearlings, $5 to $6.35; lambs, $6 to $8.

British Cattle Market.

London, Aug. 7.—Cattle are quoted at 12½c to 12c per lb.; refrigerator beef, 10½c per lb.; sheep, dressed, 14c to 16c per lb.

INTERESTED IN IMMIGRATION.

Important Visitors Call at the Parliament Buildings.

Among the callers at the department of agriculture yesterday were Mr. Kirkwood of London, England; E. W. Allen of Washington, and M. Maurice Dewavrin of Paris.

Mr. Kirkwood is spending some time in Canada looking into immigration matters. The East End Society of London has sent out a large number of immigrants, and he has come to see how they are located and what their prospects are.

Mr. Allen is assistant director of the office of experiment stations at Washington, and is making a tour thru Ontario. He spent Sunday and Monday at the Agricultural College, and leaves to-day for Ottawa and the Macdonald Agricultural College at Montreal.

Monsieur Dewavrin, on behalf of the French government, is obtaining information respecting Canadian agriculture. He left this morning to visit the O.A.C. at Guelph.

MILK MUST BE PURE.

Provincial Health Officer Advocates Public Ownership of Dairies.

Public ownership of very rigid municipal control of the milk supply of Toronto has become an imperative necessity, according to Dr. C. A. Hodgetts of the provincial board of health. Milk is a more fruitful source of contagion and disease than water, but it receives little or no supervision in Toronto with regard to the public health. But one delivery a day tends to make it more dangerous, and large quantities of milk are consumed every day, which contain the germs of tuberculosis, typhoid fever, diphtheria, etc.

Dr. Hodgetts insists that no milk should be distributed which has not been inspected by the city authorities. At present the certificate of a township officer is sufficient.

Speaking of the large infant mortality, due to unfit milk, the doctor pointed out that there was great carelessness thruout the province in registering births. He intimated that some prosecutions might be expected if this neglect continued.

BALLOONIST'S FATAL FALL.

Parachute Fails to Open and He Drops 1000 Feet.

Utica, N. Y., Aug. 7.—Prof. William Johnson, a balloonist, made an ascension in Little Falls this afternoon. In coming down with a parachute, the apparatus failed to work, and Johnson fell upon the railroad tracks at the foot of the cliff east of the city. He cannot live.

Johnson went up to a great height, and it is estimated that he was 3000 feet high when he left the balloon to make what is called a double parachute descent. The first parachute opened well, and Johnson descended about two-thirds of the distance.

Then he attempted to open another parachute and descend the remainder of the distance with that. He discarded the first parachute, and as he grasped the handle of the second one, it was seen that it did not open well.

Johnson shot downward very rapidly, and the thousands who were watching him were horror stricken. He attempted to guide his descent so that he would strike the wires running along the railway, which climbs the cliff and runs toward Dolgeville. He partially succeeded in this, but he went thru the wires and fell to the bottom of the cliff, striking upon the Central Railroad tracks, a hundred feet below.

Ice Men Indicted.

Philadelphia, Aug. 7.—The grand jury to-day found true bills of indictment against fourteen members of the Philadelphia Ice Exchange, who are charged with conspiracy to increase the price of ice.

Show Attaches Killed.

Harrisburg, Pa., Aug. 6.—A terrific wind and rainstorm late to-day instantly killed Charles M. Richwine and Chic Befrandi, and slightly injured several employes of Pawnee Bill's Wild West Show.

Get What You Ask For!

THERE is a Reason—
Why the Good People of America buy Cascarets as Fast as the Clock Ticks.

Every second some one, somewhere, is Buying a little Ten-Cent Box of Cascarets.

1, 2, 3, 4, 5, 6—60 times to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some.

Think of it—220,000 People take a Cascaret tablet every day. Millions use Cascarets when necessary.

The Judgment of Millions of Bright Americans is Infallible. They have been Buying and Taking Cascarets at that rate for over Six years.

It is not an Experiment, not an Accident or Incident, but a sound, Honest Business, based on Time-Tried-and-Tested Merit, never found wanting.

There is a Reason.

* * *

Cascarets are the implacable foe of All Disease Germs: the incomparable cleanser, purifier and strengthener of the entire Digestive Canal.

They Act like Exercise on the Bowel-Muscles, make them strong and active—able to Help Themselves do their work—keep themselves clean.

Cascarets are the safe-guard of Innocent Childhood against the Dreadful Death-dealing Dangers that threaten the Lives of the Little Ones.

They are Purely Vegetable, absolutely Harmless, always Reliable and Efficient, a true, faithful, loyal servant of Mankind.

Over Five Millions of Dollars have been Spent to make the merits of Cascarets known, and every cent of it would be lost, did not sound merit claim and hold the constant, continued friendship, Patronage and Endorsement of well-pleased people year after year.

* * *

There is also a Reason—

Why there are Parasites who attach themselves to the Healthy Body of Cascaret's success—Imitators, Counterfeiters, Substitutors.

They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

A Dishonest Purpose means a Dishonest Product and a Disregard of the Purchasers' Health or Welfare.

Beware of the Slick Salesman and his ancient "Just as Good" story that common sense refutes. He will perpetrate a fraud on you for a stolen profit.

Cascarets are made only by the Sterling Remedy Company, and the famous little Ten Cent "Vest Pocket" box is here shown. They are never sold in bulk.

Every tablet marked "CCC."

Be sure you get the genuine.

All Druggists everywhere sell them, and Millions of Men and Women carry them constantly in vest pocket or purse.

A sample and the famous booklet "Curse of Constipation," Free for the asking. Address Sterling Remedy Company, Chicago or New York. 306

THE NEW FRENCH REMEDY.
TRADE THERAPION MARK

This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Rostan, Johert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only, removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England 2/9 & 4/6. In ordering, state which of the three numbers required, and observe above Trade Mark, which is a fac-simile of Word 'THERAPION' as it appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty
