BRANDON IS NOW VACANT.

D'Alton McCarthy Will Hold His Old Seat For North Simcoe.

In His Letter to the Electors of Brandon, Which is Given in Full Below, He Explains His Position—The Coercion of Manitoba is a Thing of the Past and a Local Man, Who Knew Their Needs Could Better Represent the Constituency.

Ottawa, Aug. 25.—(Special.)—Mr. D'Alton McCarthy, in resigning his seat for Brandon, has addressed the following letter to the electors of that constituency: "I have delayed determining for which of the constituencies I have been returned for I should sit until by usage of the Imperial Parliament (we have no settled practice, nor, as it happens, any precedent in Canada), the time has come that I ought to announce it. My nomination as a candidate for your division and my election therefor was, as I understood it, to manifest in the clearest possible way your settled opposition to Dominion interference with your school system, and I have to consider whether in the interest of that cause, which I represented in the last Parliament and in the contest which has just been brought to a close, I should retain the seat to which you have done me the honor of electing me, or hold that for North Simcoe, for which for nearly 20 years I have been continuously returned. Recent events have enabled me to reach a conclusion in this question without much difficulty. Did there appear to be a possibility of the coercion of Manitoba, my duty would probably have required me to remain one of Manitoba's members, but, happily, coercion is dead, and the victory for the opponents of interference with Manitoba is complete and decisive, and, moreover, it is announced that negotiations are pending between the Government of the province and the new Administration here for a settlement of the question, which there is no reason to doubt is based on the principle of leaving the province absolutely free as to the management of its own school system, whatever may be conceded by the province of her own free will to be carried out by her own Legislature; and, so far as I have been able to ascertain by the terms of the negotiations now on foot, the province is not called upon to yield anything which does not leave the principle of National schools undisturbed, nor more than may reasonably be asked for by those who believe in religious education in our Public schools. But, however that may be, it is clear that my usefulness as your member is gone when the question is removed from the arena of Dominion politics.

"I ventured to say in my place in the House of Commons last session, when the leader of the House practically announced the withdrawal of the Remedial Bill, that the House has seen the last of the Remedial Bill at either that or any future session. Is it presumptuous to refer to the accuracy of this forecast? Under these circumstances, you will naturally expect that I should leave the constituency of Brandon free to be represented by one more conversant with your local requirements than I, the resident of Ontario, could possibly be, and who will in that view, and possibly in other respects, more fairly represent you. While thus severing the short connection that has existed between us, I may be permitted to say that, as it is not unnatural, I have been able to acquire more information and a greater insight than I was hitherto possessed of respecting the position and legislative and administrative wants of the Province which may, I trust, in the future, enable me to be of some service to it. And I can assure you that, as the only poor recompense in my power for the honor you have conferred upon me in electing me, an outsider and personally unknown to the vast majority of you, as your representative, it will be my duty as well as my pleasure to promote and further in every way that I can the political and material wants of the great Province of which you form a part, and more especially those of the electoral division of Brandon. I cannot close without tendering to those among you who supported and triumphantly returned me in the recent contest against strong local candidates, under adverse conditions which might well have damped the ardor of the warmest friends, my sincere thanks for the great honor conferred upon me, which will always be a just cause for gratification and honorable pride to your obedient and humble servant,

"D'Alton McCarthy."

ROLLED BY THE TROLLEY.

Percy Pearson Had a Narrow Escape From the Same Fate Which Befell His Parents.

At 5.45 yesterday afternoon a lad named Percy Pearson had a narrow escape from being killed by a trolley car at King and York-streets. He attempted to cross in front of the car and had it not been for the presence of mind of Motorman C. Robinson, he would have been crushed under the wheels. As it was, he was rolled along on the pavement for a few feet.

A strange coincidence is that the lad is a son of Mr. and Mrs. Simon Pearson, who were killed in the trolley fatality in Victoria, B.C., on May 25.

The Ice Famine.

The following names were quoted yesterday as likely senators:

George A. Cox, Toronto.
S. H. Janes, Toronto.
A. P. Cockburn, Muskoka.
H. H. Cook, Toronto.
William H. Pratt, Toronto.

A Midnight Fire.

From some mysterious cause a fire occurred in the third storey of the Steel Clad Bath Co.'s premises at 125 Queen-street east, shortly before 1 o'clock this morning. Policeman Roberts gave an alarm from box 52, and the firemen extinguished the blaze. Mr. Booth was sent for, and he said to The World man that the damage would be a few hundred dollars, covered by insurance. He thinks the fire may have started from the soldering furnace.

Toronto Opera House.

How little it takes to turn "A Happy Little Home" into a domestic cyclone is the lesson which George W. Monroe, who comes to the Toronto Monday, Aug. 31, will teach. Lulu, an Irish fortune teller, Mr. Monroe's latest creation, causes a general pandemonium of fun and frolic. New music and bright specialties enhance the merriment.

Dyspepsia and Indigestion—C. W. Snow & Co., Syracuse, N. Y., writes: "Please send us ten gross of pills. We are selling more of Parmalee's Pills than any other pill we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Chas. A. Smith, Lindsay, writes: "Parmalee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

MURDERED HIS EMPLOYER.

A Well-Borer Named Henry at Rapid City, Man., Was Brutally Killed by a Young English Boy.

Winnipeg, Man., Aug. 25.—(Special.)—One day last week, on the farm of one Jackson, at Rapid City, a Government wellborer named Henry was foully murdered. A young English boy named Gerhold, employed on the farm, was suspected and arrested. To-day in jail he wrote a long letter to his parents confessing the crime to them. He says Henry did not treat him well, and in a fit of temper he loaded a shotgun and nearly blew the man's head off.

LEFT FOR THE CAPITAL.

Many Politicians Were at the Union Station Last Night—Money in North Grey.

A number of politicians of both stripes went down to Ottawa last night, some of them merely passing through the city on their way from North Grey to the Capital. Among those noticed boarding the C.P.R. 9 o'clock express at the Union Station were: J. F. Lister, M.P., Cochrane, M.P., James McMullen, M.P., Rory McLennan, M.P., Dr. Landerkin, M.P., and W. F. Maclean, M.P. Hon. Hugh John Macdonald, who was expected to go through last night, had remained over in Owen Sound. The Grits among the crowd were openly exultant over the outcome of the fight, while the Tory members endeavored to preserve a stoical attitude.

A trio of local Liberal lights also left for the Parliament City on the same train. They were Mr. Byron E. Walker, Mr. George A. Cox and Mr. Peter Ryan.

Mr. Ryan's object in going to the Capital is to secure those Government contracts for which he put up a lot of oratory at the general elections, and it is understood that Mr. Cox went down to see about his Senatorship.

It being rumored that Mr. Walker's journey was for the purpose of getting the Government accounts turned over to the Bank of Commerce, The World asked that gentleman just before the train pulled out if this was the case.

In reply, Mr. Walker said that it was not, and that the Government account would likely remain where it was. His business in Ottawa was connected with some moneys in which one of his branch banks was interested.

Conservative politicians, returning from North Grey during the past two or three days, speak in condemnatory terms of the means adopted by the Liberals to carry the riding. It is stated on most reliable authority that money was freely used to bribe the electorate.

TWO DEAD BABIES.

One Body Found at Hanlan's Point—Another at the Foot of Bay-Street.

Infanticide is on the increase in the city. Two bodies of dead infants were discovered yesterday. An inquest will be held on both this evening.

Early yesterday morning an employe of the City Commissioner's Department, while cleaning the public lavatories at Hanlan's Point, discovered the body of a female child about nine months old. A post-mortem by the authorities showed that the child had been dead about 24 hours. There is a nasty wound on the back of the head, which clearly shows that the infant met a violent death.

In the afternoon another body was found in the bay at the foot of Bay-street. The body was decomposed, the head missing and attached to a garment in which the body was wrapped was a baby's feeding bottle.

The police are investigating both cases, and are confident of bringing the Hanlan Point case home to the right parties.

HE'S NEXT TO CLEVELAND.

Vice-President Stevenson of the United States a Visitor at Collingwood.

Collingwood, Ont., Aug. 25.—A distinguished party of Americans arrived by the G.N. transit steamer Majestic from Mackinac this evening, consisting of Vice-President Stevenson, Mrs. Stevenson and Miss Stevenson, Judge William M. Springer of the United States Circuit Court and Mrs. Springer, Mr. R. W. Springer, Chaplain of the United States Army, and Mrs. Springer, and Mr. and Mrs. A. D. Lynch of Washington, D.C. On arrival here the party were driven to the Grand Central Hotel, where they will remain until Thursday, when they will leave on the Majestic on their return journey to Mackinac. To-morrow the ladies and gentlemen will be entertained to a drive around town and to the different points of interest. This evening flags are flying on the principal buildings in honor of the visitors. They were met at the wharf by the citizens en masse.

HAPPENINGS OF A DAY.

Items of Passing Interest Gathered in and Around this Busy City.

About 7 o'clock last evening fire did $25 damage to the house, No. 2 Gladstone-avenue, owned by the West estate. Cause of fire unknown.

Ald. J. J. Graham of the Children's Aid Society is going to take possession of the 14-year-old daughter of Mrs. Catharine Murphy, 184 Duke-street.

Thomas J. Telford, aged 27, who lives at 234 Yonge-st., fell in an epileptic fit at Bay and Richmond-sts yesterday morning. He was taken to St. Michael's Hospital.

Erskine Church Harvesters' Mission Band held a garden party at the residence of Mrs. A. Wilson, Beacon Hill, last night. The young ladies had prepared a good program, which was successfully carried out.

The City Travelers' Association will present an extensive program at their first annual picnic and games at Hanlan's Point to-day. The program, though long, is not calculated to allow the interest to lag. The prizes are on exhibition at Kent's, 144 Yonge-street.

Much sympathy is felt for Mr. Charles W. Hurlburt of the Great Northwestern Telegraph Company and Mrs. Hurlburt over the rather sudden death of their youngest son, which occurred at 526 Dufferin-street yesterday. The little fellow was stricken down with membraneous croup on Sunday and, notwithstanding the efforts of specialists who were called in, he succumbed last evening. The operation of tracheotomy was performed without avail.

It is definitely settled that Guinane Bros. will have opposition and succession even before they have taken down their well-known name. Their successors are an American shoe concern, who intend opening stores in the principal cities of Canada, managing them on Anglo-American lines, and eventually establishing a manufactory for the fine grades of ladies' gentlemen's and children's shoes. Efforts are being made to secure premises in the great Yonge-street business thoroughfare.

TIPS FROM WALL-STREET.

The market was dull and heavy at the close.

The directors of Leather Co. met to-day, but took no action on dividend.

The borrowing charge on Western Union is 3-64 per cent.

Earnings of St. Paul for third week of August increased $43801.

The most active stocks to-day were: Sugar 17,100 shares, St. Paul 13,000, R. I. 1200, W.U. 9100, Reading, 3000, L. & N. 2800, Atchison 2300, Tobacco 1300, Wheeling 3600.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto:

The stock market continues very dull in the last hour. It weakened all along the line, the talk was that McKinley's letter may prove a disappointment to Wall-street. There was some talk about the state of Diamond Match and New York Biscuit affairs. There has been to-day evident liquidation in the lowerpriced industrial stocks. Mr. Hanna is quoted as saying that Eastern people are over-confident on the silver situation, and that there is a great deal of work to be done. About $50,000 gold was taken from the Treasury for Canada. Foreign exchange is weak, and there is every prospect of further gold exports. The tone of the market at the close of the day was heavy.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

The fact that can be said of the early markets was that there was fair activity with a downward tendency. Brokers called it a taking of profits, which resulted in a break of a cent and five-eighths, with a slight rally from the low point. As for coarse grains they were heavy on big receipts, fine weather, tight money, slow speculation and the like. Pork took a tumble to lower figures than any made heretofore; other products lost a trifle. It was a stand-off so far as outside news was concerned. Finances, politics, business failures, caution of investors, fear of what Wall-street may do, and signal from London, fear of what Chicago may have to meet when the worst is known and provided for in the local Stock Exchange—all these were counted against prices again natural expansion of speculative business. Northwestern receipts were 654 cars, against 1063 cars a year ago.

Both corn and oats sold considerably lower to-day, September corn selling at 21½c The markets were active, prices ranging a full cent on corn and ⅝c on oats. A good speculative trade was reported, being confined chiefly to local operators. Cash demand for corn good.

Provisions—Good speculative trade was the feature to hog products to-day. Pork made a new record, the Sep. option selling at $5.55. Lard and ribs sold off in sympathy, but rallied and closed a shade under the best prices for the day.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

The opening was higher, probably from the fact that there had been 80,000 bushels spring wheat worked for export late yesterday on basis of our closing price and also on account of higher cables, but the short interest was weak and outside trade light, which started selling by longs, and the market closed nearly a cent and a half from the top price, principally on realizing sales although there were undoubtedly some short lines put out to-day. There were ten loads taken for export from New York and 50,000 bushels No. 2 hard taken here. With present light trade and uncertain financial outlook our market will be ruled by cash business, which, although not so good to-day, will probably be in evidence on any decline.

Provisions opened steady on higher prices for hogs. Commission houses were free sellers of September pork from $5.82½ to $5.57½. John Cudahy bought it and then sold the October. Lard ruled firm, with a f
