THE CITY AND VICINITY.

THE DAILY ROUND OF LIFE IN AND ABOUT TORONTO.

What the People are Doing and Thinking About —Brief Notes Gathered Everywhere by World Reporters.

Everybody's going to the Mat this Aft and see Haverly's New Mastodon Minstrels.

Harvest hands in the adjacent country are offered $1.75 to $2 per day.

Inspector Copping is after people who let their ocws run at large. Two of them were fined at the police court yesterday.

The zoo will be opened at 10.30 a. m. on Monday. The prices have been fixed at a low figure. A number of arrivals were received yesterday.

In the police court yesterday, the three boys charged with stealing pots of jam from J. F. Rolph, Simcoe street, were remanded to the 4th of August.

The Oriole left last night at 6 o'clock for a few days' cruise. She will touch at Charlotte, Kingston and Cobourg. Vice-Commodore Leys is in command.

Mr. Walter Gillespie, formerly one of the commissioners of the Trust and Loan company of Canada, has been appointed manager of Le Credit Foncier for this province.

A special C. V. R. car is left at Milton every evening by the last up train, to be used next morning in conveying milk from that and intermediate stations to Toronto.

The surpliced choir of Holy Trinity church will give two choral services in St. Luke's church, Buffalo, to-morrow, under the leadership of Mr. F. G. Plummer, organist.

The four small boys who are charged with stealing sugar from the Grand Trunk were yesterday remanded until Tuesday, in order to give their parents an opportunity to settle the case.

Special services will be held at St. Mary's church, Richmond Hill, to-morrow, the occasion being the introduction of a new organ. Rev. Septimus Jones will conduct the services.

The Loy Bernhard, who was shot at Parkdale recently, is progressing well, but is not yet able to appear and give evidence. George Sutherland was therefore remanded again yesterday.

Among our mail matter yesterday was an Australian paper addressed to Mr. Edward Hanlan, champion of the world. We might tell the post-office people that Mr. Hanlan is champion of the sculling world, not of the newspaper World.

Those who are in town on the Civic holiday will havv an opportunity of hearing the Noreross comic opera company in Mascot and Fatenitza at both a matinee and evening performance in the Grand opera house.

Robert Gillis, aged sixteen, and Robert Clappison, aged fourteen, pleaded guilty in the police court yesterday to breaking into the premises of James Campbell & Son, and the Toronto publishing company, and stealing a number of articles. They were remanded for sentence.

One of the Globe's editors is lost. He dropt into one of the "holes" of King street yesterday morning and nothing has been seen of him since. The managing editor has cabled the British consul at Hong Kong to keep a lookout for him.

The bronze medal offered by the governor-general for the best industrial design based upon Canadian growth has been awarded to Mr. A. H. Howard, at Messrs. Rolph, Smith & Co.'s of this city, who was elected an associate designer of the Royal academy of arts at this year's meeting at Halifax.

Last night about 7 o'clock a woman under the influence of liquor entered a low hovel on a lane that runs between Camden and Queen, west of Brock, and there partook of some food. While eating some tough meat she choked, and died immediately.

Weston is likely to have a lively exhibition to-morrow afternoon when Mr. Pease, a Methodist minister, will deliver a second religious address, in Eagle's grove, the first having been given last Sunday. It is said a wrangler from Toronto will be present to controvert his statements.

Go early if you wish to secure a seat at Haverly's New Mastodon Minstrels' Matinee this Afternoon.

Wm. Durant, Michael Garvin, jr., and William Graham, the three youngsters charged with robbing Michael Garvin of the sum of $5, were up on remand yesterday in the police court, and their parents were bound over in $100 each for their future good conduct.

The Barrie, Orillia and Couchiching park excursion on Monday promises to be well patronized. For the accommodation of those living in the northern part of the city and Yorkville, arrangements have been made with the street car company to run special cars, which will start from Yorkville at 6 30 a.m.

This evening closes the engagement at the Gardens of the Noreross opera company. The "Chimes of Normandy" will be given at the matinee and evening performance of to-day. On Monday night the company will appear at the Grand opera house, opening with "The Mascot."

A number of boys were yesterday playing on the floating timber at the foot of Brock street. Peter Thornton of Nelson street and — Graham of 72 Hackney street fell into the water. John Clark, an employee in the Northern railway shops, went to their rescue at great risk of his own life. He saved both the boys. Mr. Clark deserves recognition at the hands of the Royal Canadian humane society. The World hopes he will get it.

The Rev. Mr. Rainsford is quite a whistler—at least when he loses his dog. At the corner of Grosvenor and Yonge streets yesterday afternoon the rev. gentleman discovered that his poodle was rushing madly toward Yorkville, when several shrill sounds, produced by mouth and thumb, brought the truant canine bounding back. The conductor of a northward-bound street car, five or six blocks up, looked back through a telescope to see if it were he who was being signalled.

The moonlight excursion and ice-cream festival, under the auspices of Fair Play lodge, I. O. G. T., on board the Empress of India last night, was well attended. The steamer left on her first cruise at 8 p. m., and returned at 10 p. m. At 10.30 she started on a second cruise. Dancing formed the greatest part of the evening's amusement, for which the music was furnished by the band of the Queen's Own rifles. The weather being fine and the water calm, the evening passed off pleasantly. The light fantastic tip was kept up until the boat returned at 11.45.

The new 40 great and famous artists with Haverly's New Mastodon Minstrels at the Matinee to-day.

A sailor named Hunter, of Bedford, on the schooner Grantham, and another sailor from Toronto, were hurrying to make cast vas while sailing out of Port Dalhousie a few days ago. To expedite matters, the Toronto youth jumped on the halyard rope with the intention of riding down it to the deck. The rope was taut and could not be loosened. Hunter then jumped on the rope, when it suddenly straightened and both men went down to the deck with a rush. The Toronto youth struck first, and Hunter fell on top of him. The former was injured on the head and back. Hunter in the descent struck the boom with his foot, which was injured severely. The Toronto sailor was taken ashore.

Haverly's mastodon minstrels renewed their acquaintanceship with the Toronto amusement public last night, and it goes for saying that they are better now than ever. The Grand opera house was crowded. The singing and witty saying, in the first part were very good, though some of the latter have been heard before. The bones who told about his mother-in-law gives a poor imitation of Sol Smith Russell. Any amount of laughter was caused by Harry Robinson in his travesty on the trapeze. The sketch called the Corncob family was only fair, and might be pruned to advantage. The rest of the performance was good and entertaining. Queen and his twelve cloggists give a pleasing exhibition. Queen is ahead of all others in his profession in ability to use the clogs without moving his body. He dances from the hips down. A packed house will greet them to-night.

—"And fools who came to scoff remained to pray." We receive many letters from those having tried while doubting, yet were entirely cured of Dyspepsia and Liver troubles with ZOPESA. Clergymen write us earnestly certifying to its wonderful effects.

—Don't buy a sewing machine until you have seen the Wanzer new family "C" and "F" for dressmaking and tailoring purposes; all latest improvements, nickle-plated in all bright parts, simple, durable, noiseless, and guaranteed ten years. 86 King street west, Toronto. o

—Those in want of sewing machines ought to inspect the Wheeler & Wilson at No. 83 King street west previous to their deciding to buy elsewhere. A visit to Mr. C. C. Pomeroy's office would not be out of place.

—During the hot weather nothing is better appreciated than a nice cool place where one may enjoy a good meal. Such a place is kept by Wilkinson, 187 Yonge street Dinner from full bill of fare 25 cents, including all the delicacies of the season.

ESCAPE FROM GAOL.

Squib Mitchell, Fred Jacobs and John H. Anderson Achieve Their Liberty in Spite of Six Locks and a Guard.

At an early hour yesterday morning William, commonly known as Squib Mitchell, Fred Jacobs and John H. Anderson escaped from Toronto gaol. All three were awaiting trial. Mitchell and Jacobs being held on a charge of burglarizing Saunders' tailor store on King street, and Anderson being the man who was discovered on the roof of Simpson's dry goods store on the 5th instant, evidently with burglarious intentions. The three prisoners were in the same corridor, No. 4, being the middle corridor in front of the east wing, which is known as the "robbers' ward," and is that in which all dangerous prisoners are confined. A guard is constantly stationed there. The guard states that about four o'clock yesterday morning he heard a noise which awakened his suspicions, and went and awoke the other guards. The three went to the basement, from which the noise appeared to proceed, and found the basement door open. They then went outside and looked in every direction, but could see no sign of anyone. On coming back and examining the building, it was found that no less than six locks had been picked by the prisoners in making good their escape.

The guard on duty has been suspended. Up to half-past one this morning nothing had been heard of the refugees.

A CHANGE NECESSARY.

It is high time there was a shaking up in regard to gaol management. DeCoursier, the murderer, was allowed to poison himself; Gauthreaux nearly made away with himself; Squib Mitchell has bored a hole in the gaol before; and the affair of yesterday caps the whole. Mr. Langmuir should hold an investigation—more, he should ask for a resignation or two.

INDUSTRIAL EXHIBITION NOTES.

The board of directors will meet Tuesday night next.

The glass hen house will be used for the exhibit of honey and apiary supplies.

Entries are already coming in. A large number have been received from many manufacturers.

The regatta posters are out, and will be billed throughout the province during the coming week.

It is proposed to present the regatta prizes at night, when an electric light and fireworks will illuminate the grounds and buildings.

Mr. Ashley, of Belleville, secretary of the Eastern dairymen's association, will be here in the course of ten days to arrange for the creamery and cheese factory.

Ald. Mitchell and Secretary Hill will go to Buffalo next week to arrange with the railways centring there for cheap excursions to Toronto during the great show.

Mr. Wm. Brown, secretary of the Algoma agricultural society, writes from Sault Ste. Marie to Secretary Hill that the society will make a large exhibit of roots, grain, etc., at the forthcoming exhibition.

All railways running into Toronto have agreed upon cheap excursion rates during the exhibition. From the 5th to the 10th September, both days inclusive, tickets will be sold at one fare and a third, good to return up to and on the 17th of September. From the 12th to the 16th, the last week of the fair, tickets will be sold at single fare, good to return up to the 17th of September. Oarsmen taking part in the regattta will be carried free of charge.

ONTARIO AND QUEBEC RAILWAY.

(From the Lindsay Post.)

From a conversation the other day with Mr. Lumsden, the chief engineer, we understand the Quebec and Ontario railway will proceed in a line as direct as possible from Toronto to Ottawa. It will probably pass a short distance north of Whitby, crossing the Midland south of Bethany, thence to Peterborough, and on by a line as straight as can be got to Perth and Carleton Place, where it joins the Canada Central. Mr. Lumsden is now with a large staff making the final survey and locating the line from Perth westward. The road is to be finished within two years, and is to be built in a first-class manner throughout.

CIRCUMSTANCES ALTER CASES.

Scene in a Toronto workshop yesterday: Employee, who is leaving and has just received his last week's pay—"I believe there is a mistake here, sir—you have given me $10 instead of $9." Employer—"That's right, James; I always knew you were a truthful, honest man." Employee is just about to leave the shop, when he turns round and says—"Oh, I see this is a three-dollar bill—I thought it was a five—that makes me just a dollar short." Employer—"I begin to think you are a liar, and I am afraid I can't give you that recommendation I promised."

THE NEW WHEAT.

Wheat is reported in good condition from Hamilton. The Messrs. Morgan have just concluded the purchase of 700 bushels of wheat from Mr. Brown, living on the Dundas road (above that town), the product of a field which yielded forty bushels to the acre. The price paid was $1.14 per bushel. Some Clawson of this year was sold in Oakville yesterday for $1.20. It is the earliest marketed for thirty years.

Wm. Washburn, book-keeper for Burroughs & Co., Boston, wholesale dealers in meat, was arrested yesterday morning, charged with the embezzlement of $15,000.

THE GRACEFUL CLERGYMAN.

One of the most graceful men in the city is a clergyman. He is tall and shapely, has a handsome face and pearly white teeth, and in his clerical attire you would say at first glance that he is or ought to be a bishop. He is not, but we hope he will be some day. It is a treat to see this clergyman—as a World man saw him on Yonge street yesterday afternoon—make his salaam to any lady he knows. There is nothing hurried about it. The face becomes wreathed with a smile, the pearly teeth shine out, there is a majestic motion of the right hand—and then smile and shine and motion die peacefully away, like an enamored wave breaking in whispers on a shore of silver sand. The ladies are all in love with that clergyman, and we can't wonder at it.
