YACHTING FOR THE SEASON.

ANNUAL STATEMENT OF THE R.C.Y.C.

Financial Statement—The Big Yacht Club Had a Successful Year—Lawn Bowling Meeting—Racing on Eastern Tracks—Lacrosse, Baseball and General Sporting Gossip.

The annual meeting of the Royal Canadian Yacht Club will be held at the Town Club on Saturday next at 8 o'clock p.m.

The Committee of Management, in submitting the annual statement for the financial year ending March 31, 1893, report that the yachting season of 1892 may be said to have been a fairly successful one. Three important yachts have been added to the fleet in the 40, 30 and 25-foot classes, namely, Zelma, Vedette and Wa Wa. These vessels are of the most modern types, the two former having been designed by Fife. All the club races, of which there were 19, were well contested. The races for the club cups were all successfully sailed to a finish, and the L.Y.R.A. annual regatta, under the auspices of the club, attracted the presence of a large number of visiting yachts from the several ports of Lake Ontario.

A bowling tournament was held during the first week in July, in which five of the leading clubs of the province took part, representing about 350 bowlers. The weather was most propitious and the beautiful lawns of the club, which have become famous for being the most perfect lawns in the province, presented a charming and animated spectacle with 11 rinks in full play. It is expected that a tournament on a still larger scale will be held during the coming summer.

A most enjoyable entertainment, which took the form of a house dinner, followed by a musical programme, was held at Webb's on Jan. 27, in which some 150 members participated.

Arrangement With the City.

The committee are pleased to be able to report that they have completed their negotiations with the city of Toronto for the removal of club premises to the new Windmill-line. The arrangement is that the Toronto Rowing Club building, which is a very large and commodious structure, shall be placed by the city on the new Windmill-line, a few feet east of our present premises, the city paying the yacht club a sufficient sum to enable them to put this building in first-class order, and also to erect a commodious boathouse which will give to the skiff owners of the club every accommodation that they may require. The committee think this a fitting opportunity to call attention to the excellent and commodious premises that they will have, with a hope that a large increase of membership may take place. There is no such attractive place on the Island as that of the Royal Canadian Yacht Club, and it has been the special duty of past committees, and doubtless will be of those to come, to make the properties on both sides of the bay thoroughly convenient for the members.

The Present Membership.

During the year 9 members were removed by death, 31 resigned and 32 were struck off under bylaw No. 36, making a total of 74. On the other hand 65 were elected, of whom 49 were resident, 6 non-resident and 10 junior. The strength of the club membership on March 31 was as follows:

Honorary life members	3	Non-resident members	108
Life members	39	Junior members	81
Resident members	459

YACHTSMEN ON THE GREEN.

Annual Meeting of the R.C.Y.C. Bowling Club—Officers Elected.

Jolly yachtsmen of the R.C.Y.C. to the number of about 50 assembled in the reception-room of the Town club house yesterday for the purpose of reorganizing the lawn bowling club that had such a successful season last year. The retiring president, Mr. J.E. Robertson, was in the chair. Officers were elected as follows: President, A. Baines; vice-president, F.O. Cayley; secretary-treasurer, W.J.M. Taylor.

Committee—J. W. Beatty, J. E. Robertson, J. W. Lesslie, B. Jones.

The following well-known bowlers were elected skips; which ensures skilful marshalling of the R.C.Y.C. forces in all matches on the green this season: Messrs. J. E. Robertson, B. Jones, J. W. Lesslie, F. O. Cayley, A. Baines, C. C. Baines, R. C. McHarrie, Alf W. Smith, George C. Biggar, H. Totten, B. Jennings.

It is expected that play will begin about June 1. The club's green on the Island is already looking fit for play. Friendly matches will be arranged with all the city clubs and the yachtsmen will have representatives and rinks in all the big tourneys in the province.

THE GREEN DIAMOND.

Coty and Fitzgerald Will Not Take In the Varsity Tour.

The academic course at St. Michael's College will keep the clever battery, Coty and Fitzgerald, from participating in any of the games of the Varsity tour in May and June. Their loss will be severely felt, but the management expect to surmount the difficulty and present a nine on the diamond that will win a majority of games from Vermont, Cornell, Northwestern and Wisconsin universities, Cleveland and Detroit clubs and the rest of the strong nines in the three weeks' trip. Hamilton, a Victoria student from Own Sound, is a promising candidate for Varsity's box. He practices diligently daily. About a score of men daily appear on the Varsity lawn.

Doc Sheppard to Captain Chatham.

CHATHAM, April 19.—The local baseball club has been reorganized and the following officers chosen: President, W.N. Warburton; first vice-president, D.J. McDonald; second vice-president, W.J.J. Twohey; third vice-president, Dr. Cornell; Manager, J. Lively; captain, Alfred Sheppard; secretary, J. Vanhant; treasurer, M. C. McBrayne. Chatham is in the Peninsular District of the Canadian Amateur Baseball Association.

Baseball Brevities.

The Dukes and Trinity University play on the latter's lawn on Saturday.

They talk of organizing a Mercantile League in Montreal to play for the Spalding pennant.

A meeting of the Park Nine Baseball Club will be held at the Kerby House, William and Queen-streets, to-night at 8 o'clock.

St. Michael's want opponents for next Saturday on their own grounds. Mr. J. R. Coty is the college secretary.

Several members of the Dukes practised on St. Michael's College grounds yesterday. Hender-shott, the man from Cleveland, showed his ability to cleverly hold down first base.

The Interior League, comprising Galt, Guelph, Dundas and Brantford, organize on Friday. The Stars of London have joined the Canadian Amateur Association and will be in the Western League.

Here is an item from The Detroit News which has a peculiar ring, as it refers to the D.A.C., the amateur champions of America: "Catcher Joe Walsh has been seen by R. H. Leadley at Port Huron, and is ready to make terms at any time."

At the request of President Ward of the Canadian Amateur Baseball Association District Secretary Porteous has called a meeting of two delegates from each of the clubs in the Central District to be held in the Palmer House here to-morrow for completing the organization of the district.

The Parkdale Collegiate Institute would like to see a four-club league organized, comprising Jameson-avenue, Harbord-street and Jarvis-street institutes and Upper Canada College. President Ward of the Canadian Amateur Association promised a pennant to Secretary Webb of the Parkdale Collegiate Institute for competition if the league is formed.

THE NATIONAL GAME.

Schedule of Games Arranged by the British Columbia Lacrosse Association.

The British Columbia Lacrosse Association have arranged their season's schedule. The clubs will play 12 games. The teams are New Westminster, Vancouver and Victoria.

The chief officers are: Hon. president, Thomas Dunn; president, John Reid, New Westminster; first vice-president, W. H. Ellis, Victoria; second vice-president, C. M. Beecher, Vancouver; secretary-treasurer, W. H. Cullin, Victoria.

It was decided to have the secretary correspond with eastern clubs to see what they would want for a trip to the coast and with the Sound cities and San Francisco to see what inducements could be had for a visit from two British Columbia teams.

A Club at Virden.

A lacrosse club has been organized at Virden, Man., with the following officers: Hon. president, Mr. R. Adamson; president, Mr. T. Routledge; vice-president, J. F. Frame, M.L.A.; captain, W. G. Climie; secretary-treasurer, J. F. Watkins; committee, J. McAlpine, F. McDougall and J. English.

To-Day's Lacrosse Convention.

The annual meeting of the Five Club Lacrosse League takes place in Montreal to-day. Messrs. G.M. Higginbotham, secretary, and W.E. Rundle, vice-president, left for the east last night. Re-organization will take place and next season's schedule will be talked over. It is expected that the championship will begin in June.

The first game in Toronto this year will likely be an exhibition match with Montreal on May 24.

Toronto Lacrosse League.

The meeting of the Toronto Lacrosse League, which was to have been held this week, has been postponed until after the C.L.A. meeting. This will enable the clubs to get more thoroughly organized and will help the league in arranging their schedule.

Lacrosse Points.

The Shamrock Lacrosse Club will hold their first practice this season on their own grounds, St. Catherine-street west, Montreal, on Saturday afternoon next.

Mr. James White, president of the Capitals of Ottawa, has been appointed the club's delegate to the league meeting in Montreal to-day. Capt. Stewart will also attend.

C.K.C. Executive.

A meeting of the Executive Committee of the Canadian Kennel Club will take place on May 3.

In consequence of the plan of selecting dogs at Toronto having been abandoned and the date of selection having been extended the meeting called for April 18 did not take place. Instead the May meeting will be held at 3 p.m. at the Queen's Hotel.

The following is the business to come before the meeting: Selection of dogs for the World's Fair and matters relating generally to the Fair, communications regarding Mr. George Bell's conduct, encouragement of field trials, matters referred from the A.K.C., revision of the constitution, general routine business.

Only 50 Canadian Entries.

HAMILTON, April 19.—Entries of Canadian dogs for the World's Fair Bench Show are commencing to come in a little faster than they have been doing, but as yet only 50 dogs have been entered to represent the Canadian canine world at Chicago. As the last day of receiving the entries draws near the entries are expected to come in in bunches.

Sutton and Capron Play To-Day.

Messrs. George Sutton of Toronto and Joseph Capron of Galt meet for the third time this year at balk line billiards. Of the preceding games each has won one. The straight rail game they played was easily won by Capron. The match is in Galt this evening, and quite a throng will accompany the local man to that flourishing town. It is the 14-inch balk line game, 500 points up, for $200 a side, and the gold medal presented by Standish and Reid.

They Weren't Around the Checker Board.

The sequel to the big checker match of a short time ago, East v. West, was a most enjoyable supper at the Crown Hotel last evening. It was an informal affair and thoroughly enjoyed by the many checkerists present. It is said that the Westerners enjoyed the repast somewhat the better, as the men of the East stood the expense as a result of losing the late memorable contest.

The loss mentioned yesterday in Mr. Rennie's checker exhibition should have been a draw, as he did not suffer a defeat at that game.

The Western Association Schedule.

WINDSOR, April 19.—A meeting of representatives of the clubs in the Western Football League was held here last night. A schedule of matches was arranged to open on Saturday, April 29, with Walkerville and Windsor at Windsor, Amherstburg at Essex, and Chatham at Ridgetown.

About Those Cricket Bats.

In reference to an advertisement that appeared here in the regular way yesterday Mr. John E. Hall writes:

A paragraph or advertisement, I have not been able to discover which, appeared in your paper to-day, in which I was made to say that the cricket bats, etc., in a certain establishment in this city were the best I had ever seen in Canada.

I simply wish to say that I never made use of such remarks or any others from which such meaning might be inferred.

General Sporting Gossip.

Billy McCarthy and La Blanche, the Marine, will fight in New Orleans May 18 for a purse of $2500.

The Athenæum bowlers have many good individual records in their 10-pin bowling tourney. The averages are about 1000 for 40 men.

Lady Alice, the well-known St. Bernard owned by Mrs. Mackenzie-Hughes of Rochester, was killed by an electric car there yesterday morning.

Besides the numerous floral tokens sent to the late J. M. Shanklin's funeral was a tastefully arranged pair of goal posts in rare flowers from the Toronto Football Club.

An Orillia despatch says that Jake Gaudaur has by no means recovered from his recent illness and his prospective race with Hanlan may be affected thereby.

There will be a meeting to-morrow evening at 8 o'clock at the office of Mr. Starr, 4 King-street east, to consider the reorganization of the Toronto Junior Football League. Each club wishing to enter is requested to send one representative.

J. A. St. John of St. Louis is in Boston perfecting arrangements for a set of racing shells for Jake Gaudaur, one each of aluminium, cedar, paper and composition, in order to settle the question of the best material for building racing shells.

The Toronto Football Club held their initial practice of the season on the old U.C.C. grounds Tuesday afternoon, over 20 players turning out. As the club will probably enter a team in the intermediate as well as the senior series, and has convenient dressing rooms, etc., a large attendance is requested at practice each Tuesday and Thursday afternoon at 5 o'clock.

DON'T BE FOOLED by the dealer who brings out something else, that pays him better, and says that it is "just as good." Doctor Pierce's Golden Medical Discovery is *guaranteed*. If it don't benefit or cure, in every case, you have your money back. No other medicine of its kind is so certain and effective that it can be sold so. Is any other likely to be "just as good"?

As a blood-cleanser, flesh-builder, and strength-restorer, nothing can equal the "Discovery." It's not like the sarsaparillas, or ordinary "spring medicines." At all seasons, and in all cases, it purifies, invigorates, and builds up the whole system. For every blood-taint and disorder, from a common blotch or eruption, to the worst scrofula, it is a perfect, permanent, *guaranteed* remedy.

A TORONTONIAN IN GOTHAM.

He Says "We Compare Favorably With the Metropolis in Many Things—Ahead in Others."

[From a New York Correspondent.]

"New York is a wonderful city," said a Toronto man standing on the steps of the Hoffman House the other day. "The endless mass of humanity that like a living stream flow through your streets day and night takes one's breath away. But don't think that because Toronto is comparatively a small place there is nothing in it of which a citizen may feel proud. Yes sir! there are many things which places Toronto in the first rank as an intellectual, moral and progressive city. Her educational institutions are second to none; her streets and pavements are rapidly improving and soon she will be the best paved city in the world. Substantial residences, with charmingly picturesque grounds, clean streets, pure water, and perfect drainage make Toronto a most desirable place to live in. But it is her

Perfect Street Railway

that is her crowning glory. This stamps Toronto as the city unique, as the city determined to go ahead at any cost. You have in New York a most convenient system, but I notice your surface roads will take up a passenger anywhere. This must be very annoying to those already in the car. Now, we are not as backward in Toronto. Why, our street railway has removed several streets intersecting Yonge-street a whole block back from the street facilities, and this enables them to make time. "How they fly! Oh, it is grand to stand on a street corner waiting for one and see it sweep by you at lightning speed! Your elevated roads are not to be compared with our time-killing, space-annihilating street railway. True, there are inconveniences accompanying all this. Sometimes a man, who should know better, tries to cross the track when the car is not a hundred yards away. Then a man has a foolish horse that balks. Well, whose fault is it if the horse and driver are killed? That man should have sold his horse, or at least have sense enough to go on a back street.

New York Ahead.

"You do surpass us, though, in the business acumen of your shoe men. Every store here keeps up with the times and has on hand the latest styles. Yet there's one firm in Toronto which, if not superior, is easily the equal of any of them; that is the firm of Guinane Bros., 214 Yonge-street. It is surprising the style that this firm put into their very cheapest grade of goods, and you should see their windows now for new spring styles. Why, they really eclipse anything in their line that I have seen here! As for prices, you can buy the most fashionable and best-manufactured boots and shoes at ridiculous figures. You see this pair of Piccadilly patent leather shoes I have on? Well, I bought them at Guinanes' for $1.25. They would cost $3.00 in any other store in Toronto and $5.00 in New York.

Left Behind.

"But if New York does not want to be left behind and see Toronto pass her take my advice and sell the right of way on your streets to such another company as we have in Toronto; and then if you are VERY CAREFUL you will live to see a train of cars sweep through this crowded thoroughfare at thirty miles an hour."

"She Looketh Well"

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does, but particularly in Canada.

But her ways are not always *old* ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

Cottolene

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no lard to cause poor digestion and a worse complexion.

COTTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it?

For sale everywhere.

Made only by N. K. FAIRBANK & CO., Wellington and Ann Sts., MONTREAL.

Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.
