MERRY MEETING PROBABLE

Council Meets To-night and Will Likely Adjourn for One Month —All City Outdoor Work Stopped To-day—Smallpox Patient Has Entirely Recovered.

Oscar Wentworth Rogers is not going to have a monopoly in the rival telephone business or exclusive privileges before the Finance Committee. There are other representatives of unorganized companies who can talk just as well as the New York lawyer, and one of them is in town. Mr. Robert Neill, a Peterboro' man, accompanied by another promoter, came to town this morning and lost no time in hunting up Ald. Dunn, Chairman of the Finance Committee. They had a long talk on the telephone question, and Mr. Neill promised that he would have a proposition to lay before the Finance Committee at its meeting this afternoon. Ald. Dunn, by the way, has accumulated a good deal of information about the telephone business during the past few months, and he asked Mr. Neill some pretty pointed questions. One was as to whether his company had a charter, and he got the reply that it has not, but he assured the Finance Chairman that there would be no difficulty about getting backing. Asked why the "company" had not bought the Montreal rights that sold at less than a song, Mr. Neill said that could all be explained. What interested the Finance Chairman most was the assurance that "Rogers has nothing to offer the city of Hamilton."

Mr. Neill assured him that the independent companies in the United States are doing well, whereupon Ald. Dunn pulled out a Buffalo paper of yesterday containing a report from Cleveland that the Cuyahoga Company of that city was making an application to be allowed to increase its rates, finding it impossible to do business at the existing rates of $48 and $36. If in a big city like Cleveland an independent company can't make money at $48 and $36 it will puzzle Hamilton people to know how Mr. Rogers' company can do business and pay dividends at $15 and $10 in a city the size of Hamilton.

The importance of to-night's meeting of the City Council will depend upon what the Finance Committee does this afternoon. Reports are ready from the Board of Works, Fire and Water, Markets, Police and Jail, Harbor and Beach and Finance Committees. The most important recommendation in these reports is the one in reference to the laying of a ten-inch water main on Sherman avenue to the Deering Works. Unless the telephone business prevents it the Council will likely adjourn for one month.

On Saturday Dr. Langrill, Medical Health Officer, sent word to Miss Foster's people, Puslinch, that she would be able to leave the isolation camp to-day. The case has been a very severe one, and the faithful sisters of St. Joseph will be glad, indeed, to get away. Both will take a rest, which they are well entitled to.

The rain of to-day put a stop to all outdoor city work.

There is much wonder to-day among people residing on Ashley street, between King William and Nightingale, over the tearing up of a sidewalk on Saturday night. The Board of Works people say they had nothing to do with it.

—The funeral of the late Mr. Henry Hale, took place yesterday afternoon. It was in charge of Court Maple Leaf, A. O. F., and members of that order acted as pall-bearers. Rev. Ralph M. Hunt conducted the religious services.

—Mrs. Sophia Baby died unexpectedly yesterday afternoon at the residence of her daughter, Mrs. H. L. Wilkinson, Herkimer street. She was 73 years of age, and came here from Sarnia five years ago.

—Freeman Jacobs, No. 11 Market street, has been summoned for acting disorderly on the street. P. C. Steward is the complainant.

LATE SPORTING NOTES

Kiel, June 30.—Emperor William steered his American built schooner yacht Meteor across the finish line at 1.30 this morning, two hours behind the Induna, the Empress' yacht, which, in the lightest of airs, between flat calms, passed from the tail end to head of the fleet. The Lasca came in second.

The sailing committee got in at 4 o'clock and its members went to their homes without announcing the results.

"Ben" Parker, skipper of the Meteor, says, "they ought to pull the masts out of the Meteor and put in a motor."

RBENNEN CASE TO BE FOUGHT

In the Police Court by the Defendant

ENLARGED ANOTHER WEEK.

Wilfrid Spence Sent to the Industrial School for Three Years—Norman Mulholland Given Another Chance to do Better—Other Cases This Morning.

When the adjourned case against E. S. Brennen was called in the Police Court this morning Mr. Brennen's solicitor, G. Lynch-Staunton, K. C., asked the Magistrate to adjourn the case again for a week, explained that it had been the final intention to allow a formal commitment to be made at the preliminary hearing at the Police Court but Mr. Brennen and his friends were anxious to have the matter cleared up at once and it had been decided to have the case fully contested before the Magistrate as they were dissatisfied that there was really no ground for a commitment to the assizes. Mr. St. H. Blake, K. C., Toronto, had been retained to plead the case but it would be impossible to appear in the Police Court before next Monday. As City Solicitor Macelcan offered no objections the Magistrate granted the adjournment.

Daniel Cronin was charged with threatening to kill Fred Hoffer, and Dan admitted that he had said "words" about Hoffer, but as for killing him it had never entered his head. Witnesses swore that Dan had threatened to fix Hoffer, and the Magistrate decided that the best thing to do would be to fix Daniel, and he bound him over to keep the peace, in the sum of $50.

A boy named Burgess, who lives at No 329 Ferrie street east, was charged with shooting off a catapult on the street. Mrs. Rogers was the complainant and she said that she had repeatedly warned the Burgess boy about shooting his catapult. The boy's mother explained to the Magistrate that she had burned the offending weapon and punished her boy, and the Magistrate under these circumstances dismissed the case.

Charles Hamburg, No. 334 James street north, and Eddie Murphy, No 265 Stuart street east, were charged with acting disorderly on the street. A window in Sam Lee Hing's laundry had been broken, and it was thought that these boys were responsible. The Chinaman did not put in an appearance to prosecute, and the Magistrate told the boys' parents to take them home and settle the matter themselves.

Norman Mulholland, who was remanded on a charge of larceny, was given one more chance to do better. If he does not show by his actions that he desires to break away from his old associates and go to work, he will be called upon to pay $10 or go to jail for three months.

Wilfrid Spence, the bad boy charged with annoying Mrs. Charlotte Freying, did not succeed in proving that he was away berry picking on the day that Mrs. Frewing claimed that he had annoyed her. The Magistrate thought the best thing to do with Spence, who is an incorrigible truant player, would be to send him to the Industrial School for three years. Detective Coulter took him down later in the morning to St. John's Blantyre School, Toronto.

Levi Cross, a drunken Indian, was fined $1.
