ELEVENTH YEAR. THURSDAY MORNING, NOVEMBER 6, 1890. ONE CENT.

MASSACRE OF CHRISTIANS.

A BUDDHIST FESTIVAL OF DEATH IN CHINA.

Villages Looted, the Buildings Burned and Native Converts to Christianity Placed on a Funeral Pyre—Balfour's Successful Tour in Ireland—Warmly Received at All Points.

SHANGHAI, Nov. 5.—Recently at the close of the celebration of a Buddhist festival in the province of Sze Chuen a number of mobs attacked several Christian villages, burning the buildings and looting their contents. Twenty native converts to Christianity were killed and their bodies thrown into the river.

BALFOUR'S IRISH TOUR.

He Reaches Donegal, Where He Has an Enthusiastic Reception.

DUBLIN, Nov. 5.—Mr. Balfour, Chief Secretary for Ireland, accompanied by Miss Balfour, Colonel Sir J. West Ridgeway, Under Secretary, and Thomas Browning and George Wyndham, private secretaries to the Chief Secretary, left Dublin at 7¾ o'clock this morning on a tour over the routes of the proposed railways in Donegal. The train on which the party was traveling passed Portadown and Strabane without demonstrations of any kind being made. When Mr. Balfour arrived at Donegal a crowd at the station gave him an ovation. Cheers were also given for Messrs. Dillon and O'Brien.

Mr. Balfour received a deputation of Donegal officials, including Father McFadden, the parish priest, and Mr. Pearson, a railway director, with reference to relief employment. From Donegal he drove to Killybegs, being heartily cheered on the way. There the residents held a meeting, the parish priest presiding, and presented an address to Mr. Balfour asking for a deep water pier in connection with the railway. Mr. Balfour thanked the residents for their cordial reception and expressed his sympathy. He feared that distress would be inevitable in some parts of the country, but he hoped that the railway and other works would enable the people to tide over the crisis. Mr. Balfour and party thence proceeded to Carrick.

Electric Light for Naval Uses.

PARIS, Nov. 5.—Great interest is taken in naval circles on the possibilities of the application of electricity to naval uses. The Government proposes to institute a series of lectures for the benefit of naval officers on the theory and use of electricity. These lectures will be given by recognized experts. Particular attention will be paid to the various systems of electric lighting, which four working electricians from each naval port will carefully study under the direction of the Government.

The Queensland Strike Ended.

SYDNEY, N.S.W., Nov. 5.—The marine officers formally announce their withdrawal from the labor bodies and express regret that their loyal support of the unions has caused so much distress.

At Brisbane, Queensland, the Labor Federation has issued a manifesto announcing that the strike is ended and that the men ought to resume work.

Wound ed in the House of His Friends.

LONDON, Nov. 5.—Sir George Errington, formerly Mr. Gladstone's delegate to the Vatican, in a speech to-night censured Mr. Gladstone for condemning the Simmons mission. He assured his hearers that European powers thought there was nothing derogatory in treating with the Pope as a sovereign.

Extending the Caucasian.

ST. PETERSBURG, Nov. 5.—The Viedomosti, referring to the possibility of Asia Minor being the scene of future hostilities between Russia and England, strongly advises the extension of the Caucasian Railway to Kars.

Hurrying to Germany.

BERLIN, Nov. 5.—The Confektionaire, the organ of the woolen trade, says 43 agents of large American textile houses have arrived in German manufacturing towns within a week.

Alas! Poor Finland.

ST. PETERSBURG, Nov. 5.—The Government has appointed a commission to frame a code of laws in harmony with the existing Russian system for use in Finland.

Depopulating Poland.

VIENNA, Nov. 5.—Polish newspapers urge the Galician Diet to take measures to arrest the increasing emigration of Russian Poles to Brazil.

The Queen as Regent.

THE HAGUE, Nov. 5.—It is expected that Queen will take the oath as regent on Nov. 18.

Quebec Legislature.

QUEBEC, Nov. 5.—The Local Legislature was formally opened this afternoon by Lieut.-Governor Angers, who delivered the speech from the throne. The speech published in L'Electeur yesterday regarding the legislation that will be asked for at this session is practically correct. Referring to the intention of the government to asks authority to negotiate a new loan, which is required for the most part for public works which increase the value of the property in this province, and also at the same time its general prosperity, and constitute a permanent investment of a nature to develop our natural resources and wealth, the Lieutenant-Governor said that as it would add to the amount of interest to be paid annually the legislature would be asked to meet this additional expense by raising the price of license for the sale of intoxicating liquors, by levying a special duty on the working of mines and assuring other new revenues necessary for maintaining the equilibrium between the ordinary receipts and expenditure.

Personal.

A. McEwan, London, Eng., is at the Queen's.

Dr. Fitch, Niagara Falls, is at the Walker.

Rev. John B. Edmondson, Alnonte, is at the Walker.

John Kennedy, City Engineer, Montreal, is at the Queen's.

C. T. Thompson, Washington, D.C., is at the Queen's.

John MacLellan and wife, Melbourne, Australia, are at the Walker.

Rev. N. L. Walker and Norman Walker, M.D., Scotland, are at the Queen's.

E. J. Walsh, W. Hart, John Bell of Antigua, V. Davies, H. Benham of Jamaica, W.I., are at the Rossin.

A. J. Ashton of New York, one of the largest manufacturers in the United States, is at the Queen's.

One of the ablest and most successful of Toronto's real estate investors, after expressing his confidence in Toronto's future, speaks thus: "Mimico is good on its own merits. The city naturally grows westward, and after Park lands the first thing is Mimico. Its location is good, and even without a factory scheme its property near stations is good. We therefore predict that with 10 immense manufactories in full operation its progress will be so rapid that it will be a surprise to the majority of people. Never has you don't miss the chance offered in our $200 lots in monthly instalments of $5 and interest." McCuaig & Mainwaring, 18 Victoria-street.

The last official Government report, giving full particulars of all the life companies for the past year, shows that the North American Life Assurance Company of this city at the end of last year was in an excellent position, having $242 of assets for every $100 of liability to policyholders. 246

We ask you to use your own judgment in buying their location carefully, and we are confident you will say the lots we are offering in Mimico today at $200 in monthly payments of $5 per month and interest surpass any values offered. You should call at once. McCuaig & Mainwaring, 18 Victoria.

THE YOUNG BIRDS COOED,

And the Old One Blinked—Married in Toronto.

ORILLIA, Nov. 5.—John Crossett, night operator at the station here two years ago, has been holding a clandestine correspondence since with Mary McLean, the 18-year-old niece of Mrs. Mackenzie, where he boarded. Mrs. Mackenzie came into possession of one of the letters and there was a row. Crossett and his ladylove, however, arranged an elopement, which was consummated this morning, when Crossett came up on the midnight train and Miss McLean joined him in time to proceed south on the 5.50 train this morning. They were to be married in Toronto and then proceed to his home at Cheeseville, Nova Scotia, where he is agent of the C.P.R.

THE MEDICAL HEALTH OFFICER.

Dr. Peter H. Bryce to Succeed Dr. Cameron on the Sub-Committee.

The sub-committee of the Local Board of Health appointed to take up the question of a Medical Health Officer in the place of Dr. Canniff met yesterday afternoon. Mayor Clarke was in the chair, the others present being Ald. Lucas and Gibbs. The Mayor stated the meeting had been called to consider a communication received the day previous. In answer to Ald. Lucas the Mayor remarked: "When the medical experts send in their report the public will be able to judge whether they are partisans, as has been charged."

Dr. I. H. Cameron's letter of resignation was read, as also one from the experts who have accepted the duty of examining candidates, containing the following resolutions:

"Moved by Dr. Sheard, seconded by Dr. Ogden Jones:

"That we respectfully suggest to the sub-committee of the Local Board of Health that the position in this medical committee which was declined by the gentleman who has been invited to take his place be filled, and submit for the same the name of Dr. Peter H. Bryce, secretary of the Provincial Board of Health.

"Moved by Dr. Nesbitt, seconded by Dr. Sheard:

"That the sub-committee of the Local Board of Health be asked for an appropriation of $50 for expenses in connection with the examination of candidates for position of medical officer.

"I am further directed," wrote Dr. Ogden Jones, the chairman, "by the Medical Committee to acknowledge the action of the sub-committee of the Local Board of Health in granting permission to this committee to avail themselves of the services of Professor Pike."

The sub-committee adopted all the clauses, the Mayor closing the proceedings with the statement: "The public can rest assured that the examination will be as thorough as it is possible to make it."

The Local Board itself met an hour later. There were present, Mayor Clarke (in the chair), Ald. McMillan, George Verral, Globe and Lucas. There was the greatest difficulty experienced in securing a quorum. Ald. Saul, Graham and Carlyle (St. Ald.) are out of town and Ald. Ritchie, who of all others ought to have been on hand, was incapacitated from being present, suffering from his old "complaint." Ald. George Verral was elected chairman pro tem. to take Ald. Ritchie's place. This was rendered necessary as a number of accounts were awaiting payment and there was no one to sign the vouchers. The sub-committee's report was adopted without amendment.

The East End's Favorite.

A large deputation of St. Matthew's ward citizens waited on Ald. G. S. Macdonald, J. K. Leslie and Peter Macdonald last night on the subject of appointing a medical health officer for the city. The deputation, numbering over 100, advocated the candidature of Dr. Allen. Ald. G. S. Macdonald and Leslie stated that they would not promise to support any particular candidate. Ald. P. Macdonald said he had pledged himself to support Dr. Fyne. Ald. Leslie and G. S. Macdonald, although not pledged, are likely to support Dr. Allen for the position.

THE COMPANY'S LARGESS.

The Big Fees Which the Directors Received—The Fat Dividends.

The cross-examination of Accountant Cross by Mr. S. H. Blake elicited some interesting information yesterday in connection with the Street Railway arbitration. The net profits of the company during the past seven years were given as follows:

1884	$ 100,959 54
1885	124,588 99
1886	137,117 13
1887	171,592 80
1888	179,151 03
1889	201,071 28
1890	242,983 43
Total	$1,159,404 89

In 1890 the track account was $612,031. In 1883 it was $401,000. Witness had written nothing from the capital account. The rolling stock account is now $300,000. A certain portion of working expenses should have been charged to this account. Mr. Gunn's statement of gross receipts in 1879 was $44,326 in excess of the real amount.

Witness further stated that it is usual to charge directors' fees and salaries against the revenue account, but this had not been done. He gave information on the amount of salaries, directors' fees and dividends. In 1882 the salaries and dividends amounted to $34,150, the directors' fees to $5,350, in 1884 the salaries and directors' fees were $24,300; since 1887 the directors' fees have been $12,000 a year.

Statement showing the amounts drawn in directors' fees, salaries and dividends since 1879, and which have not been charged against the profits:

Amount drawn for directors' fees and directors' salaries since 1879	$ 136,026 70
Amount drawn for dividend on stock	154,687 30
Dividends on debentures	216,000 00
Total	506,714 00
Debentures	600,000 00
	1,106,714 00
Capital stock	200,000 00
	$1,306,714 00

A mass of other information of the same tenor was given, after which Mr. McCarthy re-examined the accountant at considerable length.

PRIZE DAY AT OLD U.C.C.

Those Who Won Coveted Awards—Distinguished Men Tell Reminiscences.

Yesterday was a notable day at Upper Canada, the annual prize distribution took places probably for the last time, in the old hall. Many old boys returned for a day full of years and honors to the school of their youth, and a number of happy and feeling speeches were delivered. Chief among them was Dr. Henry Scadding, the first head boy. Other gentlemen present were Hon. G. W. Ross, Sir Daniel Wilson, Mr. G. R. R. Cockburn, M.P., ex-principal, the Bishop of Toronto, Dr. J. H. Richardson, Hon. G. W. Allan, Hon. J. B. Robinson, Prof. Goldwin Smith, Dr. Bergin, M.P., Rev. D. J. Macdonnell, Rev. Dr. Sutherland, Rev. Lang Hooker, Dr. Larratt Smith, W. B. McMurrich, Dr. J. J. Maclaren, Col. S. C. Wood and Col. G. T. Denison.

The Governor-General's medal, C. A. Moss.

The classical prize, C. A. Moss.

The mathematical prize, C. A. Moss.

The modern language prize, W. M. Lash.

The J. Ross Robertson prizes: Form VI., C. A. Moss; V., J. D. Bryant; IV. a, R. Franchot; IV. b, W. Edgar; U.M., J. H. L. Patterson; III. a, R. Storey; III. b, B. E. Sandwell; L.M., F. G. Leslie; II. c, F. J. McLennan; II. a, G. B. Brown; I. a, J. G. Muir; I. b, J. S. Macdonnell.

English prose composition prize, H. S. Buck.

The Howland prize (presented by Mr. W. H. Howland), H. A. Bruce.

The J. Herbert Mason gold medal, Henry Percival Biggar.

The J. Herbert Mason silver medal, Edward P. Clark.

The Mayor's prize, C. A. Moss.

The College exhibitions: Form V., classical, C. H. Hilliar; mathematical, J. L. Bryant; modern languages, T. H. Hilliar; general proficiency, C. H. Hilliar. IV., classical, R. W. White; mathematical, R. Fasquhar; modern languages, W. W. Edgar; general proficiency, W. W. Edgar; science, J. H. L. Patterson.

Gymnastic prizes, open to all the college, J. R. Fulton; under 16 years of age, W. E. Wilson, J. Macdonnell.

Year prizes—Form M.C., E. C. P. Clark; V., T. H. Hilliar; IV. a, R. Franchot; IV. b, A. W. W. Edgar; U.M., J. H. L. Patterson; L.M., F. E. Miller; III. a, E. C. Pearman; III. b, B. K. Sandwell; II. c, W. C. Gurney; II. a, G. B. Brown; II. b, A. J. G. Muir; I., J. S. Macdonnell.

Examination Prizes—Form VI.—Classics and Mathematics, C. A. Moss; Modern Languages, W. M. Lash. V.—Classics and Modern Languages, T. H. Hilliar; Mathematics, J. L. Bryant. IV. a—Classics, G. H. Kirkpatrick; Mathematics, R. Franchot; Modern Languages, A. C. Hardy. IV. b—Classics, R. W. White; Mathematics, J. H. Mullin; Modern Languages, W. W. Edgar. U. M.—Science, Mathematics and Modern Languages, J. H. L. Patterson. III. a—Classics and Modern Languages, E. C. Pearman; Mathematics, D. S. Storey. III. b—Classics, Mathematics and Modern Languages, F. J. McLennan. II. a—Classics, George Hastings; Mathematics, G. B. Brown; Modern Languages, C. M. Beck. II. b—Classics and Modern Languages, J. G. Muir; Mathematics, F. W. McLennan. I.—Classics, Mathematics and Modern Languages, J. S. Macdonnell.

There are a number of varieties of corns. Holloway's Corn Cure will removeany of them. Call on your druggist and get a bottle at once

A SANITORIUM FOR TORONTO.

A JOINT STOCK COMPANY WITH A CAPITAL OF $50,000.

The Site Selected is Deer Park—Work Will Commence at Once—For the Sufferers of Narcomania or Alcohol, Opium and Narcotics—Directors and Officers Elected.

The need has been keenly felt by many of the citizens for the establishment of an institution for the special treatment of dipsomaniacs. About a year ago a charter was obtained from the Ontario Government and a joint stock company was formed for the erection of a sanitorium for subjects of narcomania or persons suffering from the terrible enslavement of alcohol, opium, morphia, cocaine, chloral and kindred narcotics.

An eligible site has been secured at Deer Park, in the former residence of Mr. George Hague, manager of the Merchants' Bank. It is in a healthy picturesque situation midway between Yonge-street and Avenue-road. It is only three minutes' walk from the electric railway and the new Upper Canada College. Mr. G. W. Storm has prepared suitable plans. The building will be thoroughly renovated and enlarged. The grounds are three acres in extent and well wooded.

The capital of the company is $50,000, and sufficient has already been subscribed to insure the permanent success of the undertaking. There will be all the comforts of a home, with the best medical attendance. Work will commence at once and the sanitorium be ready for the admission of patients in a short time.

The board of directors for 1890 consists of Ald. Gillespie, B. Homer Dixon, Hon. Charles Drury, Hon. S. H. Blake, W. H. Hoyles, Henry O'Brien, W. G. Storm, C.E., Stapleton Caldecott, R. Kilgour, D. W. Alexander, T. J. Wilkie, J. A. Carlaw, C. S. Elliot, M.D., George Hague, Kingston; George Foster, Brantford.

The first officers will be: President, Ald. Gillespie; 1st vice-president, B. Homer Dixon; 2nd vice-president, Hon. Charles Drury; secretary, C. Schomberg Elliot; treasurer, J. A. Carlaw; solicitor, J. H. O'Brien, Q.C.; R. E. T. Jenkins; architect, W. G. Storm; executive committee, Messrs. Gillespie, O'Brien, Storm, Wilkie, Carlaw, Alexander, Elliot; medical supt., Dr. C. Schomberg Elliot.

Similar institutions to the Toronto Sanitorium abound in the States and are highly successful socially, morally, physically and commercially.

MUSIC AND THE DRAMA.

There Will be Crowded Houses at the Places of Amusement To-day.

Manager William J. Gilmore, who is the sole proprietor of the "Sea King," announces that the forthcoming production of that opera at the Academy of Music next Monday night will be in all respects the finest presentation of light opera ever made in this country. The scenery for the three acts has been selected from designs submitted in competition by all the most celebrated scenic artists, and is not only original in design but of rare beauty, both by reason of artistic treatment and by the use of such pigments as alone can procure properly toned pictorial effects. The story of the opera is both entertaining and interesting, being romantic and legendary and with a well defined plot, the complications of which make it distinctly humorous. The production will be under the musical direction of Richard Stahl, the composer of the opera. The production of the "Sea King" will be a notable event of the dramatic and musical season.

The sale of seats for this entertainment opens this morning at the Academy of Music box office.

The Corinne Special Train.

The special train which will bring to this city the Kimball Opera Comique and Burlesque Company and the peerless Corinne will arrive over the Grand Trunk road from Montreal Sunday morning at 11 o'clock. The wonderful set of coaches, three cars used by the company and two for the scenery and paraphernalia. The Kimball organization is the only company in America today which travels in its own special train.

A Great Treat for Saturday.

"The Dead Heart" has certainly made a great impression on the public of Toronto, and Mr. O'Neill can rest assured that if he ever returns to Toronto he will be warmly welcomed. He has consented to yield to the request of the press and others and will give his famous portrayal of Edmund Dantes in the great production of the "Count of Monte Cristo" at the matinee Saturday and Saturday evening. There will be only three more performances of the great production of "The Dead Heart," and those who have not already seen Mr. O'Neill and his admirable company in this great production should not lose the opportunity. The matinee to-day, the performance to-night and Friday night will be the last chance to see this elaborate production.

For Merrie England.

Among the attractions this evening not the least is the concert given by St. George's Society at the Pavilion. The principal singers of the province will take part and the number of seats that have been taken assures a large attendance. Seats may yet be secured during the day at Louis-street and in the evening at the door. The general admission is only 25 cents, tickets being for sale at the door.

The Opposition Dairy.

We are and will continue selling 20 tickets for $1, spot cash, thus making your milk 5 cents a quart. Regular delivery to all parts of the city. Chapman Symons & Co., 230 and 232 Queen-street east. Telephone 1723.

Pave the Lanes.

The City Engineer has made the following deliverance, addressed to the Mayor, referring to the pavement of lanes, etc.:

"I beg to draw your attention to the fact that there are some 90 miles of lanes and alleyways through the city, only three miles of which are paved, and I think it is desirable that some means should be adopted whereby the drainage and paving of the lanes and alleyways may be carried out, at least in the business and thickly peopled portions of the city, could be carried out either on the initiative or some compulsory plan. My own opinion is that much sickness and disease arise from the filthy condition of these lanes and alleyways, and it is quite time that some steps were taken towards placing them in a sanitary condition."

Jottings About Town.

The monthly meeting of the McAll auxiliary will be held to-day in the parlor of the Y.M.C.A. at 4 p.m.

A successful concert and social was held in Murr's Hall last night by the employes of the Canadian Pacific Railway Company.

Judge Macdougall yesterday sentenced William Beasley to a month's imprisonment for the theft of 25 from the store of J. J. Ayling, Woodbridge.

Mr. Milner, J.P., has committed Charles Ayres for trial charged with stealing a gold watch and $1.80 from William Stiver, village constable at Unionville.

The great Oak Hall clothing store is now doing a rushing business in overcoats. Call and see the new season's goods, they are perfect in style and cheap in price.

For the Royal Grenadiers' assembly to-morrow evening at Harry Webb's the guests will enter the assembly rooms by the Yonge-street door. Carriages may be ordered for 1¼ a.m.

In publishing Dr. Richardson's theory of the Bemwell murder the other day The World made the Doctor say "there was evidence of a bruise on the inside of the skull," it should have been "on the inside of the scalp."

Dr. W. T. Aikins, dean of the Medical Faculty, and Dr. Adam Wright, secretary, were among those who paid their tribute to the memory of the late Vicar-General Vincent by attending his funeral.

Two boys, John Locke and George Knox, were yesterday committed to the reformatory for two years for breaking into the house of John Hutchison in Gilder-leave-avenue and committing thefts therein.

St. Matthew's Church held its annual harvest thanksgiving service last night. Rev. A. H. Baldwin, rector of All Saints', preached an eloquent sermon. There was also special music. The attendance was large.

The regular meeting of Beaver L.O.L. No. 911 was held in Prospect Park Hall last night, J. J. Kennedy, W.M., in the chair. During the evening refreshments were served, and a concert was given in which the following took parts: Messrs. Dudley and Foote on the violin and cornet, Mr. Flint on the organ, Messrs. Bell, Reddock and others, songs and recitations. Five applications for membership were received.

There was an interesting little ceremony at the Walker House last night. Mr. John Grimes, the courteous and efficient clerk, who has won troops of friends during the two years he has filled his onerous post, was presented with a well-filled purse of gold on the occasion of his approaching marriage. Manager Wright, at the request of the guests and subscribers, made the presentation. Mr. Flint was there the encomiums pronounced and good wishes expressed for Mr. Grimes.

COMPARED HIM TO JUDAS.

A Lindsay Doctor Mulct in Heavy Damages for Libel.

LINDSAY, Nov. 5.—The case of McMurchy against Dr. Clark of this town, for libel published in The Victoria Warder over the sobriquet of "Swipes," occupied the Assize Court nearly all day. The accusations made against the plaintiff were of a very strong character, such for example as, "he was kicked out from being a school teacher because of drunkenness and taking liberties with young girls that confiding parents had placed under his care; that he was ready to insult his father and betray his friends for a mere pittance; that he was worse than the arch-traitor Judas, who betrayed our Lord—Judas, becoming sensible of the wrong he had done, made away with himself, but the plaintiff had not the courage to commit suicide."

The jury returned a verdict for plaintiff, and assessed damages at $5500.

OF GLORIOUS INKERMAN.

How the Veterans Celebrated the Anniversary of the Fateful Day—Patriotic Banquet and Speeches.

The third annual dinner of Her Majesty's Imperial Army and Navy Veterans was held in the Albion last evening. The dinner celebrated the 35th anniversary of the battle of Inkerman, besides giving the veterans in the city an opportunity of meeting together again and talking over old times. The chairman, Mr. John Nunn, had on his right Major Vidal and Lieut.-Col. G. T. Denison and on his left Ald. Frankland and Commander Law. There were about 150 other guests, among whom were Ald. Hill, Ald. Graham, Ald. Michael Davis, Warring Kennedy, Nicholas Murray, Ald. Hill, Ald. Graham, D. McConnell, D. Plews, John Ridout, Capt. Kemp, Major Delamere, James Hales, Major Gillmor, Major Lee, Major Bennett.

Letters were read from the Governor-General, Sir Alexander Campbell, Sir John Macdonald, Lt.-Col. F. C. Denison, M.P., H. K. Cockin, Rev. Canon Scott, Mr. Justice Street, Attorney-General Mowat and Mayor Clarke.

Lord Stanley's regret read:

OTTAWA, Oct. 20, 1890.

SIR,—I am directed by His Excellency the Governor-General to express his regret at being unable to avail himself of the invitation to the banquet to be given by the Army and Navy Veterans Society in commemoration of the anniversary of the battle of Inkerman.

His Excellency also instructs me to express his regret that his engagements elsewhere are such as to prevent him from having the pleasure of availing himself of the opportunity of meeting the members of your society.

I am, sir, your obedient servant,

CHARLES COLVILLE,
Major,
Governor-General's Secretary.

The toasts were "The Queen," "The Prince and Princess of Wales and members of the Royal Family," "The Governor-General and the Lieutenant-Governor of Ontario," "The Dominion Parliament and the Legislative Assembly," "The Army, Navy and Auxiliary Forces," replied to by Major Vidal, Commander Law, Capt. Symons and Lt.-Col. Hamilton; "The Mayor and Corporation," response from Ald. Frankland; "Her Majesty's Imperial Army and Navy Veterans," proposed by Warring Kennedy and replied to by Major Bennett; "Imperial Federation," response from Lt.-Col. G. T. Denison, "The Press" and "The Ladies."

HIS ERROR COST HIS LIFE.

Engineer Kyle of West Toronto Junction Killed Near Owen Sound.

OWEN SOUND, Nov. 5.—A collision occurred early this morning on the C.P.R. near this place which resulted in one death and serious injury to two others. There is a heavy grade between Owen Sound and Flesherton, and it is customary to send out a "wild-cat" engine to assist freight trains at this point. After aiding a train it light engine in charge of Engineer James Kyle and Fireman Smith was returning to Owen Sound and in coming down the grade near Chatsworth met the passenger train which left Owen Sound at 5¾ a.m. A collision was inevitable, and Engineer Weeks of the express, together with his fireman, jumped from their engine and escaped injury. Engineer Kyle was instantly killed. When removed from the wreck he was found standing erect in his usual position when on duty, with his hand on the throttle and his lamp by his side. Stephen Smith, fireman, and John Harrison, brakeman of the wrecked engine, received severe injuries, which are not likely to prove fatal. The passengers on the express train all escaped uninjured.

The train was due in Toronto at 10.55, but did not arrive until 2½ this afternoon. When the railway authorities received word of the accident Assistant Master Mechanic G. Preston left at once on a special to get the road in shape again. The body of Kyle was brought to the city last evening. He resided in West Toronto Junction and leaves a wife and one child. He was connected with the Toronto, Grey & Bruce before the C.P.R. took hold of the road, and was looked upon as a reliable engineer. The error is said to be entirely his fault, as he had no orders to be on the line in the passenger train's time. It was thought that his watch was out of order and he expected to get into Owen Sound before the passenger left.

SEVERAL PASSENGERS KILLED

By a Collision on the New York & Western Railway.

SCRANTON, Pa., Nov. 5.—On the N. Y. O. & W. Railway to-night, between Carbondale and Mayfield, an engine while trying to make a switch crashed into a passenger train going in an opposite direction. The engineers and firemen escaped by jumping. Charles Finnigan of Carboondale, a man named Burke of Jermyn and an unknown man were killed. They were passengers. Several other passengers were painfully hurt.

Furs at Dineen's.

Ladies are beginning to realize the serious fact that seal garments will never again be as low priced as now, and a very conclusive proof that ladies are pleased with the high quality, perfect fit and style and our present extremely low prices for Alaska seal mantles, jackets and capes as is shown in the number of daily sales at our establishment. We direct attention here to the new evening wrap, a Russian circular, lined with fur and covered with brocade wool materials in plain and bright colors, a most convenient garment, so easily put on and removed, so desirable for a walk, ride or drive when there is no time for dressing, and so appropriate and comfortable for evening wear to the theatre, opera or reception. Prices, $12.50, $15, $20 and $25.

Sudden Death in London.

LONDON, Nov. 5.—One of the most sudden deaths which has startled the citizens of London for some time occurred this morning when Mr. Henry Dawson Long, one of the city's best-known residents, was called away. After partaking of breakfast he repaired to the office of the London Soap Works, of which he was the manager and part proprietor. He had not been in the office long before he felt a severe pain in the region of his heart and in a few minutes was dead. The doctors attribute death to an affection of the heart. The deceased was 62 years of age, having been born in county Tipperary, Ireland, in 1828, and came to London in 1849.

W. R. Brock & Co.

Messrs. W. R. Brock & Co. announce through the columns of The World that they have taken advantage of the late depression consequent upon the over-production of domestic cotton goods and are enabled to offer to the drygoods merchants of Ontario great inducements in cottons, shirtings, denims, tickings, flannels, etc. Brock & Co. want the trade of independent merchants. They keep no "supply accounts." The travelers of the firm are now on the road with full lines of samples.

Adams' Tutti Frutti Gum purifies the breath and aids digestion

HOIST BY HIS OWN PETARD.

McKINLEY'S ROD WHIPS THE BACK OF THE MEN WHO CUT IT.

Little Mac Defeated in Ohio—Democracy Yells With Satisfaction Over its Signal Triumph—Democrats Make Congressional Gains in all Parts of the Country—Tammany's Victory in New York.

NEW YORK, Nov. 5.—The McKinley bill has been tried in the balance of popular common sense and found wanting. Democratic Congressmen have been elected by large majorities in the old Republican strongholds—in New England, the Middle States and the great West. Elections were held yesterday in 39 states, and the Democrats have swept the country. They will have fully 70 majority in the next House. They have elected the legislatures of Illinois and New Hampshire, which insures Democratic successors to Senators Farwell and Blair. Some of the largest gains were made in New England—Connecticut, Massachusetts and Rhode Island doing nobly.

The election in this city resulted in a sweeping victory for Tammany Hall. The People's Municipal League and its allies, the County Democracy and the Republicans were utterly routed. Grant was elected mayor by about 22,000 majority and the whole Tammany ticket was returned—not a chieftain wounded, not a private in the rear rank or any other rank slain or unaccounted for.

In New York State there are 20 Democrats and 14 Republicans elected to Congress.

The Democrats have made a clean sweep in New Jersey, and will have decreased majorities in both houses of the Legislature.

Boyd (Democratic) is elected Governor of Nebraska.

The Democrats swept West Virginia.

In Minnesota the vote is close, but the Democrats claim the state.

Winan, Democrat, is elected Governor of Michigan by a small majority. The Democrats have also elected the congressmen and make a clean sweep of the legislature in this state.

The State Democratic ticket is elected in Ohio by 1000 majority.

William E. Russell, Democrat, of Cambridge, is Governor-elect of Massachusetts. He is only 33 years old, and has been the Democratic nominee three successive years. A Democrat by inheritance as well as from conviction, he will be the third member of that party to break the Republican succession to the chief magistracy during 30 years. His Democratic predecessors in the office were William Gaston in 1876 and Benjamin F. Butler in 1883.

The latest indications are that the Democrats have elected their entire state ticket, with the possible exception of the Lieutenant-Governor. Their plurality in the state is estimated at 10,000. This sweeping victory is entirely due to the tariff issue.

Governor Morrison, Republican, is re-elected in Minnesota by a greatly reduced plurality.

Peck, Democrat, is elected Governor of Wisconsin by 35,000 plurality and the Democrats have 6 of the 9 congressmen.

The Illinois general assembly is still in doubt.

Returns indicate the election of Willets (Farmers' Alliance) in Kansas.

The Democrats carried New Mexico for the first time in 35 years.

Pattison's majority for Governor in Pennsylvania State is 5000. Delameter is thus salted effectually.

Missouri is solidly Democratic, as usual.

Returns from one-third of Iowa show Democratic gains sufficient, if continued, to wipe out the Republican majority of two years ago and give a small Democratic majority. The Congressional delegation will stand 8 Democrats, 5 Republicans.

Latest returns from Allwaukee indicate a plurality of 20,000 and upwards for George W. Peck for governor. The Democrats elect a majority of the assemblymen and the state senate. In the lower house they will have a majority of 30 or over, and in the senate a majority of 2. They elect 7 out of 9 congressmen, and in the counties in Montana heard from save two, and allowing the Republicans the same majorities they had last year, Dixon (Dem.) is elected to Congress by 450.

The Democrats elect 12 out of the 20 Congressmen from Illinois.

Arkansas has restored a solid Democratic delegation.

The Congressional delegation from Kansas stands as follows: Democrats 1, Republicans 1, The other 5 are Farmers' Alliance.

Complete returns from the whole state of Delaware give Reynolds, Democrat, candidate for governor, and Democrat to elect a Democratic Congressman. The next legislature will stand: Senate—Democrats 5, Republicans 4. House—Democrats 14, Republicans 7. There is no United States senator to be elected. The prohibitionists polled about 150 votes in the entire state.

The returns so far to hand from Colorado, indicate the head of the Republican ticket (Routt for Governor) will have a plurality of 1750.

Warwick will have 391 majority over McKinley, and is certainly elected.

McKinley's Defeat.

CANTON, Ohio, Nov. 5.—The Democrats have elected 14 Congressmen, a gain of 9, and there is no doubt of McKinley's defeat.

The largest vote ever polled was cast. Both Republicans and Democrats were out bright and early, and by noon fully four-fifths of the vote was polled. The Republican ticket was cut to pieces, and the Democrats have a majority in the new assembly. The Democrats will have the governor, lieutenant-governor, secretary of state, auditor, treasurer, attorney-general, school commissioner, and three of the five members of the board of public works. The Democrats will have at least 59 members in the house, and the balance are still in doubt.

New York has gone strongly Democratic. There is a heavy Democratic gain in assemblymen. There is a clear Democratic gain of five congressmen, so that the state, which is at present represented in the House by 19 Republicans and 15 Democrats, will have the representation of 14 Republicans and 20 Democrats in the Fifty-second Congress. This is New York State's response to the McKinley tariff.

WHAT THE SYNDICATE WILL DO.

The East End Property Owners' Association and Ashbridge's Bay.

The East End Property Owners' Association discussed at some length Beavis & Co.'s, City Engineer Jennings' and the Imperial Trust Company's schemes for the reclamation of Ashbridge's Bay, last night. Ex-Ald. James Mitchell presided, there being present besides Secretary Nelson J. Mills, N. G. Bigelow, Q.C., Street Commissioner Jones, Elgin Schoff, Ald. P. Macdonald, Edward Blong, ex-Ald. W. J. Smith, Edward Bradshaw, a score of others and Mr. Beavis and Civil Engineer Sedway. The three several reports were read, and Mr. Redway was called upon to answer the proposal of the City Engineer.

Mr. Redway said that any thinking man could see that Beavis' proposition was far ahead of any of the others. The Jennings plan simply arranged for the improvement of the north shore and went no further. The parties behind him would be only too happy to let the city do this part of the work, and leave the south part for them, because that was what they were after. It might be a little premature, but he did not see it would make much differe ce, as it would be all known in a few days. The people behind Beavis & Co., if the scheme was carried through, proposed to make the land recovered the centre of the iron industry of Canada. It was intended to erect immense rolling mills and smelting works, where Canadian iron ore could be manufactured for export to the world.

At present there was $4 a ton duty on imported iron and $1 a ton bonus on the article when manufactured in Canada. He knew that certain parties in Toronto interested in the manufacture of iron proposed moving on the Dominion Government to get the bonus raised to $6.50 a ton. Further he would state that yesterday he had been instructed to draw up the plans for the rolling mills, which will cover an area of 135 acres alone.

Commissioner Jones said if he followed his own individual interests he would prefer the Jennings scheme, but believing in the general interest that Beavis & Co.'s was the best he would support it.

Ald. Leslie and G. S. Macdonald arrived about 9 o'clock and explained the position of the matter in the council. Mr. Beavis took exception to Ald. Leslie's action in council in pressing for permissive legislation to enable the work to be done as a local improvement if necessary. Ald. Leslie described himself stoutly, and proved to the satisfaction of the meeting that no other course was open to him.

After considerable discussion the association renewed its fealty to Beavis & Co.'s proposal, pledging itself to further its adoption by every means in its power.

BIRTHS.

PEARSON—Nov. 5, at 11 Selby-street, the wife of C. A. Pearson of a daughter.

UNCLE SAM: "Oh, I begin to feel the evil effects already."

MISS CANADA: "You will feel worse after it begins to work. It will close foreign markets to you and open them to me. It will estrange my people from you and draw them closer to our mother—England. It will decrease your shipping and increase mine."—Grip.

TO-DAY'S SHAM FIGHT.

Arrangements All Complete—Final Orders to the Boys in Green—Review in High Park.

The secret is being well kept as to the locale of the sham fight to-day. The Grenadiers will parade at the armory at 8¼ this morning and take train at the City Hall Station. The Queen's Own Rifles will muster at the guns in the Queen's Park at 8 o'clock. After the mimic warfare the regiments will return to High Park, where the review and march past will take place. The 7 o'clock is the hour fixed for the march past the saluting post.

Although there is so much reticence as to the day's proceedings it is generally agreed that the Queen's Own will be the defending party and will be prepared to receive, if not repulse, the attack of the Brown Bess men, who will be reinforced by the 13th Battalion from Hamilton. The latter regiment will parade in the Ambitious City at 7¼ a.m. and will come eastwards on the Grand Trunk. A company of the 77th Regiment will accompany the 13th Battalion.

The 10th district of Lundy's Lane and Munro will probably be lively with the military maneuvres.

In the evening the regiments will gather at the Drill Shed after the day's work. The Queen's Own Officers' quarters will be at Harry Webb's. The Boys in Green had a full muster at the Drill Shed last night. Nearly all answered to the roll call.

These orders were read out:

No. 2 Co.—To be serge
