LAWRENCETOWN.

Services for Sunday April 6th, Baptist 11 a. m., Rev. Archibald; Episcopal 3 p. m., Rev. Amor.

Mayflowers are in style at present.

Some of our sportsmen are talking of going fishing soon.

Dr. J. B. Hall spent Easter here.

Mrs. E. C. Foster is improving in health.

We have seen some fine views of the river and bridge taken after the freshet, by L. E. Brown.

Several of our school teachers spent the Easter holidays at home here.

Bicycles are now seen on our streets daily.

Most of our native birds have returned and it makes one think that spring is near.

The expansion Tree Protector sold by S. C. Hall is being taken hold of by the farmers generally.

The temperance lecture in the hall last Saturday was well attended.

Good Friday was observed here, services being held in two churches.

Miss Jodrey and Miss Capstick of Mahone Bay visited here last week.

Our street lamps are again being used. We need them these dark nights.

F. E. Wheelock has been spending a few days at home.

We are sorry to see that the Bridgetown Cheese & Butter Co. has been compelled to go out of business. We need all these factories in our county and it hurts all to have one and another drop out. The factory here never had such a bright prospect as this spring.

We will have two well equipped and furnished livery stables here this summer. Judging by past experience we should have a good business this coming season.

L. P. Schaffner and family of Middleton spent Sunday here.

Miss Bessie Newcombe is much improved in health.

Mrs. W. E. Jefferson of Annapolis is the guest of S. T. Jefferson.

A diver from Halifax has been here for a few days repairing a break in our water main in the bed of the river. He and his assistant arrived here Friday and finished the job on Monday. A large number of our citizens gathered on the river banks to see the operations. It was a great sight for some who had never seen a diver before. We now have the pipe in good repair and working order. For a few days we learned what it meant to be without a cup of drinking water.

Mr. W. A. Kinney of Bridgetown and his crew of men, who have been working at the wrecked bridge across the river have worked under difficulties but at time of writing have erected a new wooden pier and have raised the bridge up several feet and it will be passable when our readers see this.

The special meetings are being continued this week. Services daily at 3.30 p. m. in the Baptist vestry and at 7.30 in the Methodist church. The services are largely attended and several have signified their desire for a change of life.

CENTRAL CLARENCE.

Miss Susie Leonard of Acadia Seminary spent the Easter holidays at home.

Mrs. Clem has been suddenly called home by sickness among friends.

Mrs. William Abbott of Port Williams, Kings county, spent the Easter holidays with her brother, Mr. T. E. Smith and family.

Mr. and Mrs. L. F. A. Doering entertained their niece, Miss Amy Armstrong, at a large party of young people on the 26th.

Mr. Vernon Balcom returned last week from the south. Mr. C. S. Balcom comes this week.

Mr. James White left on Saturday for a trip to Malden, Mass.

Mr. R. Marshall lost a fine young heifer on Saturday.

Mr. B. R. Fiske has been doing the place up with sawing apparatus during the past week.

Mr. E. K. Leonard killed a fine pig recently which tipped the beam at 255 pounds.

The following are the officers for Glencoe Division, No. 812:—T. E. Smith, W. P.; Mrs. Emma Rumsey, W. A.; Miss Winnifred Messenger, R. S.; C. E. Crisp, A. R. S.; Miss Minnie Chesley, F. S.; S. B. Marshall, Treas.; Mrs. M. C. Marshall, Chap.; Ralph Williams, Con.; Miss Bessie Whitman, A. Con.; Samuel Williams, I. S.; Robt. Leonard, O. S.; Mrs. L. Messenger, Supt. of Y. P. Work.

BELLEISLE.

Mr. Albert Goodwin went to New London, Conn. last Saturday and expects to remain during the summer.

Miss Eliza Wade went to Yarmouth last Thursday to spend Easter Sunday with her sister, Mrs. Alice Clements.

Messrs. Bert and Fred Wade of Bridgetown spent last Sunday with their parents, Mr. and Mrs. Stephen Wade.

Mr. Norman Wade had the misfortune to cut his knee very badly last week while chopping in the woods. Dr. Smith dressed his wound.

Miss Alberta Wade has gone to visit her uncle, Dr. Fred Wade at Port Maitland, Yarmouth Co.

The weather we are having here at present, for this season of the year is almost unprecedented. A fortnight ago every trace of winter was washed away by one of the greatest freshets ever known here. Frogs are singing in the ponds, buds are bursting into foliage and on Monday the mercury stood at summer heat.

The annual Easter meeting in connection with St. Mary's church, was held last Saturday evening in the church. A very satisfactory balance sheet was presented. Mr. Chas. Wade and Mr. Stephen Wade were unanimously re-elected chanel-wardens for the ensuing year, and Mr. Arthur Bustin, secretary.

PORT LORNE.

Services for Sunday April 6th, by Pastor Tingley, Arlington, 10.30 a. m. Port Lorne 2.30 p. m., Hampton 7 p. m.

Mr. Ritchie Elliott, son of Mr. Rufus Elliott of Lawrencetown, occupied the pulpit last Sunday morning in company with our pastor Rev. L. J. Tingley.

There will be a meeting of the church on Thursday, April 3rd, to consider the question of a minister for this church.

Mrs. Joshua Sabean is very ill.

Mr. Elmer Brinton was home over Sunday.

J. P. Foster Esq., who has faithfully performed the duties of Postmaster for a number of years, has been removed. His office went to Mr. Young Anthony yesterday.

Capt. Ned Hall goes to Boston today.

PARADISE.

Service on Sunday the 6th is at 11 a. m.

Mrs. L. C. Marshall entertained her friends on Saturday evening.

Mr. H. W. Longley is W. P. of Regina Division S. of T. this quarter.

Miss Mary Delap and Miss Susie Leonard of Acadia Seminary, Mr. C. E. Morse of Horton Academy, Messrs. Percy and Ritchie Elliott and Harry Morse of Acadia college and Mr Aubrey Durling of the Normal School spent the Easter holidays at their homes.

Mayflowers and snowdrops were in bloom in March. Mrs. C. E. Durling gathered a quantity of dandelion greens in her garden on the 31st.

Mr. Ritchie Elliott conducted services at Port Lorne on Sunday last.

Mr. Stewart Kinley of Horton Academy visited his sister, Mrs. J. S. Longley, during the Easter holidays.

WOLFVILLE.

D. J. Neily spent a part of his Easter holidays at Middleton with his parents. Mr. Neily preached at Annapolis on Sunday.

I. M. Baird spent Easter with the church at Milford and Greywood, visiting friends in Clementsvale on the way.

Mrs. Isaiah Wallace is slowly recovering from her recent attack of sciatica.

Rev. Dr. Chute and family spent the Easter holidays with friends in Annapolis.

The "Acadia" basket-ball team defeated the Halifax Y. M. C. A. team by a score of 33—28.

E. LeRoi Dakin is spending a few days at his home in Centreville, Digby county.

The Wolfville 'Acadian' reports the present Mock Parliament at Acadia as holding some of the most successful meetings of its kind written in the history of the College Athenaeum. The questions of the day are being discussed in a spirited and intelligent manner, and the debating talent of the younger members of the Society is being given opportunity for development. I. M. Baird is Premier and leader of the government forces and W. M. Steele of Amherst leads the opposition.

F. E. Wheelock spent Easter with friends in Lawrencetown.

The inter-collegiate basket ball league leaves the Senior team as the champions, they having won all their games by large margins. Base-ball next in order.

The robins and new spring hats are very much in evidence here just now. The former appear in the same old garb but the latter reveal ingenuity and variety beyond description.

ALBANY.

Miss Anna Saunders is the guest of Mr. and Mrs. Albert Oakes.

Mr. and Mrs. Phineas Whitman spent a few days last week at Prince Albert where they were visiting Mr. Wallace Clark who is quite ill.

Mr. Carmon Wilson was the guest of Mr. and Mrs. A. B. Fairn on Sunday the 23rd.

On account of the recent heavy rain storm the train did not run for three days, All were pleased to hear the sound of the engine again yesterday.

Mr. A. B. Fairn had several men employed last week in driving logs, which he has cut this winter.

March 24th, 1902.

Rev. E. E. Locke delivered two excellent sermons on the 30th ult.

Mr. Illsley of Centreville, Kings Co. is visiting his relatives, Mr. Chas. Whitman and Mr. Wallace Prentice.

George Whitman, who has been spending the past year with Mr. Whitman Ruggles, of Nictaux, visited his parents on Sunday the 30th.

Mr. Guilford Durling passed through this place last week supplying the people with picture frames.

Mr. A. B. Fairn cut his foot quite badly while chopping fire wood last week.

Mr. Eugene Merry has returned from Paradise where he spent the winter.

Mr. Wallace Clark is somewhat improved in health, and is now visiting his sister, Mrs. Phineas Whitman.

Mr. E. J. Whitman of Truro is at home for the Easter holidays.

SPRINGFIELD.

Mr. and Mrs. Jacob Roop and Mrs. Joseph Bent visited friends in the valley during the Easter holidays.

Mrs. Sydney Conrad and baby Marjorie of New Germany are the guests of Mr. and Mrs. John Grimm.

Mr. Clinton Roop of Bridgewater spent Good Friday at his home.

Miss Beatrice Hirtle of Mahone was a guest at J. C. Grimm's during the last week.

Mr. Arthur Hirtle spent Sunday at his home in Mahone.

Mr. J. C. Grimm made a business trip to Annapolis the first of the week.

OBITUARY.

EBENEZER BENT

Again has it become our painful duty to chronicle the death of one of our old and highly respected citizens, Ebenezer Bent Esq., who died at his home here of paralysis of the brain, on Wednesday the 26th ult. He became ill about four o'clock in the afternoon and passed away at eight of the same evening; he was attending to his farm duties when the message came. Mr. Bent was the third son of the late Elias Bent, one of the pioneer farmers of Belleisle and had lived here his entire lifetime. He was twice married, his first wife being Elizabeth, daughter of the late Archibald Morrison of Lower Granville by whom he had five children, two sons and three daughters viz., George M., who resides on the homestead and Elias, deceased, Mrs. Howard Young, Mrs. Charles Withers of Belleisle and Mrs. Wm. I. Troop of Bridgetown. All survive him except one son. His second wife was Jane, daughter of the late Job Wade, and a sister of F.B. Wade, K.C., M.P. He leaves no issue by this marriage. He was seventy-three years of age, having long ago passed the figure that marks man's allotted time here. He was one of the most highly respected gentlemen of our community, a good neighbor, a most loving father and husband. He was for many years a devoted member of the Grandille Centre Baptist church. His interment took place in the Wadeville cemetery, Rev. E. E. Daley officiating.

Com.

CHARLES SKINNER.

(Outlook.)

Deacon Charles Skinner, one of the oldest and most respected residents of Wilmot N. S., died at the home of his daughter, Mrs. G. A. Wotton, March 13th, 1902, in the 85th year of his age.

He was born in Cornwallis N. S. August 31st, 1817. At an early age he professed religion and united with the 2nd Cornwallis Baptist church under the ministry of Rev. William Chipman. He was married March 15 to Miss Eunice A., daughter of Rev. George Dimock of Newport N. S.

His life was characterized by strict integrity and a consistent adherence to the principles of the Gospel of Christ. Deeply interested in missionary, temperance and charitable work, he maintained an exemplary life as a christian. Having moved to Annapolis county he united with the church at Middleton, and was made an honorary deacon during the pastorate of Rev. E. E. Locke. He was constant in his attendance upon the services of the church. The bible was to him the will of God and he was recognized by all who knew him as well versed in scripture knowledge.

Since the death of his beloved wife in 1889, he has made his home with his children and grand-children, who delighted to make his last days most pleasant.

During his declining years his faith in Christ and vision of ultimate rest and glory became stronger and clearer and he frequently spoke of the home land. Death came as he desired. Having retired to rest in his usual health, he was suddenly taken seriously ill. After suffering for about two hours, paralysis came upon him and quietly, without a struggle, he passed to the heavenly rest.

He leaves nine children, nineteen grandchildren and one great grand child, to mourn the loss of a faithful and affectionate father.

The funeral service was conducted by Rev. W. M. Smallman of Nictaux. The interment was made in Pine Grove cemetery, and there the body of a just and good man awaits a glorious resurrection.

W.M.S.

CLOSE OF A REMARKABLE SESSION.

The local legislature closed last Thursday after a session which lasted just six weeks and which was a record one in many respects. Never before were so many bills introduced, and not for a long time were so many given an untimely end. The number introduced was 294 while the largest number ever before introduced was 234.

The fees received from companies seeking incorporation amounted to $9,375, the greatest sum heretofore received from this source being in 1895, when $9,000 was paid in. The number of railway and other companies seeking incorporation was very large. If all the railways thus proposed are built we will have an addition of 600 or 700 to the railway mileage of Nova Scotia.

The volume of statutes this year will be the bulkiest yet.

Perhaps the most interesting discussion to agriculturists, at least in the debate upon agricultural education, followed a resolution moved by Hon. F. A. Laurance, member for Colchester, urging the establishment of a technology rather than an agricultural college as provided for by the act.

Mr. Laurance said that the bulk of the farmers of the province were not asking for a college as is proposed, and showed that all our mines, railways and many industrial undertakings had to go to the United States and Europe to get skilled managers and operators. He also claimed that the Horticultural school at Wolfville was doing but little work.

H. H. Wickwire, member for Kings, warmly defended the agricultural college act, and claimed the government and legislature were now committed to it, and could not go back upon their policy.

Hon. J. W. Longley also defended the proposed college idea as well as the work which the horticultural school was doing.

Mr. Laurance, at the request of the acting leader of the government, withdrew his motion making a strong plea, however, for his contention that the country was not now ready for a thoroughly equipped agricultural college, and showed that the proposal to spend $50,000 upon a college and run it with but two professors would not meet the end the government had in view.

AN EMPIRE BUILDER DEAD.

Cape Town, March 26—Cecil Rhodes died this morning. The immediate cause was two successive attacks of heart failure.

Since Mr. Rhodes took his bed three weeks ago his friends had been most anxious that he should recover sufficiently to be taken back to England. The cottage where he died was a simple seaside cabin, small and close to the railroad. It was ill-fitted to be a sick-chamber, although everything was done to improve the ventilation and make it more comfortable

The body will be taken to Grootschuur, the residence of the deceased, on a special train tomorrow. There it will probably lie in state for a day or two and the public will be allowed to view the remains. It was the wish of Mr. Rhodes to be interred at Matoppo Hills, Rhodesia. He gave instructions to an architect concerning the memorial to be erected there. The place of interment is beneath a natural cairn of giant boulders on a kopje adjoining that on which Major Wilson's little force made its last stand. The memorial to be erected will be a prominent feature of the landscape.

The date of interment is doubtful owing to the necessity of the construction of a special carriage road from Buluwayo. Work will commence at once but its completion will require one month.

London, March 29—The Daily Mail says it is in a position to state that the late Cecil Rhodes left the bulk of his fortune, amounting to $15,000,000 outside of some personal and family bequests, to the promotion of his vast imperial plan of education. The project embraces every land where the Union Jack flies. The purpose is the intellectual betterment of the British race throughout the world and the fostering of the imperial sentiment.

This idea of better fitting "younger Britain" to cope successfully with rival nationalities was long a dormant theme with Cecil Rhodes, although even his closest friends little imagined the absorbing hold it obtained upon him until it was disclosed by the terms of his will. The details of this plan of education will be made public in a few days.

DISASTROUS FLOODS IN SOUTH AND WEST.

St. Paul, Minn., March 30—Transcontinental traffic by the northern routes continues to be blocked. The Northern Pacific's efforts to transfer passengers across the lake formed by the overflowing of the sloughs near McKenzie, N. D., have proved futile, and but little hope is held out for a resumption of business in the immediate future. Reports from the Great Northern are to the effect that their trans-continental trains, which heretofore have been able to get through, with only slight delay, are now held up by floods in the western portion of North Dakota.

Reports from McKenzie are to the effect that a lake 30 miles long and two miles wide has formed, and the tracks are sixteen feet under water, or perhaps entirely washed out. Efforts to transfer passengers across this lake have not been successful. It is thought that an entirely new track will have to be built around this gap before traffic can be carried on. Passengers eastbound have been held at Bismark, and no westbound trains have been started from St. Paul.

As no freight can be moved westward, there is fear that a famine in foodstuffs may result in Bismark, though it is possible provender can be got through from the west.

Nashville, Tenn., March 30—Reports from the flooded districts of Tennessee estimate that the damage resulting from the storm of rain and wind will be $4,000,000. Twenty-two lives are believed to have been lost. Several counties known to have suffered terribly are yet cut off from communication. The section visited by the flood embraces one of the richest portions of the state, and damage to farm lands will bring serious results.

TEMPERANCE LEGISLATION.

(St. John Globe.)

The provincial government on Saturday received a delegation which pleaded for the enactment of a prohibitory law. A week or more ago a delegation waited upon the provincial government of Nova Scotia with the same request. In both cases the usual answer was returned—that the matter would be taken into the serious consideration of the respective governments. There can hardly be any question of what the decision will be. Indeed, it is already stated positively in the newspapers that the Nova Scotia government will inform the prohibitionists that the legislation asked for will not be proposed, but that the liquor act will be amended so that it will be more effective. The executive of New Brunswick will no doubt also decline to become responsible for a prohibitive act—at any rate until it is seen what will happen in Manitoba and Ontario. Prince Edward Island now has prohibition but the surface indications are that it is not a success, strong as temperance sentiment is on the island. Possibly, however, it is not long enough in force to allow a fair test to be made.

The First National Bank of Canada is the name of a new bank which will be added to the Montreal list very soon.

Correspondence.

The Editor of the Monitor:—

In your issue of last week there is a paragraph stating that I was brought up before Justice Fay charged with the fraudulent marking of apples, that I pleaded guilty and was fined accordingly. In justice to myself I wish to say that the above is somewhat misleading.

The trees that bore the apples referred to were bought from an agent for a certain kind and I always thought they were the kind specified and as a matter of course have always marked them that way. Upon being satisfied that the apples were not the kind that I had always thought they were and what the agent told me that I bought the trees from, I cheerfully paid the fine, and the speculator who bought the apples must feel much gratified to know that he has fined me for doing what I thought to be right.

I sincerely hope that some of the other farmers in the district will pay their fines as cheerfully as I did, for in that case by the time another year comes round some speculators may be able to work a blackmail scheme.

Thanking you for space, I am,

Yours truly

WILLIAM LECAIN.

Roundhill, April 1st, 1902.

THE MARITIME WINTER FAIR.

It has now been definitely decided that the next maritime winter fair will be held at Amherst, N. S., as early as possible in the month of December next.

The town of Amherst and county of Cumberland with most commendable enterprise are arranging to erect a suitable building which will not only contain the show rooms for the various classes of exhibits but will also be thoroughly equipped with a slaughtering room and cooling room for carrying out the block test. An auditorium that will seat at least 2,000 persons will be provided, and it will be so arranged that all may see the judging ring and hear the lectures delivered there.

The Dominion Department of Agriculture and the governments of each of the maritime provinces have promised substantial aid, and officers of the various Departments of Agriculture will join with the Maritime Stock Breeders' Association in the management of the show.

A meeting of the executive committee of the Maritime Stock Breeders' Association was held recently at which Mr. F. W. Hodson, Dominion Live Stock Commissioner was present and a prize list was decided upon.

The prizes arranged for will, for fat stock, be upon even a more liberal scale than last year. Over $400 will be given to dairy classes, and a considerable number of special prizes put up. If the poultry men of the Maritime provinces desire it, a liberal prize list will be put up for live poultry. All the educational features of the last exhibition will be enlarged upon, and the best live stock specialists in the world will be secured as judges and lecturers.

The new prize lists will be available early in May, and all who desire to secure a copy should send their name and address to the secretary, W. W. Hubbard, St. John, N. B.

THE EXPANSIVE TREE PROTECTOR.

Mr. S. C. Hall of Lawrencetown has obtained the agency for this county, for the "Expansive Tree Protector," manufactured in Toronto. The device consists of a felt band especially prepared and saturated with a substance which is absolutely noxious and even repellant to insects, worms and bugs of every description. This pad is fastened to a wire spring, by means of which it is fastened around trees and is adjustable to any and all trees, permits the tree to grow and does not injure the bark. To the pad and spring is attached an apron made of galvanized iron or other metal, the underside of which is covered with a sticky substance, inoculated with an insecticide that is sure death to all creeping things which infest a tree, so that if for any reason any insect, worm or bug should attempt to pass the band, a dead line is formed, and it is absolutely impossible for anything to pass it and reach the fruit and foliage. It will retain its potency for months without resaturation or any attention whatever and is sold at a very small expense. It is also claimed to be an eradicator of the San Jose and all other scales and with bring new life to a tree.

It's all right!
What's all right?
Empire Liniment is All Right

Read what Mrs. Wile, of Lunenburg Co., says concerning Empire Liniment.

Empire Liniment M'f'g Co.,

Dear Sirs,—I have used your Empire Liniment and it has done wonders for me. I had catarrh of the worst kind and your liniment removed it. I also used your liniment for corns and pains of the soles of my feet (which kept me from going about) and today I walked to Bridgewater, a distance of two miles. You may use this testimonial so that others may be benefited as I have been, and I can truthfully say that there is no liniment on earth like the Empire Liniment.

MRS. ELIZA J. WILE.

Wileville, N. S., Sept. 10th, 1901.

NEWS OF THE WORLD.

Alphonso XIII will be crowned King of Spain May 17th.

The assessment of Dawson City which is now incorporated, has just been made up, and is $11,000,000 the rate on the dollar being a cent and a quarter.

It is believed that Canada will provide a fourth contingent for South Africa which will number two thousand and will be commanded by Colonel Lessard.

The British steamer Holyrood, from Portland, Maine, for London, sank after colliding March 27th with the Leyland Line steamer Bernard Hall, from Liverpool for Barbados.

The first section of the Pacific cable connecting New Zealand with Australia was completed last week. It is hoped that the cable will be completed by the end of the year.

NO DANGER.

There is no danger of heart burn or heart troubles from the use of Chewing Tobacco. If it has been properly manufactured. Great care is taken by the manufacture of "Old Fox" and "Bobs" Chewing Tobacco, to use only pure and wholesome ingredients, which will leave no bad after affects. If you are not already using these brands, try them. Even the tags are valuable. Save them; and you can have your choice of 150 handsome presents. Tags are good up to January 1st, 1903. Write for our new illustrated premium catalogue. The Empire Tobacco Co., Ltd., 47 Cote St., Montreal.

YOUR FAITH will be as strong as ours if you try **Shiloh's Consumption Cure** and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it. SHILOH'S costs 25 cents and will cure Consumption, Pneumonia, Bronchitis and all Lung Troubles. Will cure a cough or cold in a day, and thus prevent serious results. It has been doing these things for 30 years. S. C. WELLS & CO., Toronto, Can.

How To Gain Flesh

Persons have been known to gain a *pound a day* by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

50c. and $1.00, all druggists.

FINE PHOTOS!
I desire to please my customers. **Neat work, promptly delivered, at reasonable prices** should do this. The best of care is taken with all my work. I am now adding to my business a fine line of
Enlargements from Original Negatives.
Persons having photos made by me can have a nice enlargement of same at a very small extra cost. Amateur photographers very often have a choice negative that would make a splendid wall picture if enlarged. I enlarge from any size plate or film. **Call and see samples.**
N. M. SMITH, - Photographer,
QUEEN STREET, BRIDGETOWN.

A pair of Spectacles, gold filled, 10k. stock, warranted for ten years, for $2.50.
Eye Glasses for $2.50.
SANCTON, The Jeweler.

BOOTS, SHOES, —AND— **RUBBERS!**
My stock in the above lines is now complete. I carry this season the celebrated GRANBY RUBBER BOOTS, every pair of which I guarantee.
ALSO ON HAND:
Hard and Soft Coal
the latter being direct from Old Sydney Mines.

THE SUPREME QUESTION { COST vs. RESULTS
EVIDENCE.
THERE: "Attended a low grade, poorly equipped school at equal cost, and no position on completion."
HERE: "Nine Instructors: over 30 Typewriters; accommodation for more than two hundred students; granted a national Diploma in 1901. I now receive $17.00 per week."
VERDICT: Unanimously in favor of
MARITIME BUSINESS COLLEGE
