CHICKEN STEALING.

The Crimes Which Have Become Epidemic in York County.

A meeting of the York County magistrates was held at the Court House on Saturday under the chairmanship of His Honor Judge Macdougall. Among the J.P.'s in attendance were: Robert Davies, Dr. Hunter, Lemonville; John F. Taylor, Erastus Jackson, Newmarket; William Tyrell, Weston; J. M. Wingfield, J. W. Moyes, William Helliwell, Highland Creek; Joshua Ingham, D. B. Nighswander, Locust Hill; A. M. Secor, Woburn; G. R. Vanzant, Markham; Joseph Gibson, Deer Park; W. H. Doel, Eglinton; E. Galley, John Beasley, Weston; William Burgess, Parkdale; A. D. Cazley, King; George Flint, Stouffville; George Johnson, Ballantrae; Nelson May, Pine Orchard; John Pike, Markham; Martin Roach, Ballantrae; Henry Wilson, Markham; Joseph Watson, city, and Robert Little, city.

The report of the high constable drew particular attention to the offences of chicken stealing and orchard robbing in the districts surrounding the city, but no action was taken.

Mr. Jackson, Newmarket, suggested an amendment of the Criminal Code which would enable (at the election of the accused) two magistrates to dispose summarily of charges of a petty character. This was strongly supported by the chairman, and a deputation was appointed to wait upon the Minister of Justice at Ottawa. If the amendment in the law is made there will be a very great saving annually to the county.

A complaint against a county constable at Humber Bay was referred to the county judge for investigation.

All the county constables resident in Toronto were re-appointed. New constables for the districts around the city were appointed as follows: Alexander S. Burgess, 265 Bartlett-avenue; Richard Bulmer, Eglinton; George Carter, Davenport; Samuel Dennett, Deer Park; Dennis Moynihan, Brucondale; F. C. McDonald, Isaiah Royce, Toronto Junction; W. H. Steele, — Tomlinson, Eglinton; Thomas Roberts, Todmorden; William Belfry, W. J. Harris, James Leslie, Albert Goodall, W. Smith, Thornhill; C. F. Spears, Highland Creek; George Simpson, North Toronto; John Lasenby, Markham village; Robert Campbell, Unionville; Thomas McIntyre, Locust Hill.

THEY WATCHED HIM.

Secretary Frazer of the Dog Show Presented With a Testimonial.

The Toronto Kennel Club show, having been such a pronounced success, it was but fitting that some appreciation of the services of the gentleman to whom in a great measure that success is due should be shown.

On Saturday afternoon a small party of the most prominent exhibitors assembled in the upper story of Janes' warehouse and the president, Mr. J. F. Kirk, handed to Secretary W. F. Frazer a handsome gold hunting case watch, with monogram and suitable inscription. At the same time the president read an address, in which was set forth the great success of the undertaking, the general satisfaction, both of exhibitors and visitors, and eulogistic mention made of the executive ability and courtesy of the secretary, whose services, we understand, were without honorarium.

PAID $700 TO SETTLE.

A Guelph Restaurant Keeper Who Was Glad to Settle.

The suit of Burt v. Johnston did not come up for trial at Toronto Assizes as it having been settled out of court. The plaintiff, William Burt, of Brampton, was suing James Johnston, a saloon and restaurant keeper at Guelph, for the seduction of his daughter Millie, who was in Johnston's employ. It is understood Johnston, who is a married man, agreed to pay $700, two hundred immediately and the balance by notes.

The Civil Assizes.

Very little progress was made last week in the jury cases at the assizes. Only three cases were disposed of, in one of which the jury disagreed and in the others there will be appeals.

The jury in Petrie's case against Caldwell found a verdict for the plaintiff after a very short retirement.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

Will Probably Be Dismissed.

The World was in error Saturday in stating that Robert and Mary Dukes of Unionville had been committed for trial of a charge of bigamy. The case has been still further adjourned until Friday, when the probability is that both the accused will be dismissed, the evidence against them being weak.

Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

The market closed steady.

Reading's statement for March shows net increase of $104,000.

The most active stocks to-day were: Sugar 19,600 shares, St. Paul 2400, N.W. 1700, D. and H. 1300, J.C. 2000, N.Q. 1200, Reading 4900, Mo.P. 300, B. and Q. 800, Omaha 500, C. Gas 1500, Distillers 15,700, Manhattan 1200, G.E. 2500.

Henry A. King & Co.'s special wire from Ladenburg, Thalman & Co., New York, buying from London stopped the shorts this morning, and for a time the disposition towards a re-action seemed to be more pronounced. Such concessions, however, seemed only to excite fresh buying from local speculators, and, what is more important, commission houses appeared to have purchasing orders at the decline. The news of the business world for the week is cheerful. There has been a big increase in the aggregate clearings and manufacturing industries are more active, with an increased tone of confidence.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Schwartz, Dupee & Co., Chicago: Wheat advanced almost two cents, and closed about the top. It was a day of excitement rather than a day of great trade. Everybody was at it, but big lines were out of the question, nobody wanted to sell them and you could not buy them. It looked at the close as if a large cash business had been done; charters were reported for 240,000 bushels. It was claimed the sales actually reached 400,000 bushels. There was, however, the possibility of some duplication. There appeared also an indication of speculation for most of the business done. Cables strong. There is the expectation that visible on Monday will show a very large decrease, some think 3,000,000 bushels. If it is realized it will be wheat lost on the lakes, distributed to millers, and dropped out of sight one way and another. The exports this week have not been large, and the receipts have shown an increase. The possibility of foreign complications arising out of the Japan-China terms of peace was possibly a factor to-day. The provision market ruled a shade higher, and had a firmer tone, but the business done was chiefly changing over May deliveries to later months. There was some increase in outside business, about evenly divided between new buying and taking profits on long stuff. It is quite apparent that the influence of the bull speculation in surrounding markets has alone prevented a considerable break in provisions the past week under liquidation from May deliveries, and fairly liberal receipts of hogs with the May business out of the way, the market should respond to the general bullish tone in all speculative markets.

Frank G. Logan wired Henry A. King & Co: The wheat market now requires no coaching. The situation at present is the interior milling demand; it is much larger than the daily supplies, consequently millers bid up the price. Flour stock light with bakers, grocers and millers and the consumptive demand is heavy and steady. This is likely to continue until we get into the new crop, which at present is backward and without great promise. Prospects, with fine weather, will change either for better or worse; we all know what it will be if it is for worse, and if it is for the better the present stocks, with the present domestic demand, will all be needed, and possibly at higher prices, independent of the growing crop prospects. The business in London in cargoes afloat is heavy, at a shade over yesterday's prices. Speculative buying by England and France means exciting times in the corn trade. We look for higher prices until another crop is gathered. It is safe enough to buy for any future month. The excitement in wheat has taken away the interest in provisions; little doing in them.

Demary, Heintz & Lyman received the following despatch from their correspondents, Kennett, Hopkins & Co.: Wheat is apparently sailing along on the crest of a bullish wave of speculation, but the underlying motive power is not visible to the majority of people. Everybody is inoculated with the fever, and a bear is getting to be a curiosity. Receipts increasing and exports falling off. Crop prospects are improving, but all this cuts no figure. European advance in sympathy with us. Trade has been active to-day with an urgent demand most of the time, and longe not disposed to let go, believing in higher markets next week.

WHEAT Our circular, 22nd February, advised customers strongly to buy wheat at 53c. It sold to-day, 27th April, at 64½c. Private wires to F. G. Logan & Co., Chicago, and Ladenburg, Thalmann & Co., New York.
