FOR LUMBERMEN.—The Royal Gazette calls the attention of persons holding timber licenses on crown lands to the following, which is embodied in the license: "No spruce or pine trees shall be cut by any licensee under any license, which will not make a log at least 18 feet in length and 10 inches at the small end; and if any such shall be cut, the lumber shall be liable to double stumpage and the license be forfeited." The section is to be strictly enforced in future, and is a very important one, in view of the small stuff which might be cut in some timber districts.

EXCURSION TO AND FROM BOSTON.—For the accomodation of the public the I. S. S. Company will put a special steamer on the route from St. John to Boston on Saturday, July 20th, at 6.25 p. m. (standard). Tickets good for return up to and including Monday, July 29th, have been placed at the very low rate of $5, and may be had at the Company's offices.

This is a grand opportunity for a trip to Boston, which doubtless many will take advantage of. It will also give many from Boston and New York a chance to take in our Summer Carnival.

He was noted for his thoroughness in all the work he undertook, and many of the finest buildings in St. John were erected by him. He superintended the erection of St. Andrews Church of which he was a trustee for many years. He was long a director of the Mechanics Institute. For several years past Mr. Brass had suffered from ill health, but he was able to go out until within a few weeks. He was twice married, and leaves a wife and ten children to mourn his loss. THE SUMMER CARNIVAL.

The Work of Decoration is fast Being Completed—General Notes.

Still the work at the exhibition building progresses, and more rapidly than ever. Dozens of busy workers are engaged in trimming and constructing, and as the gay decorations cover up the bare walls and empty spaces, the interior begins to assume the cheerful appearance which visitors to the Exhibition expect at such a season. Whole forests of spruce and evergreen have been used in these decorations, and rolls upon rolls of bunting and other bright material. The mimic cascade will come so near the original that the difference can scarcely be detected.

Already there are about 30 electroliers hung in the galleries, while one of huge dimensions, with beautiful crystal attachments is suspended from the centre of the building.

The booth to be occupied by J. R. Woodburn is glistening with silver foil. Mr. A. O. Skinner has a number of men hard at work in the three booths to be decorated by him. Mr. Andrew Hunter has his numerous display of electrical appliances already on the walls and amongst these a watchman's clock regulated entirely by electricity.

Messrs. Parker Bros., are having their booth, in which they will dispense the electrical milk shake, tastefully fitted up. The apparatus for the manufacture of the shake will arrive to-morrow. Spaces for the exhibition of wares, in connection with the electrical display, are rapidly being taken up, and will all be decorated in the best possible manner.

Meetings of the Cartmen's Union, and F. M. Association were held last evening, and arrangments for taking part in the parade almost completed.

To-night the National club, the bicyclists, parade and temperance executives will meet to continue preparations.

The Temperance Societies are requested to meet Saturday evening.

Yesterday afternoon the press committee held a meeting at which they decided upon the distribution of badges amongst the local and visiting press representatives.

Two electric organs arrived by I. S. S. company's boat yesterday. A quantity of other electrical goods also arrived

Preventing Cruelty to Animals.

Yesterday afternoon the executive committee of the New Brunswick society for the prevention of cruelty to animals held their regular meeting in the Secretary's office, Ferry Building.

In the absence of the president the meeting was presided over by vice president T. W. Daniel Esq.

A communicatinn from George Taylor Esq., general freight agent at Moncton, for the I. C. R., stated in reference to the watering of stock at the cattle pen at Point du Chene, that he had recieved instruction from Mr. Schrieber to have the water pipes laid in both pens as requested by the society, so as to give better facilities for watering the the stock waiting for shipment.

The treasurer reports that very little money had been paid to him, not enough to meet current expenses. On motion it was resolved that a committee be appointed to consider the best means of raising funds for the society and also to consider the matter of collecting subscriptions and soliciting new subscribers with power to act.

The report of the secretary, Mr. E. J. Wetmore, showed that in the 51 days, from May 28th to July 17th, 90 cases of cruelty had been investigated as follows:

Horses—Lame, and removed from street, 13; destroyed, 2; old, and unfit for work, 4; lame, and having sores under the harness, 3; having tumor, and ordered to be destroyed, 1; neglecting to feed, 2; overdriving, 2; overloading, 2; ill-treatment and bad handling, 5; driving with broken bridle that hurt the horse, 2—34 cases.

Cattle and sheep. Looking after shipment 25, tying down small stock 6; rough handling at steamer 1; illtreatment of cows in the country 4; cows overstocked at the fair 2; calves and sheep neglected at cattle yard 1; over crowding of small small stock 1; also the case of personsoning of Mr. John Hosfords cattle at Upperton, Kings county, by spreading paris green amongst the grass in the field. The secretary is still working this case up and will no doubt bring the guilty parties to justice.

Four cases of ill treatment of dogs were looked after, besides the case of the dog being killed in the market by being struck by a knife thrown a butcher.

Illtreatment of bears two cases.

Injuring birds and robbing their nests 5 cases; ill-treatment of children 2; cases.

The men who ill-treated the bears were admonished by the court and told to leave the province. The butcher who killed Mr. W. H. Thorne's dog was fined $.

Besides these ninety cases personally investigated by the secretary, he has attended to thirty-four other cases in different parts of the province by sending out letters of warning. In almost every one of these cases he has received replies to the effect that the cruelty mentioned will be prevented in the future, and showing that these letters have a very wholesome effect.

This report shows very plainly the extensive scale on which the society's good work is being carried on, and that it is deserving of the hearty support of the public generally.

Prof. Vallance.

Prof. Vallance gave an entertainment at the Mechanic's Institute last night under the auspices of the St. Andrews Society and more than justified public expectation.

He has a fine voice, his presence is goodly and his every selection was well received by the critical audience present.

The singing of Scotch and Irish ballads by Miss Marion Vallance, during the evening was a striking feature in the programme. She was repeatedly and enthusiastically encored, and she most kindly responded to the complimentary insistance of the audience.

The Lansdowne Theatre

Another large audience witnessed the "Colleen Bawn" at the Lansdowne last night, and the performance as a whole was, perhaps, an improvement on its first production.

The cave scene and the rescue of Ely by Miles as usual were received with an outburst of prolonged applause. Miss Haswell and Messrs. Bunny and Sterner were again called before the curtain.

"The Colleen Bawn" will be the bill for to-night again, and everyone who likes a good play well put on and well performed, should not miss seeing this great drama.

Police Notes.

The Clippers of Fredericton defeated the Wanderers of Woodstock yesterday by a score of 33 to 14.

The La Tours and Emeralds at the Shamrock's grounds this afternoon.

The Socials of Halifax shut the Bath team out and won by a score of 21.

The Frederictons are agitating for another professional.

The Chebuctos of Halifax are meeting with scores of defeats.

Wagg, Webster and Burns, who played at Truro Monday with the home team against Chebuctos, were each presented with a handsome bonquet, by the ladies, out of consideration for their services.

The types yesterday erred in the score of the first Shamrock-Portland game, reading 16 to 45. They should have read 16 to 15.

Cricket.

The St. John team play the Torontos Tuesday and Wednesday of carnival week.

Annand, formerly of the Wanderers, now of the Longwood cricket club of Boston, made 59 runs with that club in a match at Boston on Saturday, in which they defeated an eleven of Eastern cricket league players.

The Recorder says:—The Wanderers have received a cablegram from St. John's, Nfld., asking them to make arrangements to visit that city and play several games against the St. John's club. The Wanderers will endeavor to send a team.

Owing to the cricket match between the Staten Island, N. Y., and Garrison clubs taking place August 9th and 10th, the Wanderers-Garrison match arranged for those days at Halifax will take place on the Wanderers grounds on Friday and Saturday of this week.

The Ring.

JEM SMITH'S CHALLENGE.

NEW YORK, July 17.—The following cable was received at the Police Gazette office today.

LONDON, July 16, 1888.

Jem Smith, the champion of England, has posted £100 with the Sporting Life and issued a challenge to fight John L. Sullivan, the champion of the world, for the Police Gazette champion belt, £500 or £1000 and the championship of the world; the fight to be decided in four or six months from signing articles. Smith will allow Sullivan £200 to fight in Holland, Spain or France, or will agree to fight in the United States or Canada if the same expenses are allowed. Smith is waiting Sullivan's reply. Answer.

GEORGE W. ATKISSON.

KILRAIN DOESN'T KNOW WHY HE LOST.

Jake Kilrain is entirely recovered from the effects of his fight with Sullivan, and shows no marks on his face whatever. While he does not believe that he was drugged, he says he was the victim of circumstances. His arms were numb and the blows seemed to fall harmlessly on Sullivan. Kilrain will never have Mitchell to train him again, for he was not in the condition people said he was. He weighed 186 pounds when he stepped into the ring instead of 168 as reported. Jake believes he will retire from the arena.

Lacrosse.

The Junior Beavers and Junior Unions play a match Saturday next at the Barracks.

The Orient Lacrosse Club (five of whom will arrive here on Tuesday) are having their jerseys made in Paris. They are silver gray in color with O. L. C. in blue across the chest.

There is to be a full practice to-night on the Barrack square. The members of the picked team are especially requested to be present.

There seems to be quite a lively discussion as to the advisability of the players of the picked team wearing socks or stockings. A number of the boys are rather reluctant about showing their shins Most of the clubs in the Upper Provinces do not wear either socks or stockings and say they feel a great deal better for it.

Saint Andrews Items.

A light-fingered "gentlemen from Boston" named Hurst rifled the till in Kennedy's hotel of $145 the other day, while the proprietor's back was turned. He subsequently disgorged, and on promising to leave the town, which he did, he was not prosecuted.

Some members of the Utopia Fishing association have been visiting their preserve at St. George lately. They are delighted with the pretty little village and with their purchase, and will begin the erection of a club-house at once. Cottages will follow in the near future. St. George has much to popularize it as a summer resort, and we hope it may share in the boom which is passing over old Charlotte,

Idaho's Bill of Rights.

BOISE CITY, Idaho, July 16.—The bill of rights for the new state guarantees religious freedom but strikes at the Mormans by prohibiting bigamy or polygamy. Any property qualification for voting or holding office is not permissible. The legislature will be composed of one senator from each county and twice that number of representatives.

From all along the border of Canada, wherever the United States foreign contract labor law is being enforced, comes a cry for retaliation: A retaliatory measure will probably be enacted at the next session of parliament.—St. Stephen Courier.

MANCHESTER, ROBERTSON & ALLISON,

The temple of the sun at "Tadmor" in the wilderness has fallen; but the traveller slakes his thirst at Jacob's well, a striking illustration of the survival of the fittest. Just here it can be said that our IDEAL SOAP still pursues the even tenor of its way, while other brands which have had a short run have fallen into ruins, and the survival of the fittest is sure to succeed.
