A Perfect Piano.

Fifty years of close study and practice in piano building has given us this Jubilee year an instrument that well merits the term perfect—an instrument capable of the finest gradations of tone. None are more pleased with it than experienced musicians, as it fully meets their every requirement. From one end of the keyboard to the other is perfect, mellifluous harmony.

A PECULIAR DEATH.

Fatal Effect of Plunging Warm Feet in Cold Water.

Buffalo, June 30.—A remarkable case of death is reported from North Tonawanda. A man named Ignatius Goetz came to that place about ten days ago from Guelph, Ont., and put up at Kaye's Hotel. His visit was for the purpose of taking an interest in a carriage factory. On Monday he went for a bicycle ride with a friend, and on his return plunged his feet, which were galled, in cold water. He was immediately seized with violent pains, and his condition became very critical. He grew worse and finally succumbed on Friday. A post-mortem was held on Friday afternoon, and revealed the cause of death to be acute peritonitis and metral stenosis of the heart. His wife and friends in Guelph were communicated with, and his remains were returned there for interment.

Piles! Piles! Itching Piles!

SYMPTOMS—Moisture; intense itching and stinging, mostly at night; worse by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Wayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, 50 cents. Dr. Wayne & Son, Philadelphia. BEET SUGAR IN CANADA

German Capitalists Talking of Investing in Ontario.

Mr. Zolburn, of Cologne, Germany, accompanied by Mr. W. H. Lauder, of Whitby, was in town last week, and while here conferred with President Thompson and other members of the Owen Sound Beet Sugar Manufacturing Company. Mr. Zolburn is a beet sugar expert, and has been engaged in laying out plans and superintending construction of sugar factories in the United States. The president has been making an effort to interest German capitalists in the proposed factory here, and Mr. Zolburn's visit should have an important influence in this direction. With a view to securing capital, the company is putting out 1,500 pounds of beet seed amongst 400 farmers in this section. When the crop is harvested more accurate data will be obtainable as to the tonnage to the acre, and it can also be determined whether the high percentage of sugar found in the few samples previously analyzed holds good for the large number.—[Owen Sound Sun.

Stop That Cough! Take warning. It may lead to Consumption. A 25c bottle of Shiloh's Cure may save your life. Sold by all druggists.

Practice Economy

In buying medicine, as in other matters. It is economy to get Hood's Sarsaparilla because there is more medicinal value in Hood's Sarsaparilla than in any other. Every bottle of Hood's Sarsaparilla contains 100 doses and will average, taken according to directions, to last a month, while others last but a fortnight.

HOOD'S PILLS are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

B. M. E. CONVENTION.

Close of the Session – List of Appointments.

Windsor, June 30.—The B. M. E. conference closed yesterday, and the ministers received their appointments as follows:

Windsor—Henderson Davis.
Chatham—S. G. Lawson.
Toronto—R. R. Ball.
St. Catharines—Dr. T. C. Oliver, M.A.
North Buxton—W. R. Drake.
Dresden—Peter Brooks.
Guelph—S. A. Lucas.
London—Henry Rockhold.
Colchester Mission—Herbert Wright.
Collingwood and Owen Sound—J. W. Brown.
Niagara Falls South—G. R. Blount.
Montreal—R. L. Holden.
Liverpool—S. C. Goosley.

R. Hatchett, general agent; C. Mago, agent for Dresden Church; Wm. Libertes, agent for Woodstock Church.

This ended one of the most harmonious annual sessions in the history of the B. M. E. Church.

After the sessions closed the Ladies' Aid Society of the Windsor Church gave a reception to the ministers in the Oddfellows' Hall, where a good programme was rendered, bringing conference to an enjoyable close.

DOG FIGHTS BURGLAR.

The Animal Won, but Died of His Wounds—The Thief May Lose an Arm.

Binghamton, June 30.—The farm house of Mrs. Fenno, near Apalachin, a few miles from this city, was entered one night last week by a burglar. The intruder got in by prying open the bedroom window. The noise aroused a large dog that was the only companion of Mrs. Fenno and slept in the same room. The animal made no move toward the intruder, but just crouched under the bed and waited until the man had got into the room and was in the act of opening a bureau drawer. Then the dog sprang upon the robber. The thief was taken unawares, but, drawing a knife, he succeeded in slashing the animal several times, and would have killed him had the dog not got hold of the man's wrist. This compelled the thief to drop the knife, and then a struggle ensued in which the dog came out ahead. The man endeavored to get hold of the weapon with his left hand, and the dog, seeming to divine his purpose, did all he could to prevent him. Finally the man gave up and begged Mrs. Fenno to call off the dog. This she did, after getting a shotgun and holding it at the man's head. With the gun at his head and the dog following, the thief was driven off the premises.

He turned up at Apalachin the next morning at the home of Dr. Kilmer and had his arm dressed. It was terribly bitten, and may have to be amputated. The dog died the next day from the wounds made by the knife. Mrs. Fenno was urged to prosecute the burglar, but she declined, saying: "I think he has been punished enough, and as long as he did not get my money I am satisfied."

PLEBISCITE VOTE.

To the Editor of The Advertiser:

In the Toronto Globe, June 16, will be found the views of Hon. D. Mills. The Globe says: "They are the views of a statesman of mature experience." The views are, in brief, that direct tax should in some way be included in the plebiscite vote, as it would of necessity have to be resorted to. We should be extremely sorry to admit that a moral evil should be a financial necessity. It is, however, to be regretted that men of great influence should aid the licensed victuallers in setting up direct taxation as a scarecrow to protect the liquor interests. We have nothing to say against direct taxation, licenses and stamps, and would prefer it to the tariff system. But in this case nothing could be more absurd. The tariff machinery is already set in operation to collect a revenue of $38,000,000. And in all probability, in collecting $38,000,000 we will pay to officials and manufacturers $75,000,000 more, and yet, beside all this enormous expense, we are told by a statesman of mature experience that another expensive set of officers is to be set to collecting the deficit if any. Mr. Mills further says that it has been suggested to him by a very eminent financial authority beyond the sea, that the credit of Canada would be endangered in case of prohibition. Does Mr. Mills presume to tell the good people of Canada that drunkenness enriches a nation? We are sure it has quite the opposite effect upon the individual. The whole question with Mr. Mills is, How can sufficient money be gotten out of the people? Temperance people desire to advance the moral as well as the financial condition of the people, and would recommend a penny saved rather than a pound more pressed out of the people. If a deficit should occur, it could easily be more than met by a few economies, which I will name, without in the least affecting the efficiency of government. We sometimes hear Canadians boast that they are well governed. No wonder if they are, with fourteen legislative bodies and 709 legislators for a population of four and a half millions, governed to death—yes, governed so that both British and Canadian financial authorities tell us we cannot afford to keep sober. We must get drunk to keep up our credit in the British money market. Ontario has given good, responsible government with one chamber. We invite the other provinces and the Dominion, as well, to follow the lead of Ontario, and abolish the second chamber. Then reduce the number of representatives in both provincial and federal governments to one-third, or even one-quarter their present number. These reductions are just as much called for as the reduction in either the grand jury or county council. Reduce the number of officials to the lowest point possible with efficiency, and the salaries at least one-third. I will this time name but one more useless sink of money. We are in no sense a military nation, and the millions spent in that line are utterly wasted. These economies would not only meet the deficit, but make further tariff reform possible. The cut in salaries would calm the vehemence of Tupper, Foster & Co., and make it hardly worth while to waste a whole session fighting to retain their friends in an office that was not overpaid.

KILLED BY ELECTRICITY.

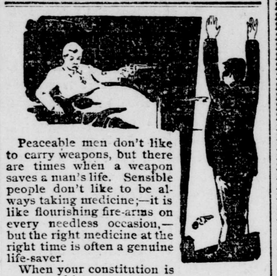
Cleveland, Ohio, June 30.—A derrick guy rope became crossed with the feed wire of the big consolidated trolley system at Nine-Mile Creek today, and as a result Jacob Miller is dead. Ed McGregor was fearfully shocked and several others were injured.

CHARLES A. DANA ILL.

New York, June 30. — Charles A. Dana is said to be very seriously ill. For years the veteran journalist has carried himself with a physical sturdiness positively amazing, and it is difficult to imagine him undertoned or incapacitated even for a moment. Mr. Dana's age is against him, and his condition is declared to be critical.

TWO VICTIMS OF GASOLINE.

Hastings, Mich., June 30.—Mrs. Gilbert Darling and her little daughter were fatally burned by a gasoline explosion at 4 p.m. yesterday. She attempted to fill a stove with oil while she had a fire in the wood cook stove. The child is dead and the mother cannot live. Miss Josie White, a neighbor, ran in and smothered the flames, and was also badly burned.



Peaceable men don't like to carry weapons, but there are times when a weapon saves a man's life. Sensible people don't like to be always taking medicine;—it is like flourishing fire-arms on every needless occasion, but the right medicine at the right time is often a genuine life-saver.

When your constitution is over-taxed by worry or extra work, or weakened by an attack of indigestion or biliousness; or whenever your natural energies are not quite up to the mark and fail to respond to the demands upon them, Dr. Pierce's Golden Medical Discovery will meet the emergency promptly, and save you from dangerous or perhaps fatal illness.

It wards off disease by acting directly upon the vital organs where disease originates. It restores the liver's capacity to filter poisonous impurities out of the blood, and empowers the digestive organs to extract from the food those nourishing vitalizing elements which drive out disease-germs, repair wasted tissues and build up healthy flesh and muscular force.

It is the most thoroughly scientific and effectual alterative remedy ever discovered in the whole history of medicine, and one of Dr. Pierce's most valuable contributions to *Materia Medica* during his thirty years service as chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. A. I. Gibbs, of Russellville, Logan Co., Ky., writes: "I can heartily recommend your 'Golden Medical Discovery' to any one who is troubled with indigestion and torpid liver. I was so bad I could not lie on my left side and could scarcely eat anything. I had a dull aching and pain in my stomach all the time. Now it is all gone after taking one bottle of your 'Golden Medical Discovery.'"

Constipation is the commonest beginning and first cause of many serious diseases and it should always be treated with Dr. Pierce's Pleasant Pellets used in connection with the "Discovery." These are the most perfect natural laxatives and permanently cure.
