BELGIUM'S TRADE WITH CANADA

London, Aug. 23.—A dispatch to the Times from Brussels says the official Moniteur announces that Great Britain has granted Belgian products the same privileges of entering Canada that have been already granted Germany.

STRIKERS WIN.

London, Aug. 23.—The Daily Chronicle announces this morning the settlement of the long pending strike in the famous slate quarries of Lord Penrhyn, in Wales. The men have won a complete victory, Lord Penrhyn conceding them the full right to combine.

ANARCHIST MEETING IN LONDON.

London, Aug. 23.—The anarchists held a meeting Sunday afternoon in Trafalgar square, and the utterances of some of the speakers provoked disorderly scenes. The police, however, had taken precautions, which effectually prevented any serious developments.

WELCOME RAIN IN INDIA.

London, Aug. 23.—The Times correspondent at Simla says that good rains have fallen everywhere throughout India except in the districts of Bombay and Deccan, and the crops promise to be exceptionally large. The numbers on the relief list are steadily diminishing and evidences of famine are rapidly disappearing.

A POPULAR PAIR.

Dublin, Aug. 23.—The Duke and Duchess of York passed the day quietly with visits to Houth Castle, where they were the guests of Lord Ashborne, lord chancellor of Ireland, and to St. Ann's Glontarf, the seat of Baron Ardilaun. Everywhere they go the reception tendered them by the people is most cordial. The Duchess of York is fast becoming a great favorite.

GREEK JINGOES.

Athens, Aug. 23.—A meeting of more than 3,000 persons, held here, adopted an address to King George, urging him and the government to reject the proposed peace treaty between Greece and Turkey, and to resume the hostilities which were interrupted by the truce. The entire press, however, and a great majority of the public of Athens condemn the agitation for a resumption of the war.

PERILS OF THE SEA.

Auckland, N. Z., Aug. 23.—The survivors of the Norwegian bark Seladon, from Newcastle to Honolulu, which was wrecked on Starbuck Island in August, 1896, have arrived here. After suffering the greatest privations, they reached Sophia Islands in boats and remained there ten months with the natives before they were rescued. The captain, mate and carpenter of the Seladon died on Sophia Island.

A TALENTED NEGRO.

London, Aug. 23.—Henry Tanner, an American negro, who has been studying painting in Paris for some years, has won the greatest distinction that has come to a member of his race in that field. He recently exhibited in the Salon a work entitled "The Raising of Lazarus," which received signal praise from the critics, and has been purchased by the French government for the Luxembourg. The artist is a son of a missionary of the African Methodist Church. He has studied under Constant.

HEBREWS MOBBED

London, Aug. 23.—Disturbances begun at Pilson, in Bohemia on Friday, by the fanatical opponents of the Jews, were resumed yesterday. They arose out of a quarrel between a German-Jewish student named Hartmann and a Bohemian student named Schmidt. While the police were escorting Hartmann from the town hall an anti-Jewish mob attacked them, and then smashed all the windows in the synagogue, the Jewish schools and the houses of the best known Jews. The authorities called out the military to suppress the riot, and the troops paraded the town from 4 p.m. until 11 p.m., when a regular system of patrol was established. An order has been issued forbidding public meetings of any kind, directing all the householders to close their houses at nine in the evening, and warning the heads of families to keep their apprentices and assistants indoors after 7:30 p.m. The police have made 29 arrests.

SURRENDER OF A KING.

Lagos, West Coast of Africa, Aug. 23.—The king of Benin, who surrendered on Aug. 5 to the British authorities, after wandering in the bush since the capture of Benin City by the British in February, as a result of the massacre of an unarmed expedition under Consul Phillips, entered Benin City, preceded by a messenger bearing a white flag and followed by 800 unarmed blacks, ten chiefs and twenty wives, and a reed band playing native music. On August 7 the acting political residents received the king's obeisance in front of the palaver house. The king was covered with coral ornaments and his arms were supported on each side by natives. About 400 naked natives and many chiefs formed a circle about the king. The latter at first expressed a desire to make his submission privately to the president, but the representatives refused, and the king, after having consulted with his chiefs, made an obeisance, rubbing his forehead three times upon the ground. Ten of his most important chiefs did the same, and the ceremony was concluded.

PRESIDENT FAURE AT CRONSTADT.

Cronstadt, Aug. 23.—The French cruiser Pothuau, with President Faure and his suite on board, arrived here at 11:30 a.m.

PEACE CONFERENCE.

Constantinople, Aug. 23.—The peace conference adjourned its session Saturday owing to the non-receipt by some of the ambassadors of instructions from their governments. Lord Salisbury, it is stated, maintains the attitude assumed by him with reference to the evacuation of Thessaly by the Turkish forces, while the German government threatens to withdraw from the concert of the powers unless the Turks be allowed to continue their occupation of the province until the indemnity agreed upon be paid by Greece.

The next meeting of the peace conference is likely to develop a crisis. It is understood that Sir Philip Currie, the British ambassador to Turkey, has received fresh instructions, the nature of which will be developed at the meeting.

A Day of Disasters.

Five Children Drowned in the Bay at Toronto.

A Boating Party Swept Over the Falls of Niagara.

A Child Playing With Matches Causes the Loss of Three Lives.

St. Johns, Nfld., Aug. 23.—At Blanc a child dropped a lighted match into a barrel of gunpowder. The explosion which followed wrecked the house and killed three persons.

SWEPT OVER THE FALLS.

Niagara, Ont., Aug. 23.—Three men, in a green-colored boat, marked No. 8, lost their lives yesterday afternoon in attempting to cross the river above the falls about 1 o'clock. Several people in the upper south end of Cedar Island, about a mile above the horseshoe falls, noticed three men struggling for dear life to pull towards the Canadian shore, but swiftly and surely the strong current swept them towards the cascades above the falls. When they were first noticed they were about 200 yards from shore and looked as though they might possibly best the strong current. Two of them faced each other, pulling on the same oars, while the third had a piece of an oar, and seemed to be making good use of it in the stern of the boat. But the all-powerful current mastered the trio, and they were swept over the first cascade. Their frail boat completely upended, spilling the unfortunate men into the rushing current, and their boat soon came to the surface with the end stove in. The three men disappeared in the rapids, but in a few minutes were again seen struggling in the water, attempting to swim, but were swept over the falls like chips of wood in a few minutes. Their boat came ashore a few yards above the falls, where it was secured. The names of the unfortunate men were Frank Weber, of Buffalo; Warren Bush, of Chicago, and Chas. Glasner, of Chicago. They had been camping on the banks of the Niagara river for a week past, and yesterday hired a small boat and started to row across the Niagara river to the Canadian shore. When in mid-stream their boat became unmanageable and capsized. Bush and Glasner were employes of the United States Express Company, of Chicago, and were on a vacation. Weber leaves a wife and two children. Nothing has been seen of the bodies, and it is hardly likely that they will be recovered. Several persons witnessed the tragic scene, unable to render assistance.

FIVE CHILDREN DROWNED.

Toronto, Ont., Aug. 22.—Five children were drowned in Ashbridge's Bay at 5 o'clock this afternoon by the capsizing of a scow. The scow, which is an old one, moved from one bank to the other by hauling in a chain, and had been placed there by the civic authorities on Friday for the convenience of the fishermen living on the island formed by Coatesworth's Cut. This afternoon about twenty children were on a vessel crossing the cut. When about half way over they started climbing up on the railing, and in that way capsized the scow, the whole party being thrown into the water. The few people on the banks and nearby in boats gave all the help they could, and a large crowd soon gathered. Most of them were dragged out, but five could not be rescued. Robert Long, 325 Wilton avenue, was got out, but died a few minutes afterwards. A little girl, daughter of Albert Harvey, 22 Sumach street, was also drowned.

Three bodies have been recovered, and the probabilities are that another has been drowned whose body has not yet been found. Those found are: Robert Long, 7, 325 Wilton avenue; Albert Driscoll, 8, 99 Trinity street; Gertie Harvey, 12, 22 Sumach street. Willie Blythell, 9, 101 Trinity street, is missing, and was seen to go down.

The structure was a species of raft, 16x16 feet, composed of boards nailed on a couple of logs, with nothing to steady them, drawn from bank to bank by a chain. Alarmed at the water coming in on one side, the children rushed to the other, and it capsized.

The news spread rapidly over the east end, and there was a scene of great distress, which was prolonged owing to the difficulty of getting information as to who had been saved and who lost.

HAD HIS HEAD SMASHED.

Kingston, Ont., Aug. 23.—Wm. Smith, hanging on to the side of an electric car, looked out to see some ladies ahead on the track. He leaned too far and had a collision with a tree. His head was badly smashed. He is still unconscious. Death may ensue.

FATAL LEAP

Bay City, Mich., Aug. 23.—Willie Leanders, an 8-year-old Saginaw lad, playing near the river on the west side, suddenly exclaimed, "I'm going to have a swim," and jumped in, clothes and all. He was drowned before two playmates, who were too badly frightened to summon help.

BODIES RECOVERED.

Parry Sound, Ont., Aug. 23.—Since the drowning of the three boys—Ernest Hayes, Charles Baker, and John Geddes—reported on Tuesday, constant efforts have been made towards recovering the bodies. Ernest Hayes' body has been found at Gaina's dock, Parry Island, and the other two were discovered in the same locality.

"Fairly Favorable"

Mark Lane Express Review of the Grain Situation.

The Rise in Bread Prices Causes Agitation in France.

Wheat in Chicago Three Cents Higher Than on Saturday.

London, Aug. 23.—The Mark Lane Express, in its weekly review of the grain situation, says: "The whole harvest is about half-over, and the reports continue to be fairly favorable, in spite of interruptions of many heavy showers and the general delay in carrying the wheat already cut. The foreign harvests are unfavorably reported. The latest advices from France, Austria-Hungary, Russia and Roumania are all more or less unfavorable."

DEARER BREAD.

London, Aug. 23.—A dispatch to the Daily Mail from Paris says: "The rise in the price of bread is the cause of no little agitation. There is even talk of summoning a special cession of the Chamber of Deputies to discuss the matter. Market rigging is an important factor in the rise. At Marseilles the popular effervescence is much greater than here, and the mayor of the city has issued a provisional scale of prices. The cause of the rise there is the scheme of a syndicate of wheat merchants to force the government to reduce the wheat duties. The price has risen since last night. Today the importers and millers at Marseilles held a long conference, and such is the popular feeling that the authorities are taking steps to prevent an outbreak."

THE TAX ON WHEAT.

London, Aug. 23.—A dispatch to the Pall Mall Gazette from Paris, printed this afternoon, says, there will be no reduction in the tax on imported wheat and flour. The reply of the government to the representations on the subject say that the temporary scarcity of wheat in the French market is owing to the bad harvest, and that so soon as the American and Australian wheats arrive at French ports the situation will right itself.

A special from Paris to the New York Herald says there seems no reason to believe that the import duty on wheat will be taken off, even temporarily. There seems but one opinion, namely, that to abolish the duty would merely enrich the speculators, derange the equilibrium of the budget, work serious harm to the French cultivator, and bring no relief to the consumer.

FLOUR BOOMING.

Flour rose 50 centimes a sack at Marseilles on Saturday, and a further rise is expected, though the impending arrivals from New York and Buenos Ayres are expected to check the rise. The agitation for the abolition of the duties on grain is spreading rapidly, and at Tarbes, Rodeza and Cette there is much excitement on the subject.

The Figaro expresses the belief that the rise will not last long, as no scarcity is feared, adding that the socialists will not succeed in their alarmist campaign, which they are alleged to have sprung for a political purpose.

The Justice declares the price of bread has no relation to the present price of wheat.

HIGHER PRICES IN CHICAGO.

Chicago, Aug. 23.—The first curb quotation for September wheat was $1 02½, an advance of 3 cents over Saturday's closing price. At the same time 33⅜ cents was bid for September corn, 2 cents over Saturday's close. December wheat sold between $1 01¼ and $1 00½, while 35¾ cents was bid for December corn. The news all pointed to a lively day's session.

Liverpool's opening wheat advanced this morning was equal to 5 to 5½ cents per bushel. Saturday's advance here was 7 cents per bushel. The Liverpool advance in corn, equal to 2 2-5 to 3⅓ per cent per bushel, was considerably over the local advance, however. A noteworthy fact was that of the world's wheat shipment last week, 7,210,000 bushels, 5,218,000 bushels were contributed by America.

GOOD CROPS IN ARGENTINA.

Buenos Ayres, Aug. 23.—It is officially announced that a very large crop of grain is anticipated in the Argentine Republic, the grain under cultivation covering larger areas than ever before. The wool clip, it is further stated, will be heavy.

BLAZE AT GALT.

Galt, Ont., Aug. 23.—Early on Saturday morning fire broke out in the fire hall building. The draught in the tower fanned the flames, causing the fire to burn with lightning rapidity. All the horses, fire equipments and caretaker's furniture were saved. Damage to building, about $1,000; covered by insurance in the Gore District Mutual.

MORMON ELDERS WHIPPED BY WHITECAPS.

Columbia, S. C., Aug. 23.—Raids by whitecaps have been of frequent occurrence within the last few days in Fairfield and Kershaw counties. These raids have been altogether against the Mormon elders and their sympathizers. On Saturday a band of over 100 masked whitecaps went to a house about four miles below Camden in Beulah section and took out three Mormon elders, stripped them, and admistered a severe whipping.

A Prominent Lawyer Says:
"I have eight children, every one in good health, not one of whom but has taken Scott's Emulsion, in which my wife has boundless confidence."

Fatally Injured.

Mrs. James Harrison, of Lambeth, Had Her Skull Fractured.

The Victim of a Runaway Accident—She Was Trying to Escape Danger When She Met With Misfortune.

Mrs. James Harrison, wife of a well known Lambeth farmer, received fatal injuries in a runaway accident here yesterday. She has been unconscious ever since, and the physicians have no hope of recovery.

The accident occurred about 10 a.m. on Dundas street, between Richmond and Clarence streets. Mrs. Harrison, accompanied by her husband, was on her way to visit a brother, who resides in Nissouri, and when at the corner of Dundas and Richmond streets the horse slipped and fell, but quickly regained its feet. Part of the harness and a shaft had been broken by the fall and allowed the buggy to run up on the horse. As a result of this, the animal began kicking furiously. Mrs. Harrison, who had been in poor health, was very nervous, and when in front of J. I. Anderson's stood up in readiness to jump out. Just as she was about to jump, the horse bolted, and Mrs. Harrison was thrown headfirst to the pavement. The back of her head struck the street car rail, fracturing the skull at the base of the brain.

When Mr. Harrison saw his wife fall, he also jumped from the rig, letting the horse go. The frightened animal was caught again after going about half a block.

Mrs. Harrison was unconscious, and bleeding from the nose and ears when picked up. Dr. Williams was called, and the unfortunate lady quickly removed to the residence of her brother, Mr. Levi Lewis, Wharncliffe road. Dr. Routledge, of Lambeth, was also summoned.

The fracture is very similar to that which caused the death of the late Benjamin Paine a week ago, and the doctors pronounce Mrs. Harrison's case hopeless. She is about 55 years of age, and has two married daughters, Mrs. Ridley, of Ridgetown, and Mrs. Turner, of Connecticut.

Blood Spilled

On the Way to the Gold Fields Through Chilkoot Pass.

Two Indians and Two White Men Were Shot in a Row Over Supplies.

Tacoma, Wash., Aug. 23.—Mrs. J. Benefield and Mrs. A. H. Clark, tourists from Illinois, arrived from Alaska on the Alki. Mrs. Benefield says:

"I heard that two Indians and two white men were shot on Chilkoot Pass ten days ago during a fight resulting from a dispute over the carrying of supplies across the mountains."

Seattle, Wash., Aug. 23.—Advices from Skaguay trail tell of an exciting time there on Wednesday. The trouble originated about the packing of miners' supplies from Dyea to Lake Bennett. The arrival of several hundreds of specials across from Seattle with nearly 250 tons of supplies caused the rate to advance from $15 to $25 a hundred weight. The gold seekers held a meeting, and it was unanimously decided to force the packers to abide by their original agreement. In an hour 100 determined men, armed with Winchesters, shotguns, pistols and pick handles, stood by the roadside and halted the pack train as it was returning to Skaguay.

The situation was explained to the head packer. At first he was inclined to pass on, but the sight of arms changed his opinion. The horses were turned about and new packs placed on their backs and started for the lakes. In a short time the supplies were landed at Lake Bennett and the packers were paid at the rate of $15 a hundred.

DISASTROUS CRASH.

Freight and Passenger Trains Collide — Thirteen Persons Injured.

Fort Wayne, Ind., Aug. 21.—A Lake Erie and Western freight train ran into the Lima Northern excursion train at Lima, Ohio, last night.

Toledo, Ohio, Aug. 21.—In connection with the wreck at Lima, Ohio, last night, at the junction of the Lima Northern and Lake Erie and Western Railway, it has been learned that neither train stopped at the junction.

The Lake Erie engine dashing into the second coach, overturning it. It was filled with passengers, thirteen of whom were more or less injured.

There were no fatalities. The engine was sent into a wheat field 50 feet from the break.

DIVIDING THE HONORS.

McKinley Says Providence and the Republican Party Have Caused a Return of Prosperity to the United States.

New York, Aug. 23.—A dispatch to the Journal from Hotel Champlain, New York, says: "President McKinley stated to a Journal reporter that it should be a source of pleasure to every American that there was a return of prosperity to the country. 'The cause of the present boom in the west,' he said, 'is undoubtedly due in a great measure to the large crops and high prices caused by the failure of crops in other countries. But the fact that prosperity has set in in the east cannot be accounted for in any other way than by the wise policy of the Republican party in restoring a protective tariff. The present boom is not spasmodic, but will continue to increase, and not only the manufacturers but the people generally will soon realize that it is only with a protective tariff and sound financial principles that the country will be prosperous and remain in that condition. With the restoration of confidence will come a restoration of prosperity."
