Of Interest to Women

Women's Art Association.

At the monthly business meeting of the Woman's Art Association yesterday the work of the many committees was reviewed. The Art study was shown to be holding its fortnightly meetings as usual; the musical committee had arranged programs for January and February; the various handicraft clubs would re-commence work next week in pottery, wood carving, book-binding, needle lace, stained wood, tooled leather, and ceramics. The president in her remarks referred to the large attendance at all the various clubs, meetings, and social affairs held in the galleries, and considered the widening scope of the association's efforts and interests as most encouraging. Satisfactory relations had been established with similar societies in America, and Europe. One of the results of this was an exhibition which would open towards the end of January of Italian handicrafts. This was being sent by Le Industrie Seminile of Italy, which was organized in 1904, with the object of developing individual efforts and had branches in Perugia, Assisi, Ancona, Venice, and Florence, and was seeking to revive many old arts and handicrafts. It was announced that the Dutch pictures now on view in the gallery would remain until the end of this week, after which they would be sent to Ottawa, where the exhibition would open on Jan. 15, in the W. A. A. gallery, and from there the pictures would go to Peterboro and Kingston before returning to Europe.

CARLOTTA NILLSON IN "THE THREE OF US."

Carlotta Nillson and the Madison-square Company, under the direction of Walter N. Lawrence, will appear at the Princess Theatre on Thursday evening and for the remainder of the week. This combination of star, company and play, held the attention of New York theatregoers all last season. It is a drama of everyday life in a Nevada mining camp. The heroine, Rhy Macchesney, is a big-hearted girl, left by her dying father to bring up two younger brothers with very little to do it on. A faithful old Irish servant-girl and an almost worthless mining claim are her only sustaining sources of hope. Two men are in love with her—one she loves and the other she thinks well of.

The story tells how she pursues her course, intent upon what is right.

Plain Talk From the Doctor

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract of dandelion;
One ounce compound salatone;
Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

SCOTT FOUND GUILTY.

Death of Zorra Pioneer—General Woodstock News.

WOODSTOCK, Jan. 7.—(Special.)—Arthur Scott, who has been in jail for the past several weeks on remand on the charge of failing to supply necessaries to his little six-year-old son, who is now in the general hospital, appeared before P. M. Ball this afternoon. He was found guilty. The case had been referred to the attorney-general. The magistrate decided that Scott should be allowed out for ten days on a cash bail of $500 furnished by his father.

During these ten days Scott will have an opportunity of bringing a stated case before the court of appeal, as to whether the charge on which he was tried the second time was or was not really the charge on which he had already been tried and acquitted. If the court of appeal decides the charges are the same, Scott goes free. If it decides otherwise, he comes back for sentence.

David S. McDonald, a Zorra pioneer, aged 70 years, passed away yesterday after a brief illness at his home in East Zorra.

A $6500 organ will be installed in the Central Methodist Church.

Have You Seen the Big Bear?

Sellers-Gough Fur Co. never do anything by halves. Not content with the thousands of dollars already expended in rare and beautiful rugs to adorn this big store they have just had placed in position a monster Russian bear. It is the largest specimen of the kind in the world, measuring over eight feet in height, with a girth measurement of six feet; shoulder measures seven and a half feet, while the haunches measure exactly seven feet, and head from nose to back three and one-half feet, the head circumference being a little over five feet; weight when alive would be nearly 2000 lbs. Messrs. Sellers-Gough are anxious that all the children should see his "Bearship" and suggest that the best time would be between the hours of 5 and 6 o'clock in the afternoon. It is an interesting study, not alone to the juvenile element, but to adults as well. Hundreds of people from all parts of the city who are attending the great fur sale have already inspected the Big Bear, and stood in awe in its presence. Don't miss this interesting sight of seeing a real Russian bear of enormous size.

UNITED THEY STAND.

CORNWALL, Jan. 7.—(Special.)—The people of Glengarry have decided to remain in the united counties of Stormont, Dundas and Glengarry. A vote was taken upon the question of separation and the majority in favor of remaining in the union was about 270.

The Winter Assizes.

The assizes were continued yesterday before Chief Justice Mulock. Case v. Rennie occupied most of the day. The Case Engine Works sued Rennie for payment of certain notes given for boiler and engine. They resisted payment, alleging the engine and boiler failed to develop sufficient horse-power. It was unfinished when court rose.

The grand jury returned a true bill against McConnell for manslaughter.

The following cases are on the civil list for to-day: Achille v. G.T.R., Carter v. Holtley, McQuillan v. Toronto Railway, McGowan v. Toronto Railway, Jones v. C.P.R.

Off to New York.

Rev. Dr. Carman, general superintendent of the Methodist Church, and Rev. Dr. Sutherland left last night for New York, where they will attend a meeting of a joint committee composed of representatives of the various Methodist Churches in America to discuss plans for educational work in China.

CENTRAL MISSION CHURCH FOR THE PRESBYTERIANS

Project Assumes Definite Shape —The Vacancy at Cooke's Church.

A movement is now under way for the establishment of a large institutional church similar to the Fred Victor Mission and the St. Andrew's Institute in the district south of Queen-street. This mission will be under the care of Knox Church, Spadina-avenue, which has an endowment fund for mission purposes. One step in this direction was taken by the Toronto Presbytery yesterday, when Rev. William McKinley, pastor of Southside Presbyterian Church, Parliament-street, submitted his resignation to clear the way for the organization of the new mission.

The resignation of Rev. Alexander Esler, who is leaving Cooke's Church, to become Presbytery evangelist in the Presbytery of Philadelphia, was accepted. The pulpit will be declared vacant on Feb. 2 by Rev. Dr. McTavish, who was appointed interim moderator of the session.

A committee was appointed to confer with the French evangelization committee of the general assembly to secure a grant of $40 a month for Miss Rattas of Teeswater.

The Presbytery discussed at length Dr. Somerville's plan for filling vacant charges by means of a central committee. It also considered the question of dividing the presbytery into one for the city and one for the county churches. No action was taken, but the discussion suggested a compromise by which the business of the country districts will be discussed at certain meetings during the year so that clergymen from those districts will not be under the necessity of attending every meeting. This will probably be adopted at the February meeting.

MORAL REFORM EXECUTIVE.

Certain Provisions of the Constitution Must Be Amended.

The executive committee of the Methodist board of temperance and social reform met yesterday afternoon to consider the constitution of the proposed moral and social reform council of Canada. It was found that some of the provisions of the proposed constitution were out of harmony with the department of temperance and moral reform of the Methodist Church.

Rev. Dr. Carman and Rev. Dr. Chown were appointed to represent the Methodist Church in the council and to negotiate further in regard to the new constitution with a view of formally entering into the council if modifications are made which will permit the board to do so under the limitations imposed by the discipline of the Methodist Church.

A sub-committee was appointed to prepare a statement of the views of the executive in the present temperance situation in Ontario for the information of church members.

Organ Recital.

An event of great interest to those who enjoy high-class church music, will be the grand organ and choral recital, to be given in the Metropolitan Methodist Church, on Thursday evening, Jan. 9. The program has been selected with great care, and will be especially suited to this time of the year. Under the direction of Mr. H. A. Wheeldon, the Metropolitan Church Choir have made great progress, and will be heard to advantage in their different numbers, which include a Te Deum by Coleridge-Taylor, and a Motet, "King All Glorious," by Barnby, both of which pieces have found a frequent place on the programs of the best choirs in England.

Mr. Wheeldon's ability as an organist has been proved at his former recitals, a feature of his playing being the beautiful effects he procures by the aid of the fine organ of the church. One piece which will be played on Thursday night is a fantasy on old English carols, a number which is especially appropriate for this season of the year.

Value of Public Approbation.

The assize court jury yesterday awarded Thomas Cuff $250 damages against Shea's theatre and House Constable McLaughlin, for wrongful ejection. Cuff had his foot in the aisle and the constable kicked it, and a rumpus followed.

"One of the most valuable assets in life is the approbation of one's fellowmen, and to be ejected from a theatre is a most humiliating position for any respectable citizen to be placed in," said Chief Justice Mulock to the jury.

T. & N. O. Receipts.

The T. & N. O. Railway has paid into the provincial treasury during the past year $235,000.

This sum comes out of earnings, and is sufficient to pay the interest on the English loan.

Has Recovered.

DETROAIT, Jan. 7.—James A. Atridge of Highgate, Ont., who was shot thru the brain by Mrs. Florence Griffith in the latter's apartments, several weeks ago, left Harper Hospital this morning.

Doctors Have Raised Fees

"Yes, sir," remarked a prominent physician, "they have, and I don't think it's right in these hard times.

"As a protest, I give this valuable prescription (which has cured hundreds) to all sufferers from La Grippe, Colds, Coughs, Bronchitis, Croup, Throat and Lung Diseases, free of charge."

It is as follows:

Fluid Extract Licorice, one-half ounce.
Syrup White Pine Compound, one ounce.
Glycerine, one ounce.
Tarsol, one ounce.

To this add three ounces of boiled water, and take a dessertspoonful every 2 or 3 hours.

This formula can be filled at any reliable drug store.
