delicate tints and makes all ink work clear, free from any trace of stick, the coldest day in winter without fire, or the hottest day in summer when rollers are delicate and refuse to take or distribute the ink. INK LEUM never dries on rollers, but makes the ink and tints dry quick and clean on paper and will be never gummy like varnish, neither second or more rollers to follow at once and rushed work to be delivered almost immediately from press without retreating. Ink LEUM runs good soft rollers by washing, or pull sticks from press and rub the ink left on them over night or Sunday or whenever too sticky with a few drops of INK LEUM put on with your finger and your press is ready to run, whether it is 40 degrees below zero or 100 degrees above in the room. A trial will convince any person.
