NEWS SUMMARY.

Dominion.

— Evangelist Wm. Meikle is expected to open a meeting in Annapolis about September 1. He brings with him a tent, at present in Halifax, in which the services will be held.

— For the first time in the history of Montreal the street cars are to be run on rails this winter. The electric cars will be heated by electricity, and the horse cars by hand coal stoves.

— The feeling against the Chinese in Calgary is still very bitter, and last night, August 24, a crowd attacked the Chinese laundry, kicked in the door and smashed the whole front out of the building with stones.

— Robert Stewart, farmer, of Greenfield, Cumberland County, recently lost two horses from the poisonous effects of Paris green, they having broken into a potato field and eaten of the potato tops on which the poison had been scattered.

— A Winnipeg despatch says: In the Battleford district excitement has been created by the discovery of what is said to be crude petroleum. Prospecting parties have been out for some time and the liquid discovered has been sent east to be assayed.

— A despatch dated Winnipeg, Aug. 27, says: The weather continues warm and brilliant. It looks at present as if we are going to have more No. 2 hard and better on this crop than in the past three seasons combined. Smut is apparently local and only confined to a few localities.

— Miss Julia Godfrey, of Dorchester, has been presented with a purse of $25, in token of her promptness in giving the alarm of fire and thus preventing a serious conflagration on the morning of August 4, when the barn attached to the Weldon house was on fire, supposed to be of incendiary origin.

— Several burglaries have been committed during the past week in St. John and its neighborhood. The residences of Simeon Jones, Wm. Girvan and Joseph H. Scammell, of Lancaster, have been entered and considerable sums of money, silverware and other valuable articles were taken. The burglars are believed to be old hands at the business. The Mayor of St. John has offered a reward of $300 for such information as will lead to the apprehension and conviction of the guilty parties.

— Robert Henderson, a lunatic belonging to Kent Junction, escaped from the Asylum Annex on Thursday and was walking on the track near Sand Cove when he was struck by the engine of the picnic train coming from Lepreaux. The wheels passed over his abdomen, producing instant death. The engineer saw him but had not time to reverse his engine. The body, which was not badly mangled, was taken to the annex. Henderson was about 54 years of age. Coroner Robinson held an inquest this morning. A verdict of accidental death was returned.—*Globe.*

— The enterprising town of Yarmouth takes its place with the leading cities of the continent. On Friday last the Yarmouth Street Railway company took over the line of railway built for them by the Edison company at a cost of about $40,000. The line has been examined by a Boston expert and pronounced first-class. It extends along Main street from Milton to South end, a distance of two miles, and will prove a great convenience to the citizens. The board of directors consists of the following gentlemen: Robt. Cale, president; Bowman B. Law, secretary and treasurer; John Lovitt, William Burrill and W. D. Lovitt. A number of manufacturers will get their power from the company for manufacturing purposes.

— The Salvation Army troubles in Toronto have finally culminated in what looks like a permanent split. The seceding section have engaged a building near the corner of Denison avenue and Queen street, where they will hold regular services. Their first meeting took place on Sunday morning and was well attended by the seceders. No forms or rules have been as yet adopted by the new organization. In fact, they have not a name. They say they are not an opposition to the army, but have adopted the present course because, though forced out of the ranks, they still feel that God calls them to continue to work for Him. Outdoor processions will not be made a regular feature of their method of propagandism, though they will be indulged in to some extent, as circumstances may render expedient.

— A Montreal despatch of Friday says: A scene possibly unprecedented in the history of the Province of Quebec took place at Maskinonge yesterday, when ten men and one woman were baptized according to the ritual of the Baptist church, being converts from the Roman Catholic church. This is the outcome of the action by a majority of the parishioners a year ago. They asked that a church be erected on their side of the river and that a cure be appointed. This was refused and the dissenters built a chapel, where a regular altar was erected and services held. In November last Rev. Mr. Burwash, of Grande Ligne mission (Baptist), visited the chapel and with other Baptist ministers continued to do so, preaching as opportunity offered, with the result stated above. The chapel was erected into a Baptist church yesterday. Upwards of two hundred persons attended the ceremonies. Rev. Mr. Therien preached the sermon and urged converts not to be turned back by the sneers of friends or foes. One of those baptized yesterday was Mr. Marchand, 65 years of age, one of the wealthiest men in the district.

— Beecham's Pills for a bad liver.

— The trial of Buck and Jim, the parties in jail accused of the murder of Policeman Steadman in Moncton, will take place on the 13th of September, before Judge Fraser.

— In Toronto, Thursday night, Charles McClelland, contractor and an old resident, was waylaid by two men who demanded his money. He resisted them and was shot, the bullet entering his side and lodging in his back. His condition is critical. Two men are under arrest on suspicion of being McClelland's assassins.

— Mr. John Lowe, deputy minister of agriculture, asked whether the government proposed to display special vigilance on the inspection of German steamships in view of the outbreak of cholera at Hamburg, whence a steamship company maintains weekly communication with Montreal, said the precautionary measures adopted at Grosse Isle could not be more stringent than at present. The present means of fumigation and disinfection must be utilized until new apparatus is obtained. To make assurance doubly sure the government will this week place German ports on the same schedule as all Belgian and Mediterranean ports.

— What might have caused a serious accident occurred on the Intercolonial railway near Maccan on Wednesday. Some section-men left a trolley on the side of the road near Springhill Junction. Two tramps passing there placed the trolley on the line and started off on it down the incline towards Maccan. After going a short distance they saw, fast approaching them in the opposite direction, the No. 2 express from St. John. They then endeavored to get the trolley off the line, but were unable, and the express struck and completely demolished it. The tramps then made off into the woods. No damage of any consequence was done to the engine.

British and Foreign.

— All the members of Gladstone's government have been re-elected. Only Harcourt and Morley were opposed.

— A St. Petersburg despatch says: Russian winter wheat crops are in a satisfactory condition except in sixteen provinces.

— A Hamburg despatch says 172 new cases and 69 deaths from cholera were reported there on Thursday. Nine hundred emigrants about to sail for New York have abandoned the voyage. All fairs and public dancing assemblies have been prohibited.

— From Buda-Pesth it is reported a hot wave of tropical intensity is traversing Galicia and is causing much suffering. Notwithstanding the hot weather the military manoeuvres are being held at Foenkirchen. To-day while a regiment was marching in the manoeuvres one-third of its members were overcome by the heat and dropped helplessly by the roadside.

— A sharp shock of earthquake occurred in Bermuda on Thursday last. The houses were shaken and the shock caused such a swell in the harbor that boats were rocked to and fro. No damage is so far reported. The duration of the earthquake was about 30 seconds. People rushed from their houses terror-stricken, hardly realizing for a time what was the cause of the mysterious and awe-inspiring commotion.

— An explosion occurred on Friday in Park Slip coal pit, near Bridge End, Glamorganshire, Wales, while 150 men were in the mine. At 6 o'clock this evening a rescuing party brought two men to the surface, both badly burned and unconscious. The physicians in attendance think they inhaled fire and will die. Shortly after the explosion the flames from the burning pit ascended and set fire to the structures at the pit head. Those who escaped death in the explosion certainly have been suffocated or burned to death. According to a late despatch the number of lives lost in this disaster is stated at 140.

United States.

— The following comes from Ironton, Ohio: Recently the finding of some fifty skeletons and parts of skeletons on the farm of Luke Kelly attracted wide attention. At first it was supposed the remains were those of victims of river pirates, but the later discovery of prehistoric implements fixed them as the skeletons of mound builders. Interest in the discovery spread, and it is now a well-established fact that at Proctorsville, a few miles above this city, are the ruins of a buried city. The streets were paved, there were aqueducts and many evidences of refinement. The city must have been large, though a great portion of it appears to have slipped beneath the Ohio River. It is believed proper excavations would reveal a world of treasures.

False Economy

Is practiced by people who buy inferior articles of food because cheaper than standard goods. Infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

Deaths.

Embree.—At Amherst, July, Amy, widow of Deacon James Embree, aged 83 years.

Gilmour.—At Parrsboro, N. S., on August 17, Francis Andrew, aged ten months and ten days, son of Arthur B. and Helen B. Gilmour of this city.

Chipman.—At Fountain, Colorado, U. S. A., on the 17th inst., F. McC. Chipman, aged 27 years, oldest son of Rev. Alfred and Alice Shaw Chipman.

Beals.—After a short illness Mrs. George Beals passed peacefully away on July 28, in the seventy-third year of her age. She had for many years been a consistent member of the North River, P. E. I., Baptist church.

Jocylin.—At the residence of Mrs. T. Saunders, Mrs. Lucy A. Jocylin, widow of the late John Jocylin, aged 64 years. She lived a Christian life and died in the triumphs of faith. She has entered the land of eternal rest, where the wicked cease from troubling and the weary are at rest. Sermon preached by H. D. Worden, from John's Gospel 17: 24.

Freeman.—At Bridgewater, August 7, John A. Freeman, aged 21 years, 6 months. He was a son of Dea. Beriah Freeman, into whose family death came last December and claimed the eldest, a beloved daughter. The deceased was a teacher in the public schools and a singer in our choir. His end was peace. May heaven's comfort fill the hearts of the bereaved.

Reynolds.—At Lepreaux, July 9, of heart failure, John Reynolds, aged 70 years. Late in life he made a profession of religion, and since then has been the chief support of the cause in the community in which he lived. His home was the minister's resting place. His influence in the church and village was such as to make his death greatly regretted by all.

Perry.—At Canaan Road, Kings Co., August 12, the beloved wife of William A. Perry. Sister Perry was born in 1873, was baptized by Rev. J. W. S. Young, and united with the Butternut Ridge Baptist church October 9, 1887. Sister Perry leaves a husband, one child and a number of relatives and friends to mourn their loss. Funeral service was conducted by her pastor, Rev. A. F. Brown, Sunday morning, August 14.

McNeill.—At Montague, P. E. I., Aug. 11, Mary Ellen, beloved wife of Charles McNeill, Esq., aged 37 years. She was truly a Christian wife and mother; zealous and prudent in the care of her own household; faithful and true to the Saviour, pressing forward when others faltered and turned aside; kindly appreciative of the brethren in the church (she was a member of the Baptist church). She fell a victim to influenza followed by consumption. She has left a husband and three children and passed on to the rest that remains.

Martin.—At Gaspereaux, N. S., July 16, Maria, widow of the late Deacon Colin Martin, aged 74 years. Sister Martin was of the order of noble Christian women. Her piety, without ostentation, was conspicuous in the family, in the community, and in the church. She loved the society of the godly, and with her husband, was always prompt in responding to the needs of the Lord's treasury. Her pastors found her an fullest sympathy and ever faithful, and cannot easily forget her many acts of kindness. The memory of such will remain, and their influence will long endure.

Sharp.—At Sydney, August 22, Samuel Sharp, aged 70. Bro. Sharp was dressing for worship on the Lord's day when the summons to come up higher came. Hemorrhage of the brain, inducing paralysis, did its work in a few hours. The well-knit frame, now a lifeless ruin, was conveyed to its last resting-place near his old home—Point de Bute—where a funeral service was conducted by Revs. D. A. Steele and John Lewis, who kindly accompanied the remains. Mr. Sharp was a good magistrate, a loving father, a kind neighbor, and a consistent Christian. Without ostentation he was a firm Baptist, and a supporter of the church in all its good work.

Gavel.—At Smith's Cove, August 6, Mrs. Idella, widow of the late John Gavel, aged 39 years. Bro. Gavel, who died less than two years ago, his first wife, who preceded him to the better land a few years in advance, and his second wife, who has now followed, were all useful and highly esteemed members of the 2nd Hillsburg (Smith's Cove) Baptist church. Florence Davis, aged 19 years, daughter of Mrs. Gavel by a former marriage, preceded the mother across the river by about a week. Mrs. Charles Cossit, herself a widow, mother of Mrs. Gavel, who now has charge of the surviving little ones, has her cup of sorrow filled to the brim. May the Lord comfort and provide. The removal of the Gavels is a sad loss to the church of which they were members and the community in which they lived, but "these all died in faith."

Brown.—At Torbrook, Annapolis Co., N. S., Aug. 8, John B. Brown, aged 61, leaving a sorrowing companion, five children and a large number of relatives and friends to mourn their loss. Bro. Brown made his peace with Jesus several years ago and united with the Nictaux Baptist church. In the fellowship of the church he lived in love and harmony with his brethren, laboring with them for the promotion of his Redeemer's kingdom, till death called him away. For some weeks past he seemed to be in failing health. The best medical advice which could be obtained agreed that he could not live, but this did not daunt him, for he felt that his foundation was standing sure. "God had made with him an everlasting covenant ordered in all things and sure." Rev. Mr. Smith, son-in-law of our brother, attended him through his illness and comforted him with the promise of God's Word. All was done that love and affection could do. The time had come for him to unite with the church above, and he was willing to go. A very large and deeply affected audience attended the funeral services, which were conducted by Pastor Hine, of Kingston, Pastor W. B. Bradshaw being absent.

In Hot Weather.

In hot weather more infants die than in all the rest of the year. Why is this? Principally because they are fed on unsuitable food. Nestlé's Food is known as the safest diet and best preventive of Cholera Infantum and all summer complaints. Consult your doctor about this important fact.

MONEY! AN EASY WAY TO MAKE IT.

Everybody can do it. How? Why, by hunting up their very old letters that have stamps on them. I buy for cash all kinds of Postage Stamps, and pay from one cent to many dollars each for them. Hunt up old trunks and look through them, you may find something worth many dollars. Stamps are most valuable if left on entire envelope. Send what you find on approval, and I will make you a cash offer for them. If you do not accept I will return them to you. Stamps of the present issue not wanted.

CLIFTON WEST.

"People said I would die!"
A TERRIBLE CASE OF
Blood Poisoning!
SKODA VICTORIOUS!

THE FOLLOWING CASE WILL BE VOUCHED FOR BY MANY OF THE BEST CITIZENS OF BELFAST, AND THE CURE THAT FOLLOWED IS TRUTHFULLY RECORDED.

"For months I had been a great sufferer from supposed **Blood Poisoning**, and its attendant results. My legs would **swell to twice their ordinary size**, and from my feet to my hips both legs were one **solid mass of great purple sores**. My arms and body also became affected in like manner. Ceaseless **itching and burning tormented me day and night**. I lost my appetite. My bowels became constipated. I was much reduced in flesh. **People said I would die**, and I believed there was **no help for me**. This was my condition when I began taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS. As a result of using SKODA'S OINTMENT externally, I soon commenced to improve. After using these REMEDIES **four weeks** I had **gained fifteen pounds** in flesh, and improved in every way.

"Less than one course of the DISCOVERY, with SKODA'S LITTLE TABLETS and SKODA'S OINTMENT, has **completely cured me**. My **appetite** is **excellent**. Swelling all gone. **Food digests well**. Bowels in good condition. And my **skin is free** from **sores and blotches**, and only the **faintest scars** upon my legs tell of my previous trouble.
