Petition for Better Car Accommodation Referred to a Committee.

Railway Company Claim the Proposed Lines Would Not Pay Them—Developments at the Inquest on the Death of a Child—Sports and General News From Hamilton.

Hamilton, June 21.—The Board of Works this evening considered the petition signed by residents of the south-east part of the city, asking that the Street Railway Company be requested to build a line on Wellington, Stinson, Catharine and Hunter-streets. William Bell spoke on behalf of the petitioners, saying that that part of the city wanted better car accommodation. E. Martin, Q.C., opposed the application on behalf of the Street Railway Company. He said the line was not needed and could not pay the company. Mr. Bell intimated that if the Street Railway Company did not build, the East-End Incline Company might. It was decided to refer the matter to the following sub-committee: Aldermen McDonald, Ten Eyck and Pettigrew.

The markets committee this evening awarded a number of contracts. The Coleman Lumber Company was given the contract for the erection of the new weigh scale building at the corner of Ferguson-avenue and Cannon-street, to cost $1095. The Gurney Scale Company will remove the Victoria-avenue scales and furnish new scales for the wood market building at a total cost of $253.

The following tenders for jail supplies were accepted: bread, William Lees $2.30 per 100 pounds; meat, J. R. Camblden $4.00 per pounds; groceries, $204.95, potatoes 40 cents a bushel, turnips 20 cents a bushel, C. H. Peebles; milk, Dairy Farmers' Company 16 cents per gallon. A sub-committee was appointed to attend to the re-decorating of the portion of the City Hall not already done. An estimate was submitted for the proper ventilation and heating of the City Hall. It amounted to $3100 and was passed by without anything being done.

Dead Child Fathered and Mothered.

The inquest on the death of the infant found in a night soil barrel by Solomon Hart last week was continued to-night in camera. Coroner Woolverton conducted the inquiry. Drs. Glassco and Edgar, who made the post-mortem examination, stated that the body was so badly decomposed that they could not determine the cause of death, but they expressed the opinion that the baby breathed for a very short time.

Detective Bleakly testified that Hannah Lister, Hughson-street, whom he arrested on a charge of concealing the births of a child, admitted to him that she was the mother of the infant and that she threw it in the closet. It was dead when born, she told him.

Sidney Bull, a young man, 377 Johnstreet north, admitted to the jury that he was the father of the child, but that he had not kept company with the 17 year-old mother for some months. He said he would marry the girl, if she is liberated to-morrow. The girl's parents and sister also testified.

The jury considered the evidence for an hour and then returned an open verdict, being unable to form an opinion as to whether the child was born dead or alive. They stated that the infant was placed in a closet by Hannah Lister, the mother.

Ramblers Handicap Race.

The annual handicap road race of the Ramblers' Bicycle Club took place to-night over the Stoney Creek course. There were ten starters. W. Creighton 1 1-2 min. start, 1; A. McIntosh, 2 1-4 min., 2; T. O. Baldwin, 4 1-2 min., 3; Murray, the scratch man, was ninth, McIntosh also won the time prize. His time was the best made on the course by a member of the Ramblers, it being 29.54 4-5.

Underwriters' Reply.

Secretary Robins of the Canadian Underwriters' Association has written the City Clerk, informing him that the association will not take action in regard to an increase of rates until the annual meeting next September. The Underwriters again press for continuous pumping. The letter continues: "I was instructed to notify you that, to prevent an increase in the rates, it is necessary that steps be taken to remedy the existing defects, and to place the pumps in a condition to keep up the pressure requisite to maintain an overflow of the standpipe. In explanation of this resolution, our inspector considers that the weakness in your main pumps, that is, the Osborne & Killey pumps, lies in the frames, and that new frames of sufficient strength could be provided at an expenditure of about $4000, which, it appears, would provide the conditions necessary to give the required standpipe pressure without danger of the pumps breaking down."

Fitz is Modest.

William Fitzgerald, a convict in the Kingston Penitentiary, is a modest man. In November, 1893, he was sent down for five years for housebreaking at the Beach. On Aug. 2 his time runs out, and he has petitioned the Minister of Justice to be released on July 2—only one month short. He is of a most excitable temperament and, according to the penitentiary's surgeon, may go insane if not released. Fitzgerald says he is anxious to get to work as a stove plate moulder. Magistrate Jelfs will not oppose his release.

Police Briefs.

At the Police Court to-day Mrs. Sarah Quinn was committed for trial on the charge of stealing a black sateen blouse from Finch Bros.' store, last Saturday evening.

Two weeks ago William Brooks, a private of the 77th Battalion, was allowed out on his own bail, on a charge of theft, to attend camp. When the case was called today Brooks did not answer and a warrant was issued for his arrest.

At Judge Snider's court William Finney was sent down for 30 days on two charges of theft.

Stephen Clarkson of Ancaster came before the judge and was arraigned on the charge of incest. His trial was set for next Tuesday.

Minor Matters.

Walter Anderson, son of William Anderson, 15 O'Reilly-street, died suddenly this morning from hemorrhage of the lungs.

Mr. Oliver Kitchen, an Ancaster Township roadmaster, says Judson Misener and his son of Jerseyville assaulted him yesterday. He has had them summoned before the magistrate next Thursday.

Albert Webber, the conductor who fell from his street car yesterday, is suffering from concussion of the brain. He was a little better to-day.

Mr. George I. Riddell of Toronto was struck on the face by a scoundrel last evening. His clerk was badly cut.

The skeletons of an adult and a child were dug up on the farm of Mr. Fenton, on the Plains-road, recently.

The funeral of the boy, John Wren, who died through injuries received while bicycling on Saturday, took place this morning.

Arrested in the Company of Two Canadian Girls, Who Will Testify Against Him.

Niagara Falls, Ont., June 21.—Chief of Police Young hauled in a nefarious man to society this afternoon by the name of Gibson, who, it is said, runs sporting houses in Lockport and Tonawanda, N. Y. The man was arrested by the American police from information received from Chief Young, being caught in the act of procuring Canadian girls for immoral purposes. With him to-day when arrested were two girls hailing from Hamilton, who have made statements as to what they were in his company for. The prisoner was locked up and the girls held as witnesses. Gibson will have a hearing before United States officials to-morrow, as the case is one that comes before a Federal court.

The report of High School Inspector Seath's recent visit to the High school was presented to the Board at its last meeting. All the accommodation is graded as No. 1. In the equipment some additions to the physical apparatus are still needed. In organization, everything is satisfactory and in accordance with the regulations. All the teachers are legally qualified, and the character of the teaching good, as well as the work of the pupils. The Inspector ends his report by saying the school is well managed. The principal, Mr. Malloy, is also an excellent teacher, and it is a matter of regret that Miss White has been obliged to resign.

Editor World: In reference to a statement made to-day by Controller Hubbard that I had informed him that Mr. Thomas Crawford was the President of the Union Stock Yards Company, I wish to say that Mr. Hubbard was not told by me that Mr. Crawford was president of the company. As for Mr. G. G. S. Lindsey, I do not know the gentleman at all, and never had any conversation with him, in any shape or form. Personally, I am through with the Cattle Market question, and have been for some time.

A Small Pill, but Powerful.—They that judge of the powers of a pill by its size would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.

BRIGHT CATHOLIC FUNCTIONS

'Twas a Happy Day at College, Abbey and Academy.

St. Michael's Students Got Medals and Prizes—New List of Honors at St. Joseph's Academy—Loretto Abbey's Clever Reciters.

The 46th annual commencement of St. Michael's College was held yesterday morning, and a large number of clever students are now showing off prizes and medals to their admiring friends. This happy ending to struggles with philosophy, science and the arts was preluded by some excellent orchestral music at 9.50 a.m., musical selections by the students, and an address by Hon. G. W. Ross on the benefits of resident schools. The prizes and medals were distributed at the close of the program, and this was followed by an able address by Archbishop Walsh.

LORETTO ABBEY.

The closing exercises of the School of Elocution in connection with Loretto Abbey were held yesterday afternoon in the Lecture Hall. A large number were present to see the young ladies show the results of their careful training, and the manner in which they played their respective roles is a credit to their tutor, Mr. H. N. Shaw. Several recitations were given, and scenes from pretty operas, pictured by Misses Hughes, McKenna, Watkins, Clark, Smith and Norman, assisted by several others.

ST. JOSEPH'S CONVENT.

It isn't often that the sweet fragrance of the life within the convent walls of St. Joseph finds its way out into the dusty, tired world outside. An invitation to pass within its portals needs no pressing, especially when it includes the commencement exercises of the school.

The 40th annual ceremony took place yesterday in the fine music hall. Upon its handsome stage a host of pretty girls sang and played, and then stepped down to receive their prizes amid the applause of the audience, and the keen happiness of the sweet-faced nuns, who, two rows deep, sat half encircling the hall.

The Misses Downey and Falconbridge gave a charming violin rendering of Mascagni's Cavalleria Rusticana, and the only drawback to the singing of "The Last Rose of Summer" was the bright, fresh appearance of the girls who sang it.

Well-Won Awards.

His Grace Archbishop Walsh distributed most of the prizes, and as each recipient stepped down to receive it, called out "Very good," or "Very good, indeed." Miss Mary Josephine Downey, the clever graduate of last year, a very dainty brunette with auburn hair and a face sensitive to all the harmonies of life, received the golden crown. Medals enough were given to have certainly exhausted the supply in Canada. The list of honors is:

Bronze medal, presented by His Holiness Pope Leo XIII., for Christian doctrine, won by Miss McGovern.

Graduating medal, won by Miss Downey.

Gold medal, given by Archbishop Walsh, for English, won by Miss Isabelle Curtis.

Governor-General's gold medal, for English literature, won by Miss R. Casserley.

Gold pen, for penmanship, Miss Patton.

Dr. May, Superintendent of Art Schools, was present, and commented highly on the art work in china and landscapes and the work of the kindergarten department.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

Soldiers on the Rampage.

New York, June 21.—A special to The World from Washington says that 150 soldiers of the 65th New York Regiment broke into the Cabin Bridge Hotel, seven miles from their camp here, and, after consuming all the liquor they could find, proceeded to demolish the place. All the window glass, mirrors, bottles and bar furniture was smashed. A picked company from a New Jersey regiment was despatched to arrest the rioters, but they had fled before their arrival on the scene. Later in the day the same mob stoned a trolley car and injured several passengers.

If the offenders are caught they will be severely dealt with.

THE OMNIPOTENT BILL

Says That the Theatre is Also One of His Weapons—The Emperor and Idealism.

Berlin, June 21.—The official text of Emperor William's speech to the company of the Royal Theatre, delivered on June 16, was published to-day. The following are extracts from His Majesty's remarks: "The theatre should be the instrument of the monarch and, like the school and university, work for the preservation of the highest spiritual qualities of our noble German fatherland.

"The theatre is also one of my weapons.

"It is the duty of the monarch to interest himself in the theatre, as I have seen by the example of my father and grandfather, for the theatre can be an immense power in his hands.

"The artists must aid the Emperor to serve the cause of idealism, with firm confidence in God, and to continue the fight against materialism and the un-German ways to which many of the German playhouses have, unfortunately, already descended."

The general manager, in returning thanks, assured His Majesty that the Royal Theatre would gain new victories for dramatic art under the Emperor's guidance.

EAST LYNNE ONCE MORE.

Capital Presentation at the Toronto by the Beryl Hope Stock Company.

If 'tis the function of the Beryl Hope Stock Company to produce tears, an uncommonly successful week is before it in its presentation of the sentimental play "East Lynne." The house was Monday night large, but by no means worthy of the excellent work of the entertainers. Miss Beryl Hope is suited to her role, Lady Isabel. Mr. Hoell Hansel completely filled the bill as the hero, Archibald Carlyle, while Harrington Reynolds' personification of the villain, Sir Francis Levison, won much hissing. The only character throwing any fun into the gloomy piece is Miss Dickie Delaso, who fitly represents the crabbed Miss Cooney, with her much effected pride. The remaining people of the play, though in minor parts, ably assisted in the completion of a successful presentation of a tale a little too sad for a summer evening. They are Albert C. Deltwyn, as Lord Mount Severn; Thomas Ince, as Richard Hare; Joseph Dailey, as Mr. Dill; Louis LaBey; Master James Prime, as little Willie; Miss Clara Knott, as Barbara Hare; Miss Grace Nairn, as Joyce, and Miss Olive West, as Wilson. There was a 10-cent matinee yesterday, and the place was crowded, and again last night.

War and Civilization.

Herbert N. Casson, pastor of the Lynn, Mass., Labor Church, who struck so optimistic a note on human nature on Sunday morning, lectured Monday in St. George's Hall on "War and Civilization." The lecturer is a tall, slightly built, clever-looking young Canadian, from whom one would expect to hear something original, and this, accompanied by a lot of humor, is what the listener gets. While the audience, however, is kept laughing throughout the entire address, the lecturer, like Cassius, smiles as if he mocked himself for anything approaching levity. To the lecturer the transition from war to civilization was that from tiger to angel.

Among the bright things said were:

"We put on white shirts and stand-up collars and think there is no ferocity inside."

"We are hardly fit for our own inventions, like horses in a marble stable."

"The real battle to-day is not at Santiago, but in the stock market and in the inventor's study."

"Patriotism isn't waving a ten-cent flag made by consumptive girls in a sweatshop."

Ontario Ladies' College.

Great interest is being evinced in the closing exercises of the Ontario Ladies' College at Whitby. The Christian Endeavor meeting on Friday was largely attended, and was addressed by Rev. J. J. Rae of Bowmanville.

On Sunday evening Rev. Dr. Henderson of Toronto preached an able baccalaureate sermon to the largest congregation seen in the Methodist Tabernacle for some years.

On Monday evening the graduates in music and elocution gave a recital that called forth the most hearty applause. Last evening a concert was given by the graduates and undergraduates. One new feature was a selection for organ, pianos and violins, in which a large number of young ladies took part. The program generally was greatly enjoyed.

To-day a special train will leave the Union Station at 1.30 p.m., and return after the evening entertainment. Mr. R. C. Hamilton, 59 Yonge-street, has charge of the railway tickets.

Perfectly Cured

Weak and Low Spirited—Nervous Prostration—Appetite Poor and Could Not Rest.

"I take great pleasure in recommending Hood's Sarsaparilla to others. It has been the means of restoring my wife to good health. She was stricken down with an attack of nervous prostration. She suffered with headaches and her nerves were under severe strain. She became very low spirited and so weak she could only do a little work without resting. Her appetite was poor, and being so weak she could not get the proper rest at night. She decided to try Hood's Sarsaparilla, as we had heard it highly praised, and I am glad to state that Hood's Sarsaparilla has perfectly cured all her ailments." G. MANGLED BODY IN A TRUNK.

Gruesome Find in the Blackwell Canal at Buffalo.

Buffalo, June 21.—A trunk containing the dismembered body of a man was found floating in the Blackwell Canal this morning. The man's head had been cut off, both legs had been severed at the knees and both arms and hands were terribly mangled, but were attached to the body by the tendons and muscles. In his breast were a number of stab wounds, one of them a great, gaping wound, extending through the right lung. The man was apparently an Italian, about 30 years of age, and weighed about 175 pounds. His features were regular. His eyes were blue and his mustache and hair were black. The pieces of clothing found on the body showed that before mutilation the man had been dressed in a brown and black checked suit. There is no clue whatever to the murderer or to the identity of the victim.

SOUTH PERTH ELECTION.

Cross-Petition Against the Return of Mr. Moscrip Filed Yestreday.

Mr. Frank Morris, a laborer, who adheres to the old style of making his mark instead of writing his signature, yesterday had the long-expected cross petition against the election of Mr. Moscrip in South Perth filed at Osgoode Hall.

After Mr. Moscrip was elected, Mr. Nelson Monteith got the seat by a recount, but on an appeal Judge Maclennan handed it back to the ranks of the Liberals.

All the usual bad things are charged against Mr. Moscrip, with the additional charge that he made use of an election fund.

Railway Notes.

Yesterday the C. P. R. excursion train carrying the A. O. U. W. to Toronto from Inglewood broke down at Alton, and 25 minutes' time was lost. After an enjoyable evening was spent, Mr. Robertson, who is the recording steward of the Zion Methodist Church, called the friends around him and presented to Rev. E. Ryerson Young, jr., B. A., their present pastor, who will shortly leave them, a complimentary address, which was handsomely illuminated and framed. The address was signed by J. A. Robertson, R. S.; John Henderson, President E. L.; E. Grummitt, President L. A. Rev. Mr. Young thanked the friends for this new token of their appreciation, after which the ladies of the church served out strawberries to their guests.
