FARMING AND LIVE STOCK

HORSE JUDGING

Considerable dissatisfaction, to put it mildly, was expressed by scores of exhibitors and visiting stockmen, over many of the awards in the horse classes at the exhibition. All sorts of maledictions have been uttered against the judges for either their incompetence or their favoritism in the show rings. The remarks attributed to a prominent member of the legislature, that some of the Clydesdale awards constituted enough diversion from the correct thing to be styled by him as a great outrage, well represented the feeling of scores of those present. The remarkable demonstration of the crowd at the championship judging tells in more than words the tenor of the situation. Ebullitions of feeling do not occur instantly, they grow from frequent flames.

The trouble was not confined to a single case, but in nearly every class of the Clydesdales the same criticism has applied and the feeling that, if imported judges are no more capable to place the ribbons than has been exhibited here this year, the executive of the exhibition would do wisely to follow their Shorthorn example, and appoint a good Canadian stockman whose reputation is here among his own people, and therefore more likely to be jealously guarded in his placings.

Mr. Flatt did the work in his department well, and not a person was heard to object to the general placings in the Shorthorn ring. He tried to be eminently fair in upholding the type of animal he had in his mind, and all his awards were easily recognizable asising up to that standard.

But what was the type arrived at in the Clydesdales? The people sought earnestly for the picture that gleamed in the eye of the judge, but each successive placing dissipated their guess.

No particular type stood out prominently as the ideal Clydesdale. An extra fine quality one in one class would lead, while a big rough, upstanding type obtained in another.

In the placing of the championship for stallions, there was apparently a wide diversion. The crowd disapproved in no uncertain tones. And the crowd was not made up of novices in Clydesdale types. They knew their ideal horse, have bred them, sold them, bought them and showed them, and when the championship went to the two-year-old, which is not a bad horse by any means, the overlooking of Sir Marcus, the best Clydesdale horse on the grounds, in the opinion of many, showed that the judgment of the Scotch expert was open to serious criticism.

The crowd jeered his award and were in no mood for joking, but discretion of the exhibitors averted any further demonstration.

The American breeders had considerable justice for their appeals against the Hackney awards. With horses of London Show renown they had quality, they claimed, to lead, but the bighearted Americans yielded to the placing, and hoped to again compete at the Canadian fairs.

It is to be regretted that so many rumors have obtained during the fair week. If there is one thing that will rob our great fair of its value, it is for this reputation to get abroad. Men may pooh-pooh it as much as they like and cover up the situation by the trite remark that there are always some dissatisfied ones, but the men who protest are not squealers. They are prepared to accept defeats with a good grace even when they involve honest differences of opinion. But it is imperative for the best interests of our great national show that the decisions should be of a nature which carries their own justification and leaves no feeling of soreness or irritation in the minds of exhibitors.

Means must be found to prevent any sense of injury being aroused. The appointment of judges by the Horse Breeders' Society would be even a wiser step than the present way. The exhibition board is not representative enough of the breeders. There is too much room for packing the jury.

AN OUTRAGE.

Editor World: It is high time some protest was lodged against the manner in which the Clydesdale horses were judged at our leading exhibition, I heard considerable of the dissatisfaction obtaining at the ring, and so made a personal inspection.

It happened that I was present just as the championship class was placed. Thus I was able to see for myself the grounds for the complaints, and I must say that there are decided reasons why greater care should be taken in the placing of judges in charge of the work. There is too much room for question. The feeling evinced at that time was entirely spontaneous.

Stockmen of Ontario should feel that perfect justice rules in the awards from this show, our boast and our pride. In the case in point it was decidedly an outrage. Thanking you for the space. A.L.M.

STOCKMEN—A CHANCE.

The farming and live stock pages are filling the bill in the farmer's daily paper. We are keeping at the right thing and it wins. So with the advertiser. Constant pounding brings admittance.

We are offering a cheap inducement to stockmen to have their cards appear either on one or both of the farm issues at a very low rate. When his ad. appears here, he gets all exhibition notices free, besides the gossip news of his sales and purchases.

The stockmen are taking daily papers now and the man whose goods appear on its pages attracts the buyers. Now is the time to get in.

GREATEST IN AMERICA IS LIVE STOCK EXHIBIT SAY AMERICAN VISITORS

Quality and Type Are Being Developed in All the Breeds—Intelligent Mating is Showing Its Results—Sheep Men Are Hurt by the Quarantine—Some Good Cattle—The Jersey is Popular.

Teaching by object lessons has been one of the most successful means employed by recent educationists. Thus it is we find that the Canadian National Exposition, which is now openly designated by Americans as the premier show of the American continent, has such a hold on the agriculturists of Canada. It is a big object lesson in practical stock breeding, dairying, grain and fruit growing, implement operation, and the general farm uplift. No farmer can come here and go away a poorer man. Successive attendance always change the views. He grows more intelligent, more open to conviction, as well as more liberal in his views of his fellow-man's operations.

President W. K. George has been pleased to note this most interesting feature of the fair. It is quite apart from the pleasure derived from a financial success. It is uplifting, a national factor for character building.

One can but briefly describe the various sides of agricultural life as seen at the fair. The exhibits were all good, the attendance of farmers large. The work of the farmers' institutes, the fairs and exhibition associations, the dairy lectures, and the women's institute glad hand fellowship, were features that worked well to the common end. Suffice it must that a brief resume of the agricultural side of the show be made here.

Live Stock Excellent.

The live stock exhibits in all classes were unusually large. Splendid specimens, in which Canadian bred animals held their own extremely well with imported ones, were found in every pen and stable.

Never before were the sheep pens so crowded for room. Aisles were used for pens. The same story of fine quality and large numbers was told by every exhibitor, despite the fact that sales are slow on account of the American quarantine regulations. The fact that such a variety of breeds and ages were shown attests to the love in Ontario for high-class sheep raising.

Five flocks of Cotswolds from Park, Shore, Rawlings, Ross and Fitch, made the best show of this breed that has been here for some time.

The Leicesters were represented by Messrs. Snell, Kelly, Hastings Bros., Pell, Woolacott, Whitelaw Bros., and Turbull. Old men in this breed say there never was the like of it at Toronto before. About 130 entries, all good ones, brought this good longwool breed prominently to the front.

In Oxford Downs, H. Arkell & Son, J. W. Lee & Son, W. A. Simenton, and Wright of Glanworth showed excellent exhibits. H. Arkell's champion imported shearling drew much attention. Shrepshires are a popular breed and were represented by W. D. Monkman, A. & A. Shields, Oak Park Stock Farm Co., Hanmer & Hodgson, Lloyd-Jones, Graham, and J. & D. G. Campbell.

In horned sheep there was a strong exhibit of Dorsets by Robertson & Son, R. H. Harding, H. Bartlett, and A. S. Forster. Mr. Forster of The Oakville Star is another man who combines newspaper work and farming successfully. He reports that the show of sheep was the best ever seen here.

In Lincolns J. T. Gibson of Denfield was the only exhibitor with the suggestive number of 23 sheep. In Southdowns there was strong showing. Sir George Drummond of Quebec captured the leading prizes, while Col. McEwen of Byron won in the open flock. Other breeders present were J. Walker, Ayre & Son and Simenton of Blackheath.

Hampshire Downs are the best sheep to raise lambs for quick growth, said F. C. Biggs of West Flamboro. They are a fine breed and lambs grow more pounds of meat in the shortest time of any breed. To demonstrate the fact he pointed out some six months lambs that weighed 160 pounds.

Poultrymen Want Big House.

The poultry show was grander than has been at Toronto. The old building was crowded to the doors.

"The exhibit all round may be said to be a good one," remarked Prof. R. Graham of Guelph. "Especially in the young stock the exhibit is much better than we expected from the early wet spring. We looked for immature stuff, but the show is an excellent one. It is especially noticeable that the Rhode Island Reds, and the Columbian Wyandottes, as new general purpose fowls, have a remarkably good exhibit."

While the old birds are good, they show badly by not being in full dress, this being their molting season.

The chief complaint from the poultrymen is for the lack of space. A new building is urgently needed. Many breeders remarked that many other exhibitors would come if they had better accommodation.

Mr. McNeil, who was one of the judges, and who was not judging on his own birds, as reported, claims that it is wrong to exclude owners of the birds from the judging, from an educational standpoint.

"Horsemen had their horses, dogs are shown by their owners for good prizes," said he, "but the poor poultryman, with $2 at stake, is excluded from being present at the judging."

One of the best attractions at the cages was the exhibit of White Wyandottes and Barred Rocks. Many of these birds were the pink of perfection.

Beef and Dairy Cattle.

The exhibit of cattle was above the average in numbers and quite equal to any in quality. Excepting the Holsteins, there was a large entry list in each breed.

In Shorthorns there were some individuals, said Scotchmen, equal to anything at the Royal. The Little Missouri Horse Co. had an excellent animal in their 3-year-old roan bull, which took first. W. D. Flatt of Hamilton was the judge, and as such was quite satisfactory and fair in all his placings. The senior championship in bulls was won by A. Duncan & Sons of Carluke, as was the grand championship, on their roan 2-year-old bull Royal Chief. The junior championship went to Eastwood Bros. of New Toronto on Gallant Sailor. In aged cows Sir George Drummond led with a grand Cicely's Pride. No class was fairly strong. In the 2-year-olds J. A. Watt of Salem carried off first place on a beautiful deep red animal, sired by Whitehale Count. The senior yearlings had many entries but no one of outstanding merit if Amos' two were excluded.

In senior yearlings there were 21 entries, but only 14 lined up for the inspection, with the following results: George Amos & Sons, Pleasant Valley Jilt, 1; George Amos & Sons, Lancaster Bud, 2; W. G. Pettit & Sons, Averne, 3; J. Gardhouse & Sons' Rollo's Beauty, 4; W. G. Pettit & Sons' Dido, 21st, 5; and J. Davidson, Ashburn, Ont, on Mina of Ivanhoe, 6.

In bulls, the following awards were given: Bull, 3 years, Little Missouri Horse Co., 1; W. C. Edwards & Co., Bertie's Hero, 2; J. A. Watt, Salem, Jilt's Victor, 3; Sir George Drummond, Gold Cup, 4; J. Gardhouse & Son, Prince of Archers, 5.

Bull, 2 years old: A. Duncan & Son, Carluke, Royal Chief, 1; W. R. Elliott & Son, Guelph, Rose Victor, 2; A. Johnston, Greenwood, Splendor, 3; W. and S. Auld, Bud's Emblem, 4; Douglas Brown, Nonpareil Victor, 5.

Bull, senior yearling: Eastwood Bros. Gallant Sailor, 1; J. Gardhouse & Son, Archer's First, 2; Kerr & Davidson, Village Hero, 3; Kerr & Davidson, Village Master, 4.

Bull, junior yearling: W. G. Pettit & Sons, Silver Prince, 1; H. Smith, Viscount Vanity, 2; Little Missouri Horse Co., Pride of Conneaut, 3.

Bull calf: Kyle Bros, Broadhooks Chancellor, 1; W. C. Edwards & Co., Duke of Gloucester, 2; J. F. Mitchell, Lord Gloucester3.

Bull calf, junior: H. Smith, Village Bridegroom, 1; Amas & Son, Ben Cecil, 2; J. Watt, Bellona Victor, 3; Edwards & Co., Scotch Thistle, 4; Sir George [illegible] Prince Ideal, 5.

The Butter Cow.

Never has there been so fine a display of Jerseys as was present this year. All the classes were well contested. Bull & Son of Brampton led in the prize lists and had 60 head on exhibition. Wm. Mackenzie of Mackenzie & Mann had some very choice ones, which held their own well.

Ayrshires had strong classes from noted Canadian herds. This year R. R. Ness won many of the prizes, while R. Hunter & Sons well held up their reputation. Hume and Stewart had some fresh blood and are gaining ground in point of quality. There were a few choice Guernseys by Carr of Quebec.

Swine Squealed the Same Old Way.

There was nothing new in the sonorous tones emitted by the Yorkshires, Berkshires and Tamworths in their pens at the eastern entrance to the grounds.

In Yorkshires D. C. Flatt & Son of Milligrove secured nearly all the firsts, while Featherston & Son and Jas. Wilson & Sons of Fergus, had many choice animals. In Berkshires the classes were not as strong as last year. Thos. Teasdale of Concord figured conspicuously in the firsts. Boynton & Son of Dollar had some excellent stuff, while Wilson of Milton and Cox of Brampton had smaller exhibits. Cooper and Jeffers of England had a large exhibit, but were not quite as strong as their last year's showing. Sales were reported good in this line of live stock.

Other Beef Breeds.

The beef cattle had some excellent types in the Aberdeen Angus, which is always eyed with considerable covetousness by the Canadian feeder. Broadfoot, Bowman & Lowe were the exhibitors. Gouenlock, Hunter & Smith had exhibits of Herefords which were judged by Robert Mackie of Oshawa. John Davidson of Ashburn judged the Angus cattle as well as the Galloways. The latter class had two exhibitors in McCrae and Shaw, with McCrae leading in numbers. Several grade cattle and fat animals were judged by Hon. Thomas Crawford. James Leask, Jos. Stone and J. Brown & Sons were, as usual, in the fat cattle classes with many of the ribbons.

JUDGING THE CLYDESDALES.

Fair Notices.

"The great need," says Mr. Wm. Smith of Columbus, "is for more room for the agricultural exhibits. This fair is growing to such proportions that everyone is cramped for room."

"The exhibit in the horticultural building was one worthy of more notice than it receives from the press," remarked Director Briggs. "It contains exhibits from the several provinces of Canada and it is well that the fair keep up the idea as an educational force."

The Ontario Seed Co. of Waterloo, who are coming out with a line of home-grown root seeds, had a very interesting exhibit on the grounds. They expect to sell seeds that will they claim, yield one-quarter more than the foreign grown root seeds.

The Templin Manufacturing Co. of Fergus have a fanning mill that is hard to beat. Their sales were large and they look forward to bigger ones. It will clean grain and put thru 75 bushels of oats per hour.

James Weir of Sandilands, Scotland, was the judge of Clydesdales. In Canadian drafts the work was done by R. Starr, Fort William, U.S., in his first appearance in Toronto as a judge. Mr. Weir may be seen standing to the left in the cut on the page.

J. Crouch & Sons of Lafayette, Ind., have an excellent exhibit of Percherons and the Royal Belgians. They think that better prizes ought to be given for the breeds they carry.

GOOD CROPS IN THE ISLAND.

CHARLOTTETOWN, P.E.I., Sept. 10.—The annual crop report for Prince Edward Island has been issued. Hay is double last year's yield and is the heaviest crop ever known on the island. Wheat is average. Oats are from five to fifteen per cent. above the average. Barley is not up to standard. Peas are fair, but considerable damage has been done by the weevil. Corn is slightly better than average. Potatoes are 25 per cent. above the ordinary yield and of excellent quality. Early root crops of other varieties are fair, those sown late are poor.

In fruit, apples show a general average, the early varieties being good and late ones only fair. This is an off year for plums. All forms of berries gave large yields. The pastures are excellent and milk productions will be 40 per cent. ahead of last year. Farm help is scarce, the west drawing all the unsettled population. The average pay is $16 per month with board.

Thus the present year is, in abundance of crops, the most favorable in a generation and on the whole from the standpoint of value, is 20 per cent. better than last year.

ENGINEER SMITH BADLY HURT

Says Port Arthur Despatch About the Bridge Accident.

Conflicting reports have been received as to Wednesday's accident on the C.P.R. A special to The World from Port Arthur gives this version:

First section 96 east-bound express and baggage was approaching the bridge when the fire started. Engineer Smith of Fort William was in charge and Engineer Nice acting as pilot. Fortunately, the fire was noticed and the train was stopped before it went on the bridge. The locomotive struck the burned portion of the bridge and it went crashing down to the bottom, thirty feet. Smith is badly hurt and was brought to the local hospital. Nice had his foot sprained.

The fire was caused by bush fires, which are raging thruout the country.

TUBERCULOSIS LECTURE.

Dr. Philip of Edinburgh, Scotland, to Be Heard Here.

Dr. Philip, the senior physician to the Royal Infirmary, Edinburgh, Scotland, is to arrive in Canada on Friday, September 11th, on his way to attend the International Congress on Tuberculosis to be held in Washington, D. C., Sept. 21 to Oct. 12.

He visits Canada on the invitation of the Canadian association for the prevention of tuberculosis, and will lecture in Quebec, Montreal, Ottawa, Toronto and Hamilton. He is expected to arrive in Toronto on Thursday, Sept. 17, and to lecture in the evening of the same day there on the "Administrative Handling of Tuberculosis."

AT 90, LEAVES "PEN" STILL HALE AND HEARTY

KINGSTON, Sept. 10.—(Special).—One of the oldest convicts in the penitentiary has been discharged, after completing a four-year term. He was Charles Storms, aged 90, convicted of horse stealing at Belleville. He is quite vigorous.

SHOT IN THE FACE.

WINNIPEG, Man., Sept. 10.—(Special.)—F. A. Morrison, Vegreville, Conservative candidate in the federal constituency of Victoria, was the victim of a shooting accident. Fifty-three shot have been removed from his face, one having penetrated dangerously near the left eye. Morrison was out duck shooting. His hired man was the innocent cause of the accident.

Clearing Lines in Player Pianos.

The old firme of Heintzman & Co., Ltd., 115-117 West King-street, Toronto, are clearing a number of player-pianos at prices largely under manufacturer's prices. They must soon go at prices marked. Part cash and a small payment each month is all that is asked.

Tobacconists Assign.

W. B. Reid & Co., tobacco wholesale and manufacturers, 86 Richmond-street east, have assigned with liabilities of about $16,000 and assets about the same.

63 CARS AT CITY YARDS QUALITY OF CATTLE POOR

Hogs Firm—Sheep, Lambs and Calves Unchanged—Prospects Are for Lower Prices.

Receipts of live stock at the City Market as reported by the railways, were 63 car loads, composed of 890 cattle, 979 hogs, 1408 sheep and lambs, with 68 calves.

The quality of fat cattle generally was not as good as could be desired, in fact there were many inferior and too few good.

Trade was slow all round at lower quotations in nearly every class, except for prime butchers' heifers and steers.

Exporters.

Few exporters were on sale and few buyers. Several drovers have made consignments to the British markets, refusing to take the offers of the dealers at present operating on the markets. The highest price quoted at the latter end of the week was $5, and many cattle have been reported at much lower quotations, some even as low as $4.30 to $4.60. It will take a very good load of cattle to bring over $5.

Butchers.

Prime picked butchers sold at $4.50 to $4.75; loads of good, $4.15 to $4.30; medium, $3.75 to $4; common, $3.25 to $3.50; cows, $3.50 to $3.75; canners and bulls, $1 to $2.25.

Feeders and Stockers.

A few lots have been coming forward during the week and Harry Murby reports having bought 250 at the following prices: Feeders, 900 to 1050 lbs. each, at $3.60 to $3.90 per cwt.; steers, 800 to 900 lbs. each, at $3.25 to $3.65; stockers, 600 to 750 lbs. each, at $3 to $3.25; common, $2.50, and medium, at $2.75.

Milkers and Springers.

There was a fair supply of milkers and springers offered, and as there were buyers from Montreal, the market ruled fairly strong at about the same prices that have been quoted for some time past. Good to choice cows, ranged from $50 to $60 each, but few bring the latter quotation. The average price for the best cows offering would be between $40 and $50; medium cows, $35 and inferior $30 down to $20.

Veal Calves.

Receipts of veal calves were light, and prices ranged from $3 to $6.50 per cwt.

Sheep and Lambs.

Receipts were not as large as a week ago. Prices ruled steady as follows: Export ewes, $3.75 to $4; rams, $3 to $3.25; lambs, $4.50 to $5.

Hogs.

Receipts, light and market firm at $6.70 for selects, and $6.45 for lights.

H. T. Kennedy sold 17 cattle, 950 lbs. each, at $4.75 per cwt.; 1 cow, 890 lbs., at $2.30; 8 cattle, 1100 lbs. each, at $3.90; 1 cow, 990 lbs., at $3.50; 1 cow, 1190 lbs., at $3; 4 cattle, 920 lbs. each, at $3.25; 1 cow, 1100 lbs., at $2.85; 7 cattle, 630 lbs. each, at $2.70; 7 cattle, 700 lbs. each, at $2.70; 1 cow, 950 lbs., at $2.55; 1 cow, 890 lbs., at $3.12½; 2 cattle, 700 lbs. each, at $2.70; 8 cattle, 1100 lbs. each, at $2.10; 1 cow, 980 lbs., at $3.15; 14 cattle, 850 lbs. each, at $2.65; 27 cattle, 900 lbs. each, at $3.25; 1 cow, 760 lbs., at $2.75; 7 cattle, 760 lbs. each, at $2.75; 1 cow, 1800 lbs., at $3.50; 20 cattle, 910 lbs. each, at $3.50; 3 cattle, 730 lbs. each, at $3.25; 5 cattle, 900 lbs. each, at $3; 2 milkers, $32.50 each; 1 milker, $22; 2 milkers, $52.50 each; 13 milkers, $20 each; 2 cars of hogs on order.

T. C. Rowntree bought during the week 50 milkers and springers, of best quality from $44 to $65 per head; sold 24 head of the very best kind, weighing over 1800 lbs. each, at $59 per head.

New York Grain and Produce.

NEW YORK, Sept. 10.—Flour—Receipts, 34,521 barrels; exports, 16,072 barrels; sales, 7,350 barrels; market firmly held and quiet. Rye flour, steady. Cornmeal, firm. Rye, dull. Barley, steady.

Wheat—Receipts, 11,800 bushels; exports, 16,465 bushels; sales, 2,500,000 bushels futures. Spot, firm: No. 2 red, $1.04 to $1.05½, elevator; No. 2 red, $1.05, f.o.b., afloat; No. 1 Northern Duluth, 11.10¾, f.o.b., afloat; No. 2 hard winter, $1.07¼, f.o.b., afloat. There was a strong advance in wheat to-day to about high point of the week, based on lighter northwest receipts, a good cash demand and dry weather in the southwest. Trade was unusually active. Final prices showed 1¼c to 1½c net rise. Sept. closed at $1.06; Dec., $1.04¾ to $1.06; closed $1.06; May, $1.06¾ to $1.08, closed $1.08.

Corn—Receipts, 1075 bushels; exports, 1020 bushels; sales, 100,000 bushels futures. Spot, firm: No. 2, 89c, nominal elevator, and 89½c, nominal delivered. Option market was also strong and decidedly higher on unfavorable crop news, closing ⅛ to 1 per cent. above Wednesday. Sept., closed at 90c; Dec., 89c to 89⅝c, closed 89⅝c; May, 75c to 75¾c, closed 75¾c.

Oats—Receipts, 87,000 bushels spot. Spot steady; mixed, 26 to 32 lbs., 52½c; natural white, 26 to 31 lbs., 54c to 55c; clipped white, 32 to 40 lbs., 56c to 62c.

Rosin dull; strained, $2.75. Rye, quiet. Molasses, quiet.

Reduced One-Way Rates

to California, British Columbia, Mexico, Oregon, Washington, etc., are now in effect via Grand Trunk Railway System. This makes the rate to Vancouver, B. C., Seattle, Wash., and Portland, Ore., $46.05; San Francisco, Los Angeles and San Diego, Cal., $48; and Mexico City, $53.50. Proportionate rates from principal points in Ontario to above and other Pacific Coast points. Full information from any Grand Trunk agent.

Policeman Killed: Burglar Suicides.

LOS ANGELES, Cal., Sept. 10.—Captain Walton H. Auble of the Los Angeles police was shot and killed by Carl Sutherland, a burglar.

Sutherland was captured and committed suicide by taking carbolic acid.

FARMERS AND STOCKMEN
SALES AND WANTS

WHITCHURCH FARM FOR SALE.
LAND 212½ ACRES, SITUATED FOUR and one-half miles from the Village of Newmarket and three-quarters of a mile from Pine Orchard Railway Station, County of York. Soil clay loam, well fenced with wire and cedar rail. Well tiled drained; land level, with sufficient roll to carry off the water; splendid spring creek. Thirty acres of hardwood bush, rock elm, maple, beech, etc., which is almost virgin forest. Some fifteen acres of splendid cedar. The buildings consist of brick house and kitchen, also frame woodshed, all in good repair; modern frame barn, 30x60, erected in 1906, on concrete foundation; stalls for fifty head of cattle; stabling for 12 horses; complete automatic water system; large new steel windmill; large root house; five ton weigh scale; large driving barn and hog-house, lately remodelled on concrete foundation, with concrete floor. Some $2500.00 worth of fat cattle have been fed and sold off the farm each year during the past five years, requiring a large quantity of grain besides what was raised on the farm; hence a large amount of manure has been made and spread over the land each year. The whole property is in fine condition. Apply to J. A. McDonagh, 48 Wellington-street East, Toronto, Ont.

FARMS FOR SALE.
FOR SALE—145 ACRES IN TORONTO Gore, lots 2 and 3, con 7, 9 miles from West Toronto. Good grain farm, well fenced, good water, good orchards. House and buildings fair. For particulars apply to Robert Morrison, Richview P.O.

PICKERING TOWNSHIP FARM FOR sale, 170 acres, 35 unbroken only; never failing springs; two bank barns, ten houses; pig pens; excellent stone house, near schools and village. Fine grain and stock farm. Price $8500, with small amount down. Apply either to H. M. Chapman of The World or to Bailey Wetherald, Kinsale, Ont. 5
