SUITS AT OSGOODE HALL.

Brief Notes Regarding Yesterday's Doings in the High Courts.

John Froy, a defeated candidate for the Etobicoke Council, is petitioning to have Councillor Joseph Johnston unseated on the ground of his not having qualified on property.

W. H. Blake yesterday applied before Mr. Justice Street to have Barrister James Pearson committed for refusing to answer questions in his examination in the case of Pearson v. the Toronto Rubber Company.

A similar motion was made for the commitment of Lincoln Hutton, who drew Dr. Bonner's will, to set aside which the Attorney-General has taken action.

Mr. Justice MacMahon yesterday gave judgment for $300 in favor of Miss Jennie E. Smith, against the Hartford Fire Insurance Company.

Mrs. Hunt of Toronto is executrix of the Gurney estate in Hamilton and Edward Gurney brought suit on the ground that he should be made executor. The property is valued at $40,000. The case has been settled out of court.

David Radcliffe, grocer, 810 College-street, is suing Samuel Grier, grocer, 822 College-street, for $5000 for alleged slander on his methods of doing business.

Sylvester Brown, contractor, is suing Richard Wynn, C.P.R. Pullman porter, for $2000 damages for alleged slander. Wynn is being sued by his wife for alleged desertion and non-support.

Richard Barrett and Ira Marks, who, a year ago, dissolved their grocery partnership, are at law. Barrett wants an examination made of the partnership accounts.

Assignee Campbell and Joseph Fyfe, insolvent storekeeper of Midland, are suing one Maley of Kemptville for not carrying out an alleged contract of purchase and sale, made between the second-named plaintiff and the defendant, before the former assigned.

Peremptory List.

Non-jury sittings, Monday, 10 a.m.: Thompson v. Clarke, White v. White, Pearson v. Harvey, Austin v. Thompson.

WAGES ARE HIGH

So Also are Living Expenses in the Transvaal—An Interesting Letter.

H. E. T. Haultain, writing from the Transvaal to a British Columbia paper, says:

"I see that several Slocan people are talking of coming here. Don't. Negroes do all the hard work in this country, while white men act as superintendents, so that a miner is a negro driver, which is a soft job for those who like it.

"Carpenters, masons and mechanics generally have no difficulty in procuring employment. They get from $125 to $150 a month, but expenses are very high.

"All plain drinks are two bits, and the climate makes you very thirsty. We have it from 107 to 117 in the shade already, and I have not seen the hot weather yet.

"When in London I told some city men about the Slocan Star and similar properties. They were astonished, and said if it were only in South Africa they could float such properties a dozen times over, but in Canada, no! the public would not look at mining ventures in Canada. This state of affairs will probably soon change, and London will be only too glad to take anything B.C. offers. Meanwhile, what you want are prospectors and prospecting companies or syndicates to open up the country, and you couldn't possibly have a better man than the Western American for this kind of work."

AN EXCITING RUNAWAY.

A Frenzied Horse Gives a Torontonian a Chance to Distinguish Himself.

An exciting runaway occurred on Jarvis-street at about 5 o'clock Thursday night. Mounted Policeman Lydiatt captured the horse near Carlton-street, but it got away from him again, and at Wilton-avenue knocked down an old lady, who was heroically rescued by Mr. Gripton of Pembroke-street. The horse's mad flight was stopped immediately afterwards by the policeman, who took the animal to Dr. Hodgins' veterinary establishment, where it was afterwards claimed by Mr. Halloway, 92 King-street west.

Mrs. Halloway was in the cutter when the horse ran away, and was thrown out, but not hurt beyond fright and a shaking up. The cutter was demolished.

U.S. Patents Issued.

The following is a list of United States patents issued this week to Canadian inventors, as reported by Charles H. Riches, solicitor of patents, Canada Life Building, Toronto:

William Ross, die for forging reamer blanks; T. A. Briggs, electric clutch; F. W. Thomson, machine for pulverizing quartz; David Menard, stand for shoeing horses; H. H. Erlan, cooking utensil.

WANT TO ABOLISH CANTEENS.

The New Brunswick Prohibitionists Are After the Militia Now.

Fredericton, Feb. 21.—The Prohibition convention held their session yesterday and a resolution was voted down in favor of a third prohibition party. It was decided to petition the Dominion Government to do away with military canteens of the Canadian regulars. A resolution was passed in favor of prohibition.

At the evening session a lively discussion took place on a resolution moveded by Rev. Mr. Cahill, censuring the Dominion Government for not taking prompt action in regard to prohibition. After the preamble to the resolution had been adopted there was considerable puroar, and on the suggestion of Rev. Mr. McLeod, in the interest of harmony, the preamble and resolution were referred to a select committee to modify the language to meet the desires of all parties. Later in the night this committee reported on amended preamble and resolution, and, after fully an hours' discussion it was adopted.

After the permanent organization had been effected for the province, and the vice-presidents were instructed to organize their respectiv counties for immediate political action, the convention adjourned sine die.

Mr. Corbett's Valuable Opinions.

St. Paul Pioneer Press.

Mr. James J. Corbett has kindly expressed an opinion or two regarding the contemplated meeting between Messrs. Robert Fitzsimmons and Peter Maher. The world has eagerly awaited some expression from Mr. Corbett on this affair. The Pioneer Press this morning contains Mr. Corbett's words, but does not raise its price on that account.

It Just Depends.

Hamilton Spectator.

Whether the Provincial Treasurer is able to show a deficit or a surplus in his annual budget seems to depend largely upon the number of wealthy men who have kindly consented to die during the year.

A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breasts, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' Electric Oil.

Are you one of the men who think they must get "measured" and have their clothes made "to order" in order to be well dressed? If you are we want to see you in our clothing department.

BECAUSE there is no earthly reason why you should pay a tailor's price for any merchant tailor work "to order" or for anybody's "ready-to-wear" clothes.

You can buy just as good goods of us as anybody can sell you. You can buy suits with just as good trimmings as anybody can put into a suit. You can buy suits of us that are just as well made as any tailor can make a suit. You can buy suits of us that are designed and cut as perfectly as can be,

AND you can get just as good a fit here as you can get in any tailor shop anywhere.

AND our prices are about half of what tailors' prices are.

We have Suits to Fit ..... Slim Men, Stout Men, Short Men, Tall Men

Ready to Wear now or for Spring

The patterns are neat and the goods are new and have all been selected and made up specially for spring wear. An early selection is often an advantage.

McIntyre & Wardwell send the following despatch to their branch office in Toronto:

The dull and heavy tone of this morning's market was replaced this afternoon by more active trading at a further improvement in quotations. London continues a buyer on a moderate scale, and professionals who sold early in the day covered their contracts before the close. The low priced stocks are more active
