Peter Hamilton Carrier Silo Filler and Feed Cutter

If you have a gasoline engine, why not fill your own silo and cut your own feed? We have a machine which your engine will run in an efficient manner, and which will answer all your feed-cutting requirements.

PETER HAMILTON machines have tremendous strength and great capacity. They will cut up an enormous pile of feed in a day, and because of their shearing method of cutting only a small amount of power is required.

Free Booklet There are so many good points in connection with these machines that it will pay you to write for our free booklet describing them.

Reports of the official tests of 24 cows and heifers were received and accepted for entry in the Record of Merit during the month of July. Lady Waldorf Pietje leads the mature class with the fine record of 35.39 lbs. butter and 772.0 lbs. milk in seven days, and 146.86 lbs. butter and 3265.6 lbs. milk in 30 days. Her best day's milk was 113.4 lbs. In the jr. two-year-old class, Het Loo Pietertje makes a sensational showing, gaining, I believe, the world's championship for butter in the seven, 30 and 60-day divisions with 30.32 lbs. butter and 578.0 lbs. milk in seven days; 122.01 lbs. butter and 2362.6 lbs. milk in 30 days, and 223.36 lbs. butter and 4561.1 lbs. milk in 60 days. Taking into consideration type, size, constitution and production, this is undoubtedly one of the greatest heifers the breed has yet produced.—W. A. Clemons, Secretary.
