Ridgetown District — Harwich, George Jewitt, in place of J. G. Yelland, D. Hambly, added; Thamesville, M. Griffin, in place of S. J. Allin; Florence, A. Down, in place of F. J. Bate.

Strathroy District—Adelaide, J. H. Orme, in place of J. H. Kirkland; Appin, J. H. Kirkland, in place of J. H. Orme; Napier, Jas. Gundy, in place of J. F. Furchild.

Sarnia District—Ravenswood and Bosanquet, J. Hussar, in place of Jas. Gundy; Corunna, T. R. McNair, in place of J. Russell; Wilkesport, J. F. Fairchild, in place of E. Medd.

Chairmen and Financial Secretaries—London, Wm. McDonagh, chairman; G. W. Henderson, secretary. Exeter, A. L. Russel, chairman; J. Wilson, secretary. St. Thomas, Rev. J. G. Scott, chairman; E. Middleton, secretary. Aylmer, Dr. Pascoe, chairman; George Jackson, secretary. Chatham, J. W. Annis, chairman; Wm. Godwin, secretary. Windsor, J. R. Gundy, chairman; T. W. Blatchford, secretary. Ridgetown, J. Graham, chairman; W. H. Shaw, secretary. Strathroy, J. B. Aylesworth, chairman; Charles Smith, secretary. Sarnia, T. Cullen, chairman; T. Jackson, secretary.

Rev. T. Cullen read the Conference address, which was adopted by the Conference and directed to be read in all the churches.

Rev. Dr. Sanderson introduced a resolution expressing the great loss the church had suffered in the death of Rev. J. A. Williams, D.D., general superintendent. Several of the ministers supported the resolution in addresses of sympathy.

The Temperance Committee presented their report and the following recommendations were adopted:

1. That petitions be signed in every constituency and sent to the Dominion Parliament, asking for the abolition of the manufacture and importation and sale of alcoholic liquors, and as a Conference we are willing to co-operate with the Presbyterian and all other churches in demanding by said petitions a prohibitory liquor law. 2. That we keep the principle of total prohibition prominently before the church and the public as the only right action of the State in reference to the liquor traffic. 3. We should also press upon our people the necessity of total abstinence as the only safe course for the individual. 4. We should especially advocate these views among our young people in the home, day school, Sunday school and the church. 5. As an immediate practical work we request our ministers to hold Gospel temperance meetings in their several charges, seeking the reformation of the drunkard and the persuasion of the moderate drinker to total abstinence, and to follow these meetings up by all possible effort to secure the reduction in the number of the licensed places in their localities, either through the municipal councils or license commissioners. 6. That this Conference comply with the request of the Dominion Alliance to send four delegates to the next Alliance meeting, to be held in Montreal, Aug. 14, 1890, and that Revs. W. McDonagh, B. F. Austin, B.D., and Mr. J. W. Humphries and Mr. W. Ward be said delegates. 7. The committee further recommend that a standing committee on temperance be appointed, composed of Revs. T. R. McNair, W. W. Shepherd and G. H. Thompson, who will report to the Temperance Committe of 1891.

Considerable time was taken up here in discussing General Conference matters. Many of the resolutions aimed at retrenchment in the expenditure of the moneys of the missionary fund. The contingent fund report was presented by J. Learoyd, showing the income to be $1,062 84. After meeting all the expenses of the year a balance was left of $61 10. Rev. J. Learoyd was appointed secretary-treasurer. Permission was granted the chairmen of districts to employ as evangelists C. A. Smith, J. A. Snell, A. Down, D. D. Hambly, W. W. Aylesworth, W. F. Jerome, S. Schofield, W. G. Steven.

The following treasurers were appointed: Contingent fund, Rev. J. Learoyd; General Conference, R. C. Parson; superannuation, the Financial Secretary; educational, W. J. Ford, LL.B; Sunday school aid, R. Millyard; Union church relief, A. G. Harris; missionary, J. G. Scott.

A resolution was heartily adopted expressing thanks to Revs. R. J. Treleaven and A. H. Going and the friends of Chatham for their kind hospitality in entertaining the Conference.

Moved by Dr. Sanderson, seconded by Rev. W. McDonagh:

That this Conference cordially welcomes the Rev. Dr. Carman, general superintendent, to this Conference, and hails him as a beloved brother, and one in whose administrative ability the Conference has very great confidence, prays the great Head of the church to long spare our honored brother to the church of which he is so valued a member and for the discharge of the varied duties assigned him.

It was unanimously adopted and the Doctor made a suitable reply.

Conference adjourned at 1 o'clock, to meet in Windsor in June 1891.

NOTES.

At the annual Conference missionary meeting, which was held in the Park Street Church, Superintendent Carman filled the chair. Revs. Dr. Briggs and Dr. Sutherland were the speakers.

Dr. Briggs said he remembered when he used to go as junior member of a distinguished deputation to a missionary meeting where there would be a great hurrah for missions, and they wouldn't get enough money to pay for the candles. We haven't as much noise to-day but we get more money.

Dr. Sutherland said some of the brethren acted as if he carried dynamite about him. Some one said to him before the service on Sunday night: "Don't say anything that will stir up any feeling on those troublesome questions." He replied that he would not touch any subjects which would trouble anyone except sin and salvation. In speaking on the question of expense of missions, he said by a careful comparison of the working of 50 different missionary societies the society in connection with the Methodist Church had the smallest percentage of expenses. Dr. Sutherland's address was made up principally of references to Japan.

GUELPH.

STRATFORD, June 11.—After the opening exercise the case of G. Smith was referred to the Committee on Conference Relations, when they recommended that he be superannuated.

The Secretary of the Stationing Committee then read the final draft of stations, when the following changes in the first draft were made:

Guelph, Norfolk street, Dr. Harman; Marsville, R. Hall; Nassagewaya, Caldwell; Wellesley, Pomeroy; Teviotdale, Legate; Bayfield, Thibodo; Walton, Ottawell; Auburn, Swan; Ethel, Shirlock; Palmerston, E. J. F. Smith; Mount Forest, James Charlton; Walkerton, Walker; Paisley, James McAllister; Flesherton, Galloway.

The following new chairmen were elected: Listowel District, E. S. Rupert; Palmerston, J. W. German; Mount Forest, James Charlton; Markdale, Robert Davey.

Conference closed at 12:30.

NIAGARA.

HAMILTON, June 11.—The Niagara Conference closed its sessions to-day. The character of Rev. J. W. Sefton, Hamilton district, was passed. Rev. E. H. Koyle, Ingersoll, was superannuated for one year on account of ill-health. President Kay, Dr. Burns and Rev. J. Wakefield were appointed a committee to arrange with the committees of other conferences for a union celebration of the centennial of Methodism in Canada. Next year's Conference will be held in the Wellington Street Church, Brantford, instead of the Colborne Street Church, in that city, as decided yesterday. It was decided to organize a billeting fund, with the pastor of the Conference church as treasurer, each member of the Conference to contribute $1 per year, all the surplus to be given to the contingent fund. The superannuation fund report, presented by Rev. G. A. Mitchell, showed the returns to be: Total assessment, $7,090; paid, $7,072 86.

Senator Sanford spoke at some length on the matter of Indian schools, brought up on resolution by Rev. J. S. Ross yesterday. The Senator explained that he had arranged a conference between Sir John Macdonald, Hon. Mr. Dewdney and Dr. Carman, Dr. Sutherland, J. Maclaren, Q.C. and Rev. Mr. Crosby on Indian schools, and it resulted satisfactorily.

The Stationing Committee's final draft was accepted. The changes are as follows:

Hamilton District—B. B. Keefer, attached to Wesley Church and left without a station at his own request to engage in evangelistic work; Thos. Stobbs (superannuated), to First Methodist Church; Binbrook, Richard Boulton; Ker, E. B. Taylor; Stoney Creek, James E. Dyer (superannuated), St. Catharines District—Edson E. Marshall, attached as student at Victoria University. Brantford District—Sheffield, J. E. S. Baillie; Brant, Robert Duff; Cainsville, Arthur J. Terryberry; Brantford, Grand River, D. W. Kelly; H. S. Dougall, attached as a student. Woodstock District—Ingersoll (Charles Street), R. Burns, Ph.B; Sweaburg, George Carpenter. Oxford Center, H. H. Culver; Eastwood, Byron Laing; Strathallen, Jas. Masson; Washington, Geo. Miller; Drumbo and Richwood, A. Hamilton, B.A., Theophilus J. Parr, attached as student. Simcoe District—Waterford, Thos. J. Atkins; Rockford, R. S. Ockley; Selkirk, to be supplied; H. E. C. Stoney attached as a student; John H. Meath left without appointment on account of ill-health. Milton District—Waterdown, Geo. Ferguson. Welland District—Port Robinson, Sandford Marshall; Castorville, T. W. Kelly; Stromness, W. J. Sippril, supply under superintendence of Dunville minister; Ridgeway, C. Stringfellow; Stevensville, J. M. Wright. Norwich District—Dereham, Thos. Boyd.

BAY OF QUINTE.

COBOURG, June 11.—Rev. Dr. Reynar presented the report of the committee appointed to draft a resolution dealing with the case of Rev. Dr. Workman, which was unanimously adopted. It read as follows:

Resolved—That this Conference has heard with much pleasure the statement of the Rev. Dr. Workman on the question of privilege raised by him, and his repudiation of the opinions attributed to him in a resolution reported as passed by the Guelph Conference.

That this Conference cannot help expressing its deep regret that even with the best of motives an attempt should be made to pass judgment on one of its members by those to whom he is not responsible in the first instance, without giving him any opportunity of a hearing, without the evidence essential to a well-considered judgment and in disregard of the discipline of our church which provides a reasonable and righteous course of procedure in such cases.

That after due and careful investigation of the constituted authorities of the church and with all the knowledge of the case at present available, no grounds are found on which a charge of heresy could reasonably be brought against Dr. Workman and no occasion to withdraw the confidence and esteem in which he has always been held and is still held by his brethren.

MONTREAL.

MONTREAL, June 11.—At the Montreal Conference to-day it was resolved to hold the next Conference in Wall Street Church, Brockville.

Rev. B. F. Austin submitted the report of Alma College, St. Thomas, Ont., and in doing so stated that over 1,000 Protestant girls are attending Roman Catholic convents in Ontario alone.

An interesting question was raised by Rev. Dr. Ryckman on seeing the letters "D.D." after the name of Rev. D. V. Lucas, temperance evangelist. He wanted to know what university conferred the degree before it went to the minutes. He spoke of worthless honors, and many members smiled. Dr. Ryckman denounced spurious degrees of all kinds, declaring that many spurious M.A.'s were worn. He moved for a committee to obtain information as to the genuineness of Bro. Lucas' degree of D.D.

On a vote the motion was lost, and then Mr. Lucas, who had all the while sat silent, now rose and said this degree business had got down about as low as it could get. He would satisfy Dr. Antliffe that he held the degree and had as good a right to be called "doctor" as any man on the floor of the Conference, and Dr. Antliff could satisfy the Conference, "if," added Mr. Lucas, "you won't take my word."

Mr. P. Jourdan, of Roxton Falls, was ordained a year ago for certain work, but has one year's probation before he enters the regular ministry. Bro. Jourdan is engaged to be married, and expressed an earnest wish to be allowed to marry. This permission was refused on a closed vote.

Rev. E. M. Taylor hoped the time would come when the church would not tyrannize over a man in this way. Dr. Douglas and the President, however, stuck up for the law as a wise one, and carried their point.

Nerviline, What Is It?

Polson's NERVILINE is a combination of the most potent pain relieving substances known to medical science. The constant progress made in this department of science points upward and onward. CROP PROSPECTS IN ONTARIO.

Generally Favorable Outlook—Spring Wheat Doing Well.

Rain Retards Roots—Good Fruit Prospects—Heavy Hay Crop Promised.

The fall and spring wheat in this vicinity promise to be very good on light, sandy soil, but on heavy clay lands where there has been no drainage it has been considerably scorched. This also applies to all other grains. Hay abundant. Root crops in splendid condition. Fruit outlook of all kinds excellent.

BRIGHT.

Prospects on the whole good, and considerably better than for two or three years.

BROCKVILLE.

Fall wheat good. Rye more than an average crop. Spring grain, wheat, oats and peas, backward on account of heavy rains and cold weather, but will be an average crop. Meadows never looked as well.

BRAMPTON.

From present appearances there seems to be no exception to the prospect for a very large crop of all cereals. The oldest citizen has never seen such a prospect for fruit.

CHATHAM.

Fall wheat winter-killed and wet weather will reduce the yield to about 66 per cent. of an average crop. Spring wheat damaged by continued wet weather; yield about 60 per cent. Barley, peas and oats about 75 per cent. of average. Hay gives promise of an abundant crop. Corn planting has been delayed by excessive rainfalls; will not amount to more than half an average. Fruit trees slightly damaged by hail in some places, but generally, growers expect a plentiful crop of large and small fruit.

DRESDEN.

Fall wheat, two-thirds crop. Spring wheat, good; oats, good; peas, good; barley, fair; fruit, an abundant crop; potatoes, an average crop. Owing to the wet weather there has not been more than half the usual amount of corn planted. Roots will probably be more than an average crop.

FOREST.

Fall wheat above average, with less acreage. Spring wheat likely to be below average. Barley and oats looking well. Peas middling. All spring grain more or less damaged by rain. Corn damaged by rain. Hay will be extra good. Fruit prospects good.

GODERICH.

The crop prospects in this section are excellent. Spring and fall wheat and other grains have every appearance of having got good headway. The hay crop will be unusually large. Fruits of all kinds promise well.

MIDDLESEX.

The meadows are promising a heavy yield, even better than last year. Fall wheat is promising fair—in most localities about an average crop. Other spring crops are very backward, especially potatoes and corn. Apples are promising to be much more plentiful than last year. Cherries will not be so plentiful as last year, but other small fruits are promising well.

MITCHELL.

The spring crops are looking well in this locality where there is good drainage. In other places they are turning yellow, especially peas, on account of continuous rains fall wheat was badly winter-killed, a number of fields having been plowed up. Hay very good. Roots are looking well, except early potatoes, having been frost-bitten last Saturday night. Fruit prospects good.

PALMERSTON.

The prospects for a good harvest in this section this year are exceedingly bright. Hay will be an abundant crop and good quality. Fall wheat is fairly good. Spring wheat good. Barley, except on low lands, above the average. Oats are expected to be a heavy crop. Peas average. Flax will be good. The root crop is rather backward. The prospect for an abundant fruit crop has never been better in this part of the country.

RIDGETOWN.

The hay crop will be very heavy. Fall wheat looks good on high lands; on low lands badly winter killed; acreage small. Root crops will be large; apples scarce; cherries and small fruits in great abundance. The prospects are excellent for an average all round crop.

SARNIA.

The crops so far in this district are not in very good shape. Fall wheat is not considered good. Heavy rains have materially injured the spring wheat. The farmers have hopes yet, however, for fair crops.

SIMCOE.

Crops of all kinds in this vicinity never presented a better appearance than at the present time. Wheat is likely to be unusually good. Hay will exceed that of last year. Spring grains are also looking splendid. Fruit trees of all kinds will yield well except peaches. There will also be a large yield of small fruits.

ST. MARYS.

The winter wheat and other grain crops in this section promise a good average yield. The hay will be above an average. Some damage has been done to barley. The fruit prospects are splendid.

ST. THOMAS.

Fall wheat on light soil indicates full average; on heavy soil about two-thirds of a crop. Spring wheat good average crop. Peas and corn, injured and delayed by wet weather. Barley and oats indicate full average crop. Potatoes and roots delayed by wet. Fruits of all kinds looking well.

STRATHROY.

The appearance of fall wheat is equally as good as that presented in the spring; on low lands, the root was winter-killed, but it has improved very much lately, and the promise is now an average. Spring wheat promises a fair average. Barley and peas hindered by wet. Fair promise of corn. Potatoes have rotted in some instances. Whole fields have had to be planted again. Apples and small fruits promise a fair crop.

STRATFORD.

Of winter wheat there was fully 25 per cent. plowed up and seeded with spring crop. Another 25 per cent. is in very poor condition, and where it was good there is considerable complaint that with the rapid growth during the past month it is very soft, and beginning to lodge. We cannot have a crop much, if any, better than last year, or about 50 per cent. of a full crop. Peas, oats and barley are all suffering from excessive moisture. The hay crop will be very heavy.

TILSONBURG.

In this immediate vicinity crops are looking well, especially spring grain, which promises a large yield. In heavy or low lands fall wheat will be a little short. The hay crop is expected to be one of the heaviest for years. The roots crop will be up to the average. A good crop of small fruit is almost certain.

TEESWATER.

Fall wheat looks good, spring wheat looks well. Peas, barley, oats and hay all look fine — usual acreage. Root crops promise well. Cherries, apples and small fruits promise to be plentiful. Poor prospects for plums.

THOROLD.

Winter wheat, oats, peas, hay, apples, peaches, grapes and small fruit all promise an abundant crop.

WOODSTOCK.

Fall wheat, about three-quarter crop. Spring wheat, average crop. Oats and barley very good. Hay a splendid crop. Peas are looking well.

WINDSOR.

Fall wheat prospects are improving. Spring wheat is looking well, but not much is sown. Oats are a very promising crop. Corn is late, but looking fine. Hay will be a very heavy crop. The prospects for fruit are excellent. Peaches are light, except along the Lake Erie shore. Hops and grapes promise a good yield.

WATERLOO.

The grain crop is looking exceedingly good. In fruit prospects look for fair average. The farming prospects in general look very bright.

WELLAND.

Fall wheat good. Spring wheat none. Hay good. Oats fair. Barley fair, very little sown. Corn, potatoes and root crops very late, will probably be an average. Fruit small, fair. Small fruits good.

WHITBY.

The prospects for this season were more than ordinarily good. The pea crop will suffer most from wet. There is great promise of all kinds of fruit. On the whole the farmers look for good crops.

"WORTH ITS WEIGHT IN GOLD."

Jan. 14, 1888. AUGUSTA, GA.

DR. RADWAY—I have tried all the various kinds of remedies that they have on the market without effect, when finally I grew worse, and a friend advised me to try your Ready Relief. I did so, applying to my ankle and knee, and to my surprise was able to resume my duties next morning. My trouble was Rheumatism of long standing. I shall never be without R. R. R. for its weight in gold. My mother was cured by R. R. R. in two hours of rheumatism in her shoulder.

W. H. COOPER, of COOPER & EVANS.

IT IS HIGHLY IMPORTANT THAT EVERY FAMILY KEEP A SUPPLY OF

RADWAY'S READY RELIEF.

Always in the house. Its use will prove beneficial on all occasions of pain or sickness. There is nothing in the world that will stop pain or arrest the progress of disease as quick as the Ready Relief.

INTERNALLY.
