Will Be Ready on Monday.

The enormous crowds which yesterday visited Munro Park thoroughly enjoyed the program presented, although it had to be somewhat curtailed, owing to the buildings not being quite finished. Everything will be ready for Monday. The artists were Misses Jean Mortimer and A. Murray, Messrs. W. Copeland, F. Taylor and Miss Florence and Master Jim Gardiner. There were many visitors from the States on the grounds.

Expertism.

The private dental practitioner must generalize in his knowledge of many of the essential branches of dental art. We specialize all of them.

Our work is divided into departments. Each of our force of expert operators, who are all Canadian Graduates, is kept constantly busy at the work for which he is best fitted. The superior experience thus gained eliminates guesswork and experiments and enables him to work better and quicker—consequently easier and cheaper.

But put a fair limit to your ideas of cheapness.

Our charges are the limit.

DROWNED IN THE HUMBER.

John McEwan Lost His Life Whilst Bathing Near Weston Mill Dam Yesterday.

The gospel tent which is being conducted at Weston by Evangelists McClintock and Telfer was thrown into a paroxysm of sorrow last night, when it became known that John McEwan, one of the attendants, had been drowned in the Humber River.

McEwan, with six other young men, went bathing near the millDam and stepped out of his depth, saying, "Come on in here." He could not swim, and for some time none of the others missed him. When they observed that he had disappeared a rigid search was made for him, but the water is rather muddy just now, and all efforts to find him quickly proved futile.

It was two hours afterwards before Walter Day, who had been in the water all the time, came across the body, which had possibly not moved from where he went down.

Deceased was a son of James McEwan, 548 Manning-avenue, and was an exemplary young man.

It is not likely that Dr. Charlton will demand an inquest, and the remains will be forwarded to the home of his parents this morning.

THE B. M. E. CONVENTION.

Chatham Trouble Dealt With—Case of Discipline—Addresses of Patriotism and Loyalty.

Devotional exercises, led by Rev. S. A. Lucas of Guelph, opened yesterday's session of the B. M. E. Convention. Several committees met, but the principal question brought up for discussion was the Chatham trouble. The charges against Rev. S. L. Lawson of that city, by his church, were considered by Conference, and he was unanimously condemned. The assembly also appointed a committee to demand his presence to answer the charges.

The afternoon was spent at High Park, where refreshments were served by the ladies.

The jubilee exercises in the evening were the most delightful of any session yet held. The following presented, in bright and brief addresses, the past, present, and future aspects of the B. M. E. Church: Rev. Benjamin Stewart of Chatham, Rev. G. R. Blount of Drummondsville, the Bishop, Rev. Henderson Davis of Windsor, Rev. R. R. Ball of Toronto, Rev. Herbert Wright of Harrow, Rev. W. H. Snowden of Brantford and Rev. R. L. Holden of Montreal.

Each address was one of patriotism, and every song bore testimony of love to Queen and country. To prove the position of the B. M. E. connexion as regards loyalty to Great Britain, Bishop Washington read article 23, of the Book of Discipline:

We acknowledge Her Majesty Queen Victoria as our rightful sovereign, possessing supremacy over all the British Empire, as it exists in Europe, Asia, Africa, Australia, North America, South America, the West Indies and other islands of the ocean; also the Governor-General and Dominion Parliament of Canada, and we also believe that no foreign potentate should exercise authority within the boundaries of her vast dominions, and, inasmuch as British law throws God's shield of equal protection over the life, the liberty and personal happiness of all the loyal subjects, without regard to the clime in which they were born, or the hue of their skin, therefore, we believe it to be lawful for Christan men to obey the commandments of the magistrate, to bear weapons and to serve in wars; and, furthermore, we believe it to be our duty to pray the Most High God to make the reign of Her Majesty peaceful, prosperous and happy, and every member of the Royal family wise, holy and useful, and that the British Empire may continue to grow in power and prosperity till Christ Himself descends to reign on earth.

WAGON AND TROLLEY.

Serious Results of a Collision on Queen-St. W. Last Evening.

Last evening at 7.30 o'clock Albert Stevens of 145 Chesnut-street was driving his horse, attached to an express wagon on the car tracks on Queen-street west. When opposite the new Court House he attempted to cross, with the result that Queen-street car No. 435, manaew by Norman Thomas Jackson, 55 West Lodge-avenue, crashed into the wagon. John Hughes, a resident of Eglinton, who was occupying the front seat with Stevens, was thrown out on his head and badly hurt. Dr. Garratt was called, who, after binding up his injuries, had the injured man removed in the ambulance to St. Michael's Hospital. The injuries consist of a bad scalp wound.

A similar accident happened just a year ago yesterday near the same spot.

The driver managed to escape injury, but his horse was struck, the shaft of the wagon inflicting serious injury.

Hurt at the Hamilton Pier.

Yesterday Mrs. Bradley, 6 Arthur-street, accompanied by some friends, took advantage of the beautiful weather and the holiday and journeyed to Hamilton, where they had a most enjoyable outing. For the return journey Mrs. Bradley was one of the first to enter the caged pavilion at the Ambitious City to wait fo rthe steamer Macassa, and was consequently standing against the gates when the signal was given to open them to allow the crowd to pass through to the steamer. In the crush Mrs. Bradley was knocked down and trampled upon, sustaining some severe injuries to her body and legs, also some abrasions on her forehead. Dr. Lymes of this city, also a passenger, attended to her injuries, and she was brought to Toronto on the steamer, arriving at Yonge-street dock shortly after midnight. A telephone message was sent for the ambulance, and P.C. Geddes took her home. Another lady also got mixed up in the crush and fainted, and had to be sent home in a hack.

A Trolley Crosses the Water.

Niagara Falls, July 1.—The Niagara Falls Park and River Railway Company ran their first trolley over the arch bridge to-day. Mr. Rothery, superintendent of the road, was at the motor. Manager Phillips and Bridge Superintendent Dill, together with a number of prominent citizens, rode inside. The car was decorated with the English, Canadian and United States flags, and its arrivval on the American side was marked by enthusiastic cheering.

A BLACKSMITH'S STORY.

He Became so Run Down That Work Was Almost Impossible—His Whole Body Racked With Pain.

From The Bridgewater Enterprise.

Mr. Austin Fancy is a well-known blacksmith living at Baker Settlement, a hamlet about ten miles from Bridgewater, N.S. Mr. Fancy is well known in the locality in which he lives. He is another of the legion whose restoration to health adds to the popularity of Dr. Williams' Pink Pills. Mr. Fancy related his story of illness and renewed health to a reporter of The Enterprise as follows: "During the last winter, owing I suppose to overwork and impure blood, I became very much reduced in flesh, and had severe pains in the muscles all over my body. I felt tired all the time, had no appetite, and often felt so low spirited that I wished myself in another world. Some of the time, necessity compelled me to undertake a little work in my blacksmith shop, but I was not fit for it, and after doing the job would have to lie down; indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes I felt a decided relief. The pains began to abate, and I felt again as though life was not all dreariness. By the time I had used six boxes I was as well as ever and able to do a hard day's work at the forge without fatigue, and those who know anything about a blacksmith's work will know what this means. Those who are not well will make no mistake in looking for health through the medium of Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People."

A BIG RAILWAY DEAL

Hanson Bros. & Co. of Montreal Financed a Deal Involving Over a Million Dollars.

Montreal, July 1—(Special)—A heavy transaction has just been completed at Quebec, whereby the Quebec, Montmorency and Charlevoix Railway Company have taken over the electric railway system of the Quebec District Railway Company. The bonds of the amalgamated concern, amounting to $1,500,000, have been sold to the Messrs. Hanson Bros. of this city, who have accepted delivery of and paid $1,150,000 on the same. The remaining $350,000 of the bonds have been lodged with the trustees of the Montreal Trust and Deposit Company, and the proceeds of the sale of these are to be used for further extending the present city electrical system and electrifying the system of the Quebec, Montmorency and Charlevoix Railway Company in the near future. A check for the $1,150,000 of bonds was handed over by Hanson Bros. Messrs. Campbell of Montreal and Cooke of Quebec, advocates, with Mr. H. J. Beemer, promoter of the Quebec Railway, put through the deal.

Dominion Day Drowning.

Ninety cars, filled with between 5000 and 6000 excursionists, left Bonaventure station to-day, and a good number also left the city from the two C.P.R. depots. Dominion Day passed off very quietly, everyone stopping work and leaving the city.

The only accident heard of so far is a drowning at Highgate Springs this morning. Miss Ann Julien left her sister's home in Roy-lane with a gentleman friend to spend Dominion Day, and while bathing the young lady fell overboard, and the statement is that she drowned in five feet of water. Deceased was 20 years of age.

NICHOLAS, THE SILVER-TONGUED,

Delivers a Dominion Day Oration at Grimsby Park to a Vast Concourse.

Grimsby Park, July 1.—(Special.)—Nicholas Flood Davis, M. P., of Regina, delivered a patriotic address here this afternoon that was decidedly appropriate on Dominion Day. The title of the address was "The Dominion of Canada." The Westerner dilated on the rolling prairies of the west, the busy cities of the middle provinces and of the great harbors and rivers of the east. The harbor of Halifax was spoken of as the greatest in the world. He said that Canada has a great future, being populated with people strong mentally and physically, and the climate is such as makes them capable of doing hard work.

Canada is not burdened with landed gentry, such as older countries are. The landed gentry of this fair Dominion are the yeomen. In referring to the possibilities of the country, he said there is 150,000,000 acres of land still untenanted, the property of the people of Canada.

About 1200 persons heard the address, which was delivered in the amphitheatre.

Ocean Rates Increased.

Montreal, July 1.—First-class passenger rates by Canadian steamships are to be increased. An agreement has been signed whereby the minimum rate for first-class passengers is to be $60 in future, instead of $52.50 as in the past.

The many friends of Mr. and Mrs J H Willson will regret to learn that they leave the city on Sunday evening on the Grand Trunk Montreal express to take up a permanent residence in Rockland, Maine. Mr. Willson has been transferred to that place by his company, the Metropolitan Life Insurance oCmpany of New York City, to take charge of that district.

Weak and Run Down, With Heart and Kidneys in Bad Condition—Restored by Hood's Sarsaparilla.

"I was very much run down, having been sick for several months. I had been trying different remedies which did me no good. I would have severe spells of coughing that would leave me prostrate. I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me. I continued its use and it has made me a new woman. I cannot praise it too highly." MRS. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ontario. Get only Hood's, because
