Mothers and Daughters Banquet at the Y.W.C.A

Amid surroundings of a truly splendid nature, the mother and daughter banquet, the first of its kind to be held by the local Y. W. C. A., was in progress last evening at the association. The banqueting room were assembled 175 members of the association classes, clubs, mothers or substitutes, was most tastefully decorated in pink and white while the table decorations were in like colors. Mrs. John Ott, the president of the association, presided in her usual splendid manner.

A Splendid Program

While the banquet was all that could be desired, the program provided, should be given first place. In the securing of Miss Una Saunders of Toronto, the secretary of the Dominion Council, se ured a speaker whom the banqueters hope will soon return to the city an l again address them.

Short Talks

Short talks were given by daughters and mothers, the mothers replying. Miss Wilma spoke of what the association had meant to be, and Mrs W. S. Brewster in replying, dealt with the purpose of the association Miss Grace Struthers took as her subject "Ideal Womanhood," and to this address, Mrs. (Rev.) A. E. Lavell replied.

Building the Nation

Miss Saunders, the speaker of the evening, dealt with the need of building a Canadian nation through its womanhood, and the help of the Y. W. C. A.

The association, the speaker said, was like a series of circles with a girl at the center. A lonely girl comes into a city and becomes a member of the Y. W. C. A. club. This becomes her first circle of friendship. She finds around the smaller circle of her club the bigger circle of the city Y. W. C. A. Even that is not her only circle; she is in the centre of a much larger circle, the whole national Canadian Y. W. C. A., which has thirty city branches and forty college branches. She is one of a membership of 18,600 members in Canada, and more than that she is one of a membership of 600,000 throughout the world

The Work in Canada

The Canadian Y. W. C. A. tries to meet certain problems. The housing problem constitutes one. The association took in 21,000 girls in its Canadian homes last year.

The association endeavors to find employment for girls, and to provide social life through its clubs. Perhaps the greatest problem of to-day was the immigration problem. The association keeps a Secretary at Quebec meeting all immigrant women. Last year 3,200 cards of introduction were given at Quebec to girls travelling to the different cities. The secretary of the associaions in the cities in which the girls intended residing were notified ,requesting them to locate the girls in their homes and bring them into the associaion.

Another problem was the spiritual life of the young ladies. The association was trying to help the churches to meet this problem.

The Work in Foreign Countries

In India the association works both among the Indian Christian and English girls. There are 160 branches with 9000 members. Often the work in India reaches the girls who are not Christians. Only lately through the association, a Parse girl in Bombay was led to Baptism.

Power of Vision and Service.

In conclusion, Miss Saunders said there were two great things necessary if Canadian women are to build up the nation in the best way—power of vision and service.

Musical Numbers.

During the evening, a solo was rendered in good voice by Miss Rhea Hutchinson and a vocal duet by the Misses Phipps. Throughout the supper hour the Darwen Orchestra rendered numerous numbers in approved style. Mr. D. L. Wright was the accompanist.

To all those who in any way assisted to make the banquet the success it was, the heartiest of congratulations are in order.

A Rare Treat.

A treat is in store for the business men of the City who avail themselves of the opportunity to hear Sir John Willison on "Reminiscences of Public Men and Public Life in Canada" at the Business's Men's Club luncheon, Y. M. C. A. on February 6th, at 6.30 sharp. Tickets can be secured at the Y. M. C. A.

Box Social

Held in Trinity Church School Room Last Evening.

Quality atoned for quantity at a very pleasant and enjoyable box social held at the Trinity Church, Eagle Place, last night. The event was promoted by the Men's Club of the organization and much credit is due to them for their efforts. No speakers bored with their orations and everyone was made to feel sociable and at home. Games were indulged in and an amateur talent concert by church members was enthusiastically received.

Mr. E. Preston presided in the unavoidable absence of Mr. Kinsley, president of the Men's Club. A game of carpetball resulted in a win for the stripes by 10 to 4s

Dressed in the typical Scotch dress and speaking with Gaelic twang, Mr. R. Lamb gave three selections, "You tak the High Road and I'll tak the Low Road," "I Love a Lassie," and "Dockendoris." He was given a flattering ovation and merited it. Mr. T. Blackburn recited and sang to repeated encores. Mr. Nurrishe rendered a pleasing pianoforte solo. The work of Miss Ida Fuller as the evening's accompanist, in no little manner added to the success of the evening. The "box" part of the social was then evident, the gentlemen getting their numbers, box and then their partner. After an excellent repast was done justice to, a social talk ended the gathering. The inclement weather no doubt affected the attendance, but those present voted the affair a great success.

A social evening is to be held by the Men's Bible Class on Tuesday evening when the Rev. Mr. Jeakins and the Rev. G. W. Latimer will speak.

Officers and Teachers

An enjoyable time was spent last evening in the parlors of the church by the teachers and officers of Wesley church Sunday school, when the superintendent, Mr. George Wedlake, tendered them a banquet. Rev. J. J. Liddy, the pastor, presided in his usual capable manner. The good things, well and truly disposed of, a social time was spent. Victorola selections were much enjoyed as well as instrumental solos by Mr. Porter, the church organist. A vote of thanks was moved by Capt. Geo. A. Ward and seconded by Mr. A. E. Day, and heartily supported by all.

Birthdays & Note

FRIDAY, JANUARY THIRTIETH

The Very Rev. Daniel Miner Gordon, Principal of Queen's University, is sixty-nine years of age to-day.

Before succeeding the late Principal Grant as head of Queen's, an event which took place twelve years ago, he had been a professor in the Halifax Presbyterian College and prior to that was a distinguished minister of the Presbyterian Church, holding charges in Ottawa and Winnipeg. Like many other successful Canadians, he is a native of the county of Picton, Nova Scotia, and a graduate of the famous Pictou Academy. Later he studied at Glasgow University, of which he is an honor graduate. It is rather a coincidence that both he and his predecessor, Principal Grant, wrote books describing journeys across Western Canada before the building of the Canadian Pacific Railway.

MINSTRELS VISIT TOWN OF PARIS

St. Andrews' Talent Delights Large Audience Last Evening.

The famous Kentucky Minstrel troupe, under their able manager and leader, Mr. D. Forbes Thomson, journeyed to Paris last evening and gave their performance in the new Arlington Park theatre, before a good sized audience, considering the many attractions in Brantford which took a large number away from town. The troupe were all in the best of form and each artiste acquitted himself so well that it would put many of the old black faced stagers to shame. This is one of the most completely organized troupes of its kind and much credit is due to the leader and manager, Mr. D. Forbes Thomson, for the able way in which it is handled. Special mention must be made of the four comedians, Alex. and Bill Johnson, George Howarth and Jack Rowan, who kept the audience in a roar of laughter from the rise to the fall of the curtain. Mr. Jack Howarth pleased the audience with his rendition of "Sunshine and Roses," and responded to an encore. Mr. Howarth has a beautiful tenor voice. Mr. E. C. Oswald rendered "The Curse of an Aching Heart," in his usual good style, and Mr. Will Scott, bass soloist of the troupe, sang "Out on the Deep" which showed the splendid range of his voice. Mr. Harold Banner in "When I Lost You," is a singer who can always give a good account of himself. The minstrel quartette is one of the best. The other members of the troupe in the chorus were made up of the following gentlemen: Messrs. Will Short, Archie Wallace, Johnston, Leslie Kerr, Vern. Coleman and others. Mr A. V. Sedgwick acted as interlocutor for the evening and Mr. Ed. Hutchings as electrical expert. Mr. Geo. Dowling assisted Mr. Thomson with the management of the stage. The troupe carry a complete wardrobe of costumes and are supported by a splendid orchestra of seven pieces. The programme had to be very much shortened, in the second half, owing to its length and the many encores asked for, such items as the step dance by Mr. Vern. Coleman and the burlesque sketch by Mr. A. Wallace and Mr. A. Johnston having to be left out.

TO PROTECT LIFE.

PEKING, China, Jan. 30.—The American Red Cross Society has been granted by the Chinese Government a year in which to obtain the necessary $20,000,000 to carry out a project for controlling the River Hwang whose overflows have hitherto caused every year great loss of life.

Miss Alda Shultis is spending the week-end with friends in Hamilton.

Lodge Notes

The Royal emplars.

The Brantford Royal Templars had a glorious time on Monday evening last. Between 30 and 40 members and their friends journeyed to Burford by sleigh. The roads were good and the weather all that was to be desired. A jolly time was spent along the way; songs and jokes and speeches. Arriving at Burford the party were entertained at the home of Mrs Farrel, who extended a hearty welcome to the visitors. An impromptu program was put on by the Brantfordites. Miss McIsaac was really splendid with her pianoforte solos. Miss Steel gave readings and was encored. Several others took part, including Bros. Carley and Richmond and Sisters Knight and Utter. Afterwards games were indulged in and then the party partook of a fine supper. The start for Brantford was made about 12.30 a.m. after Bro. Richmond on behalf of Brantford Council, had moved a hearty vote of thanks to the host and hostess for their kindness and liberality. Brantford was reached about 2.30 and everyone agreed that they had had a splendid time. Providing there is good sleighing, the Templars will visit Bealton shortly, an invitation having been extended to the Brantford Council to visit the Templars of Bealton and district.

Catholic Foresters.

St. Basil's Court, No. 534, has taken up its abode in the A. O. F. hall, and is making an effort to advance the welfare of the order in the year 1914. It is reaching out for new members successfully, and endeavoring to make the meetings more interesting by introducing a program after routine. This week it provided a lecture on Sir Thomas Moore, the subject being ably handled by George Keen, who gave a very ample outline of the life of many of his contemporaries in the reign of Henry VIII. Mr. Keen's lecture was received with appreciation and pleasure by the large meeting present, and received a hearty vote of thanks and congratulation. Chief Ranger Hampel and his fellow members are well pleased with this good start in the year's work, and promise to continue their efforts energetically during the season. The officers of the court for 1914 are as follows: Spiritual director, Rev. Father Clohecy; D. D. C. R. Bros. Walter Kelly chief ranger, Bro. E. J. Slattery; vice C. R. Bro. P. Grimes; treasurer, Bro. John Ryan; finan. secy., Bro. D. J. McKinnon; rec. secretary, Bro. F. Waller; speaker, Bro. Thos Cronk; trustees, (Bros. Jno. McGraw, P. Remy, T. Cronk; court physician and medical examiner, Dr. Stinson.

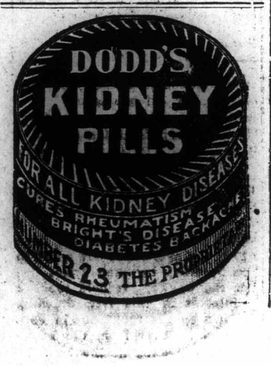
Order of the Moose.

There was a nice gathering of the proposed membership of the new lodge, Loyal Order of the Moose in the Council Chambers at the City Hall last evening at which one of the supreme officers was present, who gave an insight into the good work the organization was doing throughout the country. Over 30 were present and it was an enthusiastic meeting. Up to date, over one hundred have become members of the lodge. A new feature for Canada was introduced by the supreme member, Fred C. Robbins of Hamilton, that of a tuberculosis sanitarium for the Dominion, the same to take definite shape at a meeting in San Diago, Cal, two weeks hence. This, together with the Mooseheart Institute and homes was explained, showing how completely the Canadian organization is combined in that of the United States, when the corner stone of the Mooseheart Orphans Institute was laid upon the two flags.

Another meeting will be held Thursday next, at which the organization work will be completed.

A Science Lecture

Reno B. Welbourn will deliver an experimental lecture on the marvels and mysteries of modern science, at the Y. M. C. A. on Monday evening. Mr Welbourn, who is an accomplished scientist, has appeared in many cities and received much favorable comment. He shows the widest dreams of Jules Verne and Bellamy to be realities. His audiences are unanimous in stating his lectures the most interesting ever presented. His experiments are numerous, quickly done and stunning in their import. At times when he becomes warmed up to the eloquence of his theme he displays an eloquence that his audience is enthralled. The evening should prove one of keen enjoyment and educational value as well.



FASHIONS AND FANCIES

The attention of our lady readers is directed to the "Fashion Letter" in the regular advertising space of Messrs E. B. Crompton & Co., page 5. This letter, written from London, by Mr. Crompton, after a thorough look through the style centres, and a careful inspection of all the novelties in the market, which in due time will have an extensive representation on their counters, is well worth more than a passing glance.

With the wealth of materials to follow—selected with a cultivated taste, born of years of experience—readers will have no fear but that Crompton's will maintain all its old-time traditions as the "House of Quality and Good Value." Goods with the essential air of style about them, will be in evidence; goods that only the largest importing houses have access to, and which in the case of large American houses—on account of much higher duties—cost their patrons much more, will be found in the home establishment in exclusive quantities, and all based on most reasonable prices. Country readers will find it to their advantage to read carefully.
