THEIR STRANGE LIVES ENDED.

Father and Daughter Die in as Mysterious a Manner as They Lived.

RED OAK, Mich., Aug. 28.—A mysterious case of death and suicide came to light here yesterday afternoon in a small farm house about ten miles north of here. The house was occupied by James Burns and a woman whom he called his daughter. Herman Grotick was bound for here with a load of produce yesterday morning and on passing the Burns' house noticed that it and the stable near by were closed. He forced an entrance and on the bed in one of the rooms he found the decomposing body of Burns. Across it lay the body of his supposed daughter, with a piece of twine tied tightly about her neck, showing that she had strangled to death. No marks of violence were found on Burns' body, and Grostick at once conjectured that he died of natural causes, and that the woman had, through sheer grief, committed suicide.

The death of the two people deepens the mystery which has surrounded them since they moved into this locality. Four years ago Burns came here and built a pretty cottage and fitted it up handsomely. In this lonely home these two have since resided in complete retirement, going out only when it was necessary to come here to purchase provisions and clothing. The two always displayed considerable affection for each other, and people here believe that instead of being father a d daughter they were parties to a mysterious love affair.

British American Business College.

As the holidays are now about over we believe we cannot better serve the interests of our readers than by calling their attention to the above well-known institution, which enters upon the thirty-second year of its existence on Sept. 1. During the whole of this period the course of study has been undergoing a gradual improvement until now it comprises a curriculum of the most complete character in all the essentials of a business training. While in the theoretical department of the college the student receives a thorough drill in the principles of book-keeping, both by single and double entry, together with practical instruction in the use of the cash book, bill book, invoice book, sales book, etc. Having mastered these he is required to pass an examination before entering the practical department. Here is a miniature business world in which the student assumes the character of a business man, making out all the necessary invoices, drafts, notes, etc., to carry on his operations, as well as conducting the correspondence, doing the advertising and keeping the regular books of the firm.

Another special feature in connection is its course of lectures in commercial law, which deal very fully with the principles which apply to contracts, negotiable securities and such like. The most thorough and practical instruction is given in all kinds of commercial calculations and also in business penmanship. In the shorthand and typewriting department every advantage is afforded for the rapid advancement of pupils, both class and individual instruction being employed to fit students as thoroughly as possible for positions as amanuenses in law, mercantile and other offices. Several Remington typewriters are in use in the school and all shorthand students receive daily practice on the same without additional fees. The college reopens on Tuesday, Sept. 1, and all desiring further information should address the secretary, Mr. C. O'Dea, Yonge-street Arcade, Toronto.

Toronto Conservatory of Music.

The re-opening of the above popular institution, as will be observed from our advertising columns, takes place on Tuesday next, Sept. 1. To the students of music in Toronto and vicinity this doubtless will form a pleasing announcement, as the conditions under which instruction at the Conservatory is given make the work of the students partake of a pleasurable character. The arrangements which have hitherto proved so successful in the conducting of the institution, we understand, are to be continued this year. Everything which good methods, a thorough acquaintance with the demands of modern music and a faculty whose names are in themselves a guarantee of ability cant do is done at the Conservatory to ensure the progress of the students, and we should think that the same success which has attended the institution in the past will be continued this year.

In the elocutionary department a new departure has been made this year. The instruction given in this branch is to be carried on daily on the school principles, additional accommodation having been procured for this purpose. The manner of conducting the school will be similar to the methods adopted in the leading schools of elocution in America and will doubtless commend itself to all interested in this subject.

Died in the Water.

MILLBROOK, Aug. 28.—A young man, the adopted son of Mr. George Hie of the township of Minden, employed driving saw logs for the Dicksan estate, near Lakefield, went in bathing with some companions. Young Hie, who was an expert swimmer and diver, was asked if he could go to the bottom; he replied that he thought so, and after diving, it is supposed, deeper than before, he rose again to the surface and was observed by the on-lookers to throw out his hands. He was at once brought ashore, but the breath, so long restrained while under the water, had ceased, and every effort to restore respiration failed. A doctor was sent for, but he pronounced him dead.

Scarboro Junction.

The credit of building the first house at the new suburb, Scarboro Junction, is due to Mr. Francis Glionna, corner of Edward and Chesnut-streets, in this city. It is situated at the corner of Elm and Laurel-avenues, being a comfortable dwelling of seven rooms, possessing healthy and dry location, of easy access to the city and would make an excellent home. An admirable feature of this gentleman's property is the remarkable quantity of pure, clear water in the well he has sunk.

A Dead Shot

right at the seat of difficulty is accomplished by the sure and steady aim of Dr. Sage's Catarrh Remedy. Don't fool around with a pop-gun, nor a "Flint-lock," when this reliable "Winchester" is within reach! Dr. Sage's treatment of catarrh is far superior to the ordinary, and when directions are reasonably well followed, results in a permanent cure. Don't longer be indifferent to the verified claims of this unfailing remedy. $500 is offered, in good faith, for an incurable case of Catarrh in the Head, by its proprietors, the World's Dispensary Medical Association, Buffalo, N.Y. At all druggists.

Four People Killed by a Bear.

ST. PETERSBURG, Aug. 28.—A tame bear belonging in the village of Vitna, having been trained by the servants of its wealthy owner to drink whisky, entered a tavern Tuesday and staved in a keg of whisky. The owner tried to prevent the bear from getting at the whisky and the bear set upon him and killed him and three children.

Sarah Marshall,

King-street, Kingston, says: "I was afflicted with chronic rheumatism for years and used numerous medicines without success, but by the use of 6 bottles of Burdock Blood Bitters I was entirely cured."

"I am acquainted with the above lady and can certify to the above facts as stated."—Henry Wade, druggist, Kingston, Ont.

Thayer's Great Equestrian Entertainment and Tournament of Knights

To be presented each afternoon and evening during

CANADA'S GREAT INDUSTRIAL FAIR

Sept. 7 to 19 TORONTO Sept. 7 to 19

THIS GREAT EXPOSITION WILL BE A GRAND REPRESENTATION

Of the immense agricultural, industrial and mining resources of the Dominion of Canada, far surpassing in magnitude and grandeur any similar display that has ever preceded it. There will be on exhibition over 1,100 HORSES, 1,000 HEAD of CATTLE, SHEEP and PIGS, and the greatest collection of Poultry, Agricultural, Horticultural and Dairy Products, Machinery, Implements, Fine Arts, and all classes of manufactures, embracing the latest improvements in all departments, ever brought together in this country. In addition to this magnificent display there will be an immense number of special features for the inspection and entertainment of visitors during the whole term of the Exposition, the very best that mechanical skill and inventive genius can devise, providing instruction and amusement for every minute of the day. Every building on the grounds will be crowded with the products of the factory, farm, garden and orchard, forming the greatest exhibit ever made in the Dominion of Canada. There will be large and specially interesting exhibits from the Province and Ontario Experimental Farms, showing the results of practical tests in all grades of Agricultural Products, Working Dairy, etc., etc. Grand displays from British Columbia, Manitoba, and other sections of the Dominion, and by the C.P.R. Co. Grand displays of processes of manufacture in the Machinery Hall and Main Building, introducing the most intricate and interesting machinery. The Fine Art Gallery will be replete with the latest and best works by Canadian artists. Exhibit of Electrical inventions, embracing all the latest improvements in this important science, also 20 of Edison's perfected phonographs, reproducing selections by the celebrated Gilmore's band, quartettes, solos, humorous speeches, etc., etc. The grounds and buildings will be brilliantly illuminated by the Toronto, Bell and Dominion Electric Light Companies. Trotting and running races, hurdle races, pony races, dog races, high jumping contests, handsome turn-outs, four-in-hands, tandems, children's turn-outs, etc., in daily competition, and many other equestrian displays.

Grand International Bench Show of Dogs

For which nearly 700 of the champions and best dogs of America are entered, and Prof. Woodward's great exhibition of performing seals and sea lions, which do almost everything but talk. Prof. Morris' popular Exhibition Museum will contain many new mechanical wonders and other attractive features, including the latest Parisian novelty, Mons. Alliah's Rooster Orchestra, seven live barn-yard roosters trained and developed into cultured musicians.

The Horse Ring each day will present a scene of activity and amusement from morning till night, never before equalled at any Fair on this continent. Among the many features will be an immense exhibition under the direction of Prof. C. H. Thayer (the well known manager of the great pleasure resort at Point of Pines, Boston), entitled

Equestria, or English and Roman Sports and Pastimes of Ancient Days,

Introducing Thayer's troupe of wonderful horses, and every variety of equestrian sports, embracing exciting Roman races, chariot races, bareback riding, polo, combats on horseback, fencing contests, military sports, gladiatorial and acrobatic feats, tournaments of knights, mounted and all brilliantly costumed, Mexican and wild west riding, throwing the lariat and picking up objects from the ground, tilting at rings, spearing helmets, tandem races over hurdles, umbrella, zig-zag, Victoria Cross, dressing and other eccentric and comical races, and many other novel and interesting features, providing the greatest equestrian entertainment ever given at any Fair in the Dominion. Messrs. James Pain & Sons, of England, will each evening give magnificent displays of fireworks, concluding with their latest and

Most Brilliant Spectacle "The Siege of Paris, or the Days of the Commune"

Introducing over 200 people gorgeously costumed, Parisian fetes, exciting events, battle scenes, and many new novelties with colossal paintings and pyrotechnic effects. The production of this piece will entail an enormous outlay, and can be seen at no other Exhibition in Canada. Military and other Bands will furnish music during the Exhibition. Daily exhibitions will be given by the best Company of Specialty Artists, selected specially for this Fair from the greatest stars in the profession. These are only a part of the many special features to be seen at this Great Exhibition. Remember that these special features are provided in addition to the magnificent display of the Agricultural and Industrial productions from all parts of the Dominion, and provide an opportunity for beneficent instruction, moral amusement and delightful recreation, not offered at any other Fair on this continent. The aim of the management is to make this Fair eclipse all its predecessors, and with this object in view, they will strive to make every day a big day.

Very low Railway fares will prevail during the Full Term of the Fair. Round trip tickets at Single Fare will be on sale the whole time, good to return until September 21st, and special cheap excursions will be run from all parts of the Dominion during the second week. For particulars apply to local railroad agents.

J. WITHROW, PRESIDENT. H. J. HILL, MANAGER, TORONTO.
