POLICE BENEFIT FUND

Editor World: The inaugural meeting of the Police Benefit Fund Committee for the new year has been held. Inspector James Stephen was elected chairman, and Sergt. Charles Seymour, secretary. The members of the force are now waiting for the annual statement of receipts and disbursements, which is generally distributed about the first of February. A statement was presented at the meeting giving the receipts for the year 1903 as $27,000, the disbursements for the same period amount to $9400. This makes another addition to the capital or accumulated fund, as it is called, of $17,000, making the total capital now on hand $185,000, in round numbers. So far, so good; the Benefit Fund is in a flourishing condition.

Want More Pensions.

Clause A of Section 24 of the rules and regulations of the Fund reads: "Until the capital fund reaches a sum which bears the same ratio to the number of members on the force, as $75,000 to $250, no new pension shall be granted, which will have the effect of increasing the total annual expenditure for pensions or annuities beyond one-third of the annual income of the fund." But, when the fund is maintained (clause B, same section) at a sum which bears the ratio of $75,000 to $250, or is maintained at any greater sum, the total annual expenditure for pensions or annuities may be increased to, but not to exceed one-half of the annual income of the fund."

There is not the slightest doubt, and no one is likely to contradict the fact, that the Police Benefit Fund is in an excellent and healthy condition. It is this very fact that is making the men who, by contributing 7 per cent. of their earnings, have made the fund wealthy, justly anxious to know where they are going to get off at. It is this fact that is creating the widespread dissatisfaction amongst the members of the force, to a certain extent. Not that they object to the fund being wealthy, but they do object, and are objecting strongly to the fund, not being used for the purpose for which it was created.

Public Also Interested.

One officer says: "It is not the business of the public, or the press, to discuss the manner in which the fund is managed, the fund belongs solely and privately to the force." That is where that officer is wrong. It is the business of the public to enquire the reasons why the police service is not what it should be, because the public is paying the bills for an efficient service, and is entitled to it, and if the press ascertains by making enquiries that the benefit fund or the non-use of it is the cause of the discontent amongst the men, and that in order to swell this capital fund, men who should be retired, and are entitled to pensions are kept on the pay roll to the detriment of an efficient police service, then the press has a good license to speak right out in meeting. The public should not suffer from the "fads" of any few people."

Some Could Draw Pensions.

There are over 40 members of the force, who are entitled to draw their pensions. Nearly one-half of these should be made to do so. The three police commissioners, Judge Winchester, Col. Denison and Mayor Urquhart, with the chief of police, are supposed to be four wise men, and they should have wisdom enough to know that they cannot get good service out of a large number of men who consider themselves as being unjustly dealt with.

The young and the middle-aged men have no future before them, except the monotonous tramp, tramp, tramp of two and a half miles every hour for 355 days in the year when on duty, unless the barnacles on the force are gotten rid of. Toronto is a big town, and requires energetic men on the force, but it is not wealthy enough to carry a police force with a lot of "has beens" on the pay list. Sergeants Vaughan, McLellan, White and Hales resigned because they were dissatisfied with the manner in which the service is conducted. Everyone of them was a splendid officer. Hales was coaxed back into the fold by being promised an inspectorship. He was not the only sergeant that deserved promotion, but fortunately for him he was better fixed financially than some of the others and could make the bluff. When he did come back as inspector he was sent to a division where an inspector was not required, and in order to make a place for him where he would be of some use the commissioners made a switch, and sent an older inspector out to a division where one is not required.

Efficiency the Big Thing.

There is nothing of more consequence in the government of a city than the efficiency of the police force. The police commissioners have the responsibility in their hands. It is to them that the public look to fulfil properly and justly the great trust which has been placed in their care.

Observer.

To Go With the Pittsburg Orchestra

Commencing with Montreal, Feb. 8, a tour of the leading cities of the Dominion has been arranged by the famous Pittsburg Orchestra. A day or two since, Mr. George H. Wilson, manager of the company, spent a short time in Toronto in making friendly calls upon Mr. A. S. Vogt, conductor of the Mendelssohn Choir, and other well-known musical people, and paving the way for the coming of his attractive musical company—always a favorite in Canada. As was the case last year, so in February next, a piano of the old firm of Heintzman & Co. has been chosen to accompany the orchestra in all its concerts throughout the Dominion. This piano, as in other years, will be the choice, too, of Mr. Vogt for his Mendelssohn Choir concerts that are soon to take place.

JOHN WILL COME BACK AGAIN

Macdonald of the Hub Saloon Expected to Be at Old Stand Shortly.

ONLY FOUR SERGEANTS NOW LEFT

In Competition for the Tuckett Trophy—No. 7 Bearer Company's Officers.

Hamilton, Jan. 22.—For the last week John MacDonald, proprietor of the Hub saloon, North Hughson-street, has not been seen around his place of business, and some of his friends are very much worked up over his disappearance. The officials of a brewery concern, which is heavily interested in the business, said to-night that MacDonald was still in the city, altho not at his hotel, and they declare that he will be back at the old stand before long. Troubles of a personal nature are said to be responsible for his temporary retirement.

There are four left in a field of sixteen sergeants who started out after the Tuckett Cup. At the beginning of the year the Tuckett Company hung up a handsome trophy for the best all around section in the 13th Regiment. Last Friday night, after seeing the various candidates put their men thru drill, the referees decided that only these four had a chance, Sergts. Webber, Stone, Nicholson and Thomas. They wrote on an examination this evening, and the man making the highest marks will get the prize.

The members of No. 7 Bearer Company, A.M.S., held their annual meeting this evening. These officers were elected: Major Rennie, president; Quartermaster-Sergt. Hill, vice-president; Sergt. W. B. Lewis, secretary; Corp. W. Norman, treasurer. After the business was transacted a smoker was held. Those who took part in the program were: W. J. Melody, Corp. Henderson, Charles Wilson, Sergt. Yorick, J. Burjaw, Charles Moley and H. Exstein. Major Rennie was in the chair.

Many business and professional men of the city were the guests of the Y.M.C.A. directors this evening. They visited the gymnasium and saw D. M. Barton, physical director, and classes give exhibitions.

CANADA FOR CANADIANS.

Montreal, Jan. 22.—"Canada for Canadians" appears to have been the theme at the recent private meeting of the harbor commissioners. From what can be learned, the important point in the discussion was one of a question of patriotism. A prominent member of the board is said to have urged the employment of a staff made up entirely of men from the United States. This was sufficient to arouse the ire of several of the more patriotic members, and it is quite easy to anticipate the debate that is said to have followed. It was finally decided to give the preference to Canadians, but not before one of the commissioners threatened to carry the matter to the personal attention of Sir Wilfrid Laurier and report to the Premier the peculiar suggestion of the commissioners in question. The war of words that followed had a good effect, however, for, instead of foreign workmen being employed in the elevator, a competent staff of Canadians, possibly Montreals, will, it is said, be engaged.

AN IMPERIAL COUNCIL.

(Canadian Associated Press Cable.)

London, Jan. 23.—The Post publishes an article on an Imperial Council, where the writer suggests that such a body would force two houses of parliament to combine and elect 125 members for the Council, each member to be elected for five years, one-fifth resigning each year. The leader of the strongest party in the Council could organize a cabinet with the assent of the Crown as an essential to the validity of every measure of the cabinet. The legislative power and taxation will be retained by the parliament. Ultimately representatives of colonies and India would be admitted to the Council.

Garrison Indoor League.

A schedule for the Garrison Indoor Baseball League's final championship games was drawn up last night. The Toronto Field Engineers, 9th Field Battery and D Co., 48th Highlanders, have won their respective sections. Section No. 4 is still in doubt, tho G Co., 48th Highlanders, have a good advantage over D Co., 48th, for the lead. The games Monday will likely decide the question. The first games for the championship will be played in the Armouries next Tuesday evening, as follows:

8 to 9.30 p.m.—Engineers v. D Co., 48th.
9.30 to 11—Ninth Field Battery v. G Co., 48th, or D Co., Q.O.R.

On Monday evening at 10 o'clock President T. A. E. World will have a "heart-to-heart" talk with all the captains and umpires, so that all may be a unit on the rules governing. The meet will be held in No. 4 Bearer Co.'s armoury.

Games To-Night.

Never was there more interest taken in indoor baseball than at the present time. At the Armouries to-night two great games are on the program. Promptly at 7.45 o'clock the crack team from Central Y.M.C.A. will meet a picked team from the Officers' League in an exhibition game.

The second game, to start at 9.30, will be the regular league game. The Queen's Own Rifles and Royal Grenadiers will be the opponents. The teams will line up as follows:

Q. O. R.—Barker, Michell, Nichols, Allan, Davison, Bruce, Band, Clarkson, Pellatt, Kingsford, L. Cosby and Melfort Jones.

R. G.—Porter, Kingsmill, McGillivray, G. Kirkpatrick, Capt. Mackay, Adam, Mason, Burson, Law and Montgomery.

The officials appointed are Major Nelles and Capt. Cameron.

O.H.A. Sub-Committee Meet.

A meeting of the O. H. A. sub-committee was held yesterday. The applications of Angus Allen and Kenneth Mallon for permits to play with Cornwall were refused. The Sudbury at North Bay intermediate game was changed to Feb. 1 instead of Jan. 29. The Uxbridge at Port Perry game was changed from Jan. 27 to Jan. 26. L. A. Whitehead of Burk's Falls was granted a change of residence permit.

A car load of flat racers and jumpers, the property of M. J. Maloney and G. A. Saportas, left yesterday for Memphis in charge of Trainer Wilson.

The Granite curlers, five rinks strong, will visit Galt next Friday and will play both of the Galt clubs.

The preliminaries for group 8 in the Ontario Tankard Silver Cup competition have been played in Galt and leave the two Galt clubs remaining as the last competitors for the championship of that group.

OLD BOYS OF THE U.C.C. REUNITE AT KING EDWARD

Premier and Lieutenant-Governor Principal Guests at 75th Anniversary Dinner.

The annual reunion dinner of the Old Boys of Upper Canada College to commemorate the 75th anniversary of the school, was held last night in the American dining room of the King Edward. Lieutenant-Governor Clark and Premier Ross were among the guests. A distinguished gathering, representative of many walks of life, partook of the hospitality of the Old Boys' Association, among those who sat with President M. H. Beatty, K.C., at the head table being: Principal Loudon, Principal Auden, Aemelius Jarvis, K.C., G. R. R. Cockburn, J. F. Ellis, S. Nordheimer, Lt.-Col. G. T. Denison, Principal Caven, Dr. Pyne, M.L.A., Commander Law, R. E. Kingsford, K.C., W. T. Boyd, A. J. McMichael, W. H. Bowes, James Henderson, R. K. Howe, J. J. Scott, T. E. Champion, D. T. Symonds, A. H. Young and A. M. M. Kirkpatrick.

The Toasts.

In proposing the health of the Lieutenant-Governor, President Beatty observed that the government had made a wise choice in exalting him to his present high position, and in the felicitations Mrs. Clark was also remembered. No lady could fill the place with any more distinction than Mrs. Clark, and he looked forward to the time when they might salute the Lieutenant-Governor and his wife as Sir Mortimer and Lady Clark.

The Lieutenant-Governor, in replying, made acknowledgment of the chairman's reference to his partner and the kindly sentiments expressed touching his appointment, which had come to him altogether unsolicited. If anything could give him satisfaction it was the way his appointment was received, both by the chairman and the public. He said it had been decided by him to join with his associates of early days, because he received his education in the old land and he envied the boys of Upper Canada College in their meeting together.

Premier Ross Replies.

In proposing the toast of the Province of Ontario, the chairman said the province had done well by Upper Canada College, altho perhaps not as much money as they would wish. The Premier responded. He was delighted to observe the high estimation in which the Legislature of Ontario was held. He was not prepared to say that the legislature had done its whole duty towards Upper Canada College. There was a time when there was a wave of prejudice against Upper Canada College. These waves of prejudice passed over institutions as well as legislatures, but they invariably passed away. In dealing with educational institutions the legislature was confronted with the proposition to place all the educational institutions on a common basis. The product of U.C.C. adorned the bench and the bar, its pupils were found in our colleges and at the head of High Schools; some had found their way into the pulpit and far too few into the legislature.

Much benefit would accrue if we had a dozen residential schools. The provincial university had taken its place, but improvement by personal contact with his principal out of the class room, as well as in the class room would benefit the students. All that makes a man is not to be found in the class room. A residential school helps to cultivate in a boy self-respect and when a boy has self-respect he learns to respect his chasmates. It cultivates the quality of self-reliance, which has made the British Empire so strong. These qualities are strong in the boys of U.C.C.

He was delighted to have been of some help to Upper Canada College. He hoped U. C. C. would never want a principal equal to the responsibilities of the position. He was delighted to meet the new principal. He comes from Scotland—a good country to come away from.

Dr. Pyne, M.L.A., also replied to the toast. The legislature of Ontario, he said, was growing in popularity, and in a few years it would be the most popular institution in the country.

Reminiscences of the College.

"The Prosperity of Upper Canada College" was enthusiastically toasted. R. E. Kingsford responded, indulging in some interesting reminiscences of the college. He acknowledged the debt of gratitude the college owed to Hon. G. W. Ross and Sir W. R. Meredith for the legislation that was put thru by those gentlemen in the direction of placing the management of the college in the hands of the Old Boys. The present Minister of Education, and Mr. Whitney, had trodden in the foots eps of their predecessors, and it was gratifying to know that U. C. C. had not been made a political shuttlecock.

Principal Auden.

Principal Auden was enthusiastically received, the gathering cheering lustily and waving a Chautauqua salute. Among other things he said: "I think we are too apt to value teaching by the practical utility of what is learned, to consider that what in education leads to material greatness is everything; whereas, moral greatness is more important than material greatness as a national aim in education. Our object in teaching is not furnish men with a supply of goods which he can sell for cash in the market of life, but rather to so fit him that he may buy and sell goods wisely. A school must train a boy to be high-minded, or spiritually-minded, if you wish. A school must also inspire its boys with public spirit and loyalty." He pointed out some of the needs of the college.

Col. Denison said the preparatory school was the finest on the continent, and he thanked the Old Boys for the work done by them.

G. R. R. Cockburn, principal of the College from 1861 to 1881, gave an address reminiscent of the early days, and Principal Loudon spoke to the toast, "Our Guests." Premier Ross gave a toast to the chairman, and the reunion broke up with the singing of the National Anthem. Some vocal selections were given by E. Wyly Grier during the evening.

Mayor by One Contested Vote.

Milton, Jan. 22.—At the re-count of the ballots of the Oakville municipal election Mayor Kelley's majority of three was reduced by Judge Gorham to one, and on three ballots he reserves his decision until Monday. John Macdonald was unseated as councillor, and H. E. Moore elected in his place. If Mr. Kelley is not unseated by the recount, there is talk of a protest.

More Munyon Testimony.

"I have had rheumatism for a number of years and suffered with pains in my joints a great deal, and shooting pains all through my body. I procured a sample vial of Munyon's Rheumatism Cure at the free distribution, and I am indeed thankful. My pains have all left me. If any other sufferer wants to get cured of rheumatism I advise Munyon's Rheumatism Cure." Mrs. John Quick, 102 John-street, Toronto.

Your druggist will recommend Munyon's Rheumatism Cure—ask him about it—only 25c a vial.

SAYS IT'S IMPOSSIBLE.

To Have Free Trade Within Empire and Protection at Home.

(Canadian Associated Press Cable.)

London, Jan. 23.—Sir Edward Grey, speaking at Morpeth yesterday, said he long wished to see the development of an Imperial Council which would make the colonies feel that questions of foreign policy did not affect them in England alone, but affected the whole empire. The colonies either misunderstood Chamberlain or Chamberlain was misunderstanding them. If Chamberlain meant to propose free trade within the empire, he ought to state so immediately, and the colonies would say it is impossible to have a fiscal policy that would work with free trade within the empire but sheer protection at home.

Lads Arrested as Thieves.

Berlin, Jan. 22.—Two youths, aged about 17 years, named Frederick Hall and Joseph Rollinger, were arrested last night by Detective Huber on a charge of breaking into the store of Simon Yost and stealing cigarets and other goods, also with stealing a coat from the North American Hotel. It is believed they were assisted by two Galt lads and the police there have been notified.
