STOCKS SHOOT THE TOBOGGAN IN MONTREAL

C. P. R. Shoots Down to 255 And Recovers a Little

MAD RUSH OF SELLING

Power and Richelieu & Ontario Take a Big Drop and Whole List Falls From One to Eight Points

(Canadian Press)

Montreal, Oct. 12—With the Balkan situation growing more and more critical, stocks tumoled and fell in sensational fashion this morning at the opening of the local market.

All the leading issues, including C. P. R. shot down rapidly and for the first fifteen minutes there was a mad rush of selling with the entire list breaking down from one to eight points.

C. P. R. had closed at 26 last evening and opened weakly at 258 this morning. Rocketing downward, it brought up only after it had touched 255, where it held for a time and finally recovered a point and a half.

Montreal Power, not long since a feature of strength, was struck also by the bear trend, and suffered badly, dropping more than four points to 229.

Richelieu & Ontario broke away four or five points in the early trading.

Montreal, 1.45 p. m.—At noon C. P. R. had rallied and gained two points at 258 1-2. Textile also showed regaining form with a two point rise to 70 1-2.

"AD." MEN PAYING TEN CENTS A WEEK TO CARE FOR LAD

Boy Lost Leg in Automobile Parade They Held

Spokane, Wash., Oct. 12—Four hundred advertising men of Spokane are making weekly contributions of ten cents each to care for Jimmy O'Neal, a 12-year-old lad who lost a leg in an accident during an automobile parade held by the Spokane Ad Club. Jimmie was an uninvited guest in a place of honor at the rear of one of the big auto trucks, and when the machine following got beyond control for a few moments and bumped into the one immediately ahead, the boy's leg was crushed so severely that it had to be amputated.

Fearing the driver might be blamed for the accident, Jimmie at first refused to tell the police how the accident happened. As soon as news of the misfortune of the boy was brought to the attention of President R. E. Bigelow of the Ad Club, a special meeting was called and it was determined that every member should pay ten cents weekly to the support of the boy and his widowed mother. That is why someone passes a hat around at every meeting of the club.

FAIRVILLE WEDDING.

Rev. Walter P. Dunham, rector of the church of the Good Shepherd in Fairville, officiated last evening at the marriage of Norman Diggle of Manchester, Eng., and now of St. John, to Miss Margaret McD. Gilliland of Leigh, Edinburgh, Scotland, and more recently of Rothesay. Miss Deas was bridesmaid and Mr. Cotter groomsman. Mr. and Mrs. Diggle will live in St. John.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries. R. F. Stupart, director of meterological service.

9 A. M. WEATHER REPORT.

Barometer, readings at noon (sea level [illegible] (ab.), 30.23 inches.
Wind at noon: direction southeast, velocity [illegible] miles per hour.
[illegible] date last year: highest temperature [illegible]2; lowest temperature 54. Clear.

MATTY AND COLLINS IN PITCHING DUEL AGAIN

New York Fans Show Ill-feeling and Assault Boston Players

Charge Against Fletcher, Too, That he Tried to Hurt Cady--Weather Doubtful in Boston, But Game Likely—What the Players Will Get

(Canadian Press)

Boston, Oct. 12—The New York Giants and the Boston Red Sox, the contending clubs in the 1912 series for the world's baseball championship jumped overnight from New York to Boston into weather conditions which promised to allow the fifth game of the series to be played this afternoon. There was a little uncertainty about the weather, due largely to a lightly clouded condition, but indications were that the forecasters' predictions of only light showers, if any, would be fulfilled.

The clouds, however, threatened to darken the sky and postponement on account of darkness was considered more likely than postponement because of rain.

With the Red Sox a game nearer the championship than the Giants, enthusiasm in Boston ran high and a crowd greater than that which has attended either of the two previous games played here, was in prospect. The beginning of a long line of bleacher fans was formed at the gates late last night. A heavy and chilling Scotch mist fell until dawn, but most of the fans kept their places, and were joined by others at sunrise.

Matty vs. Collins

The line numbered thousands within a few hours. On all sides the world's championship series continued to be the subject of discussion. The probable batteries for today's game came to the front and it was almost the general opinion that Christie Mathewson would be McGraw's pitching choice, with Meyers catching, and that Ray Collins' southpaw, delivery would again issue from the Boston pitching box with Carrigan on the receiving end.

These were the batteries which started the eleven inning tie game of Wednesday. Whether Collins, who was taken from the box in the eighth inning that day, would be able to last through a contest today, and whether Mathewson, whose pitching knowledge gained in many campaigns enabled him to finish the game, although batted hard, would be able to come through, were subjects of discussion among the fans.

Both managers, Stahl and McGraw, maintained today their sphinx-like attitude regarding their choice of batteries, and the matter will be still uncertain until the respective batting orders are handed to the umpire just before the game.

With Collins in the box, McGraw prepared to shift his line-up, putting Beals Becker in the place of Josh Devore, who cannot hit left handed pitchers. The probable batting order with this shift was:

Boston-Hooper rf; Yerkes, 2b.; Speaker, cf.; Lewis, lf.; Gardiner, 3b.; Stahl, 1b,; Wagner, ss.; Carrigan, c.; Collins, p.

New York—Snodgrass, rf.; Doyle, 2b.; Becker, cf.; Murray, lf.; Merkle, 1b,; Herzog, 3b.; Meyers, c.; Fletcher, ss.; Mathewson, p.

Umpires—O'Loughlin, Rigler, Evans and Klem.

The Red Six returned to their home grounds prepared to push to the limit their advantage over the Giants. Their second victory against New York on the Polo grounds made it necessary for them to win only two games to assure them of the world championship and the consequent profits and honor. The profits this year will be greater than ever before, the Red Sox, if they win, receiving $4,024.68 each. The Giants, should they win, will get $3,849.61 each.

The discrepancy between the amounts each Boston and New York player might receive is explained by the fact that twenty-three Giants will divide the proceeds, whereas only twenty-two Red Sox players are eligible to share in the award. The same is true of the losers' end, which to the Red Sox will mean $2,683.12, and the New York $2,566.46 each. These figures are final for the series, as the players will share in no more games, yesterday's game in New York, the fourth in the series, being the last in which they are entitled to participate in the proceeds.

Ill-feeling Shown in New York

There was a little feeling among the Red Sox players today against some of the players and people of New York. It was contended by the Boston men that Fletcher tried to hurt Cady by jumping on him at the plate in the sixth inning on yesterday's game. Cady was not hurt, but his team mates said today that he might have been and that Fletcher's intention was plain.

They had another grievance on account of an assault with stones and dirt made upon the Boston players by people in the street, while on their way from the Polo grounds in automobiles. Buck O'Brien was struck by a stone, but suffered only a slight abrasion of the shin. Other players said they had a narrow escape from injury.

BACK TO NEW BRUNSWICK; FINDS BROTHER AND BUYS A FARM

Frank Maguire Was Long Time Resident in Bangor—Several Sales of St. John Real Estate

Frank Maguire, a former New Brunswick man, has returned to the province to take up farming here. He has resided near Bangor for the last half century but lately sold out his property there to return to Canada. He intended to go through to Nova Scotia but when he reached St. John he found here a brother of whom he had lost trace for many years and heard so much of the advantages of New Brunswick that he decided to stay.

Through Alfred Burley he has secured a farm of fifty acres a mile from Clarendon Station and has bought the stock, equipment and everything else complete and will take possession on Monday. He intends to go in for fruit and poultry raising and will build a new dwelling and make other improvements in the coming spring.

Five properties were disposed of at auction at Chubb's Corner at noon today. A farm of 100 acres belonging to the estate of the late Isaiah A. Price, located at the head of Mistake Cove, Parish of Greenwich, was sold by Auctioneer Lantalum for $3,000 to F. D. Flemming. It is understood that the purchase was made on behalf of the British Colonization Company.

The other properties, sold by Auctioneer Potts, were as follows:—

Freehold property, corner Germain and Britain streets, three story brick and three story wooden buildings, lot 40 by 100 feet, owned by James Miller, bought by R. W. Mayer for $10,000.

Leasehold property 29 and 31 Golding street, two tenement dwelling, lot 30 by 120, bought by W. W. Mullen for $3,250.

Leasehold property, 44 Somerset street, two tenements and store, bought by J. Robinson for $1,200.

Leasehold property, ten room tenement, 110 Somerset street, bought by J. Quinn for $600.

The following transfers of freehold properties have been recorded:

A. F. Bentley & Sons, Ltd., to L. J. Patterson, property at St. Martins.

D. C. Dawson to city of St. John, property at Lancaster.

Diocesan Synod of Fredericton to B. R. Armstrong, property on Waterloo street.

W. E. Gunter, et al. to B. H. Nobles, property near Marble Cove.

Susie E. Ryan, et al, to Samuel Jones, property at Simonds.

MONCTON MAN HURT IN BANGOR

Levi Bass of Moncton, N. B., enroute to Athol, Mass., had an experience in Bangor on Thursday night that he is not likely to forget in a hurry. He was delayed there to recover a suit case lost on the train and Thursday night about 7.30 he started to cross the railroad bridge. Unfamiliar with his surroundings he arrived at the end of the abutment, which is not sufficiently guarded at that point, and he walked off into darkness. He fell quite a distance, striking in about two feet of water. There were three ragged cuts on his head and a bruised nose to be attended to by Dr. H. J. Milliken, when he was taken from the water by Edward Norton and Patrolman Gehigan, who were attracted by his cries.

ASSETS ARE $142,169

Boston, Oct. 12—In his report F. H. Williams, assignee of S. R. Dow & Co., shows the assets of that concern to be $142,169, while its liabilities are $520,160. The cash assets amount to $5 according to the assignee's report. Among the assets is a seat in the Boston Stock Evchange valued at $25,000.

The liabilities are listed as follows: loans secured by collateral, $69,200; claims by members of Boston Stock Exchange secured by seat of Mr. Dow, $31,467; other bills payable of Stephen R. Dow & Co., $405; notes and bills payable of Stephen R Dow, $34,636; balances due customers on margin accounts, $57,439; notes payable, $327,009.

BODY EVIDENCE OF TRAGEDY IN ST. LAWRENCE

No Hope Now For Seven Men In Missing Yacht Bernadette

ONE VICTIM WASHED ASHORE

F. X. Proulx Cast up by Gulf Waters Below Matane — Life Belt Tells of Struggle—Shores Being Searched for Other Men

(Canadian Press)

Rimouski, Que., Oct. 12—With the discovery, late yesterday afternoon, of the body of F. X. Proulx, all hope for the safety of the seven men who formed the crew of the yacht Bernadette was abandoned today. The yacht has ben missing since last Saturday.

Mr. Proulx's body had been washed ashore at Cap Ala Baleine, about twelve miles below Matane, and parties of anxious searchers are today scouring the shore on both sides of the river seeking for bodies of other victims of the disaster.

When found, the body of Proulx bore a life belt, and it is thus believed that those who are supposed to have perished whilst cruising on the waters of the St. Lawrence were not overtaken by a sudden storm, but had time to equip themselves for a fight for life in the water before their craft went under.

The government steamer Lady Evelyn and the steamer Laurentian are heading today's search. A flotilla of small craft in charge of residents of the vicinity will also aid in the search. A close watch is being kept on the shore in case any wreckage or any other indications of the missing men are washed in with the tide.

COACHMEN CALL ON MAYOR ABOUT LAWS

Wm. Donohue States Their Case and it Will Be Laid Before Commissioners

A delegation of cab drivers called on His Worship Mayor Frink this morning for a consultation regarding the proposed rigid enforcement of the laws affecting their business and to ask for a revision of the law. Wm. Donahoe acted as spokesman.

They complained that the notice given of the intention to enforce the law regarding the carrying of lamps was not long enough to enable them to secure the equipment and to have it placed on their coaches. They also objected to the law being enforced at all on the grounds that the streets are now so well lighted that coach lamps are unnecessary.

With regard to the rule requiring them to post up the tariff of fares and adhere to them, they said that few citizens and no strangers could understand the tariff if it were posted and that the rates allowed were fair under changed conditions.

After discussing the matter with the mayor they decided to place their objections before the common council in the form of a petition at Monday's meeting.

GETS THREE YEARS IN DORCHESRER

Man Who Passed Forged Checks Sentenced in Amherst—Stubborn Defence

Amherst, N. S., Oct. 12—W. W. Watt of Sydney was found guilty of passing forged checks on merchants in Amherst and in Moncton and was sentenced by Judge Ritchie this morning to three years in the penitentiary in Dorchester. The case was stubbornly contested on the part of the defense and proved one of the most interesting and confusing criminal cases tried in Amherst for some time. The prisoner belongs to a good family in Sydney. His mother, sister and fiancee were present during the trial.

Stanley Crossman, aged eighteen, was found guilty of stealing a hand satchel and purse from the vestibule of the residence of E. N. Rhodes M. P. and was sentenced to two years in Dorchester.

MONTREAL GREEK WOMAN A SUICIDE; LOVER HAD GONE HOME TO THE WAR

Montreal, Oct. 12—Pinning a note to her coat, to the effect that her lover had gone to the Balkan war, and that there was nothing for her to live for, a Greek woman this morning jumped into the St. Lawrence and was drowned.

Heroic but vain efforts were made by the crew of a passing tug to save her. No signature was attached to the note.

THREE TO ONE AGAINST TAFT

New York, Oct. 12—A bet made in Wall street was $900 to $300 that Taft would not be elected. Frederick Schumm offered $1,000 even that Hedges would beat Straus, $2,000 to $1,000 that Straus would not be elected, and $3,000 to $1,000 that Taft would not be elected.

Page 12—

THE SULTAN OF TURKEY AND OTHER MEN PROMINENT IN THE WAR TALK

TURKS MAKE STIFF FIGHT AGAINST MONTENEGRINS

Latter Advancing in Two Columns—Some Criticism of Their Artillery—Great Loss of Life

(Canadian Press)

London, Oct. 12—The Turkish troops on the Montenegrin frontier, are offering stubborn resistance to the Montenegrin advance on Scutari, according to the latest advices from Podgoritza. The fighting has been of the most severe character, both armies losing heavily.

The Montenegrin army is advancing in two columns, one commanded by Crown Prince Danilo of Montenegro, operating to the north of Lake Scutari, and the other commanded by General Martinovitch, having made its base at Antivari to the south of Lake Scutari.

London, Oct. 11—Mary Edith Durham, a well known English painter and writer, who has been acting as nurse in the Balkans, sends to the Daily Chronicle a dispatch describing the fighting on the Montenegrin frontier. Her dispatch, dated at Podgoritza at 8.20 a. m. yesterday, says:

"Owing to the severe censorship I have not until now been able to send you the details of yesterday's fighting, when the Montenegrins carried all before them and forced the Turks to retreat.

"All the special foreign correspondents except myself were detained in Cettinje but I was allowed to go practically where I liked. Before seven o'clock on Thursday morning, I was out in the big plain at the foot of the mountain where lies that invisible line, the frontier. In front of me towered the great mountain stronghold of Detchitich, the most formidable Turkish fort on the frontier.

"A little before nine o'clock the firing ceased quite suddenly, and there was silence. A heavy cloud steeled over Detchitich as if the mountain was on fire and shrouded it completely from view.

Daring Operation

London, Oct. 12—The southern movement is generally regarded in military circles as a daring operation which will find a great obstacle to its progress in the southern fort at the confluence of the Boyana and the Drin Rivers. According to reports from Cettinje, Montenegro, the Montenegrin artillery was far from perfect. During the battle at Dachitch mountain some of the field guns became unworkable owing to lack of skill of the gunners, which soon put the mechanism out of order. The Montenegrin infantry, however, proved admirable.

The heavy fighting involved in the attacks by the Montenegrins on the forts at Schipohinick, Hill Rogame and Branya cost in killed and wounded 600 men to the Turks, 1400 to the Montenegrins.

The arrival of the Montenegrin wounded at the frontier gave rise to rumors in Cettinje that the Montenegrin army had been defeated. Other reports say that villages on both sides of the Boyana River, where a Montenegrin general, Martinovitch, is said to have met with a check from the Turks are in flames and that Gen. Yukotitch, who is operating in the Berena district, has crossed the Lim River with his troops.

A Turkish account of the operations received here from Salcike says the fighting has been most fierce but that the Turkish troops have succeeded in holding their positions.

A special despatch from Cettinje, says official information has reached there that the Montenegrin troops yesterday occupied Byelopolye in the San Jak of Novipasaar, without resistance and are now marching against Cubanco.

C. P. R. BUYS LONG WAREHOUSE ON RODNEY WHARF

The Canadian Pacific Railway has purchased from A. C. Smith & Co. the metal sheathed warehouse, more than 100 feet long on North Rodney wharf and will use it as a freight warehouse.

RECLAIM THE LAND OR BLAST AWAY FOUL GROUND, AND DREDGE?

Alternative Propositions Before The Commissioners — Great Increase in Ferry Traffic—Advertize Our Advantages

The scheme for reclaiming ninety acres to the south of the Ballast Wharf was discussed by the city commissioners meeting as the harbor board at noon today. There has been some difference of opinion regarding the wisdom of undertaking this plan and some doubt regarding its effect on the harbor if undertaken. The suggestion was made that, instead of filling in this part of the harbor and reclaiming it, it might benefit the harbor more to have the foul ground removed by blasting and dredging and thus widen the harbor to that extent at this place. The commissioners intend to go into the matter thoroughly and receive the reports of experts before deciding which project they will favor.

Commissioner Schofield was able to present a gratifying report on the business of the ferry department for September. Compared with the corresponding month of last year the traffic showed an increase of 22,881 passengers and 578 teams.

On account of the additional opening for trade with the West Indies which will be afforded by the improved steamship service and the preferential tariff the commissioners decided to have prepared for publication in magazines in Canada and the West Indies an article setting forth the advantages of this port.

The commissioners decided to recommend for acceptance the tender of S. Herbert Mayes for renewing the piling at the approach to the ferry floats.

HONORING MEMORY OF BROCK

(Canadian Press)

Toronto, Oct. 12—At the foot of the monument erected to the memory of iSr Isaac Brock, and within sight of the spot where the gallant defender of the Canadian frontier fell 100 years ago tomorrow, while defending Queenston Heights against the United States invaders, several hundred patriotic Canadians are today celebrating the anniversary of the victory.

A special train with some 300 members of the Toronto branch of the Canadian Club and a representative delegation of the United Empire Loyalists left the Union station this morning at eight o'clock to take part in the celebration. They arrived there about noon and were joined by other patriotic organizations.

The assemblage included many of the most prominent men in public life in Canada today and speeches commemorating the Battle of Queenston Heights were delivered. One of the principal speakers was Sir John Gibson, Lieutenant Governor of Ontario.

MIXED MARRIAGE IN PROMINENT FAMILIES

(Canadian Press)

Montreal, Oct. 12—Another case in which Cupid set aside man made and church made laws, as well as parental objections came to light today. It is another case of mixed marriage.

The principals come from prominent families. The girl is Miss Claire Delisle, daughter of Mrs. Nolan Delisle, of 814 University street, Montreal, one of the oldest and best known families in Montreal. The man is George Rowley, of Lake Edward, part proprietor of fish and game preserves there.

Miss Delisle, is a Catholic and Mr. Rowley a Protestant. Mrs. Delisle objected to her daughters determination to marry Mr. Rowley on account of the question of religion. When the daughter announced her intention to marry in spite of all objections and prepared to go to Quebec to meet him there and have the ceremony performed, Mrs. Delisle gave in and accompanied her daughter to the ancient city, where the wedding took place. They went to Quebec according to the statement of Mrs. Delisle this morning, because the priests of the diocese of Montreal are forbidden by Archbishop Bruchesi to perform mixed marriages.

SHE SUES AUTO HOST BECAUSE OF INJURIES

Boston, Oct. 12—The suit of a woman guest against the host on an automobile ride is an unique action on file in the East Cambridge court. Hosts and their agents should run their cars carefully, she declares. Miss Margaret M. Quinn, of Watertown, through her attorney, M. M. Clark, seeks, $5,000 from Simon E. Hecht of Boston. In her declaration she says:—

In July 21 the plaintiff was a passenger in an automobile on invitation of the defendant, and it was the duty of the defendant, his servants or agents, to operate the said automobile with ordinary care, and wholly regardless of his duty in this respect, the defendant, his agents or servants, operated the car carelessly and recklessly. In consequence, the plaintiff was put to much pain and suffering and great expense for medical attention and suffered a loss of earnings.

MANITOBA DOCTORS NOW UNDER DOMINION ACT

Winnipeg, Oct 12—By an order in council passed by the provincial cabinet the doctors of the province now come under the dominion registration act and become a dominion association.

In 1903 the act was passed by the legislature to be brought into force by proclamation by the lieutenant-governor-in council.
