woman, charged with drunkenness in an alley off Germain street, was let go.

Matthew Kearney was fined $4 for drunkenness on King Square.

CATARRH CAUSES CONSUMPTION.—Yes, this is true, as the medical record will show. It was first a cold, then catarrh, and lastly confirmed consumption.Ræder's German Snuff will cure the worst cases of catarrh.

Portland Police Court.

The quiet which has prevailed at the Court since Monday had an interruption this morning.

Joseph McWha, charged with being drunk and resisting the police, was fined $4 for the drunkenness and $12 for the resistance. In default of payment he will go to the penitentiary for two months.

James Travis, found drunk in a yard across the Marsh Bridge, was also fined $4.

The WEEKLY TRIBUNE is mailed to Subscribers at One Dollar a year, 50 Cents for Six Months, 30 Cents for Three Months. All subscriptions discontinued at the expiration of the term for which they are paid unless promptly renewed.

How Sergt. Ryder Missed Luling.

Sergt. Ryder is positive that Luling was not in Boyle & Ryan's stables when he was there, as alleged by the Halifax papers, and if he was there at all it must have been at a later hour. Ryder was on the track of Luling, but was misled by finding another man who almost exactly answered his description, and who, when traced to Ross's Billiard Hall, was found to be a respectable gentleman who does business in Cumberland Co. He had come in the train that night, and Ryder after seeing him concluded that he must be the man who had been mistaken for the forger. It is not at all strange that our police were thus thrown off the right track, as when this same gentleman reached Boston he was "shadowed" by detective Wood and the surveillance only ceased to be exercised on the detective receiving undoubted proof that the suspected man was not Luling.

ENORMOUS.—No medicine that has ever been introduced into these Provinces enjoys the enormous sale that Reder's German Snuff does. The reason is obvious, because of the grand fact notorious throughout the United States and the Dominion of Canada that it cures that fatal disease catarrh, when all other remedies fail.

Almost an Escape.

"Stone walls do not a prison make, nor iron bars a cage," and this came very near being exemplified in the case of Matthew Kearney who was fined for drunkenness at the City Police Office this morning. Matthew, being unable to pay his fine, was placed in the cells until he could be sent up to jail. About eleven o'clock Ald. Ferguson, in his official character of Chairman of the Police Committee, visited the station and was conducted by the Chief through the intricacies of the prison. In coming out they neglected to close the door after them, and Matthew observing this sallied forth to breathe the air of freedom. Unfortunately he had to pass the windows of the court room to get to the street, and, being observed by some of the policemen, was pursued and triumphantly carried back to prison. The police are now congratulating themselves that the papers have not an opportunity to record a sequel to the story of "Gentle Annie, we have missed you."

It is no longer an idle dream or boasting to affirm that Fellows' Hypophosphites, wherein are united nature's forces, will strengthen man and make his life not only endurable, but sparkling with rude and joyous health; this then we recommend when vitality is on the wane, or when the organism becomes enfeebled.

Ottawa Notes.

OTTAWA, April 23.

Mr. Devlin, of Montreal, arrived here this morning, and had a consultation with the Government. It is currently reported that he will succeed Scott as Secretary of State, the latter having accepted a seat on the Supreme Court bench.

Hon. A. J. Smith is confined to his room from an internal affection of the ear. He had a relapse last night, and now lies in a critical condition.

The Toronto West election case is going on to-day. Thirty-six witnesses have been examined without any charge of personal bribery or bribery by agents being proved.

Advantageous to Tax Payers.

It is probable that the wire screens will be placed in the cells at the Police Station to protect the glass of the windows from being broken by refractory prisoners. The breakage of these windows is a very frequent occurrence, and if it can be prevented will save so much to the rate-payers. Every little helps, you know.

Death in the Menagerie.

Yesterday afternoon the splendid tiger in Gibbs's menagerie, died after a brief but severe illness. The noble beast was three years old and had been in the menagerie about a year, attracting much attention by his large size. He cost $2,000, and was not insured to his owner. The cause of death was congestion of the lungs, resulting from a severe cold caught sometime ago.

The New Market.

Coun. Cassidy is hard at work putting up the shed for a temporary market on the north side of King Square. The structure will be 370 feet long and 20 feet wide, and will afford excellent accommodation. The job is being done by day's work, and was not offered to public competition. The Council claim that money is saved by this way of working, but some of the public doubt it.

Stabbing Affray.

At dinner time to-day Thomas Maloney, who was partially intoxicated, entered the liquor shop of J. Driscoll, on Sydney street, and wanted to get something to drink. A little girl, who was tending shop, did not want to give him the liquor, for fear he would not pay for it, and he thereupon began flourishing a jacknife which he held in his hand. Driscoll hearing the noise, came out of the back shop and struck that Maloney was going to hurt the girl, put out his arm to push him way. Maloney then dealt a blow at Driscoll's breast but the latter warded it off, the knife entering his left arm above the elbow and inflicting a bad stab. Maloney then went out. Driscoll has made information at at the Police Office and Maloney, who lives on Leinster street, will probably be arrested this afternoon. He bears a hard name, and has frequently given Driscoll trouble by disorderly and threatening conduct around the premises.

Shipping Intelligence.

Serious Accident.—As the bark R. B. Mulhall, of Liverpool, N. S., Ryan master, was being towed up New York bay on the evening of the 20th inst., the pilot, Mr. George Wade, had both his legs broken, by the hawser from the tug boat getting out of the forward chock.

Steamers.—The Sidonian, of the Anchor Line, sails for Liverpool to-night's tide.

The Tyrian, of the same line, sailed from Liverpool on the 10th inst. for Halifax and this port, and is now out 7 days.

The Sidonian, as will be seen by advertisement, will leave Glasgow again on the 22nd, and Liverpool on the 29th May, for Halifax and this port. She is without doubt the fastest and staunchest boat that comes to this port, and is commanded by one of the ablest and most courteous captains on the line. Our merchants and intending passengers will therefore take due notice and govern themselves accordingly.

Point Lepreaux, April 23, 9 a. m.—Wind N. W., light, cloudy; one schooner inward; three schooners outward.
