# CAMP MEETING SERVICES ENDED

**Huge Crowds at Oak Lake Yesterday —Attendance Estimated at More than 8,000**

The Bay of Quinte Methodist Conference Camp Meeting at Oak Lake came to an end for this season yesterday. The attendance was even greater than on the preceding Sundays of the campaign. Conservative estimates place the combined total attendance at the three services yesterday at more than 8,000. The weather was ideal. Many came from great distances in their touring cars and remained all day.

Evangelist Sharp was at his best and delivered three inspiring messages for the three services. The Hartshorn sisters sang with all their usual grace and acceptance.

Printed slips were passed about and the recipients asked to state if they were in favor of making the camp a permanency.

There were very many answers received but all were unanimous in the opinion that the camp which had achieved so great a success in face of all the difficulties of the first year should be continued under conference auspices.

A more detailed report of Sunday's services will appear in a later issue.

Friday was Y. M. C. A. day. A brief session was held in the morning when Rev. F. W. White, B.A., led in prayer and Rev. C. S. Reddick, B.A., welcomed the boys. Mr. W. H. Kingersley said 4,000 High School boys had been doing their work on the farms in the same spirit as the boys at the front.

Hartshorn Sisters sang "Keep Moving on the Way."

The boys then dispersed for dinner and recreation. In the afternoon Evangelist Sharp conducted a song service and D. R. Poole spoke of Conservation and development of boy life—He said he had learned of fewer than five boys who were "Soldiers of the Soil" who have not given satisfaction. One man said of a Roman Catholic boy, working for him "My boy is worth a farm"—He said the Y.M.C.A. was interested not so much in production as in the motive behind production.

Taylor Statlen found that a lot of the highest class of boys came from this district. He kept the boys in good humor and skillfully led them up to the consideration of the highest and best. They were to ever regard the will to serve as of supreme importance.

A large crowd assembled at night and Evangelist Sharp preached a moving sermon on The Prodigal Son.

### POINTED PARAGRAPHS FROM SERMON

"The Word of God is not out of date any more than the sun in the Heavens is out of date. The Bible will be up to date 10,000 years from now."

"I believe in education, but I would rather my children would have to learn their A. B. C's. in Heaven than that they knew Latin and Greek in Hell."

"If you are determined to smoke, buy a pipe—when I see a young man with his hat on one side and a cigarette in his mouth and going West, I always think the young man is the East End of the cigarette."

**Governments Co-operating To Make Exhibition Great Object Lesson**

"Production, conservation and thrift" will be the Confederation Year slogan at the Canadian National Exhibition, every department of which will radiate the "Win the War" spirit. The Governments, Dominion and Provincial, are co-operating with more than usual vigor in the work of preparing exhibits and demonstrations in connection with the propaganda to speed up production and cut down waste, and there will be a splendidly enlightening mobilization of national resources. It will be a great food training camp. The home will be the subject of educational demonstrations of a practical nature that the housewife may be impressed with the importance of backing up the work on the farm. A "don't waste it—can it" demonstration by experts will be given daily, while domestic science lessons in a model kitchen in the Women's Building will be another of the many special features of interest to women.

The aviator suffered a few bruises as he jumped when a few feet above the ground.

# She Could Not Work And Was Discouraged

**BUT DODD'S KIDNEY PILLS CURED HER RHEUMATISM**

**Mde. Lachapelle Tells How All Her Other Ills Also Vanished When She Used The Great Canadian Kidney Remedy, Dodd's Kidney Pills.**

St. Henri de Mascouche, Que. Aug. 6th. (Special)—Completely cured of rheumatism, from which she had suffered for five years, Madame Joseph Lachapelle, a well-known lady living here, is recommending Dodd's Kidney Pills to everyone who suffers from any form of kidney disease.

"I could not work and I had almost given up hope," Madame Lachapelle states, "but Dodd's Kidney Pills cured me. Not only did I suffer from rheumatism, but I was a victim of neuralgia, lumbago, backache and headache and I also had an attack of eczema.

"I took several other remedies but without much relief. Then I decided that my kidneys were the root of all my troubles and I started to take Dodd's Kidney Pills. It took just eight boxes to cure me.

"If any women wish to write to me about my cure, it will give me great pleasure to answer them."

Madame Lachapelle's ills all came from bad kidneys. That is why Dodd's Kidney Pills cured her. They cure only sick kidneys. Ask your neighbors about them.

The indication of worms are restlessness, grinding of the picking of the nose, extreme peevishness, often convulsions. Under these conditions the best remedy that can be got is Miller's Worm Powders. They will grind them to atoms that pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely

### GLEN ROSS

All listened attentively to a very impressive sermon, preached by Rev. H. Howard, who chose for his text Rev.-14:13—"Blessed are the dead which die in the Lord, yea saith the Spirit that they may rest from their labors; and their works do follow them." Mr. Howard emphasized the fact very strongly that blessed indeed are all those who die at any age, trusting in God and having peace and rest from their labors, while their works follow them to determine their reward. He also dwelt to some extent upon the fact as he referred to the man in the 9th verse, that there is no peace nor satisfaction for such a one either in this life or in the life which is to come. He also comforted the lonely sister with the thought that they were only separated for a comparatively short time, and that although her sister could not come to her, she could go to her sister. The deceased had been converted under the preaching of Rev. A. J. Terrill and joined Carmel Church over a year ago.

### MILITARY NOTES

Officers who revert to lower rank will not have their separation allowances or pensions diminished thereby.

There were just 163 new men signed for overseas service in military district No. 3 in the last two weeks of July. The number is suggestive of the feeling of the young men towards conscription.

Major Bywater, of Trenton, formerly of the D.A.A. and Q.M.G. at Barriefield, but who has been at the front twice, was once wounded and afetr returning was again compelled to come back, was at Barriefield Camp on Friday and was before a medical board. To his great disappointment the board pronounced him medically unfit to return to the front. Major Bywater went over with the 39th from this city after giving up his splendid position at headquarters thus showing a patriotic spirit and a good example. Last winter he was here for a brief visit with his many friends and went to France again, only to be compelled to relinquish his duties there.
