HOUSE OF ASSEMBLY.

Mr. HOWAT said on the House rose now in Committee, he wished to say a few words. He had the honor of presenting one of the petitions before the Committee, but on looking over the signatures he found it was a concealed affair. With perhaps five exceptions, the signatures were all on the same side of petition as the Opposition. Now what could be the reason of this? It was well known that the Land Commissioners ever stood in consideration in this, had will acted upon by certain parties for political purposes. When he was attending the Commissioners Court at St. Eleanor's, the hon. member for King's County, Mr. Whelan, who was also present, got up a meeting, to which Commissioner Have was invited to attend—in short to become a partizan. I hear Mr. Have say that the only course which he could pursue was to keep himself clear of all parties; it would never do for one in his high position to act otherwise than in good faith. This proved to him (Mr. Howat) that the meeting could be for no good purpose. He brought up this to show that there was evil and good going on, and though the hon. members of the Opposition appeared to desire to favor the tenants, they were endeavoring to further their own ends. With respect to the Act proposed, he thought there would be difficulty to prevent the proprietors from pounding down upon the tenants during the five months which must elapse before it could receive the royal assent. This being the case, he did not feel himself bound to support the resolution proposed by the hon. leader of the Opposition. That hon. gentleman seemed now to be in favor of the Commission.

Hon. Mr. COLES said when he heard the Commissioners state that they were prepared to deal with the whole question, he gave them his support.

Mr. HOWAT—He opposed the Commission almost until it came here. This being the case, if the hon. member had had his own way, no Child never hatched a Commission. He seemed to hint that he was the only one who had given the Commissioners any information. This was certainly not very complimentary to the hon. member for Bay Fortune. But he (Mr. Howat) thought that Mr. Hensley had done his duty faithfully, and that it was not fair for the leader of the Opposition to take all the credit to himself. If he was doing so much good—but in opposition, then, Sir, must be the best place to keep him, for he never did any good for the country when he was in power.

Hon. Mr. COLES here introduced the resolution which he had read before the House went into Committee.

Hon. Mr. THORNTON remarked that as this subject had been discussed at the commencement of the session, it was unnecessary to go over the arguments now which had then been used. He would, however, refer to one or two statements which had been made in this debate. The hon. member for Belfast said this resolution would do away with the work of two years. Well, that might be, but he (Mr. Thornton) considered it would only carry out the recommendation of the Commissioners. He could not say that it would have the effect stated. He had supported the proposition of a Commission; he had supported the resolutions of last session, and the Bill to give effect to the award as well; and he did not think it was proper for the hon. leader of the Government to submit those on the side of the House now for seeking to interfere with property rights. Let the proprietors declare that they would not distrain for rent pending the award of the Commission, as he (Mr. Thornton) had done respecting the property with which he was concerned, and he would be satisfied. He (Mr. Thornton) stated that the Commission would not be binding upon any except those who had agreed to it; but the hon. member, Col. Gray, said that there would be a moral influence which would compel them to submit to the award. He (Mr. T.) was sorry that "moral influence" had no effect with some proprietors. His object in supporting the resolution submitted by his hon. friend was to prevent the proprietors from distraining for rent, until the award was given in.

Hon. the SPEAKER desired to ask one question: Did the hon. member who introduced the resolution propose to pass a Bill to prevent those only who had agreed to the Commission from distraining for rent, or did he intend to include all the proprietors in the Colony?

Hon. Mr COLES said the resolution spoke for itself.

Hon. Mr THORNTON would support the resolution, and take the whole thing could get.

Hon. Mr YEO—Much had been said about the Act passed last session receiving the royal assent, if it had been sent home sooner, as then the petitions of the proprietors would not have operated against it. But there was no remedy, as a petition was sent home before we left this House. He was asked to sign it, and knew this to be the case.

Hon. Mr COLES—Two despatches which inclosed the petitions were dated on the 15th of November—the petitions could not be sent home earlier.

Hon. Mr YEO—They got them prepared which kept the House rose, and sent them home.

Hon. Col. GRAY stood here to explain. The House might not be aware that a petition was sent home by Mr. Bruce Stewart direct to the Duke of Newcastle, who sent it back to the Colony to be transmitted in the usual way through the Lieutenant Governor.

Hon. Mr YEO—The Act interfered with the rights of property, and should not pass.

Hon. Mr WHELAN asked what was the Bill he vote for it?

Hon. Mr. YEO said he was no lawyer and did not know what might be the effect; but he did not sign for the Commission though he had been asked to do so. The Governor tried hard to get Mr. Bruce Stewart to agree to it.

Hon. Mr COLES thought the hon. member must be mistaken, and read the following extract from His Excellency's despatch to show what he had done:—

"Mr. Bruce Stewart was the only person whose name is attached to the memorial, with whom I had any conversation on the subject, and on one occasion I endeavored to point out to him how desirable it was that all the large proprietors should act together harmonically, so as to secure, if possible, the settlement of disputes, injurious not only to their own interests, but to the general feeling of the Island."

[Hon. Mr Yeo replied, maintaining that his statement was correct, but there was so much interruption that the Reporter could not take satisfactory notes.]

Progress was reported, and the House adjourned.

Ayer's Cherry Pectoral.

CURE FOR

PIN WORMS

A NEW DISCOVERY.

THE WORST SIDES OF PIN WORMS, the general of which has ever baffled the skill of the most distinct physicians, and universally considered by them as beyond the reach of medicine, are entirely expelled from the human system by the use of

Dr. E. G. Gould's Pin Worm Syrup.

A Cure warranted in every case.

Relief effected in twenty-four hours.

This Syrup is purely a vegetable preparation, and harmless in its effects.

SYMPTOMS.—In some itching, biting and distress in the lower part of the rectum and about the seat, often is mistaken for the Piles, disagreeable sensation in the epigastric region or lower part of the bowels, nausea, vomitings, starting and screaming in the sleep, thinness, and not unfrequently spasms or fits.

CAUTION.—The genuine has the name, "Dr. E. G. Gould's Pin Worm Syrup," blown in each bottle, his portrait, and a fac simile of his signature on the wrapper.

CHILDREN

TEETHING

MRS. WINSLOW'S SOOTHING SYRUP,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP, FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening and reducing all inflammation—will alloy ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY IN PERFECT TRUTH OF IT, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we hear an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and manifest virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE UNDERSTAND. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily relieved, end in death. We believe it the wisest and surest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from other causes. We would say to every mother who has a child suffering from one of the foregoing complaints, DO NOT LET YOUR PREJUDICES, OR THE PREJUDICE OF OTHERS, STAND IN THE WAY OF YOUR CHILD'S RELIEF, but put the remedy to the test, and its virtues will be known to you and your friends. Sold by all Druggists throughout the world. Principal office, 48 Walker Street, New York.

Price 25 cents per Bottle.

HEALTH FOR A SHILLING!

HOLLOWAY'S PILLS.

HEADACHES, BILE, LOSS OF APPETITE, AND LOWNESS OF SPIRITS.

These Pills require no intervention of business or pleasure, they act mildly on the bowels, strengthen the stomach, they generate a healthy action of the liver, thereby they purify the blood, cleanse the skin, hence the nerves, and invigorate the whole system. They effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct bilious complaints, dyspepsia, headache, and palpitation of the heart.

WEAKNESS AND DEBILITY.

In cases of debility, hectic, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree beneficial, invigorating, restorative. They drive from the system the morbid seeds of disease; in short, they are the medicine to restore all the functions of life to healthy vigor. They tone the nervous system, raise the nervous spirits, and bring back the frame to its pristine health and vigor. They invigorate the digestive, which they achieve perfect digestion to all ordinary diet, restore the appetite, and tone the system.

GOOD TO THE HEALTH.

There are two periods, especially, in a woman's life, which require the aid of a gentle, yet efficient and persuasive medicine to keep the system in a healthy state, and to bear the burden of life with ease and cheerfulness. These Pills, when taken, according to the directions, will be found to be a most valuable medicine for the purpose, and bring the rich tint of health to the pale face.

The Plants and Herbs of which these Pills are made, were discovered by an eminent physician, who spent many years in the forests of South America, in order to obtain a knowledge of the medicinal properties of the vegetable productions of that country, which are now for the first time made available to the public, under the name of "Judson's Mountain Herb Pills."

Observe the Signature Rob Pills are put up in a green wrapper. All others are spurious. For sale by the proprietors, R. E. JUDSON & CO., 80 Lexington St., New York, and by all respectable Druggists throughout the United States, Canada, and the West Indies.

Ayer's Sarsaparilla.

AYER'S CATHARTIC PILLS.

ARE YOU SICK, FEEBLE, AND COMPLAINING? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors, purify the blood, and let the fields move on undisturbed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the contagious which make disease. A cold easily manifests itself in the body, and obstructs the natural functions. These, if not relieved, count upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Cleansed by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely cured, by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a forwarding Merchant of St. Louis, Feb. 4, 1859.

Dr. Ayer: Your Pills are the panacea of all that is great in medicine. They have cured my little daughter of eczema upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE

AS A FAMILY PHYSIC.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and efficacious in their action on the bowels, which makes them invaluable to us in the daily maladies of disease.

HEADACHE, SICK HEADACHE, FOUL STOMACH

From Dr. Edward Dorr, Baltimore.

Dear Sir, Ayer: I obtain relief from my constipation I have since with your Pills ever since. Give to my all that we want with a negative medicine. I place great dependence on an efficient cathartic in my daily labors, with disease, and believing as I do that your Pills effect all the good we have, I of course value them highly.

PITTSBURGH, PA., May 1, 1856.

Dr. J. C. Ayer: Sir: I have been repeatedly cured of the worst headache my body was heavy, a dose or two of your Pills. It comes to cure from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr. Wm. Bell, of New York City.

Not to my own case, but to those of my patients, I refer as to my opinion of your Pills. They have proved themselves well adapted for the cure of bilious complaints, from the slight derangement of the liver to the severest form of bilious cholera. They have in my hands proved a safe and efficacious purgative, and I have no hesitation in recommending them to the public as the best cathartic with which I am acquainted.

Dysentery, Diarrhœa, Bilious, Worms.

From Dr. I. G. Green of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect makes them invaluable in many cases where a gentle purgative is required. Even in the severest form of bilious dysentery, when given in small doses by bilious dysentery and diarrhœa, they have proved a speedy and efficacious remedy.

Dyspepsia, Impurity of the Blood.

From Rev. A. V. Millar, Pastor of Advent Church, Boston.

Dr. Ayer: I find that your Pills, with decreasing doses, to my family and myself, I am enabled to keep the stomach, the regulator that organ of digestion and purify the blood, they have proved to be a valuable family medicine.

Costiveness, Loss of Appetite, Jaundice, Dropsy, Piles, &c.

Warsaw, Wyoming Co., N. Y., Oct. 24, 1859.

Dear Sir,—I am using your Cathartic Pills in my practice and find them an excellent purgative pill. They are prompt in their action, and do their work thoroughly without griping. I find them a valuable addition to our materia medica.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE MEDICINES HAVE NOW BEEN before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of distress to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued patients from the very verge of the untimely grave, after all the deceptive nostrums of the day had utterly failed; and in almost innumerable instances they have permanently restored that uniform temperament of health, without which life itself is but a partial blessing. In most instances, indeed, has their efficacy invariably and infallibly proved, that it has approved scarcely less than supernatural in those who were unacquainted with the beneficially philanthropic principles upon which they are compounded, and upon which they consequently act. It was to their pure, mild, and sensible action in purifying the springs and channels of life, and restoring them with renovated tone and vigor, that they were indebted for their fame.

Unlike the host of pretentious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to consult Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the learned profession in medical schools; and were never before administered in so happily effective a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and morbific elements lurking round them; and to remove the hardened fecal matter collect in the convolutions of the small intestines. Other medicines only partially cleanse them, and hardly such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well known to all regular practitioners who consider the human bowels after death; and hence the production of them well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The kidneys, which when in a healthy state, filter from the system, the liquid
