IMPROVED STOCK.—Mr. Joseph Griffin, Deputy Reeve of Ashfield, recently purchased from Mr. John Miller, of Pickering, a fine two-year old short horn bull, "Refiner." He also purchased a high grade cow from Mr. Anderson, of Markham. Mr. Griffin's efforts to improve the stock of the township deserve success.

### Hullett.

SINGULAR.—During the past winter a blackbird has taken up its abode on the farm of Mr. C. McIntosh, 6th con., eating with the chickens, and appearing quite at home. It is usual for these birds to go south before the winter sets in, but this one appears to have become acclimatized.

FARM SOLD.—Mr. John Gorrell has sold his farm on the base line, containing 255 acres, about 6 miles from Clinton, to Mr. W. Ball, of the same line, for the sum of $13,000. The property is a good one, and worth the money. He could have sold five minutes after the sale was completed, to a party from Markham.

### Lucknow.

On Sunday night last some evil disposed person distributed poisoned meat to a number of dogs in the village, and as a consequence four animals, including a large mastiff belonging to Mr. D. E. Cameron, were found dead on Monday morning.

On Tuesday morning last as John Moffat, Geo. A. Siddall and John Morrison of Lucknow, and J. Craig, Alex. McDonald and Andrew Young, of Ripley, were driving to Goderich in Miller & Whitely's three seated carriage, and when just beyond Dungannon the forward axle suddenly broke causing the rig to collapse and throwing out several of the occupants. The tongue fortunately became detached and the horses ran furiously for about a mile and a half when they were stopped by a person who happened to be on the road. Messrs. Moffat and Young were injured in the leg somewhat seriously, the others escaped unhurt.—[Sentinel.

### Ripley.

HANDSOME PRESENTS.—On the evening of the 9th inst., a number of young men of Knox congregation, Ripley, called at the manse, and James McLeod on their behalf, with a short address, presented the Rev. Mr. Sutherland with a handsome pony, harness and cutter, as an expression of their good wishes and warm attachment. In gratefully acknowledging which, Mr. Sutherland said that during his ministry he had connection with five congregations, and received tokens of good will from each of them, but the kindness of this congregation exceeded them all from the first day until now, and while all these were valuable and encouraging, still more so is the entire harmony that reigns throughout the congregation as a hopeful evidence that the Lord is blessing the means of grace among them, and his aim has ever been to be helpful to them to the attainment of the higher blessings of the life to come where he that soweth and he that reapeth shall rejoice together.—[Reporter.

### Clinton

Mr. Wm. Glasgow, of the well-known firm of Glasgow & McPherson, of Clinton and Fingal, died at the latter place on Sunday, aged 68 years.

FARM SOLD.—The farm belonging to Mr. Samuel T. Holmes, on the Huron road near Clinton, was sold on Monday to Mr. Kapple Disney, of Goderich township, for a good figure. The former proposes leaving for Dakota about the first of April, with a car load of horses.

Mr. Israel Gordon, of Chesterville, Ohio, was last week on a visit to Mr. J. Biggins, of the London Road. While here he purchased a three-year old stallion of Mr. James Logan, Blyth, known as "Joe, the Banker," together with a splendid brood mare, both of which he intends to keep for his own use. He is a somewhat extensive farmer, having 500 acres under cultivation, and his sons 500 more adjoining. His property is immediately next that of Mr Biggins' son.

Rev. Wesley Leach, formerly a Methodist Minister of this place, and more recently in the Northwest, was visiting friends here last week. He gives a most glowing description of that country, particularly that part west of Brandon, and believes that a very short time will suffice to see it become the finest part of the Dominion.

FARMS SOLD.—A few days since, Mr. John Boles, of this place, sold his farm of 100 acres, in Lambton, near Forest village, for the sum of $4,300, which he considers a fair price for land in that locality. About [illegible] Geo. Peacock, [illegible] of Hatfield's homestead, 116[illegible] acres adjoining of Crystal City, Manitoba, and pre-empted another 160 acres. A few days since he sold his claim for something over $6,000, which goes to show the very rapid rise in the value of farm property there.

Mr. [illegible] Smith, (who has [illegible] valuable reputation [illegible] as the last one to [illegible] Northwest on [illegible] It is said he left here accompanied by [illegible] horses, cattle, &c. The "beats" a number of people here, and we understand, one or two parties in London, [illegible] him with [illegible] will be about [illegible] well rid of such characters. [illegible] be just as well if [illegible] made to settle up before departing.—[New Era.

### Blyth.

FAST WORK.—Mr. Jas. Sparling, who is in the employ of Grey, Young & Sparling, salt manufacturers cut into heading on the 11th., no less than 6½ cords of bolts in the short space of 2 hrs. and 18 minutes, using a horizontal saw. Next.

It affords us much pleasure in welcoming to mercantile circles, a gentleman well known in this village as a live business man. We refer to Mr. C. Hamilton who has, we are given to understand, purchased the hardware business which has been carried on here by Mr. Clegg for the past few years. Mr. Clegg takes his departure for Manitoba on the first of March, when Mr. Hamilton takes possession of the store. The *Review* wishes Mr. Hamilton abundant success in his new line of business.—[Review.

### Dungannon.

PRESENTATION.—A large number of our residents assembled at the dwelling of Mr. Warmer, Cransford, on the evening of Saturday last, to witness a presentation to that gentleman of three handsome volumes of Clarke's Commentary, prior to his departure for Dakota, where, we understand, he has secured a good position. The gift was presented by Misses Martha Pentland and Amelia West and the address was read by Mr. Gordon Anderson. Mr. Warmer made a very suitable reply, thanking them for the handsome gift and address, and that they would at all times remind him of the many warm and generous friends he leaves behind him, and stated that Dungannon would always have a warm corner in his heart. Mr. Warmer has in our village a host of friends, who all regret deeply his departure from our midst, and who will miss greatly his genial smile and hearty voice, and who all join in hoping he and his family may have a safe journey and a profitable and happy residence in the far west. The address was as follows:

BELOVED BROTHER,—We, a number of your admiring and attached friends, have met here to-night to present to you a tangible expression of the high estimation in which you are held by the church with which for a few years past you have been connected. Your steady adherence to the great principles of the gospel—your consistent deportment as a Christian and an official member of our church—your diligent and faithful discharge of the duties incumbent upon you, and your ever liberal support of the cause of God, have given you a strong hold upon our confidence and warm affection. We shall miss your testimony to the reality and power of experimental religion, and the pleasure of social intercourse with you and yours. Your work of faith, and labor of love have not been overlooked, or unappreciated by your fellow members, and as a small testimony to this fact, we present you with these beautiful volumes. We trust they will be helpful to you in your daily life, making clear, as they do, the great teachings of the word of life, and that they will be helpful to you in the service of the church of your choice and affection. We can assure you that we accompany them with our best wishes, and most fervent prayers for your prosperity, usefulness, and happiness. May the God of all grace take you and your estimable partner and family under the shadow of His wings, guide you by His counsel and afterwards receive you to glory.

JAS. PATTON Clerk.

President Taylor, of the Mormon church, recently married his twenty eighth wife, a buxom Massachusetts widow. Four days after the wedding she raised a terrible rumpus in the presidental mansion and clubbed three or four associate wives with a broomstick. Her husband interfered and got a taste of her temper himself. She has proved to be unsusceptible to discipline, and President Taylor has sent her to San Francisco.

McGillicuddy, of Goderich are expected to be present and deliver addresses. Readings will also be given. Vocal and instrumental music will enliven the proceedings. A silver collection will be taken up to defray some expenses on the hall.

Mr. Cullis has had a pier built in the Maitland river, at this place for the purpose of fastening a boom to hold sawlogs. The pier cost him about $140.

Dyphtheria is prevalent in the village at present.

### St. Helens.

The St. Helens Literary Society has changed the night of meeting from Friday to Tuesday evening of each week.

Mr. James Weatherhead returned last Saturday from the Michigan lumber woods.

Mr. D. McDonald, from Guelph, is visiting the old folks at home.

Mr. James Ford left last week to make his fortune in Manitoba.

A Reform meeting was held in the Temperance Hall on Thursday last, for the purpose of organization. After routine business, Dr. Sloan, of Blyth, and Mr. Lockhart addressed the meeting. The chair was ably occupied by Mr. James Gaunt.

### Leeburn.

Mr. James Strachan, engineer, of Buffalo, N. Y., is visiting his parents and friends in this section.

DUNLOP BEHIND.—A ewe belonging to Mr. E. Shaw gave birth to a pair of lambs on the 9th inst. Our yeomen are generally ahead of their Dunlop cousins. Goderich butchers should mark this on their memories when they come north for their Easter lamb.

UNKNOWN FRIENDS.—Some persons recently left a pretty piece of carpet for the pulpit platform in the Presbyterian Church here. This is the second time a fine present has been anonymously left in this church. Who the donors are, is a matter but few know. The caretaker thinks that "some fairies from Dunlop" are the responsible ones, and the knowing "Joe" chuckles quietly as the *guid nuincs* guess.

ENTERTAINMENT.—The open meeting at the Temperance Hall on the evening of the 28th inst., should be well attended. The programme will consist of vocal and instrumental music, readings and recitations by members of th I. O. G. T. lodge; and a lecture by Mr. Thomas McGillicuddy, of Goderich, entitled "Backbone." Doors open at 6:30; programme will begin at 7:30. A silver collection will be taken up in aid of the lodge funds

RELIGIOUS.—On Sunday last communion service was held in the Presbyterian church here, and conducted by one of the pastors, Rev. J. A. Turnbull, B. A. The text was Isaiah, chap. 42, v. 3. The preacher pointed out that Christ came to cheer the brokenhearted in their sorrow, and build up his people against trials, having a sympathy for all in the hour of their distress. He strongly urged the young people present to seek salvation early. This is the first time Mr. Turnbull has dispensed the sacrament here. Among the communicants were several of the young people of the section. WEBSTER BROWN.

### Liquor Licenses.

By the report of the Provincial Secretary for the year 1881, just issued, we see that 34 hotel licenses were issued for East Huron, against 36 for the previous year, 45 against 47 in the South, and 44 against 48 in the West. The shop licenses granted were, East Huron 1, South and West, 7 each. In 1875 the total hotels licensed in Huron, were 164, in 1880, 123. The amount of the fines collected for violation of the law during 1881 was, East Huron, $61; South, $100; West, $183; in the case of the last two, it being less than one-half what was collected in the previous year. The number of prisoners committed to jail in this county for drunkenness, during the last six years, were as follows:—1876, 24; 1877, 29; 1878, 22; 1879, 13; 1880, 22; 1881, 18. The total number of committals in the Province, for drunkenness, was 3328. It must be borne in mind, however, that only a small proportion of those arrested for druukenness, go to jail; the great majority pay a fine, and are released. We believe it the right direction if the powers of magistrates in this connection were enlarged, as they have no option but to inflict a fine of one or two dollars, whereas commitment to jail, or a heavier fine, would prove more beneficial.

Goderich township takes the lead with the least number of licenses, issuing but 1; Stephen the highest, issuing 11; Howick next with 9; Grey 8, the remaining townships being all small numbers.

The total number of licenses issued in the province last year, shop and hotel, was 4,078, being 29 in excess of those issued the previous year. The gross amount of revenue received herefrom, which includes license fees, fines, etc., was $417,797, of which $274,167 was paid to the municipalities as their proportion.—[New Era.

Herbert Spencer has expressed his intention of visiting this continent in August next.

### Death of Dr. Ryerson.

Dr. Ryerson died on Sunday morning, after a protracted illness. Adolphus Egerton Ryerson, D. D., LL. D., was born in Charlottetown, Norfolk county, [illegible] March 24th, 1803. He was the son of an U. E. Loyalist, who served in the British army in America during the revolutionary war, and after its close emigrated first to New Brunswick and afterwards to Upper Canada. He received a good education, and after teaching for some years entered the ministry in the Wesleyan Methodist Church in 1825, and remained in the itinerancy till 1829, when he aided in founding, and for ten or twelve years edited, the *Guardian*, the organ of the Wesleyan Methodists of Canada. In 1833 and 1836 he was sent as a delegate to the British Wesleyan Conference, and in 1841 was appointed Principal of Victoria College, Cobourg. In 1844 he was appointed Superintendent of Public Schools for Upper Canada, and the next year made an extensive tour of observation in the United States and Europe on the subject of Public School education. In 1847 he published a full report of his tour and a plan for the organization of a Public School system, which was adopted, and which he has since that time zealously striven to perfect. He wrote largely, mostly on educational topics, and conducted many important controversies with those who assailed his system. He was placed on the superannuated lists on full pay when Hon. Adam Crooks became Minister of Education, and he had consequently his whole time at his disposal, which he employed profitably in getting out his book, "The History of the U. E. Loyalists." In the early years of his ministry he was employed like most Methodist ministers of his day, as a missionary, and did good service among the Indians of the northwestern portion of Upper Canada.
