THE recent photograph from England shows that there is no personal bitterness between Bonar Law, prime minister, and his predecessor, Lloyd George. They still had time for a friendly chat during the heat of the campaign.

JOHN J. ASTOR ELECTED.

London, Nov. 16. — Major John Jacob Astor, brother of Viscount Astor, was elected at Dover by a 10,000 plurality, winning from an Independent Conservative.

WORKING FOR KIDS KEEPS TONY AWAY

Because Tony Cairdo, an Italian, had "lots of kids" and had to go to St. Thomas today to earn bread and butter for them, he was unable to appear in court to face a charge of cruelty to animals, his wife told Magistrate Graydon.

As proof there were at least four, Mrs. Cairdo brought them to court with her. She wanted to appear instead of her husband, but was told he would have to be present. In order that he might attend the case was enlarged a week.

STANDARD EXCHANGE

Toronto, Nov. 16.—Trading was quiet on the early session of the Standard Mining Exchange today and prices with a few exception were lower. Buckinham lost two points at 39 after opening a half lower, but the sales were fairly good. Atlas was 2½c weaker at 21½c, while Dome Mines, Teck Hughes, Hollinger and P. Crown were unchanged. A flurry in McIntyre sent the stock up 52 cents at 1,800, and Kirkland Lake was one better at 44c. Castle Trethewey was one better at 24, and Crown Reserve was unchanged at 30c.

With enough push a man will manage to pull through.

REGARDING USED CARS

The Wants provide a ready market for used cars.

There's always a call for automobiles that have seen service—and the quick action way to dispose of them is by means of the Wants.

In selling a used car through the Wants, give all the important facts regarding it: the name, model, mileage, how equipped, price. Tell enough so that those who may be interested may gain a comprehensive idea from your advertisement.

Automobiles that have been used find a ready market in the Wants, for the Wants bring buyers and sellers together. Tel. 3670.

REPORT ISLAND HAS BEEN LOST

Easter Island With 1,250 Souls, Said To Have Disappeared.

Special to The Advertiser.

Santiago, Chile, Nov. 16.—Rumors were persistent here today that Easter Island has disappeared in the recent quake. The report could not be confirmed, however, and many government officials declared it untrue.

Easter Island is located off the Chilean coast. It has an area of 50 square miles, and a population of 1,250.

Strong earth shocks were felt at 12:25 o'clock this morning in the Copiapo and La Serena districts, where great loss of life was suffered in Saturday's quake, according to national telegraph dispatches.

The inhabitants of Santiago were much alarmed early this morning when a slight earth shock was felt here, the motion apparently being vertical. The tremor began at 1:42 o'clock.

The director of a private meteorological institute had forecast an earth movement at 2 o'clock due to the conjunction of the moon and Saturn.

Bring Medicines.

Dispatches from Copiapo report the arrival there of a medical and relief party, bringing a large stock of food and medicines. The medical officers of the party found a number of the injured lying in the open air in the vineyards, as the hospital, which was built in 1848, had been completely ruined.

Other victims to the number of 50, mostly aged persons, were huddled in a motion picture theatre, lacking proper ventilating facilities. The patients were in need of most of the essentials.

These conditions, however, are stated to be surpassed by these in Vallenar(where bodies still remain beneath the ruins, their decomposition constituting a serious menace to the public health. The inhabitants without food, are living in a continual state of terror, sleeping on the nearby hills. Breaking of the pipes has left the town without water.

FIRST SURVIVOR ARRIVES.

Valparaiso, Nov. 16.—Aurelio Hadida arrived here on the British steamer Laurel Branch from Coquimbo, the first survivor to reach here from the earthquake district.

"The quake lasted five minutes," he said, "but it seemed like centuries. The earth moved with such violence that I was thrown down. The electric lights went out and everything assumed a fearful aspect.

"The greatest damage was done when the tidal waves came sweeping through the town for four or five blocks. Four times they came, wreaking great havoc.

"The port presents the most desolate appearance. The greater part of the population is living in the hills. When we left 25 bodies had been recovered—all children."

Kitchener and Waterloo Will Make 1923 "Hospital Year" in Twin Cities

Special to The Advertiser.

Kitchener, Nov. 15.—The year 1923 will be "hospital year" for Kitchener and Waterloo, and efforts will be made during that time to secure enough funds to warrant proceeding with the erection of a new building.

Plans for a new building will be secured at once so that tenders can be called as soon as sufficient funds are realized for the purpose.

This was the decision of the hospital board as announced by President Charles Ruby this morning. Under the regime of Dr. J. J. Walters, the new superintendent of the institution, much is expected in the way of bringing the hospital up to the highest efficiency requirements. It is pointed out in the statement of President Ruby that the hospital will be made the main issue in the Twin Cities until such time as enough funds and interest are put behind the institution to make it one worthy of the community. He stated that he already has the assurance of several manufacturers that they will put their support behind the institution.

Sons Deny Death of Lepine, Holder of Secret of Riel Rebellion Fame

Special to The Advertiser.

Winnipeg, Nov. 16.—The Ambrose Dedime Lepine of Riel rebellion fame, sole holder of the secret of where Scott, murdered by Riel is buried, is still in the land of the living, according to information received last night from two sources. First was his son, Albert Lepine, who lives in St. Boniface, and the news was repeated by another younger son, Nelson Lepine, who lives in Winnipeg.

Their father has reached the great age of 82, and stated that a letter had been received by Albert yesterday from his home at Quedel, Ontario, where he is living with his grand niece, wife of Louis Paradis, Dominion government official.

The old man was well when the letter left, and up to last night nothing had been heard to the contrary. Nelson stated he passed through Winnipeg about five weeks ago. The report of the death of the former lieutenant of Riel during the rebellion came in a news dispatch from Kenora.

Corn—Spot, American mixed, 7s 8d.

Chicago, Nov. 16.—Increased commission house buying of a character which appeared to indicate broadening of a general speculative interest gave a decided lift to wheat prices during the early dealings. Houses with eastern connections led in the purchasing of May and December deliveries. Unresponsiveness at Liverpool to upturns in America received some attention here at the opening, but was practically ignored later. Opening quotations were followed by a sharp upturn all around.

Corn and oats showed decided independent strength, emphasized by reports that holders were awaiting higher prices. After opening ⅛c to ½c off, the corn market scored material gains.

Oats started at ⅛c off to a like advance, and later climber with corn and wheat.

MONTREAL STOCKS

Montreal, Nov. 16.—Dominion Textile was the outstanding feature on the stock exchange today owing to the directors' announcement yesterday of their refinancing plans. Trading was mostly confined to broken lots, with wide fluctuateons in price. From a high of 200, the quotation slipped to 191 and rallied this forenoon to 196. There was a much better tone in the general list, and a good number of stocks regained the better part of their loss, sustained in the reaction of the last few days. Spanish River issues were firmer, with the common a and the preferred up to par.
