One Tells the Other

WE use the newspapers to tell about our clothing. We don't think we could get along very well in this progressive age without the help of newspapers. But there is another channel through which we get a lot of our trade and one that we always try to keep open—and that is through PLEASED CUSTOMERS. One tells the other if they have been well treated at our store and if the values are right—(and there is no better judges than the public.) If Mr. John Blank buys a good $10.00, $12.00 or $15.00 suit from us that he knows from comparison with others is the best value he knows for the money, he's going to tell his friends about it. That's it. One tells the other. See the point?

DUNDONALD TO HEAD LIST

Will Be Honorary Colonel of New 91st Kiltie Regiment Forming in Hamilton.

ST. BERNARD DOG STRUNG UP

Pretty Cook Who Took Paris Green Rather Than Go to St. Thomas Will Likely Recover.

Hamilton, Sept. 13.—(Special.)—Within a very few of the required 210 for the new 91st Regiment were enrolled Saturday evening. All the names that are handed in next Wednesday and Saturday night will be considered, and the best men chosen. Instructions for the officers will start Tuesday night in a hil on Macnab-street, and the recruits will start to drill next week. Lord Dundonald will be the honorary colonel.

Valuable Dog Hanged.

This morning when John Walker, 112 East Jackson-street, went out into his back yard, he found his big St. Bernard dog strung up on the fence with a rope around its neck. It was worth about $50.

Will Likely Recover.

Miss Rachael Buck, the pretty 19-year-old cook at the American Hotel, who said she took a dose of Paris green rather than leave Hamilton to go to St. Thomas, is still in a precarious condition. Dr. McGillivray says she will likely recover, but no one is allowed to see her yet.

Mays Not in on It.

Harry Mays, the wrestler, who was imprisoned for a few days for his connection with the bout that caused Osborne Taylor's death, and who was released on his own bail Saturday, is charged with being a confederate of "Reddy" Malcolmson in fleecing R. A. Tunis, a farmer, out of $5. The police are satisfied that Mays had nothing whatever to do with the deal. The funeral of the dead wrestler took place this afternoon, and was very largely attended.

Made in Canada Show.

All arrangements for the opening of Made-in-Canada Exhibition in the drill hall have been completed. The Lieut.-Governor will open it. Premier Ross will also speak. The formal opening has been set for 3.30.

Butcher Dies Suddenly.

John Jackson, who has run a butcher shop at 296 North James-street for 19 years, was found dead in his bed Saturday evening. His wife took him a cup of tea, which he drank. When she went back in a few minutes with a second cup she was horrified to find him dead. He was 60 years of age, and was a prominent member of the Sons of England and other fraternal societies.

Jack Laird was brought back from Paris this morning by Detective Coulter. He is charged with stealing a horse and rig from Cockling Bros. He cented the ouifit, and, it is alleged, he traded it off to a man in Ayr.

While making his way home Saturday night, Henry Roscoe, 237 West Jackson-street, fell into a hole on Garth-street and broke his leg.

The officers of the 13th Regiment held a meeting Saturday night and arranged for a field day of sports and manoeuvres. They will take place some time in October, at either the cricket grounds or Brttannia Park. The regiment will go to Toronto on Thanksgiving Day.

IMPORTANT TO UNIONS NEXT TRADE CONGRESS

Representatives of Organized Labor to Meet at Brockville on 22nd Will Discuss Union Candidates for Parliament and Means to Fight Employers in the Courts.

The Dominion Trades Congress, to be held in Brockville Sept. 22, is expected to be one of the most important events of organized labor in Canada this year. The intense feeling between capital and labor that has lately shown itself is an indication of the drastic measures likely to be taken by unionists in future. Unionism is undoubtedly undergoing a rapid change, and it is at this meeting, when delegates gather from every corner of the Dominion, that a definite and new plan of action will be mapped out. The change, they say, is not altogether of their own choosing, but is prompted more by conditions, which have been brought about by those in opposition to unionism. Never in the history of Canada and organized labor have the relations between the two interested factions been so strained. Activity to suppress has marked the attitude of the employer, so the unionists say. Activity to defend characterizes the labor leaders. It will be at this meeting that a line of action will be mapped out that is calculated to do more than anything else to procure for the united wage earners liberties and conditions which they do not now enjoy.

Action in Politics.

For years those prominent in the labor movement have agitated for concerted action in politics, but probably never before did the rank and file of Canadian workmen feel so much in sympathy with the idea. So when at Brockville they will act with the hearty endorsation of their locals to support any feasible scheme whereby they will have their voice heard in parliament. It will be at this meeting that the question of selecting labor candidates for the next elections will be discussed and a plan outlined for the future actions of union labor men. The agitation that has been made every year to stand by the principles of unionism, regardless of party politics and vote only for the man who is a friend of organized labor will be more strongly urged than ever. It is thought, in fact, that a more practical means of securing the support of the different members for political candidates favorable to them will come up for discussion. In municipal affairs they have also determined to be heard. On the 30th of this month the locals of Toronto will gather to choose candidates for aldermen and school trustees, and the delegates to Brockville have been instructed to urge the advisability of adopting the same methods elsewhere. Representation in parliament and in municipal councils is the cry that will be heard above all other things during the congress.

Employers' New Weapon.

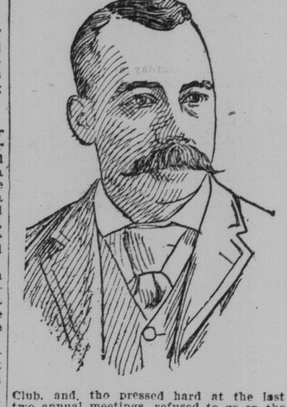
The congress will also discuss the new weapon of warfare used by the employing body on organized labor, namely, the injunction of the courts to abolish picketing. This and other institutions of unionism have proved formidable in past battles, and if organized labor is denied the right of playing the game according to its own ideas, a bad blow will be struck at unionism.

A prominent union man, speaking of the vital questions that are to come before the congress, said: "There is no denying the fact that our employers have thrown down the gauntlet and have determined that they will neither recognize nor tolerate organized labor. They have not only formed themselves into combines, but are establishing institutions with the idea of fighting us at every turn. In parliament they are exerting their influence to thwart our endeavors to better the condition of the laboring classes, and are now seeking the assistance of the courts to down us. If they care to combine or use public funds for the purpose of flooding the country with mechanics, they cannot understand why we should object. They are seeking every power in an effort to have unionism stamped out. We have no right apparently to combine to protect ourselves. Nevertheless we are combined, and will continue to struggle for our betterment. Considering the matters at issue, you will readily see that this year's congress will be without doubt the most important that has yet been held. Chief among the vital questions will be the political policy about to be adopted. At Brockville will be representative labor men from every part of Canada, who will discuss the best methods of using the influence that unionism has at its command to be heard in parliament."

DEATH OF MR. RICHARD ALCOCK.

Well-Known Lover of Games Passes Away After Short Illness.

Mr. Richard Alcock died early on Saturday morning as a result of a stroke of paralysis. He was one of the best known of the quieter class of sporting men in Toronto. He was a lover of almost every land and water game, being particularly fond of baseball and boxing, ten-pin bowling, the dogs and the horses. He was a heavy shareholder in the Toronto Baseball



Club, and, tho pressed hard at the last two annual meetings, refused to go on the directorate. He was an expert on the alleys when Toronto's ten-pin game was in its infancy. He owned any number of valuable Irish terriers and was very fond of the thoroobred and a good driving horse. Mr. Alcock had been proprietor of the Black Bull Hotel, Queen and Soho-streets, for the past number of years, and was very prosperous in business.

The late Mr. Alcock counted his friends in Toronto by the hundreds, and his disposition warranted that he had not a single enemy in the whole of the city.

Being particularly busy at the opening of the Exhibition, Mr. Alcock overexerted himself, and was seized with the fatal stroke.

The funeral will take place from his late residence to St. James' Cemetery on Monday at 3 p.m.

WHERE'LL MONEY COME FROM?

New York, Sept. 12.—Prof. J. W. Jenks of Cornell, one of the members of the International Exchange who returned from Europe today, stated that the commission, after consultation with representatives of the various European powers, was prepared to submit a plan for the solution of the Chinese money question and of the problem of the payment of the 450,000,000 taels indemnity to the powers for the recent disturbances in China.

HER NERVES PLAYED OUT

And Health Broke Down—A Life Saved by the Timely Use of FERROZONE.

Mr. Karl E. Newsome of Rothesay, writes: "I owe a debt of gratitude to Ferrozone which saved my life after a severe siege of Nervous Prostration. About a year ago my health gave out completely. I was in such a weak irritable condition that I couldn't work, and found that the doctors did nothing for me but take my money. My druggist recommended Ferrozone as the best preparation for nervous troubles, so I commenced at once to take one tablet at meals. Every box of Ferrozone I took seemed to do me more good than the previous one, and it wasn't very long before I was strong enough to move around again. In three months I was completely cured, and know that I wouldn't be alive to-day if I hadn't used Ferrozone. It braced up my nerves, gave me a strong, healthy constitution, and is certainly a marvelous restorer and tonic for nervous people."

The reason Ferrozone is so successful in curing nervous disease is that it contains the very elements that are needed to restore the wasted nerve cells. It is a nourishing, strength-giving tonic that costs 50c per box, containing three weeks' treatment. Six boxes for $2.50. Sold by all druggists or by mail from The Ferrozone Company, Kingston, Ont. Don't fail to get Ferrozone to-day, it assures health.

NO EUROPEAN COMBINE.

London, Sept. 12.—Enquiry made at the European offices of the United States Steel Corporation to-day revealed the fact that no serious importance is attached to the statements made that negotiations are in progress favorably between representatives of the large steel works in Germany, Belgium and France for the formation of a European Steel Corporation. It is pointed out, however, that the prices of steel on the continent are now kept extraordinarily low, which would facilitate the efforts to effect a combine.

Telephoning Without Wires.

Berlin, Sept. 12.—Prof. E. Rubmer is hailed as the first of the many experiments with wireless telephony in have made the scheme practicable. His recent experiments on the Wannsee, near Berlin, were entirely successful. By means of his apparatus words spoken into a transmitter were distinctly repeated at a distance of seven miles. Subsequently he set up a receiving station at Grunau, which is 15 miles from his laboratory in Berlin, and by means of a large transmitter conversation was again entirely successful.

The apparatus, designed for the use of scouts and outposts, is capable of transmitting messages a distance of three miles. Light plays an important part in the construction of the wireless telephonic apparatus, and it has been found that acetylene gas is a very powerful adjunct, altho electric light is also very satisfactory. Details of the mechanism have not yet been revealed. It is probable that the apparatus will be controlled by the government for use in the army.

EAST END NOTES.

Rev. W. H. Warriner, D.D., of the Congregational College, Montreal, preached last night in the Broadview-avenue Congregational Church. Dr. Warriner stated that he had, while a student, thirty years ago, preached at the East-end Mission, out of which the present church arose.

The Royal Canadian Bicycle Club will hold its regular monthly meeting in the club rooms on Broadview-avenue to-night. Business of importance will be transacted.

Great preparations have been made in Sunlight Park for the polo games this week. The field has been carefully mown and rolled, and extensive bleachers have been erected on both sides.

CITY HALL NOTES.

Mayor Urquhart has received many complaints anent the scarcity of moderate renting houses. Street Commissioner Jones accepted the position of chairman of the Committee of Garbage Disposition and Street Cleaning in connection with the American Society of Municipal Improvement. The torn up pavement on Avenue-road north, done by the Street Railway, is being repaired. During the Fair over 23,000 people have climbed the City Hall tower.

KENT CONSERVATIVES.

Chatham, Sept. 12.—Conservatives of Kent County gathered here to-day and elected the following officers for the ensuing year: President, Herbert Clements, Chatham; first vice president, Dr. Story, Blenheim; second vice-president, Stanley Ball, Chatham; secretary, S. B. Arnold; treasurer, Arthur Dunn. It was decided to defer the selection of a candidate until after the boundaries of the county are settled.

Bulk of Manitoba Crop Has Been Got in, However.

Winnipeg, Sept. 12.—It is estimated that ninety per cent. of the grain is cut in Manitoba and sixty per cent. in the Territories. In Southern Manitoba considerable threshing has been done and some along the Canadian Pacific main line. The intermittent wet, cool weather, which retards crop ripening and prevents stock drying out enough to thresh has delayed cutting and threshing. There has been frost in some localities, but reports from those places indicate that the damage is much less than anticipated but the amount cannot be told until towards the end of the threshing. The chief difficulty, however, is the wet weather, which prevents the farmers getting on with their work, and which, if it continues, will discolor the grain and cause some sprouting. If the weather clears up next week, a big crop of good wheat will be threshed.

CLEVER TENNIS IN FINAL BURNS WON FROM STEWART

Ontario Championship Tournament Was Most Successful Function.

With splendid weather and all conditions favorable, one of the best tournaments ever held in Toronto was brought to a close on Saturday afternoon. The large number of spectators who were present witnessed the exhibition of the finest tennis that Ontario can produce. Ralph Burns of the Toronto Club and D. M. Stewart of Barrie were matched against each other, to decide the provincial championship for another year, and, after four sets of exciting play, abounding in sharp rallies and clean drives, the cup was brought back to Toronto. Burns combined phenomenal brilliance with great accuracy, and his victory was well deserved. Stewart's volleying and his remarkable steadiness and coolness at critical points were much admired, and it is hoped that he will come again next year, to endeavor to win back the championship.

The final of the men's doubles, between Macdonell and Glassco of Toronto and Boys and Bascom, uniting the forces of Barrie and Uxbridge, was also played, and resulted in a contest even closer than the singles. Not till the full five sets were played, and the last one lengthened to deuce games, were the Toronto pair proclaimed victors.

The final match in the ladies' handicap was another interesting struggle. Mrs. Burgess had, earlier in the week, beaten Miss Hague of Montreal, in the open event, but Miss Hague succeeded in turning the tables in the handicap, and won in the three-hard sets.

After the games were over, the prizes were presented to the winners of the events that had been completed by Mrs. A. C. McMaster. The challenge cup was also entrusted to the keeping of Mr. Burns for another year, and he was greeted with quite an ovation as he received it. During the afternoon the ladies of the club served tea, and their kindness was very highly appreciated by all present.

To-day the finals of the mixed doubles and men's handicap will be played. This leaves only the novice singles uncompleted. Saturday's results:

Ontario championship—Burns (challenger) beat Stewart (holder), 6—3, 6—4, 2—6, 6—4.

Men's doubles, finals—Glassco and Macdonell beat Boys and Bascom, 3—6, 6—2, 6—4, 4—6, 7—5.

Ladies' handicap—Miss Hague (minus 30) beat Miss Cook (minus 15), 6—3, 6—3; Miss Hague (minus 30) beat Mrs. Burgess (minus 30), 7—5, 3—6, 6—2 (finals).

Men's handicap—Laver (plus ½ 15) beat McVitty (plus ½ 15), 6—0, 6—3; Mason (plus ½ 30) beat Laver (plus ½ 15), 6—3, 6—1; Munroe (minus ½ 15) beat Hobbs (minus ½ 30).

Novice singles—Munroe beat Laver, 3—6, 6—3, 6—4; Hobbs beat McVitty, 7—5, 6—3.

Mixed doubles—Miss Summerhayes and Pearson beat Miss Hedley and Burns, 8—6, 7—5.

—To-day's Program.—

4.30 p.m.—Miss Hague and McMaster v. Miss Summerhayes and Pearson (final mixed doubles).

5 p.m.—Mason v. Munroe (final handicap).

FIRST POLO MATCH TO-DAY.

In addition to the polo matches on the program for this week at the old baseball grounds, Buffalo will be here on Thursday for an extra game. The tournament starts to-day with Calgary v. Rochester. On Wednesday Montreal plays Toronto and on Friday the winners clash.

Polo Protest.

Sporting Editor World: The article written so courageously by C.W.T.U. in your Sunday edition, pointing out to society what the meaning of encouragement of this savage game is should be endorsed by all self-respecting citizens. Brutality and savagery in this alleged sport, however, much it may be scientifically played, should be frowned down upon by all those interested in humanity and religion. Shouldn't steeplechasing and bull fighting also be similarly dealt with? All the members of the ministerial profession should rise in arms and, like C.W.T.U., and myself, warn against this threatened danger those whose good morals are directly and indirectly in the sacred charge of all Christian gentlemen.

Sporting Notes.

Citizen: Backers of Cornwall win their money, regardless of the committee's decision afterwards.

The Lowell team won the championship pennant of the New England Baseball League on Saturday.

Richard Croker has registered his racing colors for Ireland. They are a Yale blue jacket and gold tasselled cap.

Jack Munroe expects to have a bout soon with Bob Fitzsimmons in Philadelphia. Fitz has agreed to knock Jack out in six rounds. He will likely do it in two.

The Toronto Rugby Club will hold practices every night this week at Moss Park Rink, Shuter-street. As the first game takes place on Sept. 26 with London, all players are requested to turn out and get into shape. Practices start at 5 p.m.

It begins to look as if the Jeffries-Munroe match had fallen thru, says a Los Angeles despatch. The Los Angeles club would not grant Munroe's requested delay and has withdrawn its offer of a purse.

Arthur Payne, the yacht designer, who designed 200 boats, is dead in England. He designed the Canada's Cup defenders Beaver and Strathcona, and also the cutter Gloria, owned by Mr. H. C. McLeod of this city.

Dave Holly, negro, of Philadelphia, bested Spike Sullivan of Boston in a six-round bout at Philadelphia Friday night. The bout was characterized by rough work on the part of both men, with Sullivan the chief offender.

Con Riley, the Ohio heavyweight champion, who formerly trained Kid McCoy and acted as the latter's sparring partner, knocked out Dick Russell of Denver in the seventh round at Cincinnati. It was to have been a 20-round contest.

Fergus Thistles and Copper Cliff play a sudden-death semi-final championship game next Thursday at Orillia, instead of on Friday, as previously announced. Fergus will run an excursion at a very low rate. It will be a great game worth going many miles to see.

Dan Wurgis with a ten-horse-power machine broke the world's five mile record for automobiles under 1200 pounds at the state fair in Syracuse on Saturday afternoon, covering the distance in 5 minutes 49 seconds. The miles were 1.14 2-5, 2.24½, 3.51½, 4.40¼ 5.49.

The Alexander and Cable baseball teams defeated the Hart & Riddell team on Saturday by a score of 13 to 5. The feature of the game was Harrison's pitching for the winners, striking out 17 men. Wallace also pitched good ball for the losers. Batteries—Harrison and Turnbull; Wallace, Nicholson and Hastings.

Back to Britain's Shores.

New York, Sept. 12.—Sir Thomas Lipton's chartered ocean-going tug Cruiser sailed to-day for Liverpool. The Cruiser came over with the Shamrock III. and the Erin.

FORESTER HIT OVER GRAND STAND

Final Cricket Match of Year Between Rosedale and St. Albans.

The match, Rosedale v. St. Alban's, played on the Rosedale grounds on Saturday, decided the championship of the City League, and, consequently, the destination of the coveted Belth shield. Rosedale, by making a draw with their opponents, won the shield. The play thruout was marked by keenness on the part of both teams. Rosedale were in luck when they won the toss and went in to bat on the excellent light of the early part of the afternoon, while St. Alban's were seriously handicapped by the haze later on. Rosedale put up 124, Forrester contributing 36 in a very interesting manner, McArthur 22, not out, and Hynes 19. The veteran caused some excitement by beginning his innings with a magnificent hit for 6, off Wheatley, the ball going clean out of the ground, over the roof of the grand stand.

St. Alban's, on going in, got runs at a fast pace, all the faster on account of some wild bowling, that produced byes. At the call of time 58 runs were on the board for the loss of four wickets. Garrett got the top score of 22, not out, chiefly by hard driving.

Grace Church Beat St. Stephens.

The Grace Church cricket team played a friendly game of cricket with St. Stephen's team on Varsity lawn Saturday, and defeated them by a majority of 80 runs for 9 wickets, when they declared their innings, the score being Grace Church 105, St Stephen's 25. For the winners W. Paris made 48 in beautiful style, and Yetman also played carefully for his 19, none of the "Saints" reaching double figures. The bowling of W. Crichton for the winners was very good, he taking 5 wickets for 5 runs. For the losers L. Duncan captured 6 wickets for 37 runs. Score:

Their Tenth Consecutive Victory.

The Ontario Accident Insurance Cricket Club gained their 10th consecutive victory on Saturday by defeating St. Cyprians' Cricket Club in a small scoring game at Island Park. As is obvious by the score below, it was a bowlers' wicket, which was taken advantage of, as only one man obtained double figures, Holliday (12) for the underwriters. The fielding on both sides was very good.

St. Simons Beat St. Marks.

St. Simons beat St. Marks in a very close and exciting match at Rosedale on Saturday by one run: St. Simon's victory was in a large measure due to the excellent batting of McGuffie, who played a very fine game, getting 24 by good sterling cricket. J. McCaffrey (10) was the only other member of either team to reach double figures. Wilson, for the winners, got 6 wickets for 17 runs and Ham 4 for 22.

Track good, and tho there was a strong wind blowing, the colt was always well in hand.

Real Fight in Buffalo.

Buffalo, Sept. 12.—Cy Flynn, the local lightweight pugilist, won the glove contest, which was the main feature of the program of attractions for the down-the-river smoker, of which mention was made in yesterday morning's Express. Jack Donoghue, former sparring partner for Terry McGovern, was Flynn's opponent. He battled gamely, but was stopped in the twelfth round.

The organization which conducted the festivities is styled the Clinton Athletic Club, and about 100 were in the party which boarded the Silver King and barge at Black Rock about 10 o'clock on Wednesday night. Several stops were made at Niagara River resorts and finally a landing was effected at one resort, where the program of entertainment was completed with the largely anticipated boxing bout. No ring was pitched, but a chalkline square was drawn in a dance hall and the enclosed space covered with canvas. About this the spectators clustered, the picturesque scene reminding one of the old prizering days.

Flynn was a big favorite for the bout, being backed by his clubmates of the Ardell Club and others who have predicted a bright future for him in the ring. Donoghue was not without support. The men were big gloves and the bout was refereed by a well-known sporting man.

The men boxed straight Queensberry rules, and there was confusion at times, owing to the absence of the guard ropes. Flynn began to outpoint his man with body punches, but in the fifth round was carried thru the circle of spectators in a clinch and, tripping, fell heavily to the floor. He hit his head, and the fall stunned Flynn. The bell saved him and gave him time to recuperate. He came up fresh. From that time on he punished Donoghue hard about the body until the Easterner was finally stopped in the twelfth round, trying gamely.

There were games and refreshments on the barge, and the party, after a long stop, made a leisurely trip up the River, arriving back at Black Rock at the small hours of yesterday morning.

Nothin' Doin'.

Diggs: What does that fellow Skinner do for a living?

Biggs: Nothing. He lives on his wits.

Diggs: Huh! No wonder he has such a lean and hungry look.
