NEW YORK, Aug. 13.

Mrs. Jessie Pierce, Herbert Folts and George Demond, all young persons belonging in Boston, were drowned yesterday at Centre Harbor, N. H., while bathing.

The express train from Boston for Montreal was thrown from the track near Rochford, Vermont, this morning, killing Engineer Lancot, Road Master C. S. Harris, the fireman, and a little girl. Twenty passengers were injured.

Heavy thunder showers have prevailed to-day in various parts of the country.

Beecher is giving his statement to-day before the investigating committee, with closed doors.

LONDON, Aug. 13, 4.30 p. m.

The amount of bullion gone into the Bank of England on balance to-day is £84,000.

MEMPHIS, TENN., Aug. 12.

SACKED BY NEGROES.

The whites abandoned Austin last evening, and the negroes, after holding the place a few hours, and sacking it, left for their homes. About four hundred men from Memphis arrived at 3 a. m., yesterday, and found only thirty negroes in town, eight of whom were arrested. Everything was quiet at 9 a. m.

Ontario Manufacturers on the Treaty —It is Generally Condemned—A Demand for a Champion in its Favor Finds no Response.

OTTAWA, Aug. 13.

At a meeting of Ontario manufacturers, held yesterday in Hamilton, one hundred representatives were present. Persons representing various manufactures divided into sections to report upon the effect the Treaty would have on their industry. They all reported adversely to the Treaty. Speeches were made showing that from every point it would prove disastrous to manufacturers. Sliding scale was unanimously condemned in the report of the committee on machinery. The Treaty is objected to for not defining whether goods manufactured from British or foreign material come within the scope of the Treaty. Our fears are warranted by the advantage taken of the former Treaty by the Americans in excluding seal oil from the free list. Nearly every commitee expressed an opinion that the Treaty would lead to annexation. Some person was asked to address meeting in favor of Treaty and no one responded. A Central Committee was appointed to prepare resolutions amending, favoring or rejecting. Portions of treaty resolutions will be discussed to-day. More delegates are arriving.

[The above appeared in part of yesterday's issue.]

Base Ball.

The Cricketers from Philadelphia played a friendly game of base ball this forenoon with a nine selected from the base ball clubs of this city. The game commenced shortly after ten o'clock, and the ground was very muddy. Mr. P. A. Melville was scorer for St. John and R. L. Beard for the Philadelphins. St. John was sent to the bat first, and were put out after scoring one. The Philadelphians went in and made a run of nineteen. The second and third innings gave to the Philadelphians 6 and St. John 2, so that at the commencement of the fourth inning, about 12.30, the score stood: Philadelphia 25, St. John 3. The names of the players are as follows:

Philadelphia.	*St. John.*
R. Newhall, 3d b;	D. Costigan, 2d b;
E. Hopkinson 1st b;	W. Snider, c;
A. Dixon, p;	— Spence, 3d b;
S. Mead, 2d b;	— Ring, c f;
F. E. Brewster, l f;	Dr. Deveber, p;
W. Hopkinson, c;	Wm. Hinch, l f;
D. Newhall, s s;	H. Masters, r f;
N. Colwell, r f;	J. McCarthy, 1st b;
Wm. Welsh, c f.	T. McMillan, s s.

Mr. D. Perkins umpired the game which was not finished owing to the ground getting so very muddy.

Nova Scotia News.

Halifax is unhappy—only one man-of-war, a paddle sloop, in the harbor.

The *Abstainer*, the Organ of the Sons of Temperance of Nova Scotia, is dead. Want of support the cause.

Mr. Jotham McCully, concerned in the recent shooting affair at Truro, has been committed for trial, and has given bonds of $2,000 to appear in the Supreme Court at that place.

A man who will deliberately load a cigar with powder and leave it sticking up out of his vest pocket as he walks around, deserves the censure of everytning which moves about on two legs.

A certain lawyer, not noted for his observance of the 7th Commandment, said to his Scotch gardener one day, "Sandy, you should become a teetotaller—you have been drinking again to-day." "Do you ever indulge an unlawful appetite, Squire?" enquired Sandy, with a wink. "What's that to do with your drunkenness, you rascal?" sharply replied the lawyer. "Why just this, Squire—but can you tell me how the streets of Jerusalem were kept so clean?" "No, Sandy, I cannot tell you that." "Well, sir, it was just because every one kept his ain door clean."

Poor thing, he has our warmest sympathies. We refer to the young New York lover who complains about the target firing every night at the Eighth Regiment Armory. He says he doesn't care a cent for the residents of the neighborhood, but his complaint is entirely selfish, viz.: I love a maiden whose residence is thereabouts. I call frequently, but have not made much progress of late, because whispering is out of the question in the face of the firing which the Eighth keeps up hardby. Moreover, her father, who was wont to retire at nine, now sits up because he cannot sleep on account of the continual "banging" in the armory. Can't you induce the men of the Eighth to desist until I'm "all right?"

POPULAR LECTURES!

A COURSE OF EIGHT LECTURES on PHYSIOLOGY AND HEALTH, illustrated with an unrivalled Anatomical Cabinet of Classtique Models etc., will be delivered by

Dr. W. W. Hebbard, LL. D., of Boston

at MECHANICS' INSTITUTE, commencing **Friday Evening, Aug. 14th,** and continuing for successive evenings (Aug. 17, excepted).

The range of subjects embraced in the course is wide and comprehensive, and the treatment of them will not only be scientific, but practical, and adapted to all minds, professional and non-professional. Both the press and the people of the United States have spoken of these lectures in the highest commendatory terms, and crowds have attended them.

For programmes see small bills. Admission 25 cents. Course tickets to six lectures $1.00.

COMMENDATIONS TO DR. HEBBARD.—"The Doctor speaks with great fluency, is thoroughly at home on his theme."—Boston (Mass.) *Post*. "The instructive and eminently practical theme was so handled as to retain the unflagging interest of the assembly for more than two hours."—*N. Y. Herald*. "One of the right stamp."—*Horace Greeley*. "Spirited and vigorous."—*Prof. H. W. Longfellow*. "Eminently fitted both to instruct and amuse."—*Wendell Phillips*. "I have heard Dr. Hebbard with great pleasure." The late *Prof. Francis, of Harvard College*. "We have listened with constant increasing interest to your lectures, and have derived from them an amount of instruction which excited in us a surprise equalled only by that we now feel at our former ignorance and misapprehension of, and indifference to, a most vital subject."—*Hon. Wm. Edsall*, Ch. of the Lecture Com. Y. M. C. A., Brooklyn, N. Y.
