IN consequence of Monday being Dominion Day, the next regular meeting of Town Council will be held on Tuesday evening, 2nd prox.

Put not your trust in cherries when they are red upon the limb, for in the end they gripe like a pair of tongs and double up like a jack-knife.

LAST week a fire broke out in the brush fallow on the farm of Mr. Hamilton, about a mile west of the town, and destroyed nearly twenty rods of the railway fence.

Daniel Gallagher, a resident of Hibbert, while attending the Dublin inauguration had his horses run away, throwing him out and instantly killing him.

STRAWBERRIES are now in season, and though the late frost has done much damage to the "patches" in this vicinity, yet it is probable that on the whole there will be an average crop.

THE population of Stratford is 8,645, showing a gain of 203 over last year. The assessment for the year is $2,431,632. The Mayor's salary has been definitely fixed at $200.

REOPENED.—J. Welch begs to notify his customers that he has made a satisfactory settlement with his creditors, and is again carrying on business in his old stand. He is prepared to sell boots and shoes cheaper than ever for cash.—22

Parties intending travelling in Canada or United States will be cheerfully furnished with information as to best rates and routes by calling on John Livingstone, Jr., down town ticket agent, Great Western Railway.

S. McILRAITH has removed to Wallace street, into P. Knapp's shop, where he will endeavor to supply those favoring him with their custom with good boots and shoes, at reasonable rates. Repairing neatly and promptly done. Please give him a trial.—21

WE believe it is the intention of a number of the members of Bernard Lodge, A. F. & A. M., to visit their Brussels brethren on Dominion day, when the dedication of a new Masonic Hall and a grand concert under the auspices of St. John's Lodge of that village, will take place.

### Band Uniform.

A proposal is on foot to provide our town band with a suitable uniform. We heartily commend the idea to the generosity of all citizens of Listowel. A subscription list is to be opened immediately, and we trust the necessary funds will be raised without the least difficulty.

### In the Meshes.

A youth from beyond Molesworth visited town last week, and at the instigation of some "adepts" tried his hand at a game of cards. In a short time he found himself minus a $5. After some altercation he was returned $2.50, and went home, it is to be hoped, the other $2.50 wiser.

### Fireworks at Stratford.

The excursion train to Port Dover on Dominion day will be held over at Stratford on its return in order to give excursionists an opportunity of witnessing the grand display of fireworks at the "hub" on the evening of the 1st.

### Examinations.

The midsummer promotion examinations for the Listowel public school commence on Monday next. They are to be conducted by Mr. W. Alexander, Inspector P. S., in person. The examinations for admission to the Listowel High School take place on the 9th and 10th July.

### Our Civic Holiday.

Thursday, 8th of August, has been determined upon for hoffing our town holiday. As already intimated, the day is to be celebrated by a general excursion to Port Dover under the auspices of the Fire Brigade. Proclamation to that effect, and all necessary information will be forthcoming shortly.

### The Garden Party.

Children under ten years of age will no doubt be highly pleased to learn that they may have the privilege of taking care of as many strawberries as their elders at the I. O. G. T. garden party on Dominion Day, for the small sum of 15 cents. Here's a chance for "ye small boy" to put an extinguisher on ye luscious berry.

### Bachelors Entertainment.

We understand that a "bachelors' entertainment," gotten up by town gentlemen who have not as yet crossed the matrimonial rubicon, is to take place in the "Crystal Palace" this evening. Ladies of course are to be admitted to this select assembly, and the disciples of Terpsichore will be provided with an opportunity of oscillating to music's "soft voluptuous swell." A brilliant affair may be anticipated.

FOR cheap groceries go to W. McMillan's, one door east of Grand Central.

DRESS GOODS! DRESS GOODS! In endless variety, and at the very lowest price, at Climie, Hay & Co.

Through Tickets at lowest rates, to all principal points in Canada and United States, by the Great Western Railway, for sale at Livingstone's Drug store.

### For "Merrie England."

On Wednesday Mr. A. J. Collins and wife, from near Elma Centre, left for a trip to the mother land. They went by G. W. R. and Erie Ry. to New York, from whence they will sail to-morrow (Saturday) on one of the National line of steamships to Liverpool. Their many friends in this neighborhood wish them a *bon voyage*. Through tickets were obtained from Mr. R. Martin.

### P. D. & L. H. Ry.

A new time table came into operation on the P. D. & H. Ry. last Monday. No. 4 mail now arrives in Listowel at 8.50 p. m. This is the only alteration at this end of the line. South bound trains make shorter stoppages at Woodstock and other stations, and arrive at Port Dover considerably earlier than formerly. An extra train has been put on the road between Simcoe and Dover, running in connection with the Hamilton & North-Western Railway.

### For the North-West.

Messrs. Little Bros. & Co., carriage manufacturers of this town, sold this week to Mr. John Flaherty, who is about starting for Manitoba, their prize phaeton for the sum of $450, and also a handsome open buggy for $120. We have no doubt these very fine platform phaetons, which received the prize at the Provincial Exhibition held in London last fall, will be properly appreciated in the far-off Prairie Province. We trust that our provincially renowned carriage builders will continue to send their vehicles to Manitoba, as we are satisfied their superior workmanship will commend them wherever introduced.

### To the Falls.

The excursion over the P. D. and C. S. Railways on Tuesday last was not availed of by very many from this neighborhood, nor in fact from the other points along the route. It was about 3 o'clock when the Falls were reached. To those who had not previously seen the great cataract, the sight was well worth the journey, even though the way was long and the weather oppressively warm. The time allowed the excursionists, however, was too limited to permit of anything further than a hasty glance at the "world's wonder" and the surrounding attractions. It was in the neighborhood of six o'clock on the following morning when the train returned to Listowel.

### The Crops.

So far as our observations extend the hay crop in this neighborhood does not promise a very large return. The frost in the early part of this month has had a damaging effect, especially on the clover. However, the late rains are having a telling effect upon it, and a week hence may cause a wonderful improvement. Fall wheat, of which there is a large breadth in this vicinity, is now in full head, and promises well. None of the spring sown grain exhibits any remarkable progress, but it is too early in the season to speculate on the probabilities of these crops with any degree of certainty. Garden vegetables of all kinds promise well; but the potato has two deadly foes to encounter in the "bug" and night frost, and how it will pass these ordeals is yet a question of time.

### Removals.

Hess Bros. having taken possession of their new offices and warerooms on Main street, Mr. J. G. Tremain, grain merchant, has removed his store to the building on Wallace street, next door to Scott's bank, vacated by the above firm. Mr. Tremain's business demanded much more room than his old stand allowed, he was therefore compelled to make a change. The premises which he now occupies are large and particularly well suited to his requirements. With these advantages he purposes doing a more extensive trade than heretofore. He is prepared to pay the highest cash prices for all kinds of grain, also hides and skins; and is ready to supply the public with the best family flour, oatmeal, cornmeal and every description of grain provender. He wishes his customers to bear the change of base in mind.

### Dominion Day.

There has been no special programme prepared for the celebration of the 1st in Listowel, a large number of our townspeople are therefore likely to go abroad and see what's to be seen in other places. Both Railway corporations are offering reduced rates to passengers. The G. W. R. run cheap excursion trains to Kincardine and Southampton, where extensive celebrations are to take place; the P. D. & L. H. R. have also announced a cheap trip to the lake on that day. At Stratford, Woodstock and Port Dover, demonstrations of an unusually grand order are to be made. Excursionists can therefore please themselves as to which point they may choose to visit. The day is not to be altogether unattractive at home. A base-ball match is announced to come off on the Agricultural grounds between the Red Stockings and the Atlantics of London (junior champions of Canada.) The garden party in Mr. Hay's grove is also anticipated to afford pleasurable entertainment.

### "Encourage Home Manufacture."

This is protection pure and simple, and when we see practical manufacturers like Messrs. McIlwraith & Austin boldly speaking out in favor of a protective policy, notwithstanding party predilections, it is a convincing proof that there is something deeper than mere sound in the question that is agitating the country at present. Our enterprising foundrymen offer two machines to the farming community—the "I. X. L." combined, and the "Victor," a light single reaper—and they ask to be encouraged in their manufacture, with the assurance that they are equal in all respects to those imported from a distance. This being the case, it is to the farmers' interest to buy from them, as capital invested at home tends to develop not only the one particular branch to which it has been applied, but its effect is felt beneficially upon all branches of the community's trade, and no one realizes quicker than the farmer himself the advantages to be derived therefrom. By supporting home manufacture and assisting your neighbor in developing the enterprise in which his capital is invested, you will enhance the value of your own property and add materially to your comfort and prosperity.

### Town Council.

In consequence of there being no quorum on Thursday evening of last week, an adjournment was made until Tuesday evening of the present week, when the following councillors put in an appearance, viz: J. W. Scott, Mayor; T. E. Hay, Reeve; and councillors Deavitt, Hacking, Heppler, Freeman, Binning, Nichol and Dillabough. The minutes of last meeting were read and approved. A communication was read from the Reeve of Elma, intimating that the council of that municipality were prepared to grant a further sum of $50 towards graveling the town line, making total grant from Elma $100. Dr. Nichol moved, seconded by A. D. Freeman, that the Mayor and Reeve be a deputation to wait upon the Elma council at their first meeting in reference to graveling the Mitchell road.—Carried. Mr. W. C. Smith's proposition to supply engine house, hose tower, hall, etc., was again brought before the Council. Dr. Nichol moved, seconded by J. A. Hacking, that W. C. Smith's offer, as follows: that he will build an engine room 30x44 feet, with five cells at end; hall about 44x66 feet, with tower for hose 60 feet high, 10 ft. square at base, at an annual rental of $200, payable half-yearly, for a term of five years, be accepted; and that a proper lease be entered into as soon as practicable; it is further agreed that Mr. Smith will furnish light and heat for the hall for all meetings for town purposes—Carried. It was moved by Dr. Nichol, seconded by A. S. Deavitt, that the Reeve and John Binning be a committee to attend letting contracts for graveling on boundary on Saturday next—Carried. Dr. Dillabough moved, seconded by Jacob Heppler, that the following members of this council be a committee to confer with Mr. Smith with regard to fitting up engine room, lock-up, and building tower, and getting lease executed for same, viz: J. W. Scott, A. Austin, Dr. Nichol, T. E. Hay, and J. Binning—Carried. J. A. Hacking moved, seconded by A. S. Deavitt, that a four feet sidewalk be constructed on Wellington street, from Elma street as far as Bolton street, and that the former motion regarding said sidewalk be rescinded—Lost on the following division: yeas—Nichol, Deavitt, Hacking, Hay; nays—Heppler, Dillabough, Freeman, Binning and Scott. The Mayor stated that his reason for opposing the motion was on account of the informal manner in which it had been introduced, and that he would be prepared to support it were it introduced at a regular meeting. T. E. Hay moved, seconded by Dr. Dillabough, that the mayor be authorized to proclaim Thursday the 8th day of August as a civic holiday—Carried. Council then adjourned.

## SENATOR MACPHERSON.

### A Hearty Reception at Listowel.

On Monday morning as soon as it became known that the Honorable D. L. Macpherson would pass through Listowel on the 2 o'clock train *en route* to visit his old constituents in the Saugeen District, the propriety of meeting him at the station and presenting him with an address was given momentary consideration and immediately acted upon. Notwithstanding the very short intimation, a crowd of people assembled at the station to greet the worthy statesman. Upon the train's arrival, Senator Macpherson was conducted to the platform, and being surrounded by a number of the oldest representatives of the North Riding, besides many of our principal citizens, the following address was presented to him by T. G. Fennell, Esq., on behalf of the Associations mentioned therein:

*To the Honorable D. L. Macpherson, Senator:*

SIR,—We, representing the members of the Liberal Conservative Association of the North Riding of Perth, and the Young Men's Conservative Club of Listowel, having learned this morning that you were to pass through our town, could not permit the opportunity to escape without assuring you of the sincere pleasure we have in greeting you, and we feel that our expression is but the faintest index of the welcome which awaits you at every point in your contemplated visit in the Saugeen District. Your wise, progressive and patriotic endeavors in advocacy of a National policy for establishing, developing and strengthening our Canadian industries, meet with our unequivocal approval. We warmly assure you that our sympathies are closely allied with your own in all the commercial and political theories you have advanced; and your unanswerable Pamphlets are by us especially prized. The unprecedented extravagance of the present Government is so patent that numbers who best merit the name of Reformers can no longer support their injudicious and corrupt administration of affairs. Your talents and your untiring endeavors in rebutting this mal-administration is fully understood, and commensurably appreciated by us. Momentous indeed will be the coming contest, and our ardent wish is that Canada may assert her aspirations for fame and honor by deciding unmistakeably for the sapient national policy you have so ably advocated. We tender you the best wishes of the above named Associations, and we beg to express the pleasure we feel in meeting you.

We have the honor to be, Sir,

T. G. FENNELL,
President Listowel Conservative Association.
JNO. LIVINGSTONE, JR.,
President Young Men's Conservative Association of Listowel.

Although the reception was altogether unexpected on his part, Senator Macpherson replied to the address very appropriately. He said it was gratifying to him to see the people of the country becoming awake to the necessity of taking an active part in the coming election. The extravagance of the present Government was so great that unless the people prove equal to it and take the remedy in their own hands of displacing them, he knew not what was to become of us. The cry was general throughout the country of distress, want of employment, and increased taxation which these gentlemen, by means of their policy, or want of policy, are imposing upon the Dominion. Their extravagance he had done what he could to expose, and yet he had merely indicated what remains to be disclosed; a great deal of it never will be exposed, but everyone must feel that the prosperity of the country is being sapped. As a Senator, he had taken a non-partizan view of public affairs. In the Senate they were not mixed up in politics as gentlemen are in the other House. His study had been to do what he considered, and what he believed the people will recoggize, as the best in the interests of the people. He felt both thankful and gratified for the honor done him, and said that it would do much to stimulate him to further exertions in the interests of the country.

His remarks were received with applause, followed by three hearty cheers for the Hon. Senator. Through the kindness of Conductor Lillis the train was held for a short time, during which Senator Macpherson made himself extremely agreeable by shaking hands and conversing with many of those present. The Senator was accompanied by Mr. Shaw, the gentlemanly candidate of the Conservative party in South Bruce. Cheers were again given as the train moved off, and the crowd separated evidently well pleased for having met the champion of the country's rights in the Senate.

Chas. Matthews, the comedian, is dead.

TO OUR CUSTOMERS.

We understand that Agents of G. Haas, of New Hamburg, are representing him as our General Agent, and thus selling nursery stock for him under false pretences. This man Haas was at one time employed by us, but we have no connection now with him, whatever. We trust our friends will make a note of this and purchase accordingly.
