WHISKARD'S

REBUILDING AND ALTERATION SALE

228, 230, 232 Dundas Street.

LONDON'S CHEAPEST STORE

The More Than

Twenty-seven years of fair dealing has created a confidence in this store that has made its statements reliable. We would have it emphatically stated and clearly understood that no dishonest or sensational methods are tolerated here to deceive the public. Our statements of values and price reductions are real—not sham.

How Do We Sell So Cheap?

By taking advantage of the times and paying spot cash. In about three weeks the carpenters will be ready to put in our elegant new front to our two stores; the bricklayers will be ready to take down the walls. This is where we keep our prints. We have decided to make a clearance of all our well-bought stock of PRINTS, MUSLINS, ORGANDIES and FANCY AMERICAN GOODS.

7c Print for 5c.
10c Print for 8c.
36-inch wide Prints, 10c yard.
12½c Prints for 10c.
These are some of the choicest goods on the market.

Special Sale of Flowers.

New Double Violets, 5c dozen.
Black and Colored Violets, 5c dozen.
All kinds Silk and Satin reduced.

Summer Parasols

In all the latest shades of the newest materials. Some plain, others with flounces, and a few unusually handsome ones trimmed with lace, Paragon frames, light but strong sticks, with natural and fancy handles, very popular prices for particular Parasols—in other words Beautiful Parasols at half price.

Children's Parasols, same way, 50c Parasols for 25c.

If You Make Your Own Dresses

We can supply you with everything, from Stylish Dress Stuffs at REBUILDING SALE PRICES, spool of Thread, paper of Needles, Skirt Binding, Dress Linings, Buttons and Everything else in the notion line at prices that will satisfy you.

Midsummer Millinery.

Ordinary Bonnets under ordinary conditions are all right. On a sweltering hot day your dress hat is a mass of fussiness and feathers, and you feel it so. A MODEST SAILOR HAT fits a summer day; it looks fit, it feels fit, and it is fit; it makes a jaunty finish to a summer outfit that would be out of tune without it. WHISKARD'S is the place to buy a NICE SAILOR HAT for little money. SAILORS are our specialty this season.

Petrolea.

Regular Meeting of the Town Council.

Serious Illness of the Respected Clerk —Improving the Town Hall Surroundings.

Petrolea, June 29.—The city fathers met as usual, all present except Mr. Marshall and Mr. McPherson, the aged clerk, who is confined to his house by illness. In the absence of the latter, his son-in-law, Mr. Wm. Lowery, took his place.

The minutes of last meeting were read and adopted, and the usual accounts referred to the finance and assessment committees.

Two petitions were presented from residents of the "blind line," for an extension of the waterworks system along it; several applications for drainage, and a note from Mr. Carmichael, to the effect that certain pipes on the old waterworks system which should have been six-inch mains were only four-inch.

The communications were referred to the various committees, and council adjourned to allow them to meet.

On the resumption of business Reeve Egan read the finance report, recommending the payment of $2,512 27 of accounts, including $1,500 to the public school board.

The building and market committee asked for and obtained authority to call for tenders for painting the woodwork on Victoria Hall.

The board of works recommended the granting of the petition of W. Egan and others for drainage on Kerby street, they putting up the tile, and also the construction of crossings on Dufferin and Lorne avenues. They had also received tenders for the year's supplies, and recommended that those of R. & J. Jackson for lumber, and J. & J. Kerr for nails, be accepted. Adopted.

The fire and water committee recommended the laying of a waterworks extension for the benefit of the residents on Lorne avenue. They had also received a communication from the Imperial Oil Company, wanting water supply at an extraordinarily cheap rate.

Mr. McCutcheon mentioned a mistake that had occurred in the rebate of the taxes on the new Baptist Church, whereby the rebate was paid into the town treasury, and it was agreed to rectify it.

Moved by Mr. Perkins, seconded by Mr. Dunfield, that the board of works be authorized to call for tenders for distributing 500 yards of gravel on the leading roads of the corporation. Carried.

A good deal of talk followed on the 8-inch fire whistle that has been built for the corporation for fire purposes, but at the present has no boiler to supply noise to its huge interior, and a good deal of fun was poked at it.

Dr. Dunfield introduced the question of a water fountain for the street drinkers, which would be especially needed on July 1. Mr. McCutcheon stated that his committee was arranging for temporary taps and cups connected with hydrants for that day.

Council then adjourned for one week.

Our venerable town clerk, Mr. McPherson, is very sick. He was walking up town last night, when he was prostrated by a fit. His many friends wish his speedy recovery.

Mr. Charles Egan has accepted the agency of the Dominion Express money order system. Citizens can now get orders to any part for any amount from this company by applying to Mr. Egan.

A party consisting of one gentleman and three ladies have erected a large tent adjoining the Iroquois Hotel, where they give exhibitions in glass blowing. This is something new in the oil town, and no doubt will be well patronized.

Miss Todd, of Point Edward, is spending a few days with Miss Maggie Riley, Princess street.

The public school summer vacation will commence Wednesday, and will last about six weeks.

The council is hard at work improving the surroundings of the city hall. A very nice fence has been erected, and a large plot sodded and trees planted out. Your correspondent would suggest that a fountain should be placed in the center of the sodded part. This would be a great benefit to all, besides showing off our waterworks.

Prorogued.

Dominion Parliament Finally Adjourns for the Year.

The Governor-General's Speech at the Close of the Session.

Ottawa, June 30.—As was stated in my dispatches to The Advertiser of last night, Parliament finally was prorogued last night at 8 o'clock, and Lord Aberdeen will now go on a fishing tour.

Very little was done in the afternono, except the answering of a number of questions.

Dr. Montague called attention to the indifferent mail service into the Kootenay mining regions. They were suffering great inconvenience from it.

The postmaster-general said that he expected Chief Inspector Sweetman would return from British Columbia with a full report in a few days. He fully realized that the service was not what it ought to be. He contemplated many extension during the year, which would cost considerable money, but it was quite impossible for him to reach any estimate as to the cost, and consequently he had not inserted an item in the estimates. Charges were abnormally high, but he hoped before very long to organize such a mail service as would give satisfaction to everybody.

Dr. Sproule asked Mr. Sifton on his mission to Manitoba, and requested to know the latest about the Manitoba schools.

The minister of the interior replied, in the humor of the house, to the effect that the Manitoba crop prospects were excellent, the Indian rising was a myth, and for the rest he would answer any of the honorable gentlemen's questions next session.

There were very few members of either house present at 8 p.m., when his excellency proceeded to the chamber of the Senate in the parliament buildings, and was pleased to prorogue the second session of the eighth parliament of Canada with the following speech:

"Hon. Gentlemen of the Senate; Gentlemen of the House of Commons:

"In relieving you from further attendance in Parliament, I desire to thank you for the assiduity with which you have discharged the duties of a fatiguing session, and I congratulate you on the very important legislation which has been the outcome of your deliberations.

"The revision of the tariff, which occupied a large part of the session, has been completed in a manner which, I trust, will prove effective in promoting the trade and commerce of the Dominion. It is gratifying to know that this measure has been recognized as one of imperial importance, and that it has already had a marked effect in strengthening the bonds which unite Canada to the motherland.

"The arrangements for establishing a fast steamship line of the highest class between Great Britain and Canada, with the co-operation and assistance of the Imperial and Canadian Governments, encourage me to hope that at no distant day we shall see the accomplishment of that very important project.

"The bill to provide an effective system of cold storage on land and sea will promote the interest of our agriculturists by affording means for the transportation of perishable food products and placing them in the best condition in the great markets of the world."

"Gentlemen of the House of Commons:

"I thank you for the liberal provision which you have made for the public services.

"Honorable Gentlemen of the Senate; Gentlemen of the House of Commons:

"The session now closing will be memorable, not only on account of the important measures which have been passed, but also because it has been held during the year of her Majesty's diamond jubilee, in which the people of all parts of the empire united in celebrating the 60th anniversary of the reign of her Majesty Queen Victoria. The splendid demonstrations which have taken place throughout the Queen's dominions testify at once the loyalty and affection of the people towards their sovereign, and the unity of the British empire. I know that you rejoice with me that Canada has worthily performed her part in these great events.

"In now taking leave of you, I desire to express my best wishes for your personal happiness, and my earnest hope is that the work of the session may prove useful in advancing the prosperity of the people whom you represent."

LATEST ABOUT THE MOON.

Lima, via Galveston, June 30.—Prof. Aarperath, of the Cordova Observatory, asserts that the moon is not a satellite of the earth, but a planet.

Small Pill. Small Dose. Small Price.

Decidely Damp.

The Heavy Rain Most Unwelcome in Camp.

A Prisoner Awaiting Court Martial Escapes From the Guard—Prospects for Thursday—Notes.

The rain of yesterday was a blessing in some districts, while it proved unwelcome in others. The ground on Carling's Heights was parched, and the grass almost dried out. The rain had a tendency to make the place look green, but it was very unwelcome to the men, who were in many instances soaked to the skin. The volunteers were compelled to quit the field both in the forenoon and afternoon, and only about two hours' drill was performed. Many of the tents now in use, some of the officers say, are practically worthless. The rain went through them like a sieve, and drenched blankets and everything else inside.

Nothing definite is yet known as to what the corps will do on Dominion Day. A route march is spoken of, but it is doubtful if this will be ordered, as the men have hardly had time to prepare themselves for the critical eye of the public. At any rate, there will be a royal salute fired by the artillery at noon.

The cost of the two camps, as figured out by Col. M. D. Dawson, district paymaster, will be at least $34,000. The government has been asked to place this sum to his credit in the Bank of Montreal here.

The three battalions of infantry and the regiment of the First Hussars, which marched out on Friday, carried off over $15,000, nearly $5,000 going to the Hussars alone, each one of whom received a regular allowance of $1 a day for his horse. Besides this amount the Twenty-seventh and Thirty-third each received a bonus of 25c per man. The artillery at present in camp go out on Friday, and these will probably be paid another $5,000. Col. Dawson estimates that the supplies alone will cost $10,000, and the remainder will be paid the men.

Pte. Malvathy, who was brought back to London from Stanley Barracks to stand trial as a deserter, is again at liberty. Mavlathy enlisted at Toronto after going from here under the name of Allen. Since his confinement here the prisoner has been allowed to exercise under the supervision of a guard. While out last night with a guard from the Twenty-ninth Battalion, he made a break for liberty, run through the camp and over the fence, through the C. P. R. yard to Elizabeth street, where it is supposed he got into a rig. He has not been recaptured. His court-martial was to sit tomorrow morning.

THE THIRTY-THIRD HURON BATTALION.

The Thirty-third Huron Battalion of Infantry is probably one of the best in the Canadian militia service. It is large, and is composed of men of excellent physique. The battalion was gazetted and given its name in 1866, at the time of the Ridgeway trouble. The companies of which the corps was formed were: Goderich, No. 1, Huron Rifles, and No. 2, Seaforth, which has since been changed to Wingham. With this last exception, the Huron battalion remains the same, regarding the headquarters of companies, as it did at its inception.

The first commander was Lieut.-Col. Ross, with Major Colman as his assistant. Lieut.-Col. Murray Ross was a thorough disciplinarian, and a general favorite. After twenty years at the head of the battalion he was succeeded by Major Colman. The latter gentleman held the command for three or four years, and was then succeeded by Lieut.-Col. John G. Wilson, under whose command the battalion is growing in proficiency and favor, even to a greater extent than it formerly did. Col. Wilson is a Canadian. He was born in Seaforth, his present home, 48 years ago, and early in 1865 he became connected with No. 2 company. He comes of distinguished lineage, and is possessed of all the qualifications necessary for the development of a true British soldier. His father before him held a commission as major in the old militia, and his grand-uncle was one of those who formed the "thin red line" under the Duke of Wellington at Waterloo, and died like a hero for his country. At the time of his death he held a commission as pay sergeant in the King's Life Guards.

This battalion is not behind the best in the matter of marksmen, Capt. Wilson, of No. 3 company, Clinton, is a crackerjack. I'e has represented the battalion on the Bisley team five times, where he has distinguished himself, and is also the winner of the Governor-General's prize at the matches in Ottawa.

The officers comprising the staff are: Lieut.-Col. Wilson, in command; Majors J. A. S. Varcoe and J. A. Widson; Surgeon-Major Holmes, Surgeon-Lieut. J. R. Shannon; paymaster, Major F. Jordan; quartermaster, Major Joseph Beck; adjutant, Capt. C. J. A. Cunningham-Dunlop; Sergt.-Major Elliott.

The companies are captained as follows: No. 1, Goderich, Capt. Dudley Holmes; No. 2, Wingham, Capt. C. E. Williams; No. 3, Seaforth, Capt. Alex. Wilson; No. 4, Clinton, Capt. H. B. Combe; No. 5, Brussels, Capt. R. S. Hayes; No. 6, Exeter, Capt. H. C. Rance; No. 7, Porter's Hill, Capt. J. W. Shaw; No. 8, Gorrie, Capt. J. Kaines; No. 9, Dungannon, Capt. Wm. Young.

The orders for today are as follows: Field officer for the day, Major Wilson, Huron Battalion; next for duty, Major Moscrip, Perth Battalion.

Sanitary officer, Surgeon-Major Lockhart, Waterloo; next for duty, Surgeon-Capt. Thannow, Huron Battalion.

The Huron Battalion furnish the brigade guard and duty band; next for these duties, Perth Battalion.

NOTES.

At 7 o'clock this morning the Huron Battalion were drawn up in the barracks square for musketry instruction by Major Wadmore.

The buglers of the various corps will report to Sergt.-Bugler Welsh, R. R. C. I., on the brigade parade grounds immediately after the "fall in" has sounded.

The non-commissioned officers and men who are for guard will be excused from parade in the afternoon, of which the guard is to be mounted.

The district court-martial in the case of No. 3,802, Pte. Frederick Richard Vokes, R.-R. C. I., of which Lieut.-Col. Gartshore, of the First Hussars, is president, met at 4:30 for the purpose of again trying the prisoner.

A number of the Guelph Field Battery left this morning to attend the final examinations at the Ontario Agricultural College.

Over 1,000 letters have been written at the Colborne Street Christian Endeavor tent since the camp started.

At a meeting of the mess committee of the Thirty-third Battalion, Capt. Dudley Holmes, No. 1 company, was elected president and Lieut. Jackson, of No. 3 company, vice-president.

Major Davidson, of the Sixteenth (Guelph) Battery, returned to camp last night. He was called home on Saturday on account of the serious illness of his father.

A WARM WELCOME.

The Duke of Devonshire on the Visit of Canada's Premier.

In his speech at Liverpool, welcoming Premier Laurier to England, the Duke of Devonshire said: "We are fortunate today in being able to be the first to receive upon our shores the premier of Canada—(repeated cheers)—representing, as he does, not one of our self-governing colonies, but a federation of eight self-governing colonies, a statesmen whose acceptance by the whole Canadian people, English as well as French, Protestant as well as Catholic, is a symbol of the vitality and the reality of federation. And we receive him with still greater gratification inasmuch as the first measure which he has proposed to his parliament has been a step, and, as we believe, a long step in the direction of closer connection with Canada, and is a proof of the desire of the Canadian statesmen, backed by the Canadian people, to add the strength which they have gained through the wise measure of federation to our strength, and to render the bonds which unite us together more closely, and, as we hope, more permanently. Amongst all the representatives of our colonies whom we shall in this auspicious year welcome to our shores there is, I am sure, none who will receive a warmer welcome from us than the Canadian premier, who has shown in his own person the capacity of our free institutions to break down even such barriers as those of race and religion, and who by the success which he has achieved in connection with a great measure of federation will, we hope, set an example which will at no distant time be followed by other colonies in other parts of the world."

CUPID AND DEATH.

It is a pitiful truth that in a tremendous percentage of cases love and death claim a young woman at the same moment. If a young woman's mother does not feel competent to give her daughter the right advice about how to keep herself well and strong in a maidenly way, she should seek the advice of some physician of years of wide experience, and of substantial reputation. A young woman naturally does not like to be a subject of discussion, examination and the horrible local treatment of a home doctor. Moreover, obscure physicians make the mistake of attributing her ills to indigestion, or heart or liver trouble, when the real cause is weakness or disease of the delicate organs concerned in wifehood and motherhood.

The embarrassing examinations and local treatment upon which most doctors insist, are now times in ten entirely unnecessary. Dr. Pierce's Favorite Prescription acts directly on a woman's special organism and makes it strong and healthy, and competent to bear the strain of wifehood and motherhood. It allays inflammation, soothes pain, heals ulceration and stops debilitating drains. It banishes the sufferings of the period of expectancy, and makes baby's arrival in the world easy and almost painless. Good druggists recommend it. Letters addressed to Dr. R. V. Pierce, Buffalo, N. Y., are sacredly confidential.

"It has been nearly four years since I took Dr. Pierce's Favorite Prescription," writes Mrs. C. C. Clark, of New Rome, Floyd Co., Ga., "and there have been no signs of any return of female complaint. I am now fifty years old and can walk two miles and one-half, and to-day am as well as ever. I have used Dr. Pierce's Pleasant Pellets, and found them as good as recommended."

Look glum and feel glum? That's biliousness and constipation. Dr. Pierce's Pleasant Pellets are a sure, speedy and permanent cure. They never gripe. At all medicine stores.
