FRUIT MARKET.

Even at this late date in the season the tremendous importance of the local fruit market and its value to the city and province at large can best be judged by a visit to the local market at the foot of Scott-street.

On Saturday the market will close in its present location, but at no previous season have the deliveries of all kinds of seasonable fruit been better maintained in volume and quality. In many lines as on Wednesday the demand is not brisk but generally speaking there is a good sorting up business being done. Tomatoes, both green and ripe, were in good supply, and the quality remarkably good.

A good many Rhode Island greenings are coming forward. The quality seems to compare favorably with the best of other years, the bulk of the stock offering yesterday being grown by D. Cantelon the noted fruit grower of Clinton, Huron County. Locally around the city farmers report great loss thru high winds. Enormous quantities of prime Niagara grapes continue to come forward, Niagara Concords and Rogers constituting the bulk of the receipts. The market may fairly be said to show little or no change from Wednesday's quotations.

MONTREAL EXPORT TRADE CONTINUES QUIET

Foreigners Are Not Bidding Actively for Grains or Flour—Current Prices.

MONTREAL, Oct. 12.—The export trade in Manitoba spring wheat from here continues very quiet owing to the fact that the demand from foreign buyers is limited and prices bid are below what exporters are offering. There was some enquiry for oats for October shipment, but the prices bid were considered too low. The local market for oats is firm with a fair trade passing in car lots. The demand for malting barley is better, and prices are firm at 75c per bushel ex-store. Buckwheat is wanted at 60c to 62c per bushel ex-store.

The export trade in spring wheat flour is fairly active, and there is also a good business doing for local and country account at firm prices. Demand for millfeed is good, of which the offerings are small and buyers find it difficult to fill their wants.

A fair export trade is passing in cheese. Butter is stronger at an advance of ½c per pound on account of the continued good demand from foreign buyers, and the higher prices ruling in the country. Eggs fairly active and firm. Provisions easy. Demand for potatoes is good, and the undertone to the market is strong with sales of car lots at $1 to $1.05 per bag.
