Special Telegram to the Tribune.

HOUSE OF ASSEMBLY.

FREDERICTON, March 24.

Butler's bill authorizing the Justices of Queen's County to lease certain lands in the Shirctown, and Hibbard's bill incorporating the Lake George Railway Company were agreed to without amendments.

Caie introduced a bill incorporating the Richibucto Branch Railway Company.

Blanchard presented two petitions praying amendments to the Schools Act.

Napier gave notice of motion for Wednesday—

"Resolved, That the Government take into consideration the advisability of running a steamer on the South West Branch of the Miramichi, and also another on the Kenebeccasis as far as Sussex, King's County, for the accommodation of sporting parties and summer tourists; and further resolved that the Government take into consideration the feasibility of opening up a canal from the head waters of the Miramichi across to the Tobique, and the propriety of running a steamer on that route; also the feasibility of opening up a canal from the Eastern Side of the harbor of St. John across the Marsh to the Kenbeccasis River, which is believed by D. S. Kerr and others to be the original channel or bed of the river."

The Attorney General committed the House for the further consideration of the common law procedure bill and passed it to the 218th section without much discussion, when progress was reported.

Mr. Robinson introduced a bill providing a sinking fund for the County of York to liquidate the debt contracted in assisting the construction of the Fredericton Branch Railway and amending 28th Victoria relating thereto; Maher, a bill for the better assessment of damages caused to persons by the acts of the Water Commissioners in constructing water works, sewers, &c.; also a petition from the Common Council of Saint John praying for the establishment of Peters wharf as public street.

Hon. Mr. Fraser moved the order of the day, and the debate on by-road grants was resumed.

Mr. Maher was favorable to the Government Immigration policy, but hoped the Government would place themselves beyond the suspicion of showing invidious distinctions between Scotch, Irish, or English emigrants. He condemned the system of allowing counties to overdraw by-road money, and favored the idea of curtailing by-road expenditures and assisting in the construction of railways. He then fell off on the School Act.

Lindsay would not consent taking the by-road grant from Carleton to build railroads.
