Guelph Evening Mercury

FRIDAY EVENING, JULY 12, 1872

Local and Other Items.

HAMILTON is considerably exercised over the reported removal of the Great Western Work Shops to London.

REV. PROF. INGLIS, formerly of Hamilton, and now of Knox College, Toronto, has received the degree of LL.D. from a Michigan University.

TESTIMONIAL TO LADY MACDONALD.—This lady was, yesterday, in Toronto, made the happy recipient of a gold jewel casket by the Toronto Trades Association.

THE silver wedding of the Rev. Henry Ward Beecher, on the 10th of October, will be made the occasion of a four days' celebration by the congregation of Plymouth Church.

MR. T. J. DAY has also forwarded us a copy of "Good Words" for July and we can only as heartily repeat the commendatory notice we have given above, and ask our readers to possess a copy.

SOUTH HURON.—Mr Cameron, who was selected as the reform candidate for both Centre and South Huron, has declined the former, and already commenced a most active canvass in the latter.

DUNDURN CASTLE and Grounds in Hamilton, formerly the residence of the late Sir Allan Napier McNab, have been purchased by Mr. Donald McInnis, wholesale merchant, of that city.

WESLEYAN S. S. PIC-NIC.—As will be seen by advertisement, the annual pic-nic of the Wesleyan Sabbath School will be held on Wednesday afternoon, 17th inst., on the grounds of H. W. Peterson, Esq.

FOR SCOTLAND.—Mrs. Wm. Stewart and son left yesterday by way of New York and Anchor Line for a few month's trip to the "auld countrie," which we hope they may reach and return from in safety.

THE appearance of the crops in Peel and Maryborough is very encouraging. The hay crop, which is just being gathered, is more than an average yield. Fall Wheat is likely to be an average crop, much better than anticipated in the spring. All spring crops are promising a plentiful harvest.

ACCIDENT.—A little son of Mr. Samuel Schlichter, of New Dundee, had his left arm broken on Sunday last by falling from the top of a sink to the floor. Both bones were badly fractured, but we learn that, under Dr. Bowlby's skilful treatment, the little sufferer is likely to make a speedy recovery of the use of his arm.

A NEW ENEMY TO POTATOES.—Recently the potato vine in a number of gardens here, says the Brantford *Courier*, have been attacked by a long black bug, which appears about as destructive as the Colorado striped bug, and works upon the leaves in about the same manner. These with the worms that injure the stalk threaten to do considerable injury, at least in some localities.

SHIPMENT TO MANITOBA.— We have noticed in a number of Canadian journals accounts of different manufacturers of other towns and villages shipping their manufactured goods to Manitoba, and we are glad to announce that Drayton is not behind them in that respect, as Mr. W. C. Wortley is shipping leather to the amount of one and half tons, to that place, from his steam tannery.

CHALMERS' CHURCH SUNDAY SCHOOL PIC-NIC.—This pic-nic as announced came of yesterday on the grounds of Mr. D. Guthrie which were admirably adapted for the purpose. Games of various kinds were heartily indulged in by old and young, refreshments were varied and abundant, the weather did not verify its thundery and lowering aspect, and the large assemblage of parents and children with their friends warned by the approaching shades of evening departed homewards fully satiated with their afternoon's enjoyment.

A CALL TO REV. MR. COCHRANE.—The First Presbyterian Church of East Orange, New Jersey, have sent a pressing invitation to the Rev. Mr. Cochrane, to visit them with a view to settlement as Pastor. The salary as a matter of course is tempting; but not more so than several offers the reverend gentleman has received in recent years from the States, We hope Mr. Cochrane may not feel disposed to leave Brantford, however great the inducement to do so his friends across the lines may hold out.—*Brantford Expositor.*

HYDROPHOBIA.—A young gentleman, named Titus, a member of one of the oldest and most influential families of New York city, a relative of the late ex-mayor Havemeyer, who resided at his father's country seat at Whitestone, L. I, was bitten on the hand some ten days since by his setter dog. The bite seemed to be only the result of a passing irritation on the part of the animal, which neither before nor since gave any signs of rabies. The wound was promptly cauterised, and healed quickly and naturally. On the evening of the 2nd inst., young Mr. Titus, while in the act of drinking a glass of water, was seized with a spasm and died after forty-eight hours of agony. Every means that science could suggest, love and wealthy supply were used in vain.

BY TELEGRAPH

THIS MORNING'S DESPATCHES

THE BALLOT BILL.

London, July 12.—In a speech last night on occasion of the presentation of testimonial to Mr. Bright, that gentleman censured the conduct of the House of Lords in regard to Ballot Bill and said the House seems to be almost lost in the refuse of political ignorance and fashion. He also expressed his disapproval of the policy pursued by the Gladstone Government as regards Russia, and in conclusion said he hoped and believed that the difficulties with America have terminated.

Brown Defeats Fulton.

Special to the Mercury.

SACKVILLE, July 12.

Brown defeated Fulton in the scull race. Brown led from the start, and came in 20 seconds ahead of Fulton.

News of Livingstone.

A despatch from Aden announces the arrival there of Mr. Stanley, and says he will start to-day for London in company with the son of Dr. Livingstone. Mr. Stanley is the bearer of letters from Dr. Livingstone for the British Government and his friends and family. Mr. Stanley states that when he left the interior of Africa Dr. Livingstone was unwell; but he was nevertheless, determined to proceed with his explorations, and will not return home until he has completed the great work of ascertaining the source of the Nile.

Cricket.

(From our Special Correspondent.)

The match between Toronto and Guelph was played on Wednesday, on the grounds of the former. Toronto winning the toss, assumed the defensive. The ground being very dry and level, they succeeded in making the very large score of 113, the rain commencing just as the last Toronto wicket fell, thus compelling Guelph to wait at the disadvantage of batting afterwards on very wet ground. However, after two hours patience, Guelph went to the wicket and by steady and remarkably good play ran up the score to 87, notwithstanding the heretofore effective bowling of Mr. Blake. Toronto were once more called to the bat, from which they were very quickly driven by the destructive bowling of Messrs. Nichols and Henry, for the very small score of 51. Guelph now wielded the willow with marked determination, playing against many disadvantages, particularly time, which was called by the Torontonians when only four of the Guelph batters had been disposed of, Messrs. Maddock and Palmer being now nicely settled at the wicket and scoring ones and twos for almost every ball bowled. Had the game been continued for half-an-hour longer, Guelph would have had another victory to add to their list, as with very little trouble they had already scored 37 runs. Annexed is the score:—

TORONTO 1ST INNINGS.

Blake c Bell, b Fitzgerald	14

Total 124, leaving Guelph 6 wickets to make but 40 runs.

Base Ball Notes.

The third championship game between the Athletics and Clevelands was played on Monday, 8th of July, on the former's ground, in the presence of 1,500 spectators. The game was won by the Athletics by a score of 13 to 8.

The Cleveland nine played their first match with the Eckfords on July 6th, on the Union grounds, L. I., only two or three hundred people being present. At the conclusion of the match the Clevelands were 24 and the Eckfords 5.

On July 3rd the Boston nine met the Mansfields at Hartford, and won by a score of 16 to 6.

The Cleveland nine played their return game with the Atlantics on July 5th, on the Capitoline grounds, L. I. The Atlantics won easily by a score of 10 to 3.

The return game between the Mutuals and Atlantics was played on the Capitoline grounds, on Monday, July 8th. The score at the close of the game stood, Mutuals 17, Atlantics 10.

The Second Nine of the Stars beat the Red Stockings last night by a score of 9 to 3. The Stars are now the juvenile champions of this town.

Maryborough is Safe for Col. Higinbotham.

Mr. G. A. Drew has been holding what he calls a series of meetings of his "friends," if we are justified in giving them that term, in this township, and he certainly needs sympathy if the gatherings that responded to his call are to be taken as indicating the number of his friends. On Monday, the 8th, he called a meeting to be held in a school house on the 3rd con. Exactly three men responded to his call. Two of those had been entertaining him to a feed of pork and blue noses; the other by chance came that way. The house being considered on the small or warm side, or perhaps both, he held forth to the trio in a shady nook in a fence corner. At the conclusion two of the congregation gave a hearty cheer for the Queen. The man that presided, sitting on a rail, shouted "now we have done it," and G. A. Drew gave a cheer for himself as a bass solo. Thus ended meeting No. 1. In the evening a great gathering of his "friends" was expected in Hollin, but the old adage holds true, "the best laid schemes of men and mice gang aft a gee." About sixty persons were present, and out of this number fifty at least were his determined opponents, the balance may be reckoned among his friends, in fact a quorom could not be got together to commence operations until the friends of Colonel Higinbotham were urgently entreated to come in and they did go in, and Mr. J. Robertson, Mr. R. Haig and Mr. W. H. Lowes, of Rothsay, went for him and the the corruptionists in lively style. In fact Mr. Drew found out what on a former occasion used to be his hotbed had got a little too hot for his notion and consequently beat a hasty retreat. Thus ended meeting No. 2. On Tuesday night a meeting was held in Huston which may be truly termed a fizzle. Thus ended meeting No. 3. On Wednesday the 10th, a meeting was held in Rothsay. This is Mr. Drew's stronghold. Between sixty and seventy were present. Here again he was met by the little giant, Mr. J. Robertson, who walked into him in a style anything but pleasing to him, Mr. Drew positively asserting that that part of the Washington Treaty relating to the fisheries came to end in twelve years. A show of hands demonstrated the meeting about equally divided. Three hearty cheers were given for the Queen, three for the chairman, but when three cheers were called for Mr. Drew the greater number appeared to have a touch of bronchitis. Thus ended meeting No. 4.—COM.

SUPPOSED MURDER.—This village has been for the past two or three days in a great state of excitement over the sudden and mysterious disappearance of the white wife of a colored barber, named Butler. The pair had been quarelling and fighting during Wednesday evening of last week, and at 11 o'clock at night, the neighbors were aroused by the loud cries of "murder," proceeding from the house occupied by them in the outskirts of the village. A gentleman ran to the place and found the two quarrelling, and using the most obscene language to each other, and the woman bleeding from a wound in the wrist. Whilst he remained, they became quiet, but shortly after he returned home, the cry of "murder" was again heard; but it not being repeated, no more attention was paid to them. The woman has not since been seen, and no trace can be found of her, although the woods and the swamps around about have been searched by a large number of people. Butler says she has gone away, but he dosen't know where. The children were heard to make some remarks which lead very strongly to the suspicion that she has been murdered, and the body probably buried in the swamps in the rear of their house. Butler was arrested on Saturday evening on a charge of disorderly conduct, and, resisting the constable, was remanded to Stratford jail for six days. It is hoped before the expiration of that time, the mystery will be cleared up in some way. The authorities are determined to investigate the matter, and a large party was organized on Tuesday evening, and searched the bush, but as yet they have got no trace of her.—*Listowel Banner.*

The last hours of Mr. George C. Bestor, who died last week at Washington, were sad indeed. He was a man of note in Peoria, Ill., and in 1863 contracted with the government to build a steam-battery for the navy. In building this he had expended $171,000 more than the contract price. For several years he had been at Washington pressing his claim. On Monday, the 13th ult., poor, wearied, and broken-down, he died; and not having money enough to pay for his burial, his funeral expenses were paid by the Odd-Fellows, of which order he was a member. On the night of the day of his death the Senate passed the bill, giving him $125,000.

An Irishman being annoyed by a howling dog in the night, jumped out of bed to dislodge the offender. It was in the month of January, when the snow was three feet deep. He not returning, his wife ran out to see what was the matter. There she found her husband in his night suit, his teeth chattering, and his whole body almost paralyzed with cold, holding the struggling dog by the tail. "Arrah, Pat!" said she, "what wud ye be afther doin'?"—"Hush," said he; "don't you see? I'm thrying to fraze the baste."

A cruel joke was recently played upon an amateur florist of San Francisco. His door neighbor buried a rat in a flower pot, leaving the tail protruding from the earth and trained to a stick, and then presented it to him for a rare specimen of coctus. The lover of flowers carefully watched and watered his new acquisition for several days, but at last his wife pulled the thing up by the roots, and he discontinued friendly relations with the joker.

His Excellency the Lieutenant-Governor has been pleased to authorize the issue of Letters Patent, incorporating "the Dundas Cotton Mills Company," with power to carry on business at the town of Dundas, and with the nominal capital of four hundred thousand dollars.
